INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Michigan Gas Utilities Corporation:

Opinion

We have audited the accompanying financial statements of Michigan Gas Utilities Corporation (the "Company"), which comprise the balance sheet — regulatory basis as of December 31, 2021, and the related statements of income — regulatory basis, retained earnings — regulatory basis, and cash flows — regulatory basis for the year then ended, included on pages 110 through 123 of the accompanying Michigan Public Service Commission Form P-522, and the related notes to the financial statements (the "financial statements").

In our opinion, the regulatory-basis financial statements referred to above present fairly, in all material respects, the assets, liabilities, and proprietary capital of the Company as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with the accounting requirements of the Michigan Public Service Commission as set forth in its applicable Uniform System of Accounts and published accounting releases.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note B to the financial statements, these financial statements were prepared in accordance with the accounting requirements of the Michigan Public Service Commission as set forth in its applicable Uniform System of Accounts and published accounting releases, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting requirements of the Michigan Public Service Commission as set forth in its applicable Uniform System of Accounts and published accounting releases; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Company's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Restriction on Use

This report is intended solely for the information and use of the board of directors and management of the Company and for filing with the Michigan Public Service Commission and is not intended to be and should not be used by anyone other than these specified parties.

April 29, 2022

Deloitte ? Touche LLP

INSTRUCTIONS FOR THE FILING OF THE ANNUAL REPORT OF MAJOR AND NONMAJOR ELECTRIC UTILITIES

GENERAL INFORMATION

I. Purpose:

By authority conferred upon the Michigan Public Service Commission by 1919 PA 419, as amended, being MCL 460.55 et seq. and 1969 PA 306, as amended, being MCL 24.201 et seq., this form is a regulatory support requirement. It is designed to collect financial and operational information from public utilities, licensees and others subject to the jurisdiction of the Michigan Public Service Commission. This report is a nonconfidential public use form.

II. Who Must Submit:

Each major and nonmajor gas company, as classified by the Commission's Uniform System of Accounts must submit this form.

NOTE: Major - A gas company having annual natural gas sales over 50 million Dth in each of the 3 previous calendar years

Nonmajor - A gas company having annual natural gas sales at or below 50 million Dth in each of the 3 previous calendar years.

The class to which any utility belongs shall originally be determined by the average of its annual gas sales for the last three consecutive years. Subsequent changes in classification shall be made when the annual gas sales for each of the three years immediately preceding the years exceeds the upper limit, or is less than the lower limit of the classification previously applicable to the utility.

III. What and Where to Submit:

(a) Submit an original copy of this form to:

Michigan Public Service Commission Regulated Energy Division 7109 W Saginaw Hwy, PO Box 30221 Lansing, MI 48909

Retain one copy of this report for your files. <u>Also</u> submit the electronic version of <u>this</u> record to Jennifer Brooks at the address below or to brooksj10@michigan.gov

(b) Submit immediately upon publication, one (1) searchable copy of the latest annual report to stockholders and any annual financial or statistical report regularly prepared and distributed to bondholders, security analyst, or industry association. (Do not include monthly and quarterly reports. If reports to stockholders are not prepared, enter "NA" in column (c) on Page 5, the List of Schedules.) Mail these reports to:

Michigan Public Service Commission Regulated Energy Division 7109 W. Saginaw Hwy, PO Box 30221 Lansing, MI 48909

- (c) For the CPA certification, submit with the original submission of the form, a letter or report prepared in conformity with current standards of reporting which will:
 - (i) Contain a paragraph attesting to the conformity, in all material aspects, of the schedules and pages listed below with the Commission's applicable Uniform Systems of Accounts (including applicable notes relating thereto and the Chief Accountant's published accounting releases), and
 - (ii) Signed by independent certified public accountants or an independent licensed public accountant, certified or licensed by a regulatory authority or a state or other political subdivision of the U.S. (See 18 CFR 41.10-41.12 for specific qualifications).

(ii) Signed by independent certified public accountants or an independent licensed public accountant, certified or licensed by a regulatory authority or a state or other political subdivision of the U.S. (See 18 CFR 41.10-41.12 for specific qualifications).

| Schedules | Reference Page |
|--------------------------------|----------------|
| Comparative Balance Sheet | 110 - 113 |
| Statement of Income | 114 - 117 |
| Statement of Retained Earnings | 118 - 119 |
| Statement of Cash Flows | 120 - 121 |
| Notes to Financial Statements | 122 - 123 |

When accompanying this form, insert the letter or report immediately following the cover sheet. Use the following form for the letter or report unless unusual circumstances or conditions, explained in the letter or report, demand that it be varied. Insert parenthetical phrases only when exceptions are reported.

In connection with our regular examination of the financial statements of _____ for the year ended on which we have reported separately under the date of ____ we have also reviewed schedules ____ of Form P-522 for the year filed with the Michigan Public Service Commission as set forth in its applicable Uniform System of Accounts and published accounting releases. Our review for this purpose included such tests of accounting records and such other auditing procedures as we considered necessary in the circumstances.

Based on our review, in our opinion the accompanying schedules identified in the preceding paragraph (except as noted below) conform in all material respects with the accounting requirements of the Michigan Public Service Commission as set forth in its applicable Uniform System of Accounts and published accounting releases.

State in the letter or report which, if any, of the pages above do not conform to the Commission's requirements. Describe the discrepancies that exist.

(d) Federal, state, and local governments and other authorized users may obtain additional blank copies to meet their requirements for a charge from:

Michigan Public Service Commission Regulated Energy Division 7109 W Saginaw Hwy, PO Box 30221 Lansing, MI 48909

IV. When to Submit

Submit this report form on or before April 30 of the year following the year covered by this report.

GENERAL INSTRUCTIONS

- I. Prepare this report in conformity with the Uniform System of Accounts (USOA). Interpret all accounting words and phrases in accordance with the USOA.
- II. Enter in whole number (dollars or Dth) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important. The truncating of cents is allowed except on the four basic financial statements where rounding is required). The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances

- at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
- III. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "NONE" where it truly and completely states the fact.
- IV. For any page(s) that is not applicable to respondent, either
 - (a) Enter the words "NOT APPLICABLE" on the particular page(s), OR
 - (b) Omit the page(s) and enter "NA", "NONE", or "NOT APPLICABLE" in column (c) on the List of Schedules, pages 2, 3, 4.
- V. Complete this report by means which result in a permanent record. Complete the original copy in permanent black ink or typewriter print, if practical. The copies, however, may be carbon copies or other similar means or reproduction provided the impressions are clear and readable.
- VI. Enter the month, day, and year for all dates. Use customary abbreviations. The "Date of Report" at the top of each page is applicable only to resubmissions (See VIII, below).
- VII. Indicate negative amounts (such as decreases) by enclosing the figures in parentheses ().
- VIII. When making revisions, resubmit only those pages that have been changed from the original submission. Submit the same number of copies as required for filing the form. Include with the resubmission the identification and Attestation page, page 1. Mail dated resubmissions to:

Michigan Public Service Commission (Financial Analysis & Audit Division) Financial Analysis and Customer Choice Section 7109 W Saginaw Hwy, PO Box 30221 Lansing, MI 48909

- IX. Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement (8 1/2 x 11 inch size) to the page being supplemented. Provide the appropriate identification information, including the title(s) of the page and page number supplemented.
- **X.** Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
- **XI.** Wherever (schedule) pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why the different figures were used.
- XII. Report all gas volumes on a pressure base of 14.65 psia and a temperature base of 60° F.
- **XIII.** Respondents may submit computer printed schedules (reduced to 8 1/2 x 11 inch size) instead of preprinted schedules if they are in substantially the same format.

DEFINITIONS

I. BTU per cubic foot - The total heating value, expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32 F, and under standard gravitational force (980.65 cm. Per sec.²) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)

| l. | Commission Authorization (Comm. Auth.) - The authorization of the Michigan Public Service Commission, or any other Commission. Name the Commission whose authorization was obtained and give the date of the authorization. | | | | |
|-----|---|--|--|--|--|
| II. | Respondent - The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made. | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

CONTROL OVER RESPONDENT & OTHER ASSOCIATED COMPANIES

- 1. If any corporation, business trust, or similar organization or combination of such organization jointly held control over respondent at the end of year, state name of controlling corporation or organization, manner in which control was held, and extent of control. If control was in a holding company organization, show the chain of ownership or control to the main parent company or organization. If control was held by a trustee(s), state name of trustee(s), name of beneficiary or beneficiaries for whom trust was maintained, and purpose of the trust.
- 2. List any entities which respondent did not control either directly or indirectly and which did not control respondent, but which were associated companies at any time during the year.
- 3. Provide an Organization Chart for the entire business network to include all corporations, business trusts, or similar organization or combination of such organizations whether the entities held control or not. Include any associated companies with the respondent at any time during the year. In addition to this visual representation, provide an explanation or narrative you believe to be useful to accurately describe the Organizational Chart.
- 3. WEC Energy Group, Inc. Subsidiaries (Exhibit 21.1 to the 2021 SEC Form 10-K):

SECURITY HOLDERS AND VOTING POWERS

1. (A) Give the names and addresses of the 10 security holders of the respondent who, at the date of the latest closing of the stock book or compilation of list of stockholders of the respondent, prior to the end of the year, had the highest voting powerin the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were then in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.), duration of trust, and principal holders of beneficiary interest in the trust. If the stock book was not closed or a list of stockholders were not compiled within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

Integrys Holding, Inc. 231 West Michigan Street Milwaukee, WI 53203

- 1. (B) Give also the name and indicate the voting powers resulting from ownership of securities of the respondent of each officer and director not included in the list of 10 largest security holders. **N/A**
- 2. If any security other than stock carries voting rights, explain in a supplemental statement the circumstances whereby such security became vested with voting rights and give other important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent; if contingent, describe the contingency. **N/A**
- 3. If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote. **N/A**
- 4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by an officer, director, associated company, or any of the ten largest security holders. This instruction is inapplicable to convertible securities or to any securities substantially all of which are outstanding in the hands of the general public where the options, warrants, or rights were issued on a prorata basis. **N/A**
- 1. Give date of the latest closing of the stock book prior to end of year, and state the purpose of such closing:

Stock books are not closed prior to the end of the year.

2. State the total number of votes cast at the latest general meeting prior to the end of year for election of directors of the respondent and number of such votes cast by proxy:

Total: 100

Business of the meeting was conducted by unanimous consent of the sole shareholder, Integrys Holding, Inc., on June 1, 2021.

By Proxy: 0

3. Give the date and place of such meeting:

In lieu of an annual meeting, business was conducted by unanimous consent of the sole shareholder, Integrys Holding, Inc., on June 1, 2021.

STATEMENT OF INCOME FOR THE YEAR

- 1. Report amounts for accounts 412 and 413, Revenue and Expenses from Utility Plant Leased to Others, in another utility column (I, k, m, o) in a similar manner to a utility department. Spread the amount(s) over lines 02 thru 24 as appropriate. Include these amounts in columns (c) and (d) totals.
- 2. Report amounts in account 414, *Other Utility Operating Income*, in the same manner as accounts 412 and 413 above.
- 3 Report data for lines 7, 9 and 10 for Natural Gas companies using accounts 404.1, 404.2, 404.3, 407.1, and 407.2.
- 4. Use page 122 for Important notes regarding the statement of income or any account thereof.
- 5. Give concise explanations concerning unsettled rate proceedings where a contingency exists such that refunds of a material amount may need to be made to the utility's customers or which may result in a material refund to the utility with respect to power or gas purchases. State for each year affected the gross revenues or costs to which the contingency relates and the tax effects together with an explanation of the major factors which affect the rights of the utility to retain such revenues or recover amounts paid with respect to power and gas purchases.
- Give concise explanations concerning significant amounts of any refunds made or received during the year.

STATEMENT OF INCOME FOR THE YEAR (Continued)

resulting from settlement of any rate proceeding affecting revenues received or costs incurred for power or gas purchases, and a summary of the adjustments made to balance sheet, income, and expenses accounts.

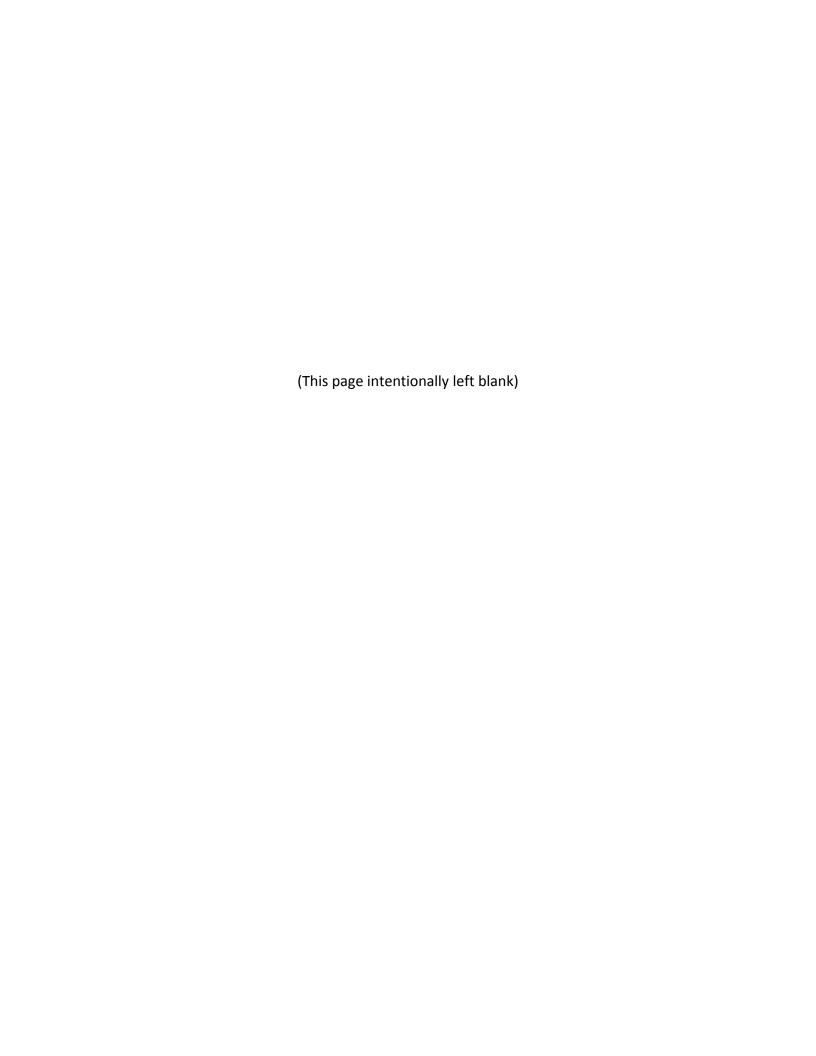

- 7. If any notes appearing in the report to stockholders are applicable to this Statement of Income, such notes may be attached at page 122.
- Enter on page 122 a concise explanation of only those changes in accounting methods made during the year which had an effect on net income, including the

basis of allocations and apportionments from those used in the preceding year. Also give the approximate dollar effect of such changes.

- 9. Explain in a footnote if the previous year's figures are different from that reported in prior reports.
- 10. If the columns are insufficient for reporting additional utility departments, supply the appropriate account titles, lines 2 to 23, and report the information in the blank space on page 122 or in a supplemental statement.

STATEMENT OF RETAINED EARNINGS FOR THE YEAR

- 1. Report all changes in appropriated retained earnings, unappropriated retained earnings, and unappropriated undistributed subsidiary earnings for the year.
- 2. Each credit and debit during the year should be identified as to the retained earnings account in which recorded (Accounts 433, 436-439 inclusive). Show the contra primary account affected in column (b).
- 3. State the purpose and amount for each reservation or appropriation of retained earnings.
- 4. List first account 439 (Adjustments to Retained Earnings), reflecting adjustments to the opening balance of retained earnings. Follow by credit, then debit, items in that order.
- 5. Show dividends for each class and series of capital stock.
- 6. Show separately the State and Federal income tax effect of items shown in account 439 (Adjustments to Retained Earnings).
- 7. Explain in a footnote the basis for determining the amount reserved or appropriated. If such reservation or appropriation is to be recurrent, state the number and annual amounts to be reserved or appropriated as well as the totals eventually to be accumulated.
- 8. If any notes appearing in the report to stockholders are applicable to this statement, include them at page 122.

NOTES TO FINANCIAL STATEMENTS

- 1. Use the space below for important notes regarding the Balance Sheet, Statement of Income for the year, Statement of Retained Earnings for the year, and Statement of Cash Flows, or any account thereof. Classify the notes according to each basic statement, providing a subheading for each statement except where a note is applicable to more than one statement.
- 2. Furnish particulars (details) as to any significant contingent assets or liabilities existing at the end of year, including a brief explanation, of any action initiated by the Internal Revenue Service involving possible assessment of additional income taxes of material amount, or a claim for refund of income taxes of a material amount initiated by the utility. Give also a brief explanation of any dividends in arrears on cumulative preferred stock.
- 3. For Account 116, *Utility Plant Adjustments*, explain the origin of such amount, debits and credits during the year,

- and plan of disposition contemplated, giving references to Commission orders of other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof.
- 4. Where Accounts 189, *Unamortized Loss on Reacquired Debt*, and 257, *Unamortized Gain on Reacquired Debt*, are not used, give an explanation, providing the rate treatment given these items. See general Instruction 17 of the Uniform System of Accounts.
- 5. Give a concise explanation of any retained earnings restrictions and state the amount of retained earnings affected by such restrictions.
- 6. If the notes to financial statements relating to the respondent company appearing in the annual report to the stockholders are applicable and furnish the data required by instructions above and on pages 114-121, such notes may be attached hereto.

MICHIGAN GAS UTILITIES CORPORATION 2021 FINANCIAL STATEMENT NOTES, MODIFIED FOR REQUIREMENTS OF THE FERC SUPPLEMENTAL NOTES TO FINANCIAL STATEMENTS

NOTE A—REGULATORY REPORTING IN THIS REPORT COMPARED TO GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

Our accounting records are maintained as prescribed by the MPSC. The accompanying financial statements have been prepared in accordance with the accounting requirements of these regulators, which differ from GAAP. We classify certain items in our accompanying Comparative Balance Sheet (primarily the components of accumulated depreciation, regulatory assets and liabilities, accumulated deferred income taxes, income tax receivables, certain miscellaneous current and accrued liabilities, and debt issuance costs and maturities of long-term debt) in a manner different from that required by GAAP.

Regulatory Assets and Liabilities

The following table reconciles our regulatory assets and liabilities as reported for GAAP purposes to regulatory assets and liabilities reported for regulatory purposes:

| | Regulator (Account | | | atory Liabilities .ccount 254) | |
|--|-----------------------|--------|--------|-----------------------------------|--|
| (in millions) | 2021 | 2020 | 2021 | 2020 | |
| GAAP (See Note 5) | \$45.0 | \$46.7 | \$74.7 | \$69.6 | |
| Regulatory reporting adjustments: | | | | | |
| Environmental remediation costs | (21.9) | (21.8) | - | - | |
| Non-ARO cost of removal | - | - | (41.7) | (37.9) | |
| ASU 2017-07 pension and postretirement non-service | | | | | |
| cost (See Note 14) | | | (0.1) | | |
| Other | 0.1 | (0.1) | - | - | |
| MPSC Form P-522 | \$23.2 | \$24.8 | \$32.9 | \$31.7 | |

We collect future removal costs in rates for many assets that do not have an associated legal ARO. The liability for the estimated future removal costs collected in rates is recognized for regulatory accounting purposes in Account 108 as part of accumulated depreciation. This classification differs from how we report such amounts for GAAP reporting purposes. For GAAP reporting purposes, this liability was classified as a regulatory liability on our Annual Report balance sheets. For further information, see property and depreciation in Note 1 of the Notes to Financial Statements that follow.

For GAAP reporting purposes, the asset associated with environmental remediation costs is reported as a regulatory asset. For MPSC reporting purposes, the asset is classified with Miscellaneous Deferred Debits.

The non-service components of our net periodic benefit costs that are capitalized to utility plant are reported as a regulatory asset or liability under GAAP.

Deferred Income Tax Assets and Liabilities

The following table reconciles our deferred income tax assets and liabilities as reported for GAAP purposes to deferred income tax assets and liabilities reported for regulatory purposes:

| | Deferred Tax Assets (Account 190) | | Deferred Tax Liabilities (Account 282/283) | |
|--------|--------------------------------------|---|--|--|
| 2021 | 2020 | 2021 | 2020 | |
| \$8.7 | \$8.5 | \$72.0 | \$64.0 | |
| | | | | |
| 2.2 | 2.1 | 2.2 | 2.1 | |
| \$10.9 | \$10.6 | \$74.2 | \$66.1 | |
| | \$8.7 | (Account 190) 2021 \$8.7 \$8.5 2.2 2.1 | (Account 190) (Account 2021) \$8.7 \$8.5 \$72.0 22 2.1 2.2 | |

Refer to Note B for details on the differences between GAAP and MPSC reporting for income taxes.

| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | |

NOTE B—BASIS OF PRESENTATION

The accompanying financial statements have been prepared in accordance with the accounting requirements of the MPSC, which differ from GAAP. As required by the MPSC, we reclassify certain items in our Annual Report in a manner different than the presentation in the GAAP financial statements, as described below.

- * Removal costs that do not have an associated legal obligation are recognized as a component of accumulated depreciation, whereas these costs are recognized for GAAP as a regulatory liability.
- * Current portions of long-term debt, if applicable, are reported as long-term debt, whereas GAAP reporting requires a current presentation of these liabilities.
- * Debt issuance costs for executed debt offerings are reported as deferred debits, whereas GAAP reporting requires these liabilities to be netted with long-term debt.
- * GAAP allows netting of deferred income tax assets and liabilities whereas the MPSC Form P-522 reflects a gross presentation.
- * The non-service cost components of our net periodic benefit costs are recorded as a component of operating expenses, whereas GAAP requires these costs to be recorded outside of operating income. In addition, the non-service components of our net periodic benefit costs that are capitalized to utility plant are reported as a regulatory asset or liability under GAAP.

NOTE C—SUBSEQUENT EVENTS

Management has evaluated the impact of events occurring after December 31, 2021 up to March 30, 2022, the date the Company's U.S. GAAP financial statements were issued and has updated such evaluation for disclosure purposes through April 29, 2022. These financial statements include all necessary adjustments and disclosures resulting from these evaluations.

The following additional Notes to Consolidated Financial Statements are applicable to our GAAP financial statements.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | |
|--|------------------------|----------------|-------------------|--|
| · | (1) [X] An Original | (Mo, Da, Yr) | · | |

| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | |

MICHIGAN GAS UTILITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS December 31, 2021

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Nature of Operations—As used in these notes, the term "financial statements" includes the income statements, balance sheets, statements of cash flows, and statements of equity, unless otherwise noted. In this report, when we refer to "us," "we," "our," or "ours," we are referring to Michigan Gas Utilities Corporation.

We are a natural gas utility company that distributes, sells, and transports natural gas to customers in southern and western Michigan. We are subject to the jurisdiction of, and regulation by, the MPSC, which has general supervisory and regulatory powers over public utilities in Michigan. In addition, we are subject to the standards of conduct and affiliate rules of the FERC. We are a wholly owned subsidiary of Integrys, which is wholly owned by WEC Energy Group.

- **(b) Basis of Presentation**—We prepare our financial statements in conformity with GAAP. We make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates.
- **(c) Cash and Cash Equivalents**—Cash and cash equivalents include marketable debt securities with an original maturity of three months or less.
- **(d) Operating Revenues**—The following discussion includes our significant accounting policies related to operating revenues. For additional required disclosures on disaggregation of operating revenues, see Note 3, Operating Revenues.

Revenues from Contracts with Customers

Natural Gas Utility Operating Revenues

We recognize natural gas utility operating revenues under requirements contracts with residential, commercial and industrial, and transportation customers served under our tariffs. Tariffs provide our customers with the standard terms and conditions, including rates, related to the services offered. Requirements contracts provide for the delivery of as much natural gas as the customer needs. These requirements contracts represent discrete deliveries of natural gas and constitute a single performance obligation satisfied over time. Our performance obligation is both created and satisfied with the transfer of control of natural gas upon delivery to the customer. For most of our customers, natural gas is delivered and consumed by the customer simultaneously. A performance obligation can be bundled to consist of both the sale and the delivery of the natural gas commodity. Our customers can purchase the commodity from a third party. In this case, the performance obligation only includes the delivery of the natural gas to the customer.

The transaction price of the performance obligations for our natural gas customers is valued using the rates, charges, terms, and conditions of service included in our tariffs, which have been approved by the MPSC. These rates often have a fixed component customer charge and a usage-based variable component charge. We recognize revenue for the fixed component customer charge monthly using a time-based output method. We recognize revenue for the usage-based variable component charge using an output method based on natural gas delivered each month.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | |

| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | |

Our tariffs include various rate mechanisms that allow us to recover or refund changes in prudently incurred costs from rate case-approved amounts. Our rates include a one-for-one recovery mechanism for natural gas commodity costs. Under normal circumstances, we defer any difference between actual natural gas costs incurred and costs recovered through rates as a current asset or liability. The deferred balance is returned to or recovered from customers at intervals throughout the year. However, as a result of the extreme weather in the Midwest in February 2021, the cost of gas purchased for our natural gas customers was temporarily driven significantly higher than our normal winter weather expectations. See Note 17, Regulatory Environment, for more information on the recovery of these high natural gas costs.

Consistent with the timing of when we recognize revenue, customer billings generally occur on a monthly basis, with payments typically due in full within 30 days.

(e) Credit Losses—The following discussion includes our significant accounting policies related to credit losses. For additional required disclosures on credit losses, see Note 4, Credit Losses.

Effective January 1, 2020, we adopted FASB ASU 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, using the modified retrospective transition method. This ASU amends the impairment model to utilize an expected loss methodology in place of the incurred loss methodology for financial instruments, including trade receivables. The amendment requires entities to consider a broader range of information to estimate expected credit losses, which may result in earlier recognition of loss. The cumulative effect of adopting this standard was not significant to our financial statements.

Our exposure to credit losses is related to our accounts receivable and unbilled revenue balances, which are generated from the sale of natural gas to residential, commercial and industrial, and transportation customers served under our regulated utility tariffs.

We evaluate the collectability of our accounts receivable and unbilled revenue balances considering a combination of factors. For some of our larger customers and also in circumstances where we become aware of a specific customer's inability to meet its financial obligations to us, we record a specific allowance for credit losses against amounts due in order to reduce the net recognized receivable to the amount we reasonably believe will be collected. For all other customers, we use the accounts receivable aging method to calculate an allowance for credit losses. Using this method, we classify accounts receivable into different aging buckets and calculate a reserve percentage for each aging bucket based upon historical loss rates. The calculated reserve percentages are updated on at least an annual basis, in order to ensure recent macroeconomic, political, and regulatory trends are captured in the calculation, to the extent possible. Risks identified that we do not believe are reflected in the calculated reserve percentages, are assessed on a quarterly basis to determine whether further adjustments are required.

We monitor our ongoing credit exposure through active review of counterparty accounts receivable balances against contract terms and due dates. Our activities include timely account reconciliation, dispute resolution and payment confirmation. To the extent possible, we work with customers with past due balances to negotiate payment plans, but will disconnect customers for non-payment as allowed by the MPSC if necessary, and employ collection agencies and legal counsel to pursue recovery of defaulted receivables. For our larger customers, detailed credit review procedures may be performed in advance of any sales being made. We sometimes require letters of credit, parental guarantees, prepayments or other forms of credit assurance from our larger customers to mitigate credit risk. See Note 17, Regulatory Environment, for information on certain regulatory actions that were and/or are being taken for the purpose of ensuring that essential utility services are available to our customers during the COVID-19 pandemic.

- **(f) Materials, Supplies, and Inventories**—We record substantially all materials, supplies, and natural gas in storage inventories using the weighted-average cost method of accounting.
- (g) Regulatory Assets and Liabilities—The economic effects of regulation can result in regulated companies recording costs and revenues that are allowed in the rate-making process in a period different from the period they would have been recognized by a nonregulated company. When this occurs, regulatory assets and regulatory liabilities are recorded on the balance sheet. Regulatory assets represent deferred costs probable of recovery from customers that would have otherwise been charged to expense. Regulatory liabilities represent amounts that are expected to be refunded to customers in future rates or future costs already collected from customers in rates.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | |
|--|------------------------|----------------|-------------------|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | , | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | |

The recovery or refund of regulatory assets and liabilities is based on specific periods determined by the MPSC or occurs over the normal operating period of the related assets and liabilities. If a previously recorded regulatory asset is no longer probable of recovery, the regulatory asset is reduced to the amount considered probable of recovery, and the reduction is charged to expense in the current period. See Note 5, Regulatory Assets and Liabilities, for more information.

(h) Property, Plant, and Equipment—We record property, plant, and equipment at cost. Cost includes material, labor, overhead, and capitalized interest. Additions to and significant replacements of property are charged to property, plant, and equipment at cost; minor items are charged to other operation and maintenance expense. The cost of depreciable utility property less salvage value is charged to accumulated depreciation when property is retired.

We record straight-line depreciation expense over the estimated useful life of utility property using depreciation rates approved by the MPSC. Annual utility composite depreciation rates were 2.70%, 2.67%, and 2.54% in 2021, 2020, and 2019, respectively.

We capitalize certain costs related to software developed or obtained for internal use and record these costs to amortization expense over the estimated useful life of the related software, which ranges from 5 to 15 years. If software is retired prior to being fully amortized, the difference is recorded as a loss on the income statement.

Third parties reimburse us for all or a portion of expenditures for certain capital projects. Such contributions in aid of construction costs are recorded as a reduction to property, plant, and equipment.

See Note 6, Property, Plant, and Equipment, for more information.

(i) Asset Impairment—Goodwill and other intangible assets with indefinite lives are subject to an annual impairment test. Interim impairment tests are performed when impairment indicators are present. During the third quarter of each year, we perform an annual goodwill impairment test. The carrying amount of our goodwill is considered not recoverable if the carrying amount of our net assets exceeds our fair value. An impairment loss is recorded for the excess of the carrying amount of the goodwill over its implied fair value. See Note 8, Goodwill and Other Intangible Asset, for more information.

We periodically assess the recoverability of certain long-lived assets when factors indicate the carrying value of such assets may be impaired or such assets are planned to be sold. Long-lived assets that would be subject to an impairment assessment generally include any assets within regulated operations that may not be fully recovered from our customers as a result of regulatory decisions that will be made in the future. An impairment loss is recognized when the carrying amount of an asset is not recoverable and exceeds the fair value of the asset. The carrying amount of an asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. An impairment loss is measured as the excess of the carrying amount of the asset in comparison to the fair value of the asset.

- (j) Asset Retirement Obligations—We recognize, at fair value, legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction, development, and normal operation of the assets. An ARO liability is recorded, when incurred, for these obligations as long as the fair value can be reasonably estimated, even if the timing or method of settling the obligation is unknown. The associated retirement costs are capitalized as part of the related long-lived asset and are depreciated over the useful life of the asset. The ARO liabilities are accreted each period using the credit-adjusted risk-free interest rates associated with the expected settlement dates of the AROs. These rates are determined when the obligations are incurred. Subsequent changes resulting from revisions to the timing or the amount of the original estimate of undiscounted cash flows are recognized as an increase or a decrease to the carrying amount of the liability and the associated capitalized retirement costs. We recognize regulatory assets or liabilities for the timing differences between when we recover an ARO in rates and when we recognize the associated retirement costs. See Note 7, Asset Retirement Obligations, for more information.
- **(k) Stock-Based Compensation**—Our employees participate in the WEC Energy Group stock-based compensation plans. In accordance with the WEC Energy Group shareholder approved Omnibus Stock Incentive Plan, WEC Energy Group provides long-term incentives through its equity interests to its non-employee directors, officers, and other key employees. The plan provides for the

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | |
|--|------------------------|----------------|-------------------|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | , | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | |

granting of stock options, restricted stock, performance shares, and other stock-based awards. Awards may be paid in WEC Energy Group common stock, cash, or a combination thereof. In addition to those shares of WEC Energy Group common stock that were subject to awards outstanding as of May 6, 2021, 9.0 million shares of WEC Energy Group common stock are reserved for issuance under the plan. Officers and other key employees are also granted performance units under the WEC Energy Group Performance Unit Plan. All grants of performance units are settled in cash.

Stock-based compensation expense is allocated to us based on the outstanding awards held by our employees and our allocation of labor costs. For the years ended December 31, 2021, 2020, and 2019, we recorded stock-based compensation expense of \$0.3 million, \$0.7 million, and \$0.8 million, respectively.

Stock-based compensation costs capitalized during 2021, 2020, and 2019 were not significant.

- (I) Common Equity—We do not have any restrictions imposed on us that affect our ability to pay dividends to the sole holder of our common stock, Integrys.
- (m) Leases—We recognize a right of use asset and lease liability for operating and finance leases with a term of greater than one year. At December 31, 2021 and 2020, we had not recorded any right of use assets and lease liabilities on our balance sheets.

As of March 30, 2022, we have not entered into any material leases that have not yet commenced.

Significant Judgments and Other Information

We are currently party to several easement agreements that allow us access to land we do not own for the purpose of constructing and maintaining certain natural gas equipment. We have not classified our easements as leases because we view the entire parcel of land specified in our easement agreements to be the identified asset, not just that portion of the parcel that contains our easement. As such, we have concluded that we do not control the use of an identified asset related to our easement agreements, nor do we obtain substantially all of the economic benefits associated with these shared-use assets.

(n) Income Taxes—We follow the liability method in accounting for income taxes. Accounting guidance for income taxes requires the recording of deferred assets and liabilities to recognize the expected future tax consequences of events that have been reflected in our financial statements or tax returns and the adjustment of deferred tax balances to reflect tax rate changes. We are required to assess the likelihood that our deferred tax assets would expire before being realized. If we conclude that certain deferred tax assets are likely to expire before being realized, a valuation allowance would be established against those assets. GAAP requires that, if we conclude in a future period that it is more likely than not that some or all of the deferred tax assets would be realized before expiration, we reverse the related valuation allowance in that period. Any change to the allowance, as a result of a change in judgment about the realization of deferred tax assets, is reported in income tax expense.

Investment tax credits associated with regulated operations are deferred and amortized over the life of the assets. We are included in WEC Energy Group's consolidated federal and state income tax returns. In accordance with our tax allocation agreement with WEC Energy Group, we are allocated income tax payments and refunds based upon the benefit for loss method, where attributes are realized when WEC Energy Group is able to realize them. See Note 11, Income Taxes, for more information.

We recognize interest and penalties accrued related to unrecognized tax benefits in income tax expense in our income statements.

(o) Fair Value Measurements—Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

Fair value accounting rules provide a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are defined as follows:

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | |
|--|------------------------|----------------|-------------------|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | |

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 — Pricing inputs are observable, either directly or indirectly, but are not quoted prices included within Level 1. Level 2 includes those financial instruments that are valued using external inputs within models or other valuation methods.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methods that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. We use a mid-market pricing convention (the mid-point price between bid and ask prices) as a practical measure for valuing certain derivative assets and liabilities. We primarily use a market approach for recurring fair value measurements and attempt to use valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

When possible, we base the valuations of our derivative assets and liabilities on quoted prices for identical assets and liabilities in active markets. These valuations are classified in Level 1. The valuations of certain contracts not classified as Level 1 may be based on quoted market prices received from counterparties and/or observable inputs for similar instruments. Transactions valued using these inputs are classified in Level 2. Certain derivatives are categorized in Level 3 due to the significance of unobservable or internally-developed inputs.

See Note 12, Fair Value Measurements, for more information.

(p) Derivative Instruments—We use derivatives as part of our risk management program to manage the risks associated with the price volatility of natural gas costs for the benefit of our customers. Our approach is non-speculative and designed to mitigate risk. Our regulated hedging programs are approved by the MPSC.

We record derivative instruments on our balance sheets as an asset or liability measured at fair value unless they qualify for the normal purchases and sales exception, and are so designated. We continually assess our contracts designated as normal and will discontinue the treatment of these contracts as normal if the required criteria are no longer met. Changes in the derivative's fair value are recognized currently in earnings unless specific hedge accounting criteria are met or we receive regulatory treatment for the derivative. For most of our natural gas-related physical and financial contracts that qualify as derivatives, the MPSC allows the effects of fair value accounting to be offset to regulatory assets and liabilities.

We classify derivative assets and liabilities as current or long-term on our balance sheets based on the maturities of the underlying contracts. Cash flows from derivative activities are presented in the same category as the item being hedged within operating activities on our statements of cash flows.

Derivative accounting rules provide the option to present certain asset and liability derivative positions net on the balance sheets and to net the related cash collateral against these net derivative positions. We elected not to net these items. On our balance sheets, cash collateral provided to others is reflected in other current assets. See Note 13, Derivative Instruments, for more information.

- (q) Employee Benefits—The costs of pension and OPEB plans are expensed over the periods during which employees render service. These costs are distributed among WEC Energy Group's subsidiaries based on current employment status and actuarial calculations, as applicable. The MPSC allows recovery in rates for the net periodic benefit cost calculated under GAAP. See Note 14, Employee Benefits, for more information.
- **(r) Customer Deposits and Credit Balances**—When utility customers apply for new service, they may be required to provide a deposit for the service. Customer deposits are recorded within other current liabilities on our balance sheets.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | |
|--|------------------------|----------------|-------------------|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | , | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | |

Utility customers can elect to be on a budget plan. Under this type of plan, a monthly installment amount is calculated based on estimated annual usage. During the year, the monthly installment amount is reviewed by comparing it to actual usage. If necessary, an adjustment is made to the monthly amount. Annually, the budget plan is reconciled to actual annual usage. Payments in excess of actual customer usage are presented as customer credit balances on our balance sheets.

(s) Environmental Remediation Costs—We are subject to federal and state environmental laws and regulations that in the future may require us to pay for environmental remediation at sites where we have been, or may be, identified as a potentially responsible party. Loss contingencies may exist for the remediation of hazardous substances at various potential sites, including manufactured gas plant sites. See Note 15, Commitments and Contingencies, for more information.

We record environmental remediation liabilities when site assessments indicate remediation is probable and we can reasonably estimate the loss or a range of losses. The estimate includes both our share of the liability and any additional amounts that will not be paid by other potentially responsible parties or the government. When possible, we estimate costs using site-specific information but also consider historical experience for costs incurred at similar sites. Remediation efforts for a particular site generally extend over a period of several years. During this period, the laws governing the remediation process may change, as well as site conditions, potentially affecting the cost of remediation.

We have received approval to defer certain environmental remediation costs, as well as estimated future costs, through a regulatory asset. The recovery of deferred costs is subject to the MPSC's approval.

We review our estimated costs of remediation annually for our manufactured gas plant sites. We adjust the liabilities and related regulatory assets, as appropriate, to reflect the new cost estimates. Any material changes in cost estimates are adjusted throughout the year.

(t) Customer Concentrations of Credit Risk—The geographic concentration of our customers did not contribute significantly to our overall exposure to credit risk. We periodically review customers' credit ratings, financial statements, and historical payment performance and require them to provide collateral or other security as needed. As a result, we did not have any significant concentrations of credit risk at December 31, 2021. In addition, there were no customers that accounted for more than 10% of our revenues for the year ended December 31, 2021.

NOTE 2—RELATED PARTIES

We routinely enter into transactions with related parties, including WEC Energy Group and its other subsidiaries.

We provide and receive services, property, and other items of value to and from our ultimate parent, WEC Energy Group, and other subsidiaries of WEC Energy Group pursuant to an AIA that became effective in 2017. The AIA was approved by the appropriate regulators, including the MPSC. In accordance with the AIA, WBS provides several categories of services to us (including financial, human resource, and administrative services).

The following table shows activity associated with related party transactions for the years ended December 31:

| (in millions) | 20 |)21 | 2020 | 2019 |
|---|----|---------------------------|--------|------|
| Transactions with WBS | | | | |
| Charges to WBS for services and other items (1) | \$ | 1.2 \$ | 1.6 \$ | 2.8 |
| Charges from WBS for services and other items (1) | | 9.6 ⁽³⁾ | 9.2 | 11.4 |
| Transactions with Parent | | | | |
| Interest expense on short-term debt (2) | | | 0.1 | 0.7 |

⁽¹⁾ Includes amounts charged for services, pass through costs, asset and liability transfers, and other items in accordance with the approved AIA. As required by FERC regulations for centralized service companies, WBS renders services at cost. Services provided by any regulated subsidiary to another regulated subsidiary or WBS are priced at cost.

| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 |
| NOTES TO FI | NANCIAL STATEMENTS (Conti | nued) – Page 123 | |

⁽²⁾ See Note 9, Short-Term Debt to Parent, for additional information on our short-term borrowing from Integrys.

NOTE 3—OPERATING REVENUES

For more information about our significant accounting policies related to operating revenues, see Note 1(d), Operating Revenues.

Disaggregation of Operating Revenues

The following tables present our operating revenues disaggregated by revenue source. We disaggregate revenues into categories that depict how the nature, amount, timing, and uncertainty of revenues and cash flows are affected by economic factors. Natural gas revenues are further disaggregated by customer class. Each customer class has different expectations of service, natural gas and demand requirements, and can be impacted differently by regulatory activities within Michigan.

| | Year Ended December 31 | | | | | |
|--|------------------------|-------|----|-------|----|-------|
| (in millions) | llions) 2021 | | | 2020 | | 2019 |
| Michigan Gas Utilities Corporation | | | | | | |
| Natural gas utility revenues from contracts with customers | \$ | 150.6 | \$ | 127.2 | \$ | 143.6 |
| Other operating revenues (1) | | 1.3 | | 1.0 | | 0.9 |
| Total operating revenues | \$ | 151.9 | \$ | 128.2 | \$ | 144.5 |

⁽¹⁾ Other operating revenues consist primarily of late payment charges.

Revenues from Contracts with Customers

Natural Gas Utility Operating Revenues

The following table disaggregates natural gas utility operating revenues into customer class:

| Year Ended December 31 | | | | | | |
|------------------------|-------|--|---------------------------------|--|---|--|
| | 2021 | | 2020 | | 2019 | |
| \$ | 86.4 | \$ | 76.5 | \$ | 86.4 | |
| | 33.0 | | 30.4 | | 35.4 | |
| | 119.4 | | 106.9 | | 121.8 | |
| | 20.3 | | 21.0 | | 19.6 | |
| | 10.9 | | (0.7) | | 2.2 | |
| \$ | 150.6 | \$ | 127.2 | \$ | 143.6 | |
| | \$ | 2021 \$ 86.4 33.0 119.4 20.3 10.9 | \$ 86.4 \$ 33.0 119.4 20.3 10.9 | 2021 2020 \$ 86.4 \$ 76.5 33.0 30.4 119.4 106.9 20.3 21.0 10.9 (0.7) | 2021 2020 \$ 86.4 \$ 76.5 \$ 33.0 30.4 119.4 106.9 20.3 21.0 10.9 (0.7) | |

⁽¹⁾ Includes the revenues subject to our purchased gas recovery mechanism. As these amounts are billed to customers, they are reflected in retail revenues with an offsetting decrease in other utility revenues. We incurred higher natural gas costs throughout 2021, compared with 2020, as a result of an increase in the price of natural gas.

⁽³⁾ Includes \$1.2 million for the transfer of certain software assets to us.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | | |
|--|------------------------|----------------|-------------------|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | , | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | |

NOTE 4—CREDIT LOSSES

The table below shows our gross third-party receivable balances and related allowance for credit losses.

| (in millions) | December 31, 2021 | | December 31, 2020 | | |
|--|-------------------|------|-------------------|------|--|
| Accounts receivable and unbilled revenues | \$ | 36.0 | \$ | 30.5 | |
| Allowance for credit losses | | 4.7 | | 2.9 | |
| Accounts receivable and unbilled revenues, net | \$ | 31.3 | \$ | 27.6 | |
| | | | | | |
| Total accounts receivable, net – past due greater than 90 days | \$ | 2.0 | \$ | 1.8 | |

A rollforward of the allowance for credit losses is included below:

| | Year Ended December 3 | | | | | |
|--|-----------------------|-------|----|-------|--|--|
| (in millions) | | 2021 | | 2020 | | |
| Balance at December 31 | \$ | 2.9 | \$ | 1.6 | | |
| Provision for credit losses | | 2.5 | | 2.2 | | |
| Write-offs charged against the allowance | | (1.2) | | (1.5) | | |
| Recoveries of amounts previously written off | | 0.5 | | 0.6 | | |
| Balance at December 31 | \$ | 4.7 | \$ | 2.9 | | |

The increase in the allowance for credit losses at December 31, 2021, compared to December 31, 2020, was driven by higher past due accounts receivable balances, primarily related to our residential customers, associated with the COVID-19 pandemic. Although our accounts receivable balances in arrears increased, we did begin to see improvement in the second half of the year as we were allowed to resume our normal collection practices in August 2021. Higher year-over-year natural gas prices drove an increase in gross accounts receivable balances, also contributing to the increase in our allowance for credit losses. See Note 17, Regulatory Environment, for more information.

The increase in the allowance for credit losses at December 31, 2020, compared to December 31, 2019, was driven by higher past due accounts receivable balances, primarily related to our residential customers. This increase in accounts receivable balances in arrears was driven by economic disruptions caused by the COVID-19 pandemic, including higher unemployment rates. Also, as a result of the COVID-19 pandemic and related regulatory orders we received, we did not disconnect any of our residential customers during the year ended December 31, 2020.

NOTE 5—REGULATORY ASSETS AND LIABILITIES

The following regulatory assets were reflected on our balance sheets as of December 31:

| (in millions) | 2021 | 2020 | | See Note |
|---|------------|------|------|----------|
| Regulatory assets (1) (2) | | | | |
| Environmental remediation costs (3) | \$ 21.9 | \$ | 21.8 | 15 |
| Pension and OPEB costs (4) | 13.7 | | 20.1 | 14 |
| Energy costs recoverable through rate adjustments | 11.8 | | 0.7 | 1(d) |
| Depreciation and interest expense related to capital investment (5) | 5.0 | | _ | 17 |
| Income tax related items | 2.0 | | 2.1 | 11 |
| Other, net | 2.4 | | 3.0 | |
| Total regulatory assets | \$ 56.8 | \$ | 47.7 | |
| | | | | |
| Balance sheet presentation | | | | |
| Amounts recoverable from customers | \$ 11.8 | \$ | 1.0 | |
| Regulatory assets | 45.0 | | 46.7 | |
| Total regulatory assets | \$ 56.8 | \$ | 47.7 | |

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | | |
|--|------------------------|----------------|-------------------|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | , | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | |

- (1) Based on prior and current rate treatment, we believe it is probable that we will continue to recover from customers the regulatory assets in this table.
- (2) As of December 31, 2021, we had \$10.7 million of regulatory assets not earning a return. The regulatory assets not earning a return primarily relate to depreciation and interest expense related to capital investment, certain environmental remediation costs, and certain income tax related items. The other regulatory assets in the table either earn a return at our weighted average cost of capital or the cash has not yet been expended, in which case the regulatory assets are offset by liabilities.
- (3) As of December 31, 2021, we had made cash expenditures of \$3.9 million related to these environmental remediation costs. The remaining \$18.0 million represents our estimated future cash expenditures.
- (4) Primarily represents the unrecognized future pension and OPEB costs related to our defined benefit pension and OPEB plans. We are authorized recovery of these regulatory assets over the average remaining service life of each plan.
- (5) As approved by the MPSC, we deferred \$5.0 million of depreciation and interest expense in 2021 related to capital investments made since our last rate case. See Note 17, Regulatory Environment, for more information.

The following regulatory liabilities were reflected on our balance sheets as of December 31:

| (in millions) | 2021 | 2020 | See Note |
|-------------------------------|------------|------------|----------|
| Regulatory liabilities | | | |
| Removal costs (1) | \$ 41.7 | \$ 37.9 | |
| Income tax related items | 25.4 | 26.6 | 11 |
| Pension and OPEB benefits (2) | 4.9 | 5.0 | 14 |
| Derivatives | 2.7 | 0.1 | 1(p) |
| Total regulatory liabilities | \$ 74.7 | \$ 69.6 | |

- (1) Represents amounts collected from customers to cover the future cost of property, plant, and equipment removals that are not legally required. Legal obligations related to the removal of property, plant, and equipment are recorded as AROs. See Note 7, Asset Retirement Obligations, for more information on our legal obligations.
- (2) Primarily represents the unrecognized future pension and OPEB benefits related to our defined benefit pension and OPEB plans. We will amortize these regulatory liabilities into net periodic benefit cost over the average remaining service life of each plan.

NOTE 6—PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment consisted of the following utility assets at December 31:

| (in millions) | 2021 | 2020 | | |
|---|-------------|------|-------|--|
| Natural gas – distribution, storage, and transmission | \$ 504.3 | \$ | 478.9 | |
| Other utility property, plant, and equipment | 69.2 | | 62.9 | |
| Less: Accumulated depreciation | 202.7 | | 193.1 | |
| Net | 370.8 | | 348.7 | |
| Construction work in progress | 11.4 | | 9.0 | |
| Total property, plant, and equipment | \$ 382.2 | \$ | 357.7 | |

NOTE 7—ASSET RETIREMENT OBLIGATIONS

We have recorded AROs primarily for the removal of asbestos-coated natural gas distribution mains and asbestos abatement at office buildings and service centers. We establish regulatory assets and liabilities to record the differences between ongoing expense recognition under the ARO accounting rules and the rate-making practices for retirement costs authorized by the MPSC. On our balance sheets, AROs are recorded within other long-term liabilities.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | | |
|--|------------------------|----------------|-------------------|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | · | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | |

The following table shows changes to our AROs during the years ended December 31:

| (in millions) | 2021 | | 2020 | 2019 |
|---------------------------|------|-----|--------|-----------|
| Balance as of January 1 | \$ | 2.2 | \$ 2.1 | \$ 2.1 |
| Accretion | | 0.2 | 0.1 | 0.1 |
| Liabilities settled | | | | (0.1) |
| Balance as of December 31 | \$ | 2.4 | \$ 2.2 | \$ 2.1 |

NOTE 8—GOODWILL AND OTHER INTANGIBLE ASSET

Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the identifiable net assets acquired. We had no changes to the carrying amount of goodwill during the years ended December 31, 2021 and 2020.

| (in millions) | _ | Gross Carrying Amount | | umulated ment Losses | Net Carrying Amount | |
|---------------|----|-----------------------|----|-------------------------|------------------------|------|
| Goodwill | \$ | 122.7 | \$ | (88.2) | \$ | 34.5 |

We completed our annual goodwill impairment test as of July 1, 2021. No impairment resulted from this test.

Intangible Asset

At December 31, 2021 and 2020, we had a \$5.2 million indefinite-lived intangible asset related to our trade name obtained through an acquisition, which is included in other long-term assets on our balance sheets. We had no changes to the carrying amount of this intangible asset during the years ended December 31, 2021 and 2020.

NOTE 9—SHORT-TERM DEBT TO PARENT

The following table shows our short-term borrowings and their corresponding weighted-average interest rates as of December 31:

| (in millions, except for percentages) | 2021 | 2020 |
|--|------------|------------|
| Short-term debt to parent: | | |
| Amount outstanding at December 31 | \$ 18.8 | \$ 17.1 |
| Weighted-average interest rate on amounts outstanding at December 31 | 0.35% | 0.25% |

Our average amount of short-term borrowings based on daily outstanding balances during 2021, was \$9.1 million with a weighted-average interest rate during the period of 0.21%.

| (in millions) | December 31, | , 2021 |
|--|--------------|--------|
| Revolving short-term notes payable to parent | \$ | 50.0 |
| | | |
| Less: | | |
| Short-term debt to parent outstanding | | 18.8 |
| Available capacity under existing agreement | \$ | 31.2 |

Our short-term borrowing capacity with Integrys is \$50.0 million. Short-term borrowings bear interest computed at the average stated interest rate payable on commercial paper issued by WEC Energy Group. Short-term debt is callable by Integrys at any time.

| Name of Respondent | This Report Is: | port Is: Date of Report | | | | | |
|--|------------------------|-------------------------|-------------------|--|--|--|--|
| · | (1) [X] An Original | (Mo, Da, Yr) | · | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | |

NOTE 10—LONG-TERM DEBT

The following table is a summary of our long-term debt outstanding as of December 31:

| (in millions) | | | | 2021 | 2020 |
|---------------------------------|---------------|----------|----|-------|-------------|
| Long-term debt | Interest Rate | Year Due | _ | | |
| Senior Notes (unsecured) | 2.69% | 2025 | \$ | 60.0 | \$ 60.0 |
| | 3.11% | 2027 | | 30.0 | 30.0 |
| | 3.41% | 2032 | | 30.0 | 30.0 |
| | 4.01% | 2047 | | 30.0 | 30.0 |
| Total | | | | 150.0 | 150.0 |
| Unamortized debt issuance costs | _ | | | (0.8) | (0.9) |
| Total long-term debt | | | \$ | 149.2 | \$ 149.1 |

We amortize debt premiums, discounts, and debt issuance costs over the life of the debt using the straight-line method and we include the costs in interest expense.

Maturities of Long-Term Debt Outstanding

The following table shows the future maturities of our long-term debt outstanding as of December 31, 2021:

| (in millions) | Payments |
|---------------|-------------|
| 2022 | \$ _ |
| 2023 | |
| 2024 | _ |
| 2025 | 60.0 |
| 2026 | _ |
| Thereafter | 90.0 |
| Total | \$ 150.0 |

Our long-term debt obligations contain covenants related to payment of principal and interest when due and various other obligations. Failure to comply with these covenants could result in an event of default, which could result in the acceleration of outstanding debt obligations. As of December 31, 2021, we were in compliance with our covenants related to our long-term debt obligations.

NOTE 11—INCOME TAXES

Income Tax Expense

The following table is a summary of income tax expense for each of the years ended December 31:

| (in millions) | 2 | 021 | 2020 | 2019 |
|----------------------------|----|-------|-------------|-------------|
| Current tax benefit | \$ | (2.7) | \$ (6.1) | \$ (0.1) |
| Deferred income taxes, net | | 6.4 | 9.7 | 4.5 |
| Total income tax expense | \$ | 3.7 | \$ 3.6 | \$ 4.4 |

| Name of Respondent | This Report Is: | nis Report Is: Date of Report | | | | | |
|--|------------------------|-------------------------------|-------------------|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | |

Statutory Rate Reconciliation

The provision for income taxes for each of the years ended December 31 differs from the amount of income tax determined by applying the applicable United States statutory federal income tax rate to income before income taxes as a result of the following:

| | | 202 | 21 | 20 | 20 | 2019 | | |
|---|----|-------|-----------------------|--------|-----------------------|--------|-----------------------|--|
| (in millions) | An | nount | Effective Tax Rate | Amount | Effective Tax Rate | Amount | Effective Tax Rate | |
| Statutory federal income tax | \$ | 3.8 | 21.0 % | \$ 3.6 | 21.0 % | \$ 4.8 | 21.0 % | |
| State income taxes net of federal tax benefit | | 1.0 | 5.5 % | 0.8 | 4.6 % | 1.2 | 5.2 % | |
| Federal excess deferred tax amortization (1) | | (1.1) | (6.1)% | (0.8) | (4.8)% | (1.6) | (6.8)% | |
| Total income tax expense | \$ | 3.7 | 20.4 % | \$ 3.6 | 20.8 % | \$ 4.4 | 19.4 % | |

⁽¹⁾ The Tax Cuts and Jobs Act of 2017 required us to remeasure our deferred income taxes and we began to amortize the resulting excess protected deferred income taxes beginning in 2018 in accordance with normalization requirements. The decrease in income tax expense related to the amortization of the deferred tax benefits is offset by a decrease in revenue as the benefits are returned to customers, resulting in no impact on net income. See Note 17, Regulatory Environment, for more information.

Deferred Income Tax Assets and Liabilities

The components of deferred income taxes at December 31 were as follows:

| (in millions) | 2021 | | 2020 |
|------------------------------------|------------|----|------|
| Deferred tax assets | | | |
| Tax gross up – regulatory items | \$ 6.0 | \$ | 6.4 |
| Other | 2.7 | | 2.1 |
| Total deferred tax assets | \$ 8.7 | \$ | 8.5 |
| | | | |
| Deferred tax liabilities | | | |
| Property-related | \$ 59.1 | \$ | 53.5 |
| Employee benefits and compensation | 7.3 | | 7.2 |
| Regulatory deferrals | 2.5 | | 2.8 |
| Other | 3.1 | | 0.5 |
| Total deferred tax liabilities | 72.0 | | 64.0 |
| Deferred tax liability, net | \$ 63.3 | \$ | 55.5 |
| | | _ | |

Consistent with rate-making treatment, deferred taxes in the table above are offset for temporary differences that have related regulatory assets and liabilities.

At December 31, 2021 and 2020, we had no federal or state deferred tax assets related to tax benefit carryforwards.

Unrecognized Tax Benefits

We had no unrecognized tax benefits at December 31, 2021 and 2020.

We do not expect any unrecognized tax benefits to affect our effective tax rate in periods after December 31, 2021.

For the years ended December 31, 2021, 2020, and 2019, we recognized no interest expense or penalties related to unrecognized tax benefits in our income statements. At December 31, 2021 and 2020, we had no interest accrued and no penalties accrued related to unrecognized tax benefits on our balance sheets.

We do not anticipate any significant increases in the total amounts of unrecognized tax benefits within the next 12 months.

| Name of Respondent | This Report Is: | This Report Is: Date of Report | | | | | | |
|--|------------------------|--------------------------------|-------------------|--|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | · | | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | | |

Our primary tax jurisdictions include federal and the state of Michigan. With a few exceptions, we are no longer subject to federal income tax examinations by the United States Internal Revenue Service for years prior to 2018. At December 31, 2021, we were subject to examination by the Michigan taxing authority for tax years 2017 through 2021.

NOTE 12—FAIR VALUE MEASUREMENTS

The following tables summarize our financial assets and liabilities that were accounted for at fair value on a recurring basis, categorized by level within the fair value hierarchy:

| (in millions) | December 31, 2021 | | | | | | |
|------------------------|-----------------------|---------|---------|--------|--|--|--|
| | Level 1 | Level 2 | Level 3 | Total | | | |
| Natural gas contracts | | | | | | | |
| Derivative assets | \$ 0.5 \$ | 2.1 | \$ _ | \$ 2.6 | | | |
| Derivative liabilities | 0.2 | 0.1 | _ | 0.3 | | | |

| | December 31, 2020 | | | | | | |
|------------------------|-------------------|--------|---------|---------|--------|--|--|
| (in millions) | L | evel 1 | Level 2 | Level 3 | Total | | |
| Natural gas contracts | | | | | | | |
| Derivative assets | \$ | _ \$ | \$ 0.1 | \$ _ | \$ 0.1 | | |
| Derivative liabilities | | 0.2 | 0.5 | | 0.7 | | |

The derivative assets and liabilities listed in the tables above include options, futures, and physical commodity contracts used to manage market risks related to changes in natural gas supply costs.

NOTE 13—DERIVATIVE INSTRUMENTS

None of our derivatives are designated as hedging instruments. Derivative assets and liabilities are included in the other current line items on our balance sheets. The following table shows our derivative assets and derivative liabilities.

| | December 31, 2021 | | | December 31, 2020 | | | | |
|---------------------------------|-------------------|------------------------------|----|-------------------|----|------------------|----|-----|
| (in millions) | Deriv | Derivative Assets Derivative | | rivative Derivat | | tive Assets Deri | | |
| Natural gas contracts - current | \$ | 2.6 | \$ | 0.3 | \$ | 0.1 | \$ | 0.7 |

Realized gains (losses) on derivatives are primarily recorded in cost of natural gas sold on our income statements. Our estimated notional sales volumes and realized gains (losses) were as follows for the years ended:

| | Decembe | er 31, 2 0 | 021 | Decemb | er 31, 20 | 020 | December 31, 2019 | | | |
|-----------------------|---------------|-------------------|-------|----------------|-----------|-------|-------------------|--------|-------|--|
| (in millions) | Volumes Gains | | Gains | Volumes Losses | | | Volumes | Losses | | |
| Natural gas contracts | 4.0 Dth | \$ | 2.9 | 4.0 Dth | \$ | (1.3) | 3.8 Dth | \$ | (0.7) | |

At December 31, 2021 and 2020, we had posted cash collateral of \$0.4 million and \$0.6 million, respectively.

The following table shows derivative assets and derivative liabilities if derivative instruments by counterparty were presented net on our balance sheets:

| | | Decembe | r 31, 20 |)21 | December 31, 2020 | | | | |
|--|----------------------|---------|----------|-------------------|-------------------|-----|----|---------------------|--|
| (in millions) | Derivative Assets De | | | ative Liabilities | Derivative Assets | | | ivative Liabilities | |
| Gross amount recognized on the balance sheet | \$ | 2.6 | \$ | 0.3 | \$ | 0.1 | \$ | 0.7 | |
| Gross amount not offset on the balance sheet | | (0.3) | | (0.3) | | | | (0.1) | |
| Net amount | \$ | 2.3 | \$ | | \$ | 0.1 | \$ | 0.6 | |

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | | | | | | |
|--|------------------------|-------------------|----------------|--|--|--|--|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | · | | | | | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | December 31, 2021 | | | | | | | | | |
| Michigan Gas Utilities Corporation (2) [] A Resubmission April 29, 2022 December 31, 2021 NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | | | | | |

⁽¹⁾ Includes cash collateral posted of \$0.1 million.

NOTE 14—EMPLOYEE BENEFITS

Pension and Other Postretirement Employee Benefits

We have our own noncontributory, qualified pension plan. We also have our own unfunded, non-qualified retirement plan. In addition, we maintain an unfunded, non-qualified Supplemental Employee Retirement Plan.

We offer OPEB plans to employees, which are sponsored by Wisconsin Public Service Corporation. We are responsible for our share of the plan assets and obligations for all of these plans. Our balance sheets reflect only the liabilities associated with our past and current employees and our share of the plan assets. WEC Energy Group also offers medical, dental, and life insurance benefits to our active employees and their dependents. We expense the allocated costs of these benefits as incurred.

The defined benefit pension plan is closed to all new hires. In addition, the service accruals for the defined benefit pension plan were frozen for non-union employees as of January 1, 2013. These employees receive an annual company contribution to their 401(k) savings plan, which is calculated based on age, wages, and full years of vesting service as of December 31 each year.

We use a year-end measurement date to measure the funded status of all of the pension and OPEB plans. Due to the regulated nature of our business, we have concluded that substantially all of the unrecognized costs resulting from the recognition of the funded status of our pension and OPEB plans qualify as a regulatory asset.

The following table shows information relating to our share of the plans' benefit obligations and fair value of assets. Amounts presented are as of December 31:

| | | Pension | Benefit | S | OPEB Benefits | | | | |
|---------------------------|------|---------|---------|------|---------------|------|----|------|--|
| (in millions) | 2021 | | | 2020 | | 2021 | | 2020 | |
| Benefit obligation | \$ | 53.9 | \$ | 57.6 | \$ | 8.4 | \$ | 8.8 | |
| Fair value of plan assets | | 66.5 | | 65.0 | | 16.3 | | 15.6 | |
| Funded status | \$ | 12.6 | \$ | 7.4 | \$ | 7.9 | \$ | 6.8 | |

The amount of contributions and benefit payments for the years ended December 31 were as follows:

| | Pension | Benef | fits | OPEB Benefits | | | | | |
|---------------------------|-------------|-------|-------|---------------|-------|----|-------|--|--|
| (in millions) | 2021 | | 2020 | | 2021 | | 2020 | | |
| Employer contributions | \$ - | \$ | _ | \$ | 0.1 | \$ | 0.1 | | |
| Participant contributions | _ | | _ | | 0.1 | | 0.1 | | |
| Benefit payments | (3.4) | | (3.8) | | (0.7) | | (0.8) | | |

In 2021 we had actuarial gains related to our pension obligations of \$2.6 million and in 2020 we had actuarial losses of \$3.7 million, both of which were primarily driven by changes in our discount rates. The discount rate for our pension benefits was 3.00%, 2.70%, and 3.40%, in 2021, 2020, and 2019, respectively.

The actuarial gains and losses related to our OPEB benefit obligations were not significant for 2021 or 2020.

The amounts recognized on our balance sheets at December 31 related to the funded status of the benefit plans were as follows:

| | - | Pension | OPEB Benefits | | | | | | |
|-----------------------------|------|---------|---------------|------|----|------|------|-----|--|
| (in millions) | 2021 | | | 2020 | | 2021 | 2020 | | |
| Pension and OPEB assets | \$ | 13.0 | \$ | 7.8 | \$ | 9.3 | \$ | 8.3 | |
| Other long-term liabilities | | 0.4 | | 0.4 | | 1.4 | | 1.5 | |
| Total net assets | \$ | 12.6 | \$ | 7.4 | \$ | 7.9 | \$ | 6.8 | |

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | | | | | | |
|--|------------------------|----------------|-------------------|--|--|--|--|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | | | | | | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | | | | | |

The accumulated benefit obligation for the qualified pension plans was \$51.0 million and \$54.1 million at December 31, 2021 and 2020, respectively.

The following table shows information for pension plans with an accumulated benefit obligation in excess of plan assets. There were no plan assets related to these pension plans. Amounts presented are as of December 31:

| (in millions) | 20 | 021 | 2020 |
|--------------------------------|----|-----|-----------|
| Accumulated benefit obligation | \$ | 0.4 | \$ 0.4 |

The following table shows information for pension plans with a projected benefit obligation in excess of plan assets. There were no plan assets related to these pension plans. Amounts presented are as of December 31:

| (in millions) | 2021 | 2020 |
|------------------------------|-----------|-----------|
| Projected benefit obligation | \$ 0.4 | \$ 0.4 |

The following table shows information for OPEB plans with an accumulated benefit obligation in excess of plan assets. There were no plan assets related to these OPEB plans. Amounts presented are as of December 31:

| (in millions) | 2021 | | 2020 |
|--------------------------------|------|-----|--------|
| Accumulated benefit obligation | \$ | 1.4 | \$ 1.5 |

The following table shows the amounts that had not yet been recognized in our net periodic benefit cost (credit) as of December 31:

| | Pension | Bene | OPEB Benefits | | | | | |
|-------------------------------------|-------------|------|---------------|----|-------|----|-------|--|
| (in millions) | 2021 | 2020 | | | 2021 | | 2020 | |
| Net regulatory assets (liabilities) | | | | | | | | |
| Net actuarial loss (gain) | \$ 10.5 | \$ | 15.9 | \$ | (0.5) | \$ | 0.5 | |
| Prior service credits | _ | | _ | | (1.2) | | (1.5) | |
| Total | \$ 10.5 | \$ | 15.9 | \$ | (1.7) | \$ | (1.0) | |

The amount of net periodic benefit cost (credit) recognized (including amounts capitalized to our balance sheets) for the years ended December 31 was as follows:

| | | sion Benefits | | OPEB Benefits | | | | | | | | |
|------------------------------------|-----------|---------------|------|---------------|------|----|-----------|----|-------|----|------|--|
| (in millions) | 2021 | | 2020 | | 2019 | | 2021 2020 | | | | 2019 | |
| Net periodic benefit cost (credit) | \$ 0.2 | \$ | 0.4 | \$ | 0.5 | \$ | (0.3) | \$ | (0.1) | \$ | 0.4 | |

The weighted-average assumptions used to determine benefit obligations for the plans were as follows for the years ended December 31:

| | Pension | Benefits | ОРЕВ В | enefits |
|---|---------|----------|--------|---------|
| | 2021 | 2020 | 2021 | 2020 |

| Year ultimate trend rate is reached (Post 65) | N/A | N/A | N/A | 2028 | 2028 | 2028 |

WEC Energy Group consults with its investment advisors on an annual basis to help forecast expected long-term returns on plan assets by reviewing historical returns as well as calculating expected total trust returns using the weighted-average of long-term market returns for each of the major target asset categories utilized in the fund. For 2022, the expected return on assets assumption for the pension and OPEB plans is 7.00%.

Plan Assets

Current pension trust assets and amounts which are expected to be contributed to the trusts in the future are expected to be adequate to meet pension payment obligations to current and future retirees.

The Investment Trust Policy Committee oversees investment matters related to all of our funded benefit plans. The Committee works with external actuaries and investment consultants on an on-going basis to establish and monitor investment strategies and target asset allocations. Forecasted cash flows for plan liabilities are regularly updated based on annual valuation results. Target allocations are determined using projected benefit payment cash flows and risk analyses of appropriate investments. They are intended to reduce risk, provide long-term financial stability for the plans and maintain funded levels which meet long-term plan obligations while preserving sufficient liquidity for near-term benefit payments.

Our pension trust target asset allocations are 45% equity investments, 45% fixed income investments, and 10% private equity and real estate investments. The OPEB trust has target asset allocations of 45% equity investments and 55% fixed income investments. Equity securities include investments in large-cap, mid-cap, and small-cap companies. Fixed income securities include corporate bonds of companies from diversified industries, mortgage and other asset backed securities, commercial paper, and United States Treasuries.

Pension and OPEB plan investments are recorded at fair value. See Note 1(o), Fair Value Measurements, for more information regarding the fair value hierarchy and the classification of fair value measurements based on the types of inputs used.

Cash Flows

We expect to contribute \$0.1 million to the OPEB plans in 2022, dependent upon various factors affecting us, including our liquidity position and possible tax law changes. We do not expect to make any contributions to the pension plans in 2022.

The following table shows the payments, reflecting expected future service, that we expect to make for pension and OPEB over the next 10 years:

| (in millions) | Pension Benefits | OPEB Benefits | | |
|---------------|------------------|---------------|--|--|
| 2022 | \$ 3.1 | \$ 0.8 | | |
| 2023 | 2.9 | 0.8 | | |
| 2024 | 3.0 | 0.8 | | |
| 2025 | 3.1 | 0.8 | | |
| 2026 | 3.0 | 0.7 | | |
| 2027-2031 | | 3.2 | | |

| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | | |

Savings Plans

WEC Energy Group sponsors 401(k) savings plans that allow substantially all of our full-time employees to contribute a portion of their pre-tax and/or after-tax income in accordance with plan-specified guidelines. A percentage of employee contributions are matched by us through a contribution into the employee's savings plan account, up to certain limits. The 401(k) savings plan includes an Employee Stock Ownership Plan. Certain employees receive an employer retirement contribution, which amounts are contributed to an employee's savings plan account based on the employee's wages, age, and years of service. Total costs incurred under all of these plans were \$1.0 million in each of 2021, 2020, and 2019.

NOTE 15—COMMITMENTS AND CONTINGENCIES

We have significant commitments and contingencies arising from our operations, including those related to unconditional purchase obligations, environmental matters, and enforcement and litigation matters.

Unconditional Purchase Obligations

We have obligations to distribute and sell natural gas to our customers and expect to recover costs related to these obligations in future customer rates. In order to meet these obligations, we routinely enter into long-term purchase and sale commitments for various quantities and lengths of time.

The following table shows our minimum future commitments related to these purchase obligations as of December 31, 2021.

| | | | Payments Due By Period | | | | | | | | | | | |
|---------------------------------------|----------------------------------|----------------------|------------------------|------|----|------|----|------|----|------|----|------|----|---------------|

| Natural gas supply and transportation | 2028 | \$ 86.9 | \$ | 16.1 | \$ | 15.1 | \$ | 14.1 | \$ | 11.7 | \$ | 12.0 | \$ | 17.9 |

Environmental Matters

Consistent with other companies in the natural gas utility industry, we face significant ongoing environmental compliance and remediation obligations related to current and past operations. Specific environmental issues affecting us include, but are not limited to, current and future regulation of GHG emissions and remediation of impacted properties, including former manufactured gas plant sites.

We have continued to pursue a proactive strategy to manage our environmental compliance obligations, including:

- the protection of wetlands and waterways, biodiversity including threatened and endangered species, and cultural resources associated with utility construction projects;
- the remediation of former manufactured gas plant sites;
- · the reduction of methane emissions across our natural gas distribution system by upgrading infrastructure; and
- the reporting of GHG emissions to comply with federal clean air rules.

Air Quality

Climate Change

WEC Energy Group continues to reduce methane emissions by improving its natural gas distribution system. WEC Energy Group set a target across its natural gas distribution operations to achieve net-zero methane emissions by 2030. WEC Energy Group plans to achieve its net-zero goal through an effort that includes both continuous operational improvements and equipment upgrades, as well as the use of renewable natural gas throughout its utility systems.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | | | |
|--|------------------------|----------------|-------------------|--|--|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | · | | | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | | | |

We are required to report our CO₂ equivalent emissions related to the natural gas that we distribute and sell under the EPA Greenhouse Gases Reporting Program. Based upon our preliminary analysis of the data, we estimate that we will report CO₂ equivalent emissions of approximately 1.6 million metric tonnes to the EPA for 2021.

Water Quality

Waters of the United States

In December 2021, the EPA and the United States Army Corps of Engineers together released a proposed rule to repeal the April 2020 Navigable Waters Protection Rule that defined WOTUS. The purpose of this proposed rule will be to restore regulations defining WOTUS that were in place prior to 2015 and to update certain provisions to be consistent with relevant Supreme Court decisions. The pre-2015 approach involves applying factors established through case law and agency precedents to determine whether a wetland or surface drainage feature is subject to federal jurisdiction. In January 2022, the Supreme Court granted certiorari in a case to evaluate the proper test for determining whether wetlands are WOTUS. At this point, our projects requiring federal permits are moving ahead, but we are monitoring to better understand potential future impacts.

Land Quality

Manufactured Gas Plant Remediation

We have identified sites at which we or a predecessor company owned or operated a manufactured gas plant or stored manufactured gas. We have also identified other sites that may have been impacted by historical manufactured gas plant activities. We are responsible for the environmental remediation of these sites. We are also working with the Michigan Department of Environment, Great Lakes, and Energy on our investigation and remediation planning. These sites are at various stages of investigation, monitoring, remediation, and closure.

The future costs for detailed site investigation, future remediation, and monitoring are dependent upon several variables including, among other things, the extent of remediation, changes in technology, and changes in regulation. Historically, the MPSC has allowed us to recover incurred costs, net of insurance recoveries and recoveries from potentially responsible parties, associated with the remediation of manufactured gas plant sites. Accordingly, we have established regulatory assets for costs associated with these sites.

We have established the following regulatory assets and reserves for our manufactured gas plant sites as of December 31:

| (in millions) | 2021 | | 2020 | | |
|---|------|------|------|------|--|
| Regulatory assets | \$ | 21.9 | \$ | 21.8 | |
| Reserves for future environmental remediation | | 18.0 | | 17.4 | |

Enforcement and Litigation Matters

We are involved in legal and administrative proceedings before various courts and agencies with respect to matters arising in the ordinary course of business. Although we are unable to predict the outcome of these matters, management believes that appropriate reserves have been established and that final settlement of these actions will not have a material impact on our financial condition or results of operations.

NOTE 17—REGULATORY ENVIRONMENT

Coronavirus Disease - 2019

The global outbreak of COVID-19 was declared a pandemic by the World Health Organization and the Centers for Disease Control and Prevention. COVID-19 has spread globally, including throughout the United States and, in turn, our service territory. In response to the COVID-19 pandemic, Michigan declared a public health emergency and issued a shelter-in-place order, which has since expired.

In April 2020, the MPSC issued a written order requiring Michigan utilities, including us, to put certain minimum protections in place during the COVID-19 pandemic. The minimum protections required by the order included the suspension of disconnections, late payment fees, deposits, and reconnection fees for certain vulnerable customers. In addition, utilities were required to extend access to and enhance the flexibility of payment plans to customers financially impacted by COVID-19.

As required in the MPSC order, we filed a response with the MPSC in April 2020 affirming the actions being taken to protect customers. These actions provided protections to more customers than required by the MPSC order, and included suspending disconnections for all residential customers, waiving deposit requirements for new service, suspending the assessment of late fees for customers that entered into payment plans, and enhancing payment plan options for all customers.

The April 2020 MPSC order also authorized all Michigan utilities to defer, for potential future recovery, uncollectible expense incurred on or after March 24, 2020 that exceeded the amounts being recovered in rates. In July 2020, the MPSC issued an order denying Michigan utilities' ability to defer additional COVID-19 related expenses and certain foregone revenues. The MPSC indicated that utilities could still seek recovery of these costs and foregone revenues by filing additional information on the specifics of their request. We filed comments with the MPSC in November 2020 indicating we had not experienced any material additional COVID-19 related expenses or foregone revenues, but will continue to monitor them and will notify the MPSC if they become material. At December 31, 2021, we had not recorded any deferrals related to the COVID-19 pandemic.

In June 2021, we worked with MPSC staff to develop a transition plan to resume collections and disconnections, while continuing to assist customers in managing their arrears balances. In accordance with the agreed upon transition plan, we resumed pre-pandemic collection activities and residential service disconnections on August 2, 2021. Flexible deferred payment arrangements will continue to be available to customers.

2021 Rate Order

In February 2020, we provided notification to the MPSC of our intent to file an application requesting an increase to our natural gas rates to be effective January 1, 2021. However, we decided that we would delay our filing of the rate case as a result of the COVID-19 pandemic.

In May 2020, we filed an application with the MPSC requesting approval to defer \$5.0 million of depreciation and interest expense during 2021 related to capital investments we made since our last rate case. In July 2020, the MPSC issued a written order approving our request. The deferral of these costs helped to mitigate the impacts from delaying the filing of the rate case.

| Name of Respondent | This Report Is: | Date of Report | Year of Report | | | |
|--|------------------------|----------------|-------------------|--|--|--|
| | (1) [X] An Original | (Mo, Da, Yr) | , | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | April 29, 2022 | December 31, 2021 | | | |
| NOTES TO FINANCIAL STATEMENTS (Continued) – Page 123 | | | | | | |

In March 2021, we filed our request with the MPSC to increase our natural gas rates. In July 2021, we filed with the MPSC, a settlement agreement we reached with certain intervenors, which the MPSC approved in a written order in September 2021. The order authorizes a rate increase of \$9.3 million (6.35%) and reflects a 9.85% return on equity and a common equity component average of 51.5%. The natural gas rate increase was primarily driven by our significant investment in capital infrastructure since our last rate review that resulted in revised base rates effective January 1, 2016. The order also allows us to implement a rider for our Main Replacement Program that will support recovery of planned capital investment related to pipeline replacements to maintain system safety and reliability between 2023 and 2027, without having to file a rate case. We expect approximately \$31.7 million of costs to be recovered through this rider. All costs recovered through the rider are subject to a prudence review by the MPSC. The new rates became effective January 1, 2022.

NOTE 18—NEW ACCOUNTING PRONOUNCEMENTS

Simplifying the Accounting for Income Taxes

In December 2019, the FASB issued ASU 2019-12, Simplifying the Accounting for Income Taxes. The new standard removes certain exceptions for performing intraperiod allocation and calculating income taxes in interim periods and also adds guidance to reduce complexity in certain areas, including recognizing deferred taxes for tax goodwill and allocating taxes to members of a consolidated group. The adoption of ASU 2019-12, effective January 1, 2021, did not have a significant impact on our financial statements and related disclosures.

Government Assistance

In November 2021, the FASB issued ASU No. 2021-10, Government Assistance (Topic 832). The amendments in this update increase the transparency surrounding government assistance by requiring disclosure of 1) the types of assistance received, 2) an entity's accounting for the assistance, and 3) the effect of the assistance on the entity's financial statements. The update is effective for annual periods beginning after December 15, 2021. We plan to adopt this pronouncement for our fiscal year ending on December 31, 2022, and we are currently evaluating the impact this guidance may have on our financial statements and related disclosures.

GAS PLANT IN SERVICE (Accounts 101, 102, 103, and 106)

- 1. Report below the original cost of gas plant in service according to the prescribed accounts.
- In addition to Acct 101, Gas Plant in Service (Classified), this schedule includes Account 102, Gas Plant Purchased or Sold; Acct 103, Experimental Gas Plant Unclassified; and Account 106, Completed Construction Not Classified - Gas.
 Include in column (c) or (d), as appropriate, corrections
- 3. Include in column (c) or (d), as appropriate, corrections of additions and retirements for the current or preceding year.
- 4. Enclose in parentheses credit adjustments of plant accounts to indicate the negative effect of such amounts.
- 5. Classify Account 106 according to prescribed accounts, on an estimated basis if necessary, and include the entries in column (c). Also to be included in column (c) are entries

for reversals of tentative distributions of prior year reported in column (b). Likewise, if the respondent has a significant amount of plant retirements which have not been classified to primary accounts at the end of the year, include in column (d) a tentative distribution of such retirements, on an estimated basis, with appropriate contra entry to the account for accumulated depreciation provision. Include also in column (d) reversals of tentative distributions of prior year of unclassified retirements.

Attach supplemental statement showing the account distributions of these tentative classifications in columns (c) and (d), including the reversals of the prior year's tentative account distributions of these amounts.

GAS PLANT IN SERVICE (Accounts 101, 102, 103, and 106) (Continued)

Careful observation of the above instructions and the texts of Accounts 101 and 106 will avoid serious omissions of the reported amount of respondent's plant actually in service at end of year.

- 6. Show in column (f) reclassifications or transfers within utility plant accounts. Include also in column (f) the additions or reductions of primary account classifications arising from distribution of amounts initially recorded in Account 102. In showing the clearance of Account 102, include in column (e) the amounts with respect to accumulated provision for depreciation, acquisition adjustments, etc., and show in column (f) only the offset to the debits or credits distributed in column (f) to primary account classification.
- 7. For Account 399, state the nature and use of plant included in this account and if substantial in amount submit a supplementary statement showing subaccount classification of such plant conforming to the requirements of these pages.
- 8. For each amount comprising the reported balance and changes in Account 102, state the property purchased or sold, name of vendor or purchaser, and date of transaction. If proposed journal entries have been filed with the Commission as required by the Uniform System of Accounts, give also date of such filing.

| For each construction overhead explain: and extent of work, etc., the overhead charges a to cover, (b) the general procedure for determin capitalized, (c) the method of distribution to cond (d) whether different rates are applied to different rates. | are intended ing the amount struction jobs, | used during | construction rates, if the authorized by the Mic | of allowance for funds ose differ from the overall higan Public Service |

Internal Design, Engineering, and Supervision

The Company capitalizes salaries (including applicable labor overheads) and expenses of supervisory, engineering and clerical personnel involved with the construction and retirement of gas mains and services. Costs include design and engineering services as well as supervising, directing, and controlling activities of field employees engaged in the construction and retirement activities. The amounts are allocated to gas mains, gas services, and retirement projects based on invoices, materials, and labor charged to those projects.

construction, (e) basis of differentiation in rates for different types of construction, and (f) whether the overhead is directly

or indirectly assigned.

Allowance for Funds Used During Construction

Allowance for Funds Used During Construction is calculated on the average monthly eligible Construction Work In Progress ("CWIP") balance using the Company's overall rate of return as reflected in the Company's most recent rate case approved by the Michigan Public Service Commission.

External Design, Engineering, and Supervision

The Company capitalizes external costs incurred for the design, engineering, and consulting services involved with the construction and retirement of gas mains and gas services. The amounts are allocated to gas mains, gas services, and retirement projects based on invoices, materials, and labor charges on those projects.

RECEIVABLES FROM ASSOCIATED COMPANIES (Accounts 145, 146)

- Report particulars of notes and accounts receivable from associated companies* at end of year.
- Provide separate headings and totals for Accounts 145, Notes Receivable from Associated Companies, and 146, Accounts Receivable from Associated Companies, in addition to a total for the combined accounts.
- 3. For notes receivable, list each note separately and state purpose for which received. Show also in column (a) date of note, date of maturity and interest rate.

- 4. If any note was received in satisfaction of an open account, state the period covered by such open account.
- Include in column (f) interest recorded as income during the year including interest on accounts and notes held any time during the year.
- Give particulars of any notes pledged or discounted, also of any collateral held as guarantee of payment of any note or account.
- * NOTE: "Associated companies" means companies or persons that, directly or indirectly, through one or more intermediaries, control, or are controlled by, or are under common control with, the accounting company. This includes related parties.

"Control" (including the terms "controlling," "controlled by," and "under common control with") means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a company, whether such power is exercised through one or more intermediary companies, or alone, or in conjunction with, or pursuant to an agreement, and whether such power is established through a majority or minority ownership or voting of securities, common directors, officers, or stockholders, voting trusts, holding trusts, associated companies, contract or any other direct or indirect means.

LONG-TERM DEBT (Accounts 221, 222, 223 and 224)

- 1. Report by balance sheet Account the particulars (details) concerning long-term debt included in Accounts 221, Bonds, 222 Reacquired Bonds, 223, Advances from Associated Companies, and 224, Other Long-Term Debt. If information to meet the stock exchange reporting requirement outlined in column (a) is available from the SEC 10-K Report Form filing, a specific reference to the report for (i.e. year and company title) may be reported in column (a) provided the fiscal years for both the 10-K report and this report are compatible.
- 2. For bonds assumed by the respondent, include in column (a) the name of the issuing company as well as a description of the bonds.
- 3. For advances from Associated Companies, report separately advances on notes and advances on open accounts. Designate demand notes as such. Include in column (a) name of associated companies from which advances were received.
- 4. For receivers' certificates, show in column (a) the name of the court and date of court order under which such certificates were issued.

LONG-TERM DEBT (Accounts 221, 222, 223, and 224) (Continued)

- 5. In a supplemental statement, give explanatory particulars (details) for Accounts 223 and 224 of net changes during the year. With respect to long-term advances, show for each company: (a) principal advanced during year, (b) interest added to principal amount, and (c) principal repaid during year. Give Commission authorization number and dates.
 6. If the respondent has pledged any of its long-term debt securities, give particulars (details) in a footnote, including name of the pledgee and purpose of the pledge.
- 7. If the respondent has any long-term securities which have been nominally issued and are nominally

outstanding at end of year, describe such securities in a footnote.

- 8. If interest expense was incurred durig the year on any obligations retried or reacquired before end of year, include such interest expense in column (f). Explain in a footnote any difference between the total of column (f) and the total of Account 427, Interest on Long-Term Debt and Account 430, Interest on Debt to Associated Companies.
 9. Give particulars (details) concerning any long-term
- 9. Give particulars (details) concerning any long-term debt authorized by a regulatory commission but not yet issued.

PAYABLES TO ASSOCIATED COMPANIES* (Accounts 233, 234)

- 1. Report particulars of notes and accounts payable to associated companies at end of year.
- 2. Provide separate totals for Accounts 233, Notes Payable to Associated Companies, and 234, Accounts Payable to Associated Companies, in addition to a total for the combined accounts.
- 3. List each note separately and state the purpose for which issued. Show also in column (a) date of note, maturity and interest rate.
- 4. Include in column (f) the amount of any interest expense during the year on notes or accounts that were paid before the end of the year.
- 5. If collateral has been pledged as security to the payment of any note or account, describe such collateral.

*See definition on page 226B

PAYABLES TO ASSOCIATED COMPANIES* (Accounts 233, 234)

- 1. Report particulars of notes and accounts payable to associated companies at end of year.
- 2. Provide separate totals for Accounts 233, Notes Payable to Associated Companies, and 234, Accounts Payable to Associated Companies, in addition to a total for the combined accounts.
- 3. List each note separately and state the purpose for which issued. Show also in column (a) date of note, maturity and interest rate.
- 4. Include in column (f) the amount of any interest expense during the year on notes or accounts that were paid before the end of the year.
- 5. If collateral has been pledged as security to the payment of any note or account, describe such collateral.

RATE AND SALES SECTION

DEFINITIONS OF CLASSES OF SERVICE AND INSTRUCTIONS PERTAINING TO STATEMENTS ON SALES DATA

In the definitions below, the letters preceding the captions distinguish the main classes from the subclasses. Show the data broken into the subclasses if possible, but if not, report data under the main classes, drawing a dash through the subclass.

When gas measured through a single meter is used for more than one class of service as here defined, as for example, for both commercial and residential purposes, assign the total to the class having the principal use.

<u>Average Number of Customers.</u> Number of customers should be reported on the basis of number of meters, plus number of flat-rate accounts, except that where separate meter readings are added for billing purposes, one customer shall be counted for code group of meters so added. The average number of customers means the average of the 12 figures at the close of each month.

MCF's Sold (indicate which one by crossing out the one that does not apply). Give net figures, exclusive of respondent's own use and losses.

<u>Revenues.</u> This term covers revenues derived from (a) Sale of Gas (exclusive of forfeited discounts and penalties) and (b) Other Gas Revenues, such as rent from gas property, interdepartmental rents, customers' forfeited discounts and penalties, servicing of customers' installations and miscellaneous gas revenues.

- AB. <u>Residential Service</u>. This class includes all sales of gas for residential uses such as cooking, refrigeration, water heating, space heating and other domestic uses.
- A. Residential Service. This class includes all sales of gas for residential use except space heating.
- B. Residential Space Heating. This class includes all sales of gas for space heating including gas for other residential uses only when measured through the same meter.
- CD. <u>Commercial Service</u>. This class includes service rendered primarily to commercial establishments such as restaurants, hotels, clubs, hospitals, recognized rooming and boarding houses (but not individual tenants therein), garages, churches, warehouses
- C. Commercial Service. This class includes all sales of gas for commercial use except space heating.
- D. <u>Commercial Space Heating.</u> This class includes all sales of gas for space heating including gas for other commercial uses only when measured through the same meter.
- E. <u>Industrial Service</u>. This class includes service rendered primarily to manufacturing and industrial establishments where gas is used principally for large power, heating and metallurgical purposes.
- F. <u>Public Service and Highway Lighting.</u> Covers service rendered to municipalities or other governmental units for the purpose of lighting streets, highways, parks and other public places.
- **G.** Other Sales to Public Authorities. Covers service rendered to municipalities or other governmental units for lighting, heating, cooking, water heating and other general uses.
- H. Interdepartmental Sales. This class includes gas supplied by the gas department to other departments of the utility when the charges therefor are at tariff or other specific rates.
- I. Other Sales. This class includes all service to ultimate consumers not included in the foregoing described classifications.
- * A I. Total Sales to Ultimate Consumers. This is the total of the foregoing described classifications.
- J. Sales to Other Gas Utilities for Resale. This class includes all sales of gas to other gas utilities or to public authorities for resale to ultimate consumers.
- K. Other Gas Revenues. Revenues derived from operations of the respondent other than sales of gas. They include rent from gas property, interdepartmental rents, customers' forfeited discounts and penalties, services of customers' installations and miscellaneous gas revenues, such as fees and charges for changing, connecting and disconnecting service, profit on sales of materials and supplies not ordinarily purchased for resale, commissions on sales or distribution of others' gas (sold under rates filed by such others), management or supervision fees, sale of steam (except where the respondent furnishes steam-heating service) and rentals from leased property on customers' premises.
- * A K. Total Gas Operating Revenues. The total of all the foregoing accounts.

<u>Separate Schedules for Each State.</u> Separate schedules in this section should be filed for each state in which the respondent operates.

<u>Estimates.</u> If actual figures are not available for the schedules in this section, give estimates. Explain the methods used and the factual basis of the estimates, using supplementary sheets, if necessary.

SALES DATA BY RATE SCHEDULES FOR THE YEAR

- 1. Report below the distribution of customers, sales and revenue for the year by individual rate schedules. (See definitions on first page of this section.)
- 2. Column (a) List all rate schedules by identification number or symbol. Where the same rate schedule designation applies to different rates in different zones, cities or districts, list separately data for each such area in which the schedule is available.
- 3. Column (b) Give the type of service to which the rate schedule is applicable, i.e. cooking, space heating, commercial heating, commercial cooking, etc.
- 4. Column (c) Using the classifications shown in Schedule 625-A, column (a), indicate the class or classes of customers served under each rate schedule, e.g., (A) for Residential Service, (B) Heating Service, etc.
- 5. Column (d) Give the average number of customers billed under each rate schedule during the year. The total of this column will approximate the total number of ultimate customers, line 12, Schedule 624-A.
- 6. Columns (e) and (f) For each rate schedule listed, enter the total number of Mcf sold to, and revenues received from customers billed under that rate schedule. The totals of these columns should equal the totals shown on line 12, Schedule 625-A. If the utility sells gas to ultimate customers under special contracts, the totals for such sales should be entered on a line on this page in order to make the totals of columns (e) and (f) check with those entered on line 12, Schedule 625-A.
- 7. When a rate schedule was not in effect during the entire year, indicate in a footnote the period in which it is effective.

REVENUES FROM TRANSPORTATION OF GAS OF OTHERS THROUGH GATHERING FACILITIES -- NATURAL GAS (Account 489.1)

- Report below particulars (details) concerning revenue from transportation or compression (by respondent) of natural gas for others. Subdivide revenue between transportation or compression for interstate pipeline companies and others.
- 2. Natural gas means either natural gas unmixed or any mixture of natural and manufactured gas. Designate with an asterisk, however, if gas is transported or compressed is other than natural gas.
- 3. Enter the average number of customers per company and/or by rate schedule.
- 4. In column (a) include the names of companies from which revenues were derived, points of receipt and delivery, and names of companies from which gas was received and to which delivered. Specify the Commission order or regulation authorizing such transaction. Separate out the various customers, volumes and revenues by individual rate schedule.

| Line | Name of Company | Number of | Average Number of | Distance |

| | (1) [X] An Original | (Mo, Da, Yr) | | | |
| Michigan Gas Utilities Corporation | (2) [] A Resubmission | 04/29/2022 | December 31, 2021 | | |
| GAS PURCHASES (Accounts 800, 801, 802, 803, 803, 1, 804, 804, 1 and 805) | | | | | |

- 1. Report particulars of gas purchases during the year in the manner prescribed below.
- 2. Provide subheadings and totals for prescribed accounts as follows:
 - 800 Natural Gas Well Head Purchases.
 - 801 Natural Gas Field Line Purchases.
 - 802 Natural Gas Gasoline Plant Outlet Purchases.
 - 803 Natural Gas Transmission Line Purchases.
 - 803.1 Off-System Gas Purchases.
 - 804 Natural Gas City Gate Purchases.
 - 804.1 Liquefied Natural Gas Purchases.
 - 805 Other Gas Purchases.

Purchases are to be reported in account number sequence, e.g. all purchases charged to Account 800, followed by charges to Account 801, etc. Under each account number, purchases should be reported by states in alphabetical order. Totals are to be shown for each account in Columns (h) and (i) and should agree with the books of account, or any differences reconciled.

In some cases, two or more lines will be required to report a purchase, as when it is charged to more than one account.

- 3. Purchases may be reported by gas purchase contract totals (at the option of the respondent) provided that the same price is being paid for all gas purchased under the contract. If two or more prices are in effect under the same contract, separate details for each price shall be reported. The name of each seller included in the contract total shall be listed on separate sheets, clearly cross-referenced. Where two or more prices are in effect the sellers at each price are to be listed separately.
- 4. Purchases of less than 100,000 Mcf per year per contract from sellers not affiliated with the reporting company may (at the option of the respondent) be grouped by account number, except when the purchases were permanently discontinued during the reporting year. When grouped purchases are reported, the number of grouped purchases is to be reported in Column (b). Only Columns (a), (b), (h), (i), and (j) are to be completed for grouped purchases; however, the Commission may request additional details when necessary. Grouped non-jurisdictional purchases should be shown on a separate line.

5. Column instructions are as follows:

<u>Column (b)</u> - Report the names of all sellers. Abbreviations may be used where necessary.

Column (c) - Give the name of the producing field only for purchases at the wellhead or from field lines. The plant name should be given for purchase from gasoline outlets. If purchases under a contract are from more than one field or plant, use the name of the one contributing the largest volume. Use a footnote to list the other fields or plants involved.

Columns (d) and (e) - Designate the state and county where the gas is received. Where gas is received in more than one county, use the name of the county having the largest volume and by footnote list the other counties involved.

Column (f) - Show date of the gas purchase contract. If gas is purchased under a renegotiated contract, show the date of the original contract and the date of the renegotiated contract on the following line in brackets. If new acreage is dedicated by ratification of an existing contract show the date of the ratification, rather than the date of the original contract. If gas is being sold from a different reservoir than the original dedicated acreage pursuant to Section 2.56(f)(2) of the Commission's Rules of Practice and Procedure, place the letter "A" after the contract date.

If the purchase was permanently discontinued during the reporting year, so indicate by an asterisk (*) in Column (f).

<u>Column (g)</u> - Show for each purchase the approximate Btu per cubic foot.

Column (h) - State the volume of purchased gas as measured for purpose of determining the amount payable for the gas. Include current year receipts of make-up gas that was paid for in prior

<u>Column (i)</u> - State the dollar amount (omit cents) paid and previously paid for the volumes of gas shown in Column (h).

<u>Column (j)</u> - State the average cost per Mcf to the nearest hundredth of a cent. [Column (i) divided by Column (h) multiplied by 100}.

PARTICULARS CONCERNING CERTAIN INCOME DEDUCTIONS AND INTEREST CHARGES ACCOUNTS

Report the information specified below, in the order given, for the respective income deduction and interest charges accounts. Provide a subheading for each account and a total for the account. Additional columns may be added if deemed appropriate with respect to any account.

- (a) Miscellaneous Amortization (Account 425) Describe the nature of items included in this account, the contra account charged, the total of amortization charges for the year, and the period of amortization.
- (b) Miscellaneous Income Deductions Report the nature, payee, and amount of other income deductions for the year as required by Accounts 426.1, Donations; 426.2, Life Insurance; 426.3, Penalties; 426.4, Expenditures for Certain Civic, Political and Related

Activities; and 426.5, Other Deductions, of the Uniform System of Accounts. Amounts of less than \$10,000 may be grouped by classes within the above accounts.

- (c) Interest on Debt to Associated Companies (Account 430) For each associated company to which interest on debt was incurred during the year, indicate the amount and interest rate respectively for (a) advances on notes, (b) advances on open account, (c) notes payable, (d) accounts payable, and (e) other debt, and total interest. Explain the nature of other debt on which interest was incurred during the year.
- (d) Other Interest Expense (Account 431) Report particulars (details) including the amount and interest rate for other interest charges incurred during the year.

PARTICULARS CONCERNING CERTAIN OTHER INCOME ACCOUNTS

- Report in this schedule the information specified in the instructions below for the respective other income accounts.
 Provide a conspicuous subheading for each account and show a total for the account. Additional columns may be added for any account if deemed necessary.
- 2. Merchandising, Jobbing, and Contract Work (Accounts 415 and 416) Describe the general nature of merchandising, jobbing and contract activities. Show revenues by class of activity, operating expenses classified as to operation, maintenance, depreciation, rents and net income before taxes. Give the basis of any allocations of expenses between utility and merchandising, jobbing and contract work activities.
- 3. Nonutility Operations (Accounts 417 and 417.1) Describe each nonutility operation and show revenues,
 operating expenses classified as to operation, maintenance,
 depreciation, rents, amortization, and net income before
 taxes, from the operation. Give the basis of any allocations
 of expenses between utility and nonutility operations. The
 book cost of property classified as nonutility operations
 should be included in Account 121.
- 4. Nonoperating Rental Income (Account 418) For each major item of miscellaneous property included in Account 121, Nonutility Property, which is not used in operations for which income is included in Account 417, but which is leased or rented to others, give name of lessee, brief description of property, effective date and

expiration date of lease, amount of rent revenues, operating expenses classified as to operation, maintenance, depreciation, rents, amortization, and net income, before taxes, from the rentals. If the property is leases on a basis other than that of a fixed annual rental, state the method of determining rental. Minor items may be grouped by classes, but the number of items so grouped should be shown. Designate any lessees which are associated companies.

5. Equity in earnings of subsidiary companies (Account

- 418.1) Report the utility's equity in the earnings or losses of each subsidiary company for the year.
 6. Interest and Dividend Income (Account 419) Report interest and dividend income, before taxes, identified as to the asset account or group of accounts in which are included the assets from which the interest or dividend income was derived. Income derived from investments, Accounts 123, 124 and 136 may be shown in total. Income from sinking and other funds should be identified with the related special funds. Show also expenses included in Account 419 as required by the Uniform System of Accounts.
- 7. Miscellaneous Nonoperating Income (Account 421) Give the nature and source of each miscellaneous nonoperating income, and expense and the amount for the year. Minor items may be grouped by classes.

CHARGES FOR OUTSIDE PROFESSIONAL AND OTHER CONSULTATIVE SERVICES

1. Report the information specified below for all charges made during the year included in any account (including plant accounts) for outside consultative and other professional services. (These services include rate, management, construction, engineering research, financial, valuation, legal, accounting, purchasing, advertising, labor relations, and public relations, rendered the respondent under written or oral arrangement, for which aggregate payments were made during the year to any corporation, partnership, organization of any kind, or individual (other than for services as an employee or for payments made for medical and related services) amounting to more than \$250,000, including payments for legislative services, except those which should be reported

Expenditures for Certain Civic, Political and Related Activities.)

- (a) Name and address of person or organization rendering services,
- (b) description of services received during year and project or case to which services relate,
 - (c) basis of charges,
- (d) total charges for the year, detailing utility department and account charged.
- 2. For any services which are of a continuing nature, give the date and term of contract and date of Commission authorization, if contract received Commission approval.
- 3. Designate with an asterisk associated companies.

| DISTRIBUTION AND TRANSMISSION LINES | | | | | | |

- 1. Report below by States the total miles of pipe lines operated by
- respondent at end of year. 2. Report separately any lines held under a title other than full ownership.
- Designate such lines with an asterisk and in a footnote state the name of owner, or co-owner, nature of respondent's title, and percent ownership if jointly owned.
- 3. Report separately any line that was not operated during the past year. Enter in a footnote the particulars (details) and state whether the book cost of such a line, or any portion thereof, has been retired in the books of account, or what disposition of the line and its book cost are contemplated.
- 4. Report the number of miles of pipe to one decimal point.

DISTRIBUTION AND TRANSMISSION LINES (Continued)

- 1. Report below by States the total miles of pipe lines operated by respondent at end of year.
- 2. Report separately any lines held under a title other than full ownership. Designate such lines with an asterisk and in a footnote state the name of owner, or co-owner, nature of respondent's title, and percent ownership if jointly owned.
- 3. Report separately any line that was not operated during the past year. Enter in a footnote the particulars (details) and state whether the book cost of such a line, or any portion thereof, has been retired in the books of account, or what disposition of the line and its book cost are contemplated.
- 4. Report the number of miles of pipe to one decimal point.
