

OPTIONAL MIRRORING LANGUAGE

The Applicant also has the option of mirroring the Maps and Legal Description tariffs of an Incumbent Local Exchange Carrier (ILEC) licensed by the Michigan Public Service Commission to provide local exchange services in Michigan in order to define its service territory. Applicants mirroring the Maps and Legal descriptions of an ILEC must file and have approved tariffs listing the name(s) of the company they are mirroring and the specific exchanges by company. Any future changes to ILEC Maps and Legal Descriptions mirrored by the Applicant will be automatically deemed as changes to the service territory of the Applicant unless new detailed Maps and Legal Description tariffs reflecting the different boundaries are filed and approved by the Commission. Basic local exchange services, terms, and conditions cannot be mirrored unless specifically allowed by State or Federal law.

Map and Legal Descriptions

The XYZ Telephone Company hereby mirrors the Map and Legal Description tariffs of the exchanges, by company, listed below to identify its service territory. Any future modifications to these exchange boundaries or legal descriptions of these boundaries will be automatically mirrored by XYZ Telephone Company on a going forward basis. If not mirrored new detailed maps and legal descriptions on a individual exchange basis will be filed with the M.P.S.C. for approval.
