Agenda for MEMD Presentation

- Review Meeting Objectives & Agenda
- Definitions of Key Terms - (Such as "Deemed Savings" and other terms that will be used during his presentation. Just the basics!)
- Purpose of MEMD - when MEMD values should and should not be used, who is/should be using the MEMD
- What is in the MEMD (Description of Data Fields in MEMD)
  - ✓ Were measures screened in anyway before being included in the MEMD (technical feasibility, cost effectiveness, etc...)?
- What is NOT in the MEMD?
- Overview of Sources of Information Utilized to Create MEMD
- Example of application of weighting tool for weather-sensitive measures
- Application of Data to Michigan
  - ✓ How were appropriate measure values developed for Michigan?
  - ✓ Are the values technical potential or have they been adjusted in some way to reflect past evaluation work?
  - ✓ How frequently would you recommend updating values currently in the MEMD?
  - ✓ What is the criterion for changing or updating the "deemed" values in the database?
  - ✓ Will it be a + or -3% or 5% deviation from the deemed value that would justify for a change?
  - ✓ Who will update the values
- Next steps; next meeting date
