

## **EWR LI Workgroup Chat – 12/08/22**

[9:15 AM] Will (Green Projects Group) (Guest)  
that is such a great idea

[9:25 AM] Martin Kushler

I apologize that I'll have to jump to another call at 9:30, but my question is: to what extent does the Poverty Task Force focus on utility energy efficiency programs and/or the federal Weatherization program as important tools to help low-income and ALICE type households' affordability concerns? Thanks.

[9:30 AM] Martin Kushler

Sounds like a great opportunity to make that connection with EWR and Wz! Thanks!

like 1

[10:19 AM] Kamalay, Maddy (DHHS)

When you say "high potential Weatherization opportunities" how are you defining that? Is that data that could be made available to the WAP?

[10:41 AM] Kamilah Outlaw

Thanks Brad!
