United Way of Southeast Michigan are literally experts in data sharing to serve people more efficiently.  
And, they have come a long way in data sharing agreements.

Would a walk away occur less than when the weatherization groups walk away, at least? Lower the bar?

I heard mi hope funding may reopen later in Jan. City of GR is using all those funds on roofs. Look into it.

[9:40 AM] Ashley Zuverink  
Brett, \$15 mil that went to Detroit through MiHope is used for roofs as well in Renew. Would be great if  
it sounds like there is more money out there!
