

# Signal Boost

## Finding Your Frequency in Public Safety

Mr. Brad Stoddard (MPSCS) and Ms. Jaclyn Barcroft (MSP/EMHSD)

# Agenda

- Describe speed networking
- Structure of session
- Topics for each round
- Final takeaways

# What is Speed Networking?

- Speed networking is an extremely time-saving and effective way of making professional contacts.
- The purpose of speed networking is to encourage participants to make as many connections as possible.
- We have elected to have this session early in the conference to allow for additional time to build relationships throughout the conference.

# Speed Networking Structure

- We have labeled 38 tables within this conference room.
- At registration, you received an extra card that shows each round and a corresponding table number specifically for you.
  - 2:00 – 2:05: Introduction
  - 2:08 – 2:13: Round 1 Topic Discussion (5 mins.)
  - 2:15 – 2:20: Round 2 Topic Discussion (5 mins.)
  - 2:22 – 2:27: Round 3 Topic Discussion (5 mins.)
  - 2:27 – 2:30: Wrap-up

# Round One Discussion

Name and agency introduction.

**What is one tool, app, or gadget you could not do your job without?**

(Each person has 45 seconds to share their answer with the whole table.)

# Round Two Discussion

Name and agency introduction.

**What is a small change that would make a big difference during high-stress events?**

(Each person has 45 seconds to share their answer with the whole table.)

# Round Three Discussion

Name and agency introduction.

**If you could go back to your first year in this field, what advice would you give yourself?**

(Each person has 45 seconds to share their answer with the whole table.)

# Final Tips & Takeaways

- Spend time this week getting to know others in the field to:
  - Foster relationships (new and old).
  - Share perspectives.
  - Ultimately improve responses for better community outcomes.
- Exchange business cards.

Thank You for Participating!
