Kirk Alland
Senior Vice President
Prism IPX Solutions
11175 Cicero Drive, Ste 120
Alpharetta, GA 30022

Dear Mr Alland:

This letter is to notify you that the Office of Michigan's Public Safety Communication System (MPSCS) under the Michigan Department of Technology, Management and Budget (DTMB) has concluded testing of the Siren Weather Alert Controller Board – Prism IPX Model 1.00 Firmware Version V0.12.00 and accepts for use on the MPSCS. This acceptance is rendered with the understanding that Prism IPX Solutions will implement the required recommendations, documented in the attached test documentation, during future software releases of the product.

This acceptance is made with the understanding that Prism IPX Solutions will work to resolve any functional issues or required modifications discovered in the future that could affect the safety of an MPSCS or interoperating user. Thank you for your time and efforts during this acceptance process. Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Bradley A. Stoddard".

Bradley A. Stoddard, Director
Office of the Michigan's Public Safety Communication System
7150 Harris Drive
Dimondale, MI 48821
