GENERAL PARTNER/MEMBER EXPERIENCE CERTIFICATION

As part of the Qualified Allocation Plan Scoring Criteria, previous participation on the part of the General Partner/Member may be eligible for points. Specifically, as stated in Section C.1. of the 2022-2023 Scoring Criteria, to receive consideration for previous participation:

“An Applicant must certify that the projects for which it is requesting points have maintained a positive operating cash flow from typical residential income alone and have funded reserves in accordance with the partnership or operating agreement and any applicable loan documents for the year in which each development’s last financial statement has been prepared (“successful properties”). Positive operating cash flow is the net cash flow after required debt service and reserve contributions. Projects that were originally structured to operate with negative operating cash flow from typical residential income but were structured with sufficient capitalized reserves to mitigate the negative operations or where the GP/Member has been advancing funds to keep the project operating financially and physically maintained can submit additional explanation for consideration in awarding points for those projects.”

In accordance with the 2022-2023 Qualified Allocation Plan and Scoring Criteria, the undersigned hereby certifies that each of the projects listed in the attached “General Partner/Member Experience” form and submitted for consideration for points as part of its application for Low-Income Housing Tax Credit (LIHTC), meets the requirements to be considered a successful property as outlined in Section C.1. of the 2022-2023 Scoring Criteria and above. Additionally, when necessary, the undersigned has completed and submitted appropriate additional documentation to demonstrate that a project meets the criteria outlined in Section C.1. of the 2022-2023 Scoring Criteria and above. The undersigned further understands and acknowledges that any inaccuracy of the information presented with regard to previous General Partner or Member experience may be grounds for application disqualification, negative points, disqualification of future applications, or any combination of the three at the sole judgment and discretion of MSHDA.

SUCCESSFUL PARTNERSHIPS – IDENTITY OF INTEREST

As part of the Qualified Allocation Plan Scoring Criteria, points may be awarded for projects that promote positive partnerships between developers with prior LIHTC experience and developers without prior LIHTC experience.

These points are intended to expand the diversity of developers for LIHTC projects. They are not intended to award points to persons already in the LIHTC development field. As such, previous identities of interest between the partner with LIHTC experience and the partner without prior LIHTC experience must be disclosed.

The undersigned hereby certifies that (cross out inapplicable language) There (has/has not) been and (is/is not) now any identity of interest between the undersigned entities. Any identity of interest between the parties is described below. Please note that misinformation provided on this form may result in negative points in future submissions.
