

## 2024-2025 LIHTC SCORING CRITERIA

Completion and Submission of this Scoring Criteria is **Mandatory**.

Applications that contain material errors in documentation, incomplete information, or inconsistencies may be rejected.

Funding Round:

Project Name:

City/Township:

County:

### Self-Identification

Please choose the project's primary funding category from the following list:

Please use an "x" to select whether the project is in an Urban or Rural area:

Urban

Rural

**Please select Urban or Rural above.**

Please use an "x" to select all that apply:

1. Strategic Investment Category

2. Emerging Developer Category

3. Non Profit - Statutory Set-Aside

4. Rural Housing - Statutory Set-Aside

5. Eligible Distressed Areas - Statutory Set-Aside

6. Elderly - Statutory Set-Aside

7. Tribal Housing Set-Aside

8. Tax Exempt Bond Financing (with 4% LIHTC)

Projects must submit supporting documentation for all points scored. Unless otherwise noted, documentation should be complete and dated within one year of the funding round deadline.

<p><b>1. Proximity to Transportation</b></p>	3	
<p>Applicants that can <i>demonstrate</i> that the project is located within the required proximity from a public transportation stop (i.e. bus stop) or that have a dial-a-ride (curb to curb) transportation service in the community that runs at least 5 days per week. Alternatively, a project will be considered for 3 points if the applicant can <i>demonstrate</i> that it will provide a form of transportation to the project that is comparable to or exceeding the service levels (e.g. accessibility, capacity, reliability, practicality, etc...) and scope of a typical fixed route public transportation system. Projects that commit to creating a transportation stop at the development will be eligible to receive points subject to review of the commitment by MSHDA.</p> <p>For projects located in Urban areas, the public transportation stop must be within 1/4 of a mile from the development. Distances will be measured in a straight line as the crow flies. Urban areas are defined in Tab GG of the Combined Application.</p> <p>"Comparable transportation" should be available a minimum of 5 days per week and have the capacity to adequately serve all the tenants in the development based on the size of the development. The transportation provided should be sufficient to allow each tenant in the development to take at least two trips during the week. For example, a 15 passenger van running two routes per day five days per week would accommodate 150 passengers per week. This would be sufficient to accommodate a 75 unit development, which would require 150 trips per week.</p> <p><i>PLEASE NOTE: The score for projects with multiple scattered sites will be determined by a weighted average based on the percentage of the total number of units at the sites that qualify for the points compared to the total units in the project. **2. Proximity to Amenities**

25	0
----	---

Developments that are located within the required proximity to the amenities listed below will be awarded points. Applicants must demonstrate that they are within the required distance from the amenity by submitting the address of the amenity, a map that clearly highlights the location of the amenity, and photographs of the specific amenity for which points are being claimed. If the documentation does not clearly demonstrate the proximity to the amenity, points may not be awarded for that amenity.

Distances will be measured on a straight line as the crow flies. The Required Distances for Urban areas are 1 or 2 miles. Urban areas are defined in Tab GG of the Combined Application. Amenities within 1 mile receive the full amount of points available for that amenity, amenities located within 2 miles receive half the total amount of points for that amenity. Total points are rounded down to the nearest whole point. Applicants are required to include a map with clearly measured distances as well as any supporting documentation as listed below.

(1) In order to qualify as a full service grocery/Supermarket, it must have a selection of (1) fresh fruits and vegetables, (2) fresh and uncooked meats and poultry, (3) dairy products, (4) canned foods, (5) frozen foods, (6) dry groceries and baked goods, (7) non-alcoholic beverages, (8) household paper products (toilet paper, paper towels, etc.) and (9) personal care items (soap, shampoo, etc.). Please provide evidence of these in the submission. A good reference may be the weekly sales ad.

(2) Licensed childcare providers can be found here:  
<https://www.michigan.gov/lara/bureau-list/ccfb/parents/panel-collapse/provider-choose/child-care-provider-map>

(3) Little lending libraries, mobile libraries, and libraries inside a school or university will not apply for this section.

(4) School must be free of charge and may not be gender-exclusive (i.e. a girls only or boys only school will not count). Schools must be open to all students of appropriate age, they should not require entrance examinations or requirements.

(5) A Community Organization is one that provides year-round community outreach service(s) to people of the community. These services should be accessible to tenants of the project and may include, but are not limited to clothing closets, free meals, youth programming, senior and older adult services or programming, mental health services, adult continuing education classes and/or cultural activities.

(6) An employment center is a single university or college, single hospital, single governmental entity, or single private company that has at least 250 year-round, full-time employees in one location for Urban developments and at least 125 year-round, full-time employees in one location for Balance of State developments. The project must provide a letter from the employer, a third-party employment agency, or the local body of government stating the number of year-round, full-time employees that work at the location. All employees must be at the same location to receive points.

(7) A public park is a green space currently designated as such by the local body of government or a public outdoor space traditionally used for human enjoyment and recreation. This might include a public gathering space with a playground, walking trails, public sporting, a pavilion, a band shell, a community garden, or other amenities.

(8) Services at a job training center must be available to the project's tenant base in order to be awarded points. The same location cannot be counted as both a Community Organization and a Job Training Center.

PLEASE NOTE: The score for projects with multiple scattered sites will be determined by the weighted average of the individual scores based on the percentage of the total number of units at each individual site compared to the total units in the project. Points will be rounded down to the nearest half point in the case that a project's weighted average score contains fractions of points.

<p><b>3- Community Revitalization Plan Area</b></p> <p>Points will be awarded for projects that meet the criteria below:</p> <ul style="list-style-type: none"> <li>a. A signed letter or resolution from the local government dated within 60-days of the application due date that identifies, supports and outlines the significance of the proposed project, and includes:               <ul style="list-style-type: none"> <li>i. If there is a Community Revitalization Plan for the area, the letter or Resolution must (1) identify the Community Revitalization Plan for the area, (2) provide a link to the plan if not included in the application, (3) outline the goals of the plan, (4) define the specific boundaries of the target area, and (5) describe how the proposed project compliments the plan goals. For this purpose, a Community Revitalization Plan is defined as follows: <i>A published document (approved and adopted by the local governing body by ordinance or resolution) that assesses the existing physical structures and infrastructure of the community and that targets specific geographic areas for residential developments. The plan should also contain detailed policy goals that include the redevelopment and production of affordable housing as well as the proposed timeline for achieving these goals. Additionally, the plan should explain municipal support to the particular area.</i></li> <li>ii. For municipalities that do or do not have a Community Revitalization Plan, the letter from the local governmental body should certify the amount of significant public and private investment in the area that has or is occurring proximate to the project. Significant public and private investment is defined as:                   <ul style="list-style-type: none"> <li>a. For projects located in a municipality with a population between 10,001 and 25,000 people, at least \$20 million of total investment located within 1 mile of the project within the last 5 years and that \$10 million of the total investment is private investment. Projects must also demonstrate that there is at least \$3 million of total investment located within 1 mile of the project that is planned for the future.</li> <li>b. For projects located in a municipality with a population between 25,001 and 50,000 people, at least \$40 million of total investment located within 1 mile of the project within the last 5 years and that \$20 million of the total investment is private investment. Projects must also demonstrate that there is at least \$6 million of total investment located within 1 mile of the project that is planned for the future.</li> <li>c. For projects located in a municipality with a population over 50,000 people, at least \$50 million of total investment located within 1 mile of the project within the last 5 years and that \$25 million of the total investment is private investment. Projects must also demonstrate that there is at least \$10 million of total investment located within 1 mile of the project that is planned for the future.</li> </ul> </li> </ul> </li> </ul> <p>Note: Projects do not need to provide additional documentation supporting the amount of investment at time of application, however MSHDA reserves the right to verify the significant investment at the time of award.</p> <p><i>PLEASE NOTE: The score for projects with multiple scattered sites will be determined by a weighted average based on the percentage of the total number of units at the sites that qualify for the points compared to the total units in the project. **4. Household Overburdened Area**

3	
---	--

Projects that can demonstrate that they are located within an area that has a high percentage of households that are overburdened will receive points. Points will be based on the following scale. Applicants should reference the data in **Tab HH** to determine whether the proposed project is located in one of these areas:

a. 30.0% to 39.9% of Households	1 points
b. 40.0% to 49.9% of households	2 points
c. 50.0% and above of households	3 points

Please note that Household Overburdened Area is determined based on census tract. If a development is not located within a census tract with a Household Overburdened Area score, but is located within 1/3 mile of that census tract, it will be allowed to claim the Household Overburdened Area point total of the census tract. For example, if a development is located within a census tract that scores 2 points using the table above, but is located in an Urban area and within 1/3 mile of a census tract that scores 3 points on the table below, it will be eligible for 3 points. The purpose of this is to allow points for projects that are located in close proximity to a census tract that scores on the Household Overburdened Area metric. The proximity will be measured on a straight line from the edge of the property line to the boundary line of the census tract. Urban areas are defined in Tab GG of the Combined Application.

*PLEASE NOTE: The score for projects with multiple scattered sites will be determined by a weighted average based on the percentage of the total number of units at the sites that qualify for the points compared to the total units in the project. No partial points will be awarded and points will be rounded down in the case that a project's weighted average score contains fractions of points.*

**5. MI Promise Zone School Districts**

1	
---	--

Developments located within the designated boundaries of one of the MI Promise Zones or a school district with a previously established Promise Scholarship comparable to the MI Promise Zones will be eligible for points. MI Promise Zones are school districts with place-based scholarship initiatives to increase educational attainment and spur economic growth. The MI Promise Zones can be found here: <https://promisezonesmi.com/>. Developments with a comparable Promise Scholarship program should contact MSHDA prior to application.

**6. Communities without Recent Awards**

**1. Proximity to Transportation**

3	
---	--

Applicants that can *demonstrate* that the project is located within the required proximity from a public transportation stop (i.e. bus stop) or that have a dial-a-ride (curb to curb) transportation service in the community that runs at least 5 days per week. Alternatively, a project will be considered for 3 points if the applicant can *demonstrate* that it will provide a form of transportation to the project that is comparable to or exceeding the service levels (e.g. accessibility, capacity, reliability, practicality, etc...) and scope of a typical fixed route public transportation system. Projects that commit to creating a transportation stop at the development will be eligible to receive points subject to review of the commitment by MSHDA.

For projects located in Rural areas, the public transportation stop must be located within 1/2 mile of the development. Distances will be measured in a straight line as the crow flies. Rural areas are defined in Tab GG of the Combined Application.

"Comparable transportation" should be available a minimum of 5 days per week and have the capacity to adequately serve all the tenants in the development based on the size of the development. The transportation provided should be sufficient to allow each tenant in the development to take at least two trips during the week. For example, a 15 passenger van running two routes per day five days per week would accommodate 150 passengers per week. This would be sufficient to accommodate a 75 unit development, which would require 150 trips per week.

<p>Projects that agree to offer 100% of the housing tax credit units for sale to tenants in such units at the end of the initial 15-year compliance period will receive points. To qualify for points, the owner must provide a detailed tenant ownership plan that complies with the Internal Revenue Code and is acceptable to the Authority. The plan must describe the terms of the right of first refusal given to the tenants, including the means of exercising the right of first refusal, the determination of the sale price for each unit, and any continuing use or deed restrictions that will be imposed on the units by the seller following any such transfer.</p>

<b>8. On Site Tenant Services</b>	<b>4</b>	<b>0</b>
<p>Projects that commit to providing additional services accessible to low-income residents within the community, in conjunction with the development, will be eligible for points. Examples of these types of services are listed below. Points will only be awarded to those projects that can demonstrate that the services are being provided as a result of the affordable housing project being developed or rehabilitated and that are outside of the scope of typical management activities.</p> <p>Developments with specific supportive services being offered on-site will be awarded points for each of the services listed below in this area up to a maximum of 4 points. To qualify for these points, a narrative must be included in the Addendum I, along with an MOU or letter of intent from the partner agency(ies). Frequency of service must be specified in the MOU or letter of intent and must be timely and reasonable. All services must be offered face-to-face (either individual or group, as appropriate) with an in-person provider or instructor. The documentation must be dated within 1 year.</p> <p><i>Please note: Service providers that agree to offer the specific service(s) to the tenant in the tenant's unit will be eligible to count for these points. Further, this scoring item is intended to create more options for tenants and does not create a requirement that a tenant needs to receive the specific service(s) in their unit or at the development if they would prefer to receive the service(s) at a different location. With the exception of certain federal programs, tenants cannot be mandated to participate in any of the offered or available services, nor can non-participation itself be a factor in their lease or rental history. Tenants are not required to participate in the offered services or may choose to participate in these or similar services off-site.</i></p>

**13. Accessible Community Space**

<b>3</b>	
----------	--

Projects will receive points for providing accessible community space for use by tenants. The accessible community space is envisioned as one room or contiguous space that may be used for activities such as dining, crafts, exercise, medical clinic, socializing, birthday parties, holiday gatherings, study areas and/or other activities for individuals with children, or any other activity or use that may benefit tenants; and does not include common space such as hallways, offices, lobbies, bathrooms, laundry rooms, exterior areas etc. To receive points, the accessible community space must, at a minimum, be sized according to the scoring grid below and must be located within a reasonable proximity to the proposed project, if the space is provided in a separate building. If an accessible community space being shared by multiple phases of the same project is proposed, it must meet the minimum square footage requirement for all of the units in all of the phases of the project that will share the accessible community space. Additionally, in the case of multiple phases, an easement agreement must be executed to allow the phases to have equal access to the accessible community space. A certification signed by the project Architect, Applicant, and Contractor must be submitted to demonstrate that the project will contain the minimum required amount of Accessible Community Space. A certification as well as an as-built drawing of the community space will also be required after construction completion to demonstrate that the requirements have been met.

Number of units	Minimum Square Feet
1 to 50 units	500
51 to 100 units	1,000
101 + units	1,500

\*Including market-rate units, but excluding management units

Please Note: In the case of multiple scattered sites, if the accessible community space is not located within a reasonable proximity to all sites, the points under this section will be pro-rated based on the number of units that are located within a reasonable proximity to the accessible community space as compared to the total units in the project. No partial points will be awarded and points will be rounded down in the case that a project's weighted average score contains fractions of points.

**14. Tax Abatement**

3	
---	--

A project application that submits evidence of local support in the form of tax abatement may receive points. These points will also be available to existing projects for which tax abatement has previously been in place and the local governing body has agreed to provide tax abatement going forward. ***Additionally, MSHDA will consider awarding these points for alternative tax incentive structures such as Tax Increment Financing (or other structures) that meet the intent of reducing the property tax burden and have a duration at least as long as is otherwise required under this section. Applicants with these alternative forms of tax incentives are encouraged to contact MSHDA staff prior to the funding round to determine whether the tax incentive structure will qualify for these points.***

To receive points, the tax abatement must be in place and effective for longer than the 15-year compliance period and one of the following (depending on project location) must be submitted in accordance with MSHDA's requirements:

- For projects located in a municipality with an area-wide ordinance: Submission of either 1) a copy of the area-wide tax abatement ordinance along with a qualifying project-specific resolution; or 2) a copy of the area-wide tax abatement ordinance accompanied by a letter from the local governing body stating that the project is eligible for tax abatement and the terms under which the tax abatement will be granted.
- For projects located in a jurisdiction where no area-wide ordinance exists: Submission of the appropriate project-specific tax abatement ordinance(s).
- For projects located on tribal trust land where a real estate tax exemption exists: Submission of the appropriate cooperation agreement to limit the property taxes charged.

*PLEASE NOTE: The score for projects with multiple scattered sites will be determined by a weighted average based on the percentage of the total number of units at the sites that qualify for the points compared to the total units in the project. No partial points will be awarded and points will be rounded down in the case that a project's weighted average score contains fractions of points.*

**15. Project-Based Tenant Subsidies**

3	
---	--

Projects will be eligible for 3 points for either 1) obtaining a new project-based tenant subsidy contract (other than MSHDA PBV) or 2) preserving existing project-based tenant subsidies for the length of the existing rental subsidy compliance period and committing to renew the contract to the extent available.

A project will be eligible for 1 point if a 3rd-party organization commits to establishing a reserve to fund rental subsidies for tenants at the development. These structures will be reviewed by MSHDA on a case-by-case basis, but generally the reserve should be sufficient to fund 15-years of rent payments for the vouchered units. The terms of the agreement (income of individuals and payment standards of the rental subsidies) does not need to mirror a traditional Project Based Voucher contract, but must demonstrate a significant impact to the residents in order to count for points. The reserve must be funded in full prior to the project placing in service to be eligible.

To be eligible for points, a development must have project-based tenant subsidies on at least the greater of 5 units or 15% of the total units in the development. The project-based tenant subsidies must be available to the project for, at a minimum, the length of the 15-year LIHTC compliance period and the letter evidencing the Project-Based Tenant Subsidies must state that the subsidies have been approved through whatever competitive process is required (if applicable). Owner established sinking funds will not be eligible to count for points in this section.

**NOTE: Section 811 Rental Assistance will count for points as Project-Based Tenant Subsidies under this section. Please see the MSHDA website for more information pertaining to this opportunity.**

**16. Tenant-Based Rental Subsidy**

---	--

Developments can receive points for agreeing to (1) set-aside 15% of their units for households that have tenant-based rental assistance and (2) market and receive referrals for those units from the local housing commission or housing resource agency in their municipality or county. In order to receive points, developments must provide an signed letter of intent from the owner and management entities and include a preference in the tenant selection plan for these units.

*As per the Certification to Include Section 8 Existing Rental Allowance Program Certificate and Voucher Holders (in the Addendum I), developments agree to give priority to persons whose names are on appropriate Public Housing or Housing Choice Voucher waiting lists maintained by a Public Housing Commission or Public Housing Authority in the area in which the project is located. All projects must still follow the requirements of that certification.*

**1. Previous Experience of GP/Member**

7

Previous successful participation of the General Partner/Member of the proposed development will be measured based on the criteria below. These points are not cumulative.

Successful LIHTC projects are defined as projects that have completed construction and received IRS Form 8609 in the last 20 years.

Non-LIHTC Affordable Housing Development Experience can include HOME, NSP, HUD 811, HUD 202, CDBG, FHLB, 1602 Funds, TCAP, NAHASDA, etc. These are given as examples of programs that would qualify. Applicants with questions about whether a program not listed above would qualify should contact MSHDA.

Owners who have never completed a LIHTC development will be required to demonstrate that they have assembled a development team (attorney, CPA, architect, LIHTC consultant, builder, management company, etc.) where each member has successful prior experience working on LIHTC developments.

**Certification of Successful Operations and Compliance**

Any projects where the owner has materially defaulted on any obligation (including but not limited to project foreclosure, filing a bankruptcy petition, or providing a deed in lieu of foreclosure) or has any uncorrected 8823s that have been outstanding for longer than six months cannot be counted towards these points.

**Previous Experience of GP/Member (continued)**

To receive consideration for previous participation, the applicant must fully complete the GP/Member Experience Form **and certify** that the projects for which it is requesting points have maintained a positive operating cash flow and have funded reserves in accordance with the partnership or operating agreement and any applicable loan documents for the year in which each development's last financial statement has been prepared ("successful properties"). Positive operating cash flow is the net cash flow after required debt service and reserve contributions. Projects that were originally structured to operate with negative operating cash flow from typical residential income but were structured with sufficient capitalized reserves to mitigate the negative operations or where the GP/Member has been advancing funds to keep the project operating financially and physically maintained can submit additional explanation for consideration in awarding points for those projects. To receive consideration for projects previously owned by the proposed general partner or member which it no longer owns, a similar certification may be submitted with respect to the last full year of ownership by the proposed general partner along with verification of the number of years that the project was owned by that general partner. In order to receive points under this criteria, the Applicant must complete and execute the General Partner/Member Experience Certification found in Addendum I.

**Partnerships Between Owners**

In the case of projects where there will be multiple general partners or members as part of the ownership structure, applicants should note the following requirements:

- a) In order for a partner/member's previous experience to be considered for points, the partner/member must be a guarantor for the LIHTC equity investment and construction financing that is needed to complete the proposed project.
- b) Any GP/Member receiving points must remain a part of the ownership entity for the 15-year Compliance Period, at a minimum.
- c) Points will be awarded based on the GP/Member with the greatest amount of experience (provided the entity is also a guarantor) as determined below (the individual experience of two or more co-GP/Managing Members will not be added together to get the total points).
- d) A fully executed agreement between each of the entities must be provided, specifically calling out, at a minimum, the roles and responsibilities of each partner or entity during the development period as well as the operational period of the project, the length of time each partner/member will remain a part of the ownership entity, the amount of developer fee each will receive and which partners will be providing the guarantees for the equity investment and construction financing. Additionally, the agreement should specifically include language that allows MSHDA the right to approve any changes to the ownership entity of the project.

The inexperienced partners shall not have a larger share of deferred developer fees than their ownership interest.</p> <p>d) To be considered an experienced partner, the experienced partner must demonstrate that they would receive full points for Previous Experience of GP/Member. Previous **successful** participation by a management agent in managing low-income housing tax credit projects, with at least three years of experience. Points will be awarded only if the date in which management began such project(s) is included in the application, and will be based on years managed. Applicants should note that any projects that have uncorrected 8823s that have been outstanding for longer than 6 months cannot be counted towards these points.

In the case of projects where there will be multiple Management Agents, applicants should note the following requirements (in addition to the above criteria):

- a) It is intended that any Management Agent receiving points (or another Management Agent with equivalent capacity and experience) will remain a part of the property management team for the 15-year Compliance Period, at a minimum. If, at any time, the Management Agent receiving points ceases to be the Management Agent at the property, MSHDA reserves the right to approve any replacement Management Agent.
- b) Points will be awarded based on the Management Agent with the greatest amount of experience as determined below (the individual experience of two or more Management Agents will not be added together to get the total points).
- c) A fully executed agreement between each of the entities must be provided with the application, specifically calling out, at a minimum, the roles and responsibilities of each Management Agent, the length of time each Management Agent will remain as Management Agents for the property, as well as the amount of management fee each will receive. Additionally, the agreement should specifically include language that allows MSHDA the right to approve any replacement management agent.

Applicants must complete the Management Experience form outlining previous experience in order to receive points under this section. Failure to accurately complete this form will result in the loss of these points.

**Applicants are strongly encouraged to check with MSHDA's asset management and LIHTC compliance unit well in advance of the funding round deadline if they (or other members of the development team) would like to know if they have any outstanding issues (as listed above) which could lead to a potential negative point assessment in a LIHTC funding round. If choosing to utilize this option, development team members should contact MSHDA to confirm whether they have any outstanding issues at least 1 month prior to the funding round deadline to ensure that (1) MSHDA has sufficient time to review past records and (2) so development team members have time to correct outstanding issues prior to the submittal of a LIHTC application.**

*If these points are assessed, points for successful previous experience in Section D.1. will not be given. ---	---

To receive points, projects must provide on-site services as follows:

- . Projects with 25 or fewer PSH units = 20 total hours per week **4 Points**
- . Projects with 26 - 50 PSH units = 40 total hours per week **4 Points**
- . Projects with 51 - 75 PSH units = 60 total hours per week **4 Points**
- . Projects exceeding 75 PSH units must have 60 hours of case management with 20 hours of staffing for every 25 additional PSH units. For example:  $150 \text{ units} / 25 = 6 \times 20 \text{ hours} = 120 \text{ hours of staffing per week.}$  **4 Points**

In Addendum III, applicants must describe how the project will meet the supportive service needs of the targeted tenants. Include how many hours of on-site services will be provided in the MOU and include documentation in the Addendum III submission of a funding commitment from the agency(s) that will provide staff for these services. The funding commitment must be detailed in a letter signed by the executive director of the agency providing the services. The services cannot be funded through the operations of the development.

Projects that have demonstrated in their Supportive Service Plan to serve the most vulnerable supportive housing populations as outlined below will receive points under either OPTION 1 or OPTION 2 below.

**OPTION 1**

- a. Developments that dedicate a minimum of 25% of the total populations to serve the following populations with their PSH units: **4 Points**
- i. Households who meet the Category 1 Homeless definition and have a disability as defined by HUD Continuum of Care Program or Veterans with a disability rating
- AND/OR**
- ii. Households who meet the Category 4 Homeless definition and have a disability as defined by HUD Continuum of Care Program or Veterans with a disability rating.

**OPTION 2**

- a. Developments that dedicate a minimum of 25% of the total project units to serving the most vulnerable populations and with a demonstrated need can receive 8 points. Most vulnerable populations are defined as households that meet the definitions of HUD Category 1 or 4 and: **8 Points**
- i. Households that meet the Chronically Homeless definition (length and disability)
- AND/OR**
- ii. Households referred from the Data Match list (based on set criteria as determined by the State or an equivalent local effort approved by the State)
- AND/OR**
- iii. Top 10% of the local Continuum of Care's prioritized list scoring households based on the Service Prioritization Decision Assistance Tool (SPDAT) or other local assessment tool.
- b. Developments that dedicate at least 50% of the total project units to the most vulnerable populations, as defined in OPTION 2 above, can receive additional points. **4 Points**

If units will be targeted toward these populations for points, the targeted population must be included in the tenant selection plan. There must be a commitment from a service agency for this specific population. In addition, the screening tools and prioritization for the referrals must be clearly outlined in the tenant selection plan. A preferenced waiting list will be established and these units must be occupied by tenants that meet the established criteria.

**PLEASE NOTE: It is intended that Recovery Housing developments will be able to qualify under this criteria through implementing a Data Match that would identify individuals that are participants of a local drug treatment court with a substance use disorder and are experiencing homelessness under HUD Category 1 or HUD Category 4.**

Projects will be awarded points under one of the items below based on the number of homeless persons in the county in which the project(s) will be located. Please provide the county's most recent annual literally homeless (category 1) count.

- a. 500 - 1249 literally homeless people in the county      **1 Point**
- b. 1250 - 1999 literally homeless people in the county      **2 Points**
- c. 2000 - 3500 literally homeless people in the county      **3 Points**
- d. 3500+ literally homeless people in the county      **4 Points**

**5. Experienced Supportive Housing Development Team**

9	0
---	---

Points will be awarded to a development team that has experience with supportive housing for the target population selected. Experience can be included for LIHTC PSH units or HUD funded PSH units through programs such as HUD 811 or HUD PSH programs through the Continuum of Care. Senior developments do not count towards experience.

- a. General Partner/Member owns and operates 50 or more units of supportive housing.      **3 Points**
- b. Management Agent has experience managing 50 or more units of supportive housing.      **3 Points**
- c. Lead Agency has experience providing services for 50 or more units of permanent supportive housing.      **3 Points**

In Addendum III Supportive Housing Development Team Experience form, please list the name of the development(s) and the total number of supportive housing units and their target populations or attach a separate sheet with this information.

**SCORING CRITERIA**

<b>E. Permanent Supportive Housing Developments</b>	<b>Possible Points</b>	<b>Self Score</b>
<p><b>6. Medicaid Experience</b></p> <p>Developments will receive points if a member of the service team currently bills Medicaid or contracts with a Medicaid billing agency to provide services in a Permanent Supportive Housing, Behavioral Health, or Substance Use Disorder setting. This experience should be highlighted in the Addendum III Application form.</p> <p>Entity: <span style="background-color: yellow; border: 1px solid black; display: inline-block; width: 200px; height: 15px;"></span></p>	4	
<p><b>7. Coordinated Entry System</b></p> <p>Developments will receive points if their only referral source for the units designated to and serving HUD Category 1, 4 and chronically homeless populations is through the local Continuum of Care's Coordinated Entry process.</p> <p>If the targeted populations include the Data Match list population, it must be identified in the CoC's Coordinated Entry policies and prioritization process.</p>	4	
<p><b>8. Recovery Housing Developments</b></p> <p>Projects that are proposing to create Recovery Housing will be eligible for points. Recovery Housing projects must have been reviewed and approved by the Recovery Housing steering committee that will be composed of representatives from the Michigan Association of Treatment Court Professionals prior to application submission as evidenced by submission of an approval letter with the project application. If a Recovery Housing project does not receive approval by the Recovery Housing steering committee, it will not be eligible for these points.</p>	4

F.	<b>Cost Reasonableness with Credit Efficiency - (Mandatory for All Projects)</b>	Possible Points	Self Score
	<p><b>1. Cost Reasonableness with Credit Efficiency</b></p>	5	0
	<p>Projects will be assessed points for credit efficiency based on the eligible tax credit amount per LIHTC unit using the criteria below. Evaluations will be conducted based on the type of project being proposed and will be compared to average credit per unit data for the previous five years that has been inflated to account for yearly cost increases. Within each building-type, projects will be scored as follows:</p> <ul style="list-style-type: none"> <li>• Projects whose credit per unit is within the “safe harbor” identified will receive 0 points. The “safe harbor” is calculated using an amount that is 2.5% above and 2.5% below the cost average for each project-type.</li> <li>• Projects whose credit per unit is below the “safe harbor” will receive up to five additional points.</li> <li>• Projects whose credit per unit is above the “safe harbor” will receive up to five negative points.</li> <li>• The data used to determine the safe harbors and point factors for projects in this point section will be subject to updates as new data and inflation factors become available to bring the cost data current.</li> <li>• If a project is made up of a combination of building types, the applicable number of LIHTC units and amount of applicable credit should be entered separately below. Each building type within the project will receive its own applicable points. The weighted average of those points will be used for the project score, with a maximum of 5 points. Projects must also describe in the project narrative and/or show the calculation of how the applicable credit amounts were calculated.</li> <li>• Projects that have received MSHDA approval to move forward as a 4%/9% Mixed Transaction will be eligible to include the total LIHTC units that are being created/rehabbed between the 9% portion and the 4% portion of the transaction. These developments should also include only the amount of LIHTC that is being requested as part of the competitive funding round under Total Credit below.</li> </ul> <p>To determine the number of points a project qualifies for, applicants can use the information below.
