

**Q: There are three possible reports in the Data Warehouse related to System Performance Measures. To be sure we are running the same one that you are, can you clarify which report will be run?**

A: This report is under Report Category: Operational and then it is the "System Performance Measures by Sub-Population" report.

**Q: For the Bonus, is there a timeline around when a staff person has to have experienced homelessness to be eligible?**

A: MSHDA does not specify a timeline for when the staff person has experienced homelessness.

**Q: For People with the Lived Experience of Homelessness, can any CoC member agency qualify who has hired staff with lived experience, even if they are not a grantee or subgrantee for ESG?**

A: The NOFA document specifies it must be an agency that is an ESG subgrantee.

**Q: As the fiduciary, will we be uploading the applications for each selected subrecipient in IGX?**

A: Application documents are available to support local application review and funding decisions. Fiduciaries can input the information reported by each subrecipient in IGX - uploading the application form for each subrecipient is not required. IGX processes mirror the PDF application.

**Q: What if we have two shelters with two different budgets? Can we request funding for only one shelter, or can we insert an extra page for the 2nd shelter?**

A: Yes, you can request funding for multiple shelters. The application in IGX (that will be submitted to MSHDA) allows for multiple shelters.

**Q: Could you give an example of a HARA?**

A: The Housing Assessment and Resource Agency (HARA) is an agency selected and affirmed by the CoC or LPB to facilitate the prioritization and referral of households within the homeless crisis response system or Coordinated Entry System. CoCs or LPBs may also support the HARA to complete primary entry functions such as access and assessment. Other agencies may also be identified by the CoC or LPB to provide access and assessment, but MSHDA ESG funding requires recognition of one HARA per CoC or LPB.

**Q: Do we have to provide all of the application attachments if they are duplicates from last year?**

A: The application in IGX will require you to upload the attachments in the application checklist even if it's the same document you submitted last year. The only documents that don't get uploaded are the PDF version of the application and the Administrative Compliance Certification form. Each should be retained by the fiduciary and available upon request.

**Q: When will the CoC/LPBs know what our funding allocations will be?**

A: MSHDA anticipates releasing ESG funding allocations sometime in July.
