

1. **Allocation Process:** MSHDA uses an allocation formula that includes homeless data, census data, and any ESG allocation that is received from each city or county, to determine the amount awarded to each recipient or region.
2. **Pay for Performance Dollars:** Communities can receive a Pay for Performance increase if they meet four of the five benchmarks, OR three benchmarks and the bonus. The benchmarks to receive increased funding to the allocation are:
  - 1) **Length of Time Homeless:** CoCs and LPBs must demonstrate a year-over-year improvement of five days on the length of time people remain homeless OR maintain a length of time at or below the last reported state average (86 days as of the 2023 Annual Homeless Report).
  - 2) **Returns to Homelessness:** CoCs and LPBs must demonstrate a year-over-year improvement of 3% on the extent to which people return to homelessness following exits to permanent housing destinations OR maintain a percentage of total returns to homelessness at or below the last reported state average (23% as of the 2023 Annual Homeless Report).
  - 3) **Exits to Permanent Housing:** CoCs and LPBs must demonstrate a year-over-year improvement of 10% on exits to permanent housing from emergency shelters, transitional housing, and rapid re-housing, OR maintain a percentage at or above the last reported state average (48% as of the 2022 Annual Homeless Report).
  - 4) **On time submission of quarterly Financial Status Reports (FSRs):** ESG fiduciaries have submitted an FSR in the last four (4) grant quarters by the established deadline (July 15, 2024; October 15, 2024; January 15, 2024; and April 15, 2024).
  - 5) **Compensating people with lived experience and expertise:** Does any subgrantee within the CoC/LPB currently employ persons with lived experience of homelessness? Please identify the agency and position.

**BONUS:** Did the agency/community spend at least 90% of its 2023-2024 MSHDA-ESG funding allocation by September 30, 2024.
