Clear Form

MSHDA
MICHIGAN STATE HOUSING DEVELOPMENT AUTHORITY

EMERGENCY SOLUTIONS GRANT (ESG)

AffordableHousing.com User Access Certification

This form certifies AffordableHousing.com user access for applicants requesting MSHDA ESG Rapid Re-housing or Homelessness Prevention Rental Assistance. It is a new part of the ESG Application process beginning in FY2025–2026 and replaces the prior process where MSHDA separately collected Cyber Awareness Training Certificates.

Instructions: Applicants must list all users who need access to AffordableHousing.com. Per policy, all users must complete the current Cyber Awareness Training Certificate annually. The current Cyber Awareness Training can be found here: Cyber Awareness Challenge 2026 – DoD Cyber Exchange. All current users must have a **2026** Cyber Awareness Certificate on file. MSHDA will contact you if an updated version is needed for any user who previously submitted a 2025 certificate.

Check the "New User" box for any individuals not currently in the system. For each new user, the following documents must be submitted:

- A completed and signed Security Agreement.
- A 2026 Cyber Awareness Training Certificate.

Submission Requirement: Combine the completed certification form, all Cyber Awareness Certificates, and any required Security Agreement into a single PDF file. Submit this PDF with your application. Any users not listed will have their access removed.

Agency/Staff Certification

Organization Name:

I certify that the users listed above are accurate and reflect those who should have access to AffordableHousing.com. All new users have submitted the required documentation, and to the best of my knowledge, all current users have a **2026** Cyber Awareness Training Certificate on file.
