The end of the first quarter is March 31. The Due Date for reporting is week of 4/10. Please remember the following documents when submitting your FSR's: General Ledger including admin costs for this project, the quarterly reporting document, time sheets, supporting documentation for FFA and Rental Assistance expenditures.

Data collection for the annual report will begin in April. Please make sure all the data in HMIS is correct and up to date. Please collect a success story or two for me to submit for the project report. A good outcome showing how your organization diverted a household from shelter to stabilization of housing is a suggested focus.

The pilot has been approved to serve clients up to 40% AMI. We are working on a plug in tool, in the meantime, this document should serve the need: [mshda crh il 112 income limits 051523.pdf \(michigan.gov\)](#)
