Questionnaire

| | |
|--|--|
| Project Results Summary | <i>As a result of the NEP in Buena Vista Township neighborhood, property values will increase, energy costs will be lowered, and an improvement in neighborhood blight.</i> |
| What indicators were used to measure results? | <i>Total amount of home improvements made within a 10 year period of the home. Energy bills(to measure how high the bills are compared to how much we plan to save them with home improvements).</i> |
| How were the indicators measured? | <i>Compared the average home improvement projects (10 years) at the start of the NEP to the overall costs of the home improvement projects post NEP.</i> |
| What were the findings of the measurements including baseline data? | <i>There were no major home improvement projects completed by the homeowner; we will be able to show reduced costs in energy bills due to home improvements; improvement to neighborhood blight due to home repairs.</i> |

| | |
|-----------------------------------|---|
| What Lessons were Learned? | <i>It would have been easier if the clients were not responsible for obtaining the bids for the work to be completed.</i> |
|-----------------------------------|---|
