# Section 1: MI-HOPE Program Overview

**TELEPHONE:** 517-335-2524

**EMAIL:** [MSHDA-MI-HOPE@MICHIGAN.GOV](mailto:MSHDA-MI-HOPE@MICHIGAN.GOV)

## Disclaimer

MSHDA reserves the right to update MI-HOPE Program guidance, including the term sheet parameters. All documents, processes, procedures, and approvals must follow current guidelines. Recent updates include, but are not limited to:

1. The full expenditure completion date is **April 30, 2026**
2. Land contracts are not eligible for the MI-HOPE Program
3. Mobile homes are not eligible for the MI-HOPE Program
4. Funding is limited to property-specific home repair activities and administration, as identified within the grant agreement, and based on subrecipient MSHDA approved program guidelines.
5. Subrecipients cannot award funding to employees and/or their immediate family members. Exceptions may be possible, on a case-by-case basis, if a Conflict of Interest Disclosure is prepared and sent to MSHDA outlining why participation is warranted and MSHDA legal accepts the disclosure as presented.
6. All administrative costs, both direct and indirect, must meet SLFRF parameters and the MI-HOPE Program's policy and follow all process requirements outlined within the compliance manual.
7. Layering SLFRF with Other Funding Opportunities
  - a. SLFRF may be combined with a wide range of other federal, state, local, and private resources to meet housing needs. The rest of this guide provides an overview of possible combinations and uses of resources. Recipients using statutory and regulatory requirements and policies of both programs, including the capital expenditure requirements and the requirement that if a project is only partially funded with SLFRF, the portion of the project funded must be an eligible use under the SLFRF program.
  - b. For further information, refer to the Affordable Housing How-To Guide on the MI-HOPE website. Link: [Affordable Housing How-To Guide \(michigan.gov\)](https://www.michigan.gov/affordable-housing)
8. If the property was previously assisted by NHID, the total amount of combined investment between the MI-HOPE program and all NHID funding assistance cannot exceed a combined total of \$25,000.
9. If a subrecipient has an open Neighborhood Enhancement Program (NEP) grant or other NHID grant, then a pre-disbursement condition will be imposed requiring full expenditure and completion of the NEP/NHID grant prior to incurring costs associated with the MI-HOPE award, unless MSHDA written approval is granted on a case-by-case basis.
10. For auditing purposes, the CFDA Number is 21.027

## Program Statement

MSHDA is pleased to announce that an independent energy-efficiency program will provide up to \$28,500,000 dollars statewide via the Michigan's Housing Opportunities Promoting Energy-Efficiency (MI-HOPE) Program which will be an extension of the Neighborhood Enhancement Program. This funding will be made available in conjunction with \$5 million dollars allocated directly to the City of Detroit and \$5 million dollars allocated to The Heat and Warmth Fund (THAW).

MI-HOPE is a federally funded program utilizing United States Department of the Treasury American Rescue Plan (ARP) Coronavirus State and Local Fiscal Recovery Funds (SLFRF). This funding will be made available statewide based on a formal subrecipient award structure to 501(c) nonprofit agencies and government entities with award determinations based on competitive funding rounds and subsequent obligation and expenditure performance.

This grant program is designed to encourage and facilitate energy-efficiency focused residential housing repairs and upgrades to owner occupied homes and non-owner-occupied single-family homes and multi-family properties, consisting of a maximum of three total units within both rural and urban areas. In conjunction with home repairs, the funding also allows for a portion of the award, up to ninety-five percent (95%), to be utilized for energy-oriented property repairs and administrative funding of up to five percent (5%).

MI-HOPE energy-efficiency improvement activities are defined as actions undertaken to incentivize energy efficiency and health improvements that promote health or safety for single-family and multi-family residential properties. Repairs are not to exceed \$25,000 in total assistance for either an owner-occupied home or non-owner-occupied unit. The program's intent is for regional distribution of the dollars. The program is structured to have both an individual short-term benefit and immediate impact on the household itself. The program is designed to facilitate a long-term community benefit that improves the existing housing stock and increases the area's home values.

MSHDA has implemented prioritization of funding in targeted areas and has reserved a percentage of the program funds for rural distribution. The program is based on a subrecipient structure that will facilitate the timely distribution, obligation, and expenditure of the allocated energy-efficiency funding in order to meet federal ARP deadlines. Subrecipient awards will consist of multi-year written agreements between MSHDA and the nonprofit 501(c) agency and/or government entity. The MI-HOPE program's intent is to direct at least thirty percent (30%) of the funding to rural communities with at least five percent (5%) being focused within the Upper Peninsula. The evaluation/awarding structure will identify rural agency applicants from urban agency applicants to ensure that each type of applicant is treated and evaluated separately.

Overall, the program's intent is to fund energy-efficiency activities that benefit area residents directly or indirectly. Funding award determinations will be made based on geographical regional distribution, area need, timing feasibility, organizational capacity, public and/or private partnerships, and identified leveraged resources. Respondents must be able to utilize funds strategically and mobilize quickly to meet the multi-year action response that is desired.

# Michigan Housing Opportunity Promoting Energy-Efficiency (MI-HOPE) Term Sheet

Date: June 27, 2022 (revised January 2023)

<p><b>Program Overview</b></p>	<p>The MI-HOPE Program will utilize United States Department of the Treasury American Rescue Plan (ARP) Coronavirus State and Local Fiscal Recovery Funds (SLFRF) as a grant mechanism within the MSHDA Neighborhood Housing Initiatives Division (NHID).</p> <p>All applicable Treasury ARP rules and regulations will be strictly enforced.</p>
<p><b>MI-HOPE Program Goal</b></p>	<p>To provide financial assistance to eligible non-profit 501(c) agencies and government entities via a multi-year subrecipient agreement awarded for \$100,000 up to \$1 Million per agency. Subrecipients will then distribute the funds within their local area(s) for energy focused residential housing repairs and upgrades within both rural and urban areas. The total MI-HOPE assistance amount per home/unit may not exceed \$25,000 per assisted occupied home or individual assisted unit. In order to qualify for the MI-HOPE program, all assisted multi-family properties cannot consist of more than three units. In conjunction with home/unit repairs the funding also allows for a portion of the award, up to five percent (5%), to be utilized for administrative funding.</p> <p>MI-HOPE energy-efficiency improvement activities are defined as actions undertaken to incentivize energy efficiency and health improvements that promote health or safety for single-family and multi-family residential properties. The intent is to have both an individual short-term benefit and immediate impact on the household itself and to also facilitate a long-term community benefit by improving existing housing stock resulting in increased area home values.</p>
<p><b>Size of MI-HOPE Program</b></p>	<p>Michigan State Housing Development Authority (the Authority) will utilize up to <b>\$28,500,000</b> (total award \$50,000,000, less \$15,000,000 to the City of Detroit and less \$5,000,000 to the non-profit THAW, less \$1,500,000 which is five percent (5%) for MSHDA administrative costs) of its total allocation for this program through multiple statewide competitive funding rounds.</p>
<p><b>Targeted Population of Homeowners and Financial Challenges Program Seeks to Address</b></p>	<p>Funding will be made available to subrecipient Agencies to administer the MI-HOPE Program at the local level and to directly provide energy-efficiency assistance to eligible households having incomes equal to or less than three hundred percent (300%) of the federal poverty level as outlined in United States Department of the Treasury Guidance. Program funds will be made available to assist all eligible homeowners based on Subrecipient program guidelines that are approved by MSHDA.</p>

<p><b>“Eligible Owners” for the MI-HOPE program</b></p>	<p>“Eligible Owners” must meet the following criteria:</p> <ul style="list-style-type: none"> <li>• Occupants (owner and/or tenant if applicable) must have experienced and attest to a Qualified Financial Hardship on or after March 3, 2021. The attestation must describe the nature of the financial hardship. (Refer to Exhibit D for attestation language.)</li> <li>• Homeowner must currently own and occupy the property as their primary residence.</li> <li>• Homeowner and/or Tenant households must meet the MI-HOPE Income Eligibility Requirements.</li> <li>• Homeowners must provide verification of occupancy of the home for a minimum of twelve months from the date of the MI-HOPE application submission, or for non-owner-occupied units the landlord must provide proof of ownership for twelve months and provide a six-month occupancy history.</li> <li>• All properties must be current in their taxes or be current in a repayment plan.</li> <li>• All properties must be insured or provide written verification of insurability post-rehab.</li> <li>• Rental properties must be occupied by tenants with a written lease stating that rent rates will not be increased post-rehab for a minimum of twelve months.</li> <li>• For properties owned by a trust, a Certificate of Trust is required. This must confirm that the applicant is the trustee and has the requisite authority to approve participation in the MI-HOPE program. If the Certificate of Trust does not provide the appropriate verification, a Certificate of Trustee Authority will also be required.</li> </ul>
<p><b>MI-HOPE Parameters</b></p>	<ul style="list-style-type: none"> <li>• <b>Maximum Subrecipient Allocation</b> is within a funding range of \$100,000 - \$1 Million. Awards will be made at MSHDA’s discretion primarily determined based on regional distribution, community need, entity type/capacity, and submission information. Agencies should only request the amount of funding they can obligate and expend within the deadlines identified.</li> <li>• <b>Minimum Subrecipient Allocation = \$100,000</b> Note: Multiple activities and/or areas can be combined to reach this minimum threshold. Proposals may include more than one area served by an agency; however, each area must realize a significant impact. Agency funding prioritization of areas must be provided if more than one is proposed. MSHDA reserves the right to select portions of proposals for funding based on availability and overall impact.</li> <li>• <b>Maximum Household Assistance = \$25,000</b> per owner occupied home or non-owner-occupied unit.</li> </ul> <p>Note: Award determinations will be based on an agency demonstrating experience with homeowner and/or rental rehabilitation. Previous housing capacity/experience preferred.</p>

<p><b>Eligible Subrecipient Structures</b></p> <p><b>Note: If you are not one of the agency types listed or cannot provide the applicable required verification documentation you are not eligible to submit for this program.</b></p>	<p>“Eligible Subrecipients” included only the following:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Type 1: Nonprofit Organization 501(c): A nonprofit organization that is currently servicing the proposed community/neighborhood within the State of Michigan. The applicant’s name and address must be the same as the 501(c) Letter from the IRS and on file with the Michigan Department of Licensing and Regulatory Affairs. The applicant must have at least one full-time paid employee; cannot be operating the agency via their principal residence and must have an operating budget exceeding \$30,000 per year, not including MSHDA funded projects.</li> </ul> <p><b>The 501(c) must upload agency contact information on letterhead AND attach IRS issued 501(c) Letter.</b> (This agency type includes Community Action Agencies)</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Type 2: Government Entity</li> <li><input type="checkbox"/> Type 3: Lead Agency Designation (This must be either a Nonprofit 501(c) Agency or Government Entity as defined above) **The Lead Agency would have the ability to pass the funds through to other local entities defined as Type 1 or 2 above and they would be primarily responsible for all entities awarded and provide formal funding compliance and oversight. A written memorandum of understanding between all entities outlining roles and responsibilities will be required. (This could be a housing trade organization that is a nonprofit 501(c) agency. As part of the submission the agency will need to identify its membership agencies that anticipate partnering with them. Partnering agencies will be prohibited from receiving MI-HOPE funds directly during the first funding round.)</li> </ul> <p><b>Note: This funding will not be made available within the City of Detroit boundaries as energy-efficiency funding was allocated to this area directly. In addition, Type 3 Applicants with membership organizations that include City of Detroit members can only utilize MI-HOPE funding for entities servicing area(s) outside of the City of Detroit.</b></p> <p><b>This funding is being made available to all eligible entities outside of the City of Detroit.</b></p>
--	--

<p><b>Presumed Benefit - Qualified Financial Hardship</b></p>	<p>A “Qualified Financial Hardship” is a material reduction in income or material increase in living expenses associated with the coronavirus pandemic and Exhibit D Self-Attestation will be required.</p> <ul style="list-style-type: none"> <li>• This program is designed to address energy insecurity resulting from improper insulation, outdated heating, cooling, and ventilation systems, and outdated and/or malfunctioning electrical service and appliances. This benefit will be measured by assessing a particular property’s needs and how those needs were addressed by the improvements.</li> <li>• All proposed activities are restricted to income qualified areas and/or household income eligibility and meet the Treasury ARP criteria for presumed benefit requirements.</li> </ul>
<p><b>Household Income Restrictions</b></p>	<p>Income-targeting requirement will be used to assist homeowners having household incomes equal to or less than 300% of the Poverty Federal Guidelines (PFG) as defined by the Department of Health and Human Services. Refer to the United States Department of the Treasury’s guidance spreadsheet on household income thresholds: <a href="#">SLFRF-LMI-tool.xlsx (live.com)</a> to identify specific Michigan County Income Limits.</p> <p>Each applicant is encouraged to identify their service boundaries while being mindful of the community zip code data (Exhibit C).</p> <p>For all assisted properties, there are three action steps required:</p> <ol style="list-style-type: none"> <li>1) self-attestation of household income including all adult occupant earning members over the age of 18 that are not in school as a student;</li> <li>2) household submission of formal income verification documentation including year to date pay stubs, if pay stubs are not available the household will need to provide the previous year's W-2 forms or if self-employed last year's 1040 form; and</li> <li>3) subrecipient review and approval.</li> </ol>
<p><b>Subrecipient Prioritization</b></p>	<p>Subrecipients will have individual written program guidelines to meet their service area needs. They will establish the following:</p> <ul style="list-style-type: none"> <li>• Activity Dollar Limits per Property</li> <li>• Types of Properties Assisted</li> <li>• Selection of Service Area</li> <li>• Household Applicant Intake and Selection Process</li> <li>• Select Households based on preference/priority based on need, eligibility, or other factors outlined in the guidelines</li> <li>• Select/Define Activities/Scope of Work</li> <li>• Leveraging Use/Requirements</li> <li>• Contractor Selection Process and Criteria (must be licensed and insured)</li> </ul>

Note: Subrecipients are not allowed to use a security instrument on assisted properties/units.

<p><b>Eligible Properties</b></p>	<p><u>Eligible Property Types:</u></p> <ul style="list-style-type: none"> <li>• Single-family owner-occupied with an income qualified household</li> <li>• Single-family non-owner-occupied with an income qualified household</li> <li>• Multi-family (attached or detached- up to 3 units) owner-occupied with an income qualified household</li> <li>• Multi-family (attached or detached- up to 3 units) non-owner-occupied with an income qualified household</li> <li>• Detached Site Condominium units</li> <li>• Modular/Manufactured homes permanently affixed to real property and taxed as real estate</li> </ul> <p><b>Eligible Occupied Property Criteria:</b> A single-family property which is zoned residential that: a) has no unaddressed mortgage and/or tax delinquencies; b) is not subject to a foreclosure or forfeiture proceedings, court-ordered receivership, or nuisance abatement; c) has utilities services turned on and operable or in situations where utilities are shut off but operable once safety issues are addressed – with MSHDA pre-approval prior to contract execution; d) is permanently occupied by homeowners that identify the assisted address as their primary residence; and e) is affixed to a permanent foundation.</p> <p><b>Eligible Rental Occupied Property Criteria:</b> Rental single-family properties that a) the landlord has no unaddressed mortgage and/or tax delinquencies within the community; b) the landlord has no unaddressed/outstanding code compliance issues within the community; c) a signed contract is in place which identifies the current occupants and the monthly occupancy provisions; d) is not subject to a foreclosure or forfeiture proceedings, court-ordered receivership or nuisance abatement; e) has utilities services turned on and operable or in situations where utilities are shut off but operable once safety issues are addressed – with MSHDA pre-approval prior to contract execution; f ) is affixed to a permanent foundation; g) occupant household is income- eligible; and h) all parties must sign a written participation consent form.</p> <p><b>Note:</b> Land contracts and mobile homes are not eligible.</p>
<p><b>Eligible Qualified MI-HOPE Activities</b></p>	<p>All MI-HOPE program financed activities are specific and necessary health and safety improvements to an existing structure occupied with a qualified financial hardship based on presumed benefit. Activities undertaken must be selected based on inspection, code compliance documented needs, energy assessment/audit recommendation, local building official report, etc.</p> <p>MI-HOPE assisted activities are limited to:</p> <ul style="list-style-type: none"> <li>• Roof</li> <li>• Storm Doors/Exterior Doors</li> <li>• Windows</li> <li>• Insulation</li> <li>• Modification for modernization/efficiency purposes or replacement of heating (furnaces or boilers)/cooling (full home only)/ventilation systems and water heater upgrades including on demand retrofitting</li> <li>• Functioning and up to date exterior security lighting</li> <li>• Appliance upgrades to energy star rating i.e., stove, refrigerator</li> <li>• Electrical upgrades or replacement – wiring of home (partial or full)</li> </ul> <p>Note: If the activity is roof, windows, and/or insulation <b>and</b> the home is pre-1978 construction, then the subrecipient must provide a pre-evaluation disclosure (page 46 of the MI-HOPE Handbook) of Lead Based Paint Procedure to the Property Owner. The Property Owner must provide the informational lead brochure (<a href="#">EPA Brochure 1</a> and <a href="#">EPA Brochure 2</a>) to occupant/tenant.</p> <p>If the activity is insulation, modification for modernization/efficiency purposes or replacement of heating (furnaces or boilers)/cooling (full home only)/ventilation systems and water heater upgrades including on demand retrofitting, and/or electrical upgrades or replacement directly tied to plaster walls. If a subrecipient determines asbestos to be present, then mitigation measures are required to be completed.</p>

<p><b>Subrecipient Award Activity Structure (Phase One)</b></p>	<p><b>UP TO \$10,000,000 IN THE INITIAL COMPETITIVE FUNDING ROUND IS ANTICIPATED TO BE ALLOCATED IN PHASE ONE AS FOLLOWS:</b></p> <p><b>TYPE 1: Up to \$9,500,000 (95%) Housing Energy-Efficiency Activities</b></p> <p>No specific sites/addresses need to be pre-identified but must be fully under contract no later than September 30, 2024.</p> <p>Specific sites are selected post subrecipient award via a formal local written application process utilizing a MSHDA system. No carryover waitlists from previous non-MI-HOPE programs/applications allowed unless identified within the program guidelines. Note: Activities are restricted to households that meet the program's eligibility criteria.</p> <p>All activities undertaken must enable that assisted MI-HOPE funding component to be brought up to meet a local permitting requirements and local code.</p> <p><b>TYPE 2: \$500,000 (5%) Subrecipient Program Administration</b></p> <p>Agencies may opt out of utilizing MI-HOPE funding for administration but are not allowed to amend their budget post grant award to add it in as a funding component.</p> <p>Note: A tracking report form must document and itemize administrative expenses.</p> <p>In addition to administrative costs that are program specific subrecipients will be able to get reimbursed for activity delivery costs to cover project specific soft costs on a per property billing basis.</p> <p>Assistance is limited to one award per agency. Each award is limited to a minimum of \$100,000 up to \$1 Million.</p> <p>Multiple agencies can be awarded funds within an area, but each agency will be limited to defined service area boundaries – an area may be served by multiple agencies but for program purposes overlapping/duplicative service areas will not be approved to ensure statewide distribution of the funding.</p>
<p><b>Grant Structure</b></p>	<p>The Subrecipient award will be structured as a performance-based grant.</p> <p>Property assistance will be structured as a non-recourse grant.</p>

<b>Payout of MI-HOPE Assistance and Payment Process Description</b>	<p>The Authority will disburse MI-HOPE assistance directly to subrecipient agencies. The Authority will make disbursements on a reimbursement basis only. Reimbursement for purposes of the program is defined as the issuance of a paper check via a MSHDA grant management system when work has been completed, an agency is invoiced for the work performed, and both agency and owner sign-off has been secured. A hold back of up to ten percent (10%) of the property setup amount may be held and not reimbursed until all paperwork regarding final completion and reporting of activity outcomes is provided.</p>
<b>Community/Area Eligibility</b>	<p>A minimum of thirty percent (30%) of the funds will be set-aside to assist households within rural communities/areas. Of that thirty percent (30%), five (5%) will be set-aside to assist households located within the Upper Peninsula.</p> <p>Refer to the MI-HOPE Eligibility map (Exhibit B) for defined rural and urban areas.</p>
<b>Program Launch</b>	<p>The Authority is planning to launch the initial competitive funding round for subrecipient submissions statewide Summer 2022, after MSHDA approval, stakeholder engagement, and public engagement/comment process is complete.</p>
<b>Program Duration</b>	<p>The period of performance for the MI-HOPE award begins on the effective date of the written agreement, requires subrecipient obligation at the property level (street address contract fully executed) prior to September 30, 2024, and full disbursement of funds no later than April 30, 2026. MI-HOPE recipients shall not incur any obligations to be paid with the funding from this award after such period of performance ends.</p> <p>The Authority plans to disburse all funds prior to the end of the written agreement date of April 30, 2026.</p>
<b>Program Leverage with Other Financial Resources</b>	<p>The Authority will undertake its best effort approach to encourage subrecipients to leverage additional complementary assistance that is made available for homeowners through other local, state, and/or federal programs.</p> <p>Leverage is not required to come directly from the homeowner, unless specified within the subrecipient guidelines.</p> <p>Note: If the applicant chooses to identify leverage within the proposed budget, in order to receive evaluation preference, all leverage identified must be committed/secured.</p> <p>Applicants are encouraged to partner and leverage funding.</p>

## Program Parameters

This grant program is designed to encourage and facilitate energy-efficiency focused residential housing repairs and upgrades to owner occupied homes and non-owner-occupied single-family homes and multi-family properties consisting of a maximum of three total units within both rural and urban areas. In conjunction with home repairs the funding also allows for a portion of the award, up to ninety-five percent (95%) to be utilized for energy-oriented property repairs and administrative funding of up to five percent (5%).

Funding will be provided to eligible subrecipients as outlined in the Terms Sheet.

**Note:** This funding will not be made available within the City of Detroit boundaries as energy-efficiency funding was allocated to this area directly. In addition, Type 3 Applicants with membership organizations that include City of Detroit members can only utilize MI-HOPE funding for entities servicing area(s) outside of the City of Detroit.

Funding will be made available to assist eligible properties, referenced in the term sheet.

### Key items to pay attention to:

- Do not start work and/or execute contract(s) until all pre-disbursement conditions are met.
- Subrecipient is responsible for making sure contractors and sub-contractors are licensed and insured.
- If there is a change in the scope of work or an increase in price beyond ten percent (10%) of the original estimate and contract award amount; prior approval is needed from your Champion.
- Keep a spreadsheet for all approved activities.
- The subrecipient must submit Financial Status Reports for reimbursement. All billing and invoices are approved by the subrecipient prior to submission for reimbursement. Checks from MSHDA are made payable to and mailed directly to the subrecipient.
- Property rehabilitation work – All work should take place on single family occupied properties (Single Family 1 to 3-unit properties only).
- **Work tied directly to non-occupied properties is not allowed. Refer to the Non-Owner-Occupied Rental Units section of this manual.**
- If an activity that was approved does not move forward notify your Champion. Any cancelled activity that has been entered into the MSHDA Grants System will need to be cancelled in the system, using the following steps:
  1. If the activity was drawn on, the subrecipient will need to return the funds for the cancelled activity.
  2. MSHDA staff will enter a return funds entry on the grant page.
  3. The subrecipient will need to cancel the activity in the system. This cannot be done until steps 1 and 2 are finished.

### **Project Condition**

A successful place-based project must be in an eligible area and/or result in an eligible beneficiary/recipient.

### **Property Condition**

Emergency repairs are restricted to permanent activities and defined as those necessary when a lack of repair or replacement threatens the safety of occupants and if not addressed will cause structural damage to the home.

The assisted property must be currently occupied and not red tagged or defined as inhabitable based on local code.

This program is not designed to address mold, animal infestations, or other immediate threats to the health and safety of residents. If an emergency need is identified during the construction phase, and funds are ear marked within the existing grant budget, change orders exceeding twenty five percent (25%) require MSHDA pre-authorization.

### **MI-HOPE Expectations**

- A determination of licensing, insurance, lead, asbestos, and other local requirements, including but not limited to permits, must be made by the subrecipient.
- A notice to proceed by MSHDA must be secured prior to any work being performed and/or costs being incurred by the subrecipient.
- A determination of required inspections and/or confirmation that all other local requirements were met must be made by the subrecipient.
- Completion and satisfaction with work must be formally signed and dated by the homeowner, subrecipient, and contractor prior to FSR request.

### **Eligible Activity Guide**

Improvements in the Housing Opportunities Promoting Energy Efficiency Program can be comprised of both exterior and interior activities of a single-family home.

Improvements must substantially protect or improve the basic livability of a single-family home. Improvements must be physically attached and be permanent in nature unless it is an energy star appliance.

Homeowners Insurance is required for all activities except emergency situations where the activity is necessary to secure the insurance. Written MSHDA pre-authorization is required and will be contingent upon sufficient documentation, including an insurance company's written statement being secured.

### **Category A. Exterior/Interior Eligible Repairs**

All MI-HOPE program financed activities are specific and necessary health and safety improvements to an existing structure occupied with a qualified financial hardship based on presumed benefit. Activities undertaken must be selected based on inspection, code compliance documented needs, energy assessment/audit recommendation, local building official report, etc.

#### **MI-HOPE assisted activities are limited to:**

- Roof
- Storm Doors/Exterior Doors
- Windows
- Insulation
- Modification for modernization/efficiency purposes or replacement of heating (furnaces or boilers)/cooling (full home only)/ventilation systems and water heater upgrades including on demand retrofitting
- Functioning and up to date exterior security lighting
- Appliance upgrades to energy star rating i.e., stove, refrigerator
- Electrical upgrades or replacement - wiring of home (partial or full)

Activity must bring the assisted component up to federal, state, or local code conditions, whichever is stricter.

### **Category B. Administration**

Planning and Administration can be up to five percent (5%) of the grant award. Documented and itemized program planning and administration tracking is required. Please use the Administration Report form that is in the attachments at the end of this handbook.

- No generic descriptions will be allowed.
- Expenses entered must match what you are requesting.
- Date ranges are not allowed.
- Must be signed by the employee and the Authorized Official. If the employee is the Authorized Official, then a signature on the second line is acceptable with a statement on the first line see below – note this is only allowed if the employee and Authorized Official are the same person.

**Cost overruns and/or overall budgeting issues beyond the grant award amount are the responsibility of the subrecipient and cannot be covered by MSHDA.**

## Owner-Occupied Units

### Owner-Occupied Single-Family Rehabilitation Site Guidance

**Eligible Owners:** Must meet the following criteria:

- The Property owner must have experienced and attest to a Qualified Financial Hardship on or after March 3, 2021. The attestation must describe the nature of the financial hardship. (Refer to Exhibit D for attestation language.)
- Homeowner must currently own and occupy the property as their primary residence.
- Homeowner households must meet the MI-HOPE Income Eligibility Requirements.
- Homeowners must provide verification of occupancy of the home for a minimum of twelve months from the date of the MI-HOPE application submission.
- All properties must be current in their taxes or be current in a repayment plan.
- All properties must be insured or provide written verification of insurability post-rehab.
- For properties owned by a trust, a Certificate of Trust is required. This must confirm that the applicant is the trustee and has the requisite authority to approve participation in the MI-HOPE program. If the Certificate of Trust does not provide the appropriate verification, a Certificate of Trustee Authority will also be required.

## Non-Owner-Occupied Rental Units

### Single-Family Rental Rehabilitation/Non-Owner-Occupied Site Ownership Guidance

MI-HOPE Funding is limited to assisting a maximum of one property per rental owner within a MI-HOPE funding round. **This requirement must be included in your Program Guidelines.**

**Eligible Owners:** Must meet the following criteria:

- Owner and/or tenant (if applicable) must have experienced and attest to a Qualified Financial Hardship on or after March 3, 2021. The attestation must describe the nature of the financial hardship. (Refer to Exhibit D for attestation language.)
- Tenant must currently occupy the property as their primary residence.
- Tenant households must meet the MI-HOPE Income Eligibility Requirements.
- For non-owner-occupied units the landlord must provide proof of ownership for twelve months and provide a six-month occupancy history.
- All properties must be current in their taxes or be current in a repayment plan.
- All properties must be insured or provide written verification of insurability post-rehab.
- Rental properties must be occupied by tenants with a written lease stating that rent rates will not be increased post-rehab for a minimum of twelve months.

### **Ownership for Non-Owner-Occupied Properties: Recommendation**

If you will be undertaking work on a site that is:

- a) not owned by the subrecipient based on the current recorded deed
- and**
- b) the assisted property is not an owner-occupied single-family structure

Then the following action steps will be required by your agency:

1. Develop a scope of work and timeline that is agreed to in writing by all parties.
2. Obtain formal written authorization and a Notice to Proceed from the current owner.
3. A Landlord Written Participation and Certification Agreement will be required.
4. Obtain verification that there is current liability insurance, and all taxes are current and/or a current payment plan/agreement is in place for the site prior to any work taking place.

### **Ineligible Improvements Activity Guide**

MSHDA at its discretion will determine the specific activities it will fund during the review process. Public infrastructure such as streets, curbs, sidewalks, streetlights, and any activities within the public right of way; and any other activities already funded by another entity/agency including but not limited to economic development, direct business assistance, workforce training, etc. are prohibited. This is also not replacement funding; it cannot be re-granted and/or serve as a matching resource for another State and/or Federal Program without written NHID pre-authorization. Entities eligible for the Priority Home Repair Program with Habitat for Humanity of Michigan will require pre-approval by MSHDA.

The subrecipient cannot specify that every house in the program receive the same type of assistance. All activities undertaken with MI-HOPE funds must be based on property specific need and are limited to costs associated with specific activities outlined within the term sheet.

**The MI-HOPE Program and funding does not reimburse for event food and/or event-oriented items (paper/plastic products, cleaning/office supplies, etc.).**

## **Program Guidelines**

Program Guidelines are a requirement for NHID's Housing Opportunities Promoting Energy Efficiency Program funds. They are used by NHID subrecipients as an outline of program offerings, program and compliance requirements, eligibility requirements, selection criteria, complaint procedures, and program processes. They are intended to inform potential participants of the program's rules, expectations, and requirements.

Ultimately, Program Guidelines protect the subrecipient from claims of discrimination, favoritism, or other unfair treatment. Program Guidelines should spell out in plain terms the substantive requirements of the program, so that if an applicant is denied, the reason is clearly supported by the written rules of the program. Program Guidelines should also be directed at potential participants of the MI-HOPE program.

The below information is meant to provide guidance in the formulation of the Program Guidelines. All items might not pertain and therefore will not be included.

### **General Provisions**

- MI-HOPE Program Goals/Purpose/Desired Outcomes
- Program Location (Target Area with boundaries identified)
- Leveraged Resources (if applicable) – All resources need to be committed prior to project start
- Owner Contribution (if applicable) – Must be placed in Subrecipient's escrow fund prior to project start. Lines of credit (LOCs) are not considered secure for this program (LOCs can be nullified by the time project starts)
- Fair Housing/Equal Opportunity/Non-Discrimination – Statement of the Agency's Policy, Identity of Contact Person and contact number
- Conflict of Interest provisions – No employee or paid individual associated with the entity can participate in the program (refer to Conflict of Interest Memo)
- Complaint Resolution – Review Committee, Procedures, Filing Complaints/Appeal Process, Response, Dispute Resolution, Final Recourse, Reinstatement
- Program Administration – Confidentiality, Files, File Retention, Approval Authority, Written Agreement and Program Compliance

## **Program Guidelines Content Requirements**

### *Applicants*

- Eligibility of Applicants – Household Income Self-Certification Form (Exhibit D)

### *Property*

- Building types assisted
- Ownership criteria and eligibility
- Property condition criteria
- Architectural Drawings (if applicable)
- Historical Property – local historic review (if applicable)
- Lead Based Paint/Asbestos compliance (if applicable)

### *Eligible Activities*

- Clear definition of the scope of work
- Minimum/Maximum Levels of Assistance (if applicable)
- Eligible/Ineligible activities list
- Minimum Requirements and Standards must follow local code
- Materials – including “green” standards utilized (if applicable)

### *Application Process*

- Notice of Funding Availability (NOFA)
- Application Intake Process/Review – all activities must be clearly stated, and a written application form must be used (no carryover of non-MI-HOPE waiting lists)
- Project Selection Process/Inspections (i.e., site selection; prioritization of properties and percentage distribution of homeowners vs. single-family rental)

### *Applicant Selection*

- Selection Process/Eligibility (standalone first come first served selection criteria is not allowed)
- Demographics of neighborhood composition requirement
- Kinetch applicant intake required
- Form and Required Attachments - Household Self-Certification Form, photos, and cost estimates

### *Property Eligibility Verification Process*

- Photographs (before and after – similar angle/location/reference)
- Scope of Work/Cost Estimates – minimum two estimates/quotes required

*Contractor/Vendor Selection*

- Procurement/Small Purchase Procedures for Contractor/Vendor Solicitation
- Contractor Verification of Eligibility (State Licensing, Insurance Certifications, etc.)
- Contract Approval, Award, and Notification
- Pre-Construction Meeting (if applicable)
- Notice to Proceed
- Contractor Performance
- Change Orders
- Permits and Inspections/Notification Procedures (local and state code)
- Construction and Contractor Payment Provisions (final FSR holdback provisions)
- Contract Extensions
- Damages

*Lien Requirements (if applicable and for non-MSHDA funds only)*

- Lien requirements cannot be tied to MI-HOPE funds. If a subrecipient chooses to allow liens on non-MI-HOPE funds, this must be outlined in their guidelines and the following documentation is required:
  - Lien Provisions
  - Lien Execution
  - Lien Recording
  - Pay-off Requests/Procedures

## Subrecipient Program Guidelines must include a plan regarding the prevention of fraud

These organization specific program guideline parameters are designed to assist with developing a formal written approach to **deter, detect,** and hopefully **prevent** and/or mitigate the risk of fraud occurring within this federally funded program.

- Agencies need to establish and implement an effective and engaged audit/finance process to review and inspect certain documents directly associated with individual beneficiary activities on an informal ongoing basis and formally on a quarterly basis.
- Agencies need to establish a code of ethics/structural overview including both formal guidelines of the specified acceptable applicant intake criteria utilizing MSHDA software and clearly defined applicant award parameters. This overview is designed to provide transparency to applicants and minimize grey areas of the review, selection, and award process.
- Agencies need to adopt a formal fraud policy that identifies procedures to be followed for suspected fraud and the methodology employees should utilize to report their suspicions. Note: MSHDA has a fraud hotline and electronic form that can be utilized.
- Agencies must ensure that effective internal controls are in place and enforced. At a minimum, two check signatures must be required and safeguards must be in place to ensure adequate oversight and separation of duties is being conducted on a regular basis. Entities that have been cited for internal control issues within the past 5 years must disclose that to MSHDA as part of the organization/financial review process.
- Agencies should have a licensed independent body audit financial statements for the MI-HOPE expenditures and receipts.
- Agencies must have a formal written document retention policy and records containing Personally Identifiable Information (PII) must be carefully stored in an area accessible only to necessary staff. And records must be retained for five years after the closeout date, according to the MI-HOPE written agreement requirements.
- Agencies must have whistleblower procedures in place to encourage reporting without fear of retaliation and/or establishment of an anonymous methodology of reporting concerns.

**MICHIGAN STATE HOUSING DEVELOPMENT AUTHORITY  
NEIGHBORHOOD HOUSING INITIATIVES DIVISION  
Subject: COMPLAINT PROCEDURE**

**Effective Date: November 1, 2018**

The purpose of this policy bulletin is to outline requirements for NHID Subrecipients to establish a client complaint procedure for consistent resolution of conflicts. Complaints may come from applicants for assistance, owners dissatisfied with work, participating contractors, or other interested parties.

**A SUBRECIPIENT'S CLIENT COMPLAINT PROCEDURE MUST**

- 1. Be outlined in Subrecipient's Program Guidelines.** Clients and contractors must be informed of the complaint procedure when they are selected to participate in the program or upon receipt of a written complaint.
- 2. Establish a timely response.** Ensure that a client's initial complaint is responded to by the program administrator within 15 working days of the date of the complaint.
- 3. Require that the Chief Executive Officer (CEO) or Executive Director** of the subrecipient be informed of any complaint the program administrator fails to resolve. The subrecipient (at its option) may ask the CEO to review the case and recommend a resolution.
- 4. Provide for the establishment of a review committee,** to be comprised of at least three people, which must hear all cases that cannot be successfully resolved by the program administrator (and CEO if he/she is part of the complaint procedure). It is recommended that the committee members serve a specified number of years.

**The review committee should be comprised of:**

- A person with building/construction expertise (completely separate from the contractor who is part of the complaint);
- A local community representative; and
- A representative of the subrecipient (but should not be administrator or staff member of housing program)

**The claimant** may choose to make a presentation or submit a written description (including documentation) to the committee for review.

- 5. Establish process to notify the client in writing of the review committee's decision** within 15 working days of the date of the hearing.

This policy covers the following processes:

- The subrecipient's client complaint procedure
- Referrals to Dispute Resolution Services
- MSHDA review of complaint
- Resolution determined by MSHDA

## REFERRAL TO DISPUTE RESOLUTION SERVICES REQUIRED IF CONFLICT NOT SATISFACTORILY RESOLVED

Should the above listed efforts fail to resolve all outstanding issues, subrecipients must seek the services of the closest Dispute Resolution/Mediation Program. The costs, if any, for using mediation to seek resolution of the dispute are eligible administrative costs under MSHDA's Neighborhood Housing Initiatives Division written agreements. A list of Community Dispute Resolution Program (CDRP) Mediation Centers may be found at <http://courts.mi.gov/administration/scao/officesprograms/odr/pages/community-dispute-resolution-program.aspx> . Attached is a process map for a typical complaint procedure (**Attachment A, Client Complaint Procedure**).

**MSHDA will review complaints only after the above process is complete and the dispute is still unresolved.**

In the event that MSHDA is contacted directly by a complainant, they will be referred to the subrecipient for implementation of policy procedures. After all previously outlined steps have failed to resolve the complaint, the subrecipient may contact MSHDA in writing, detailing the complaint and verifying its compliance with the above listed steps.

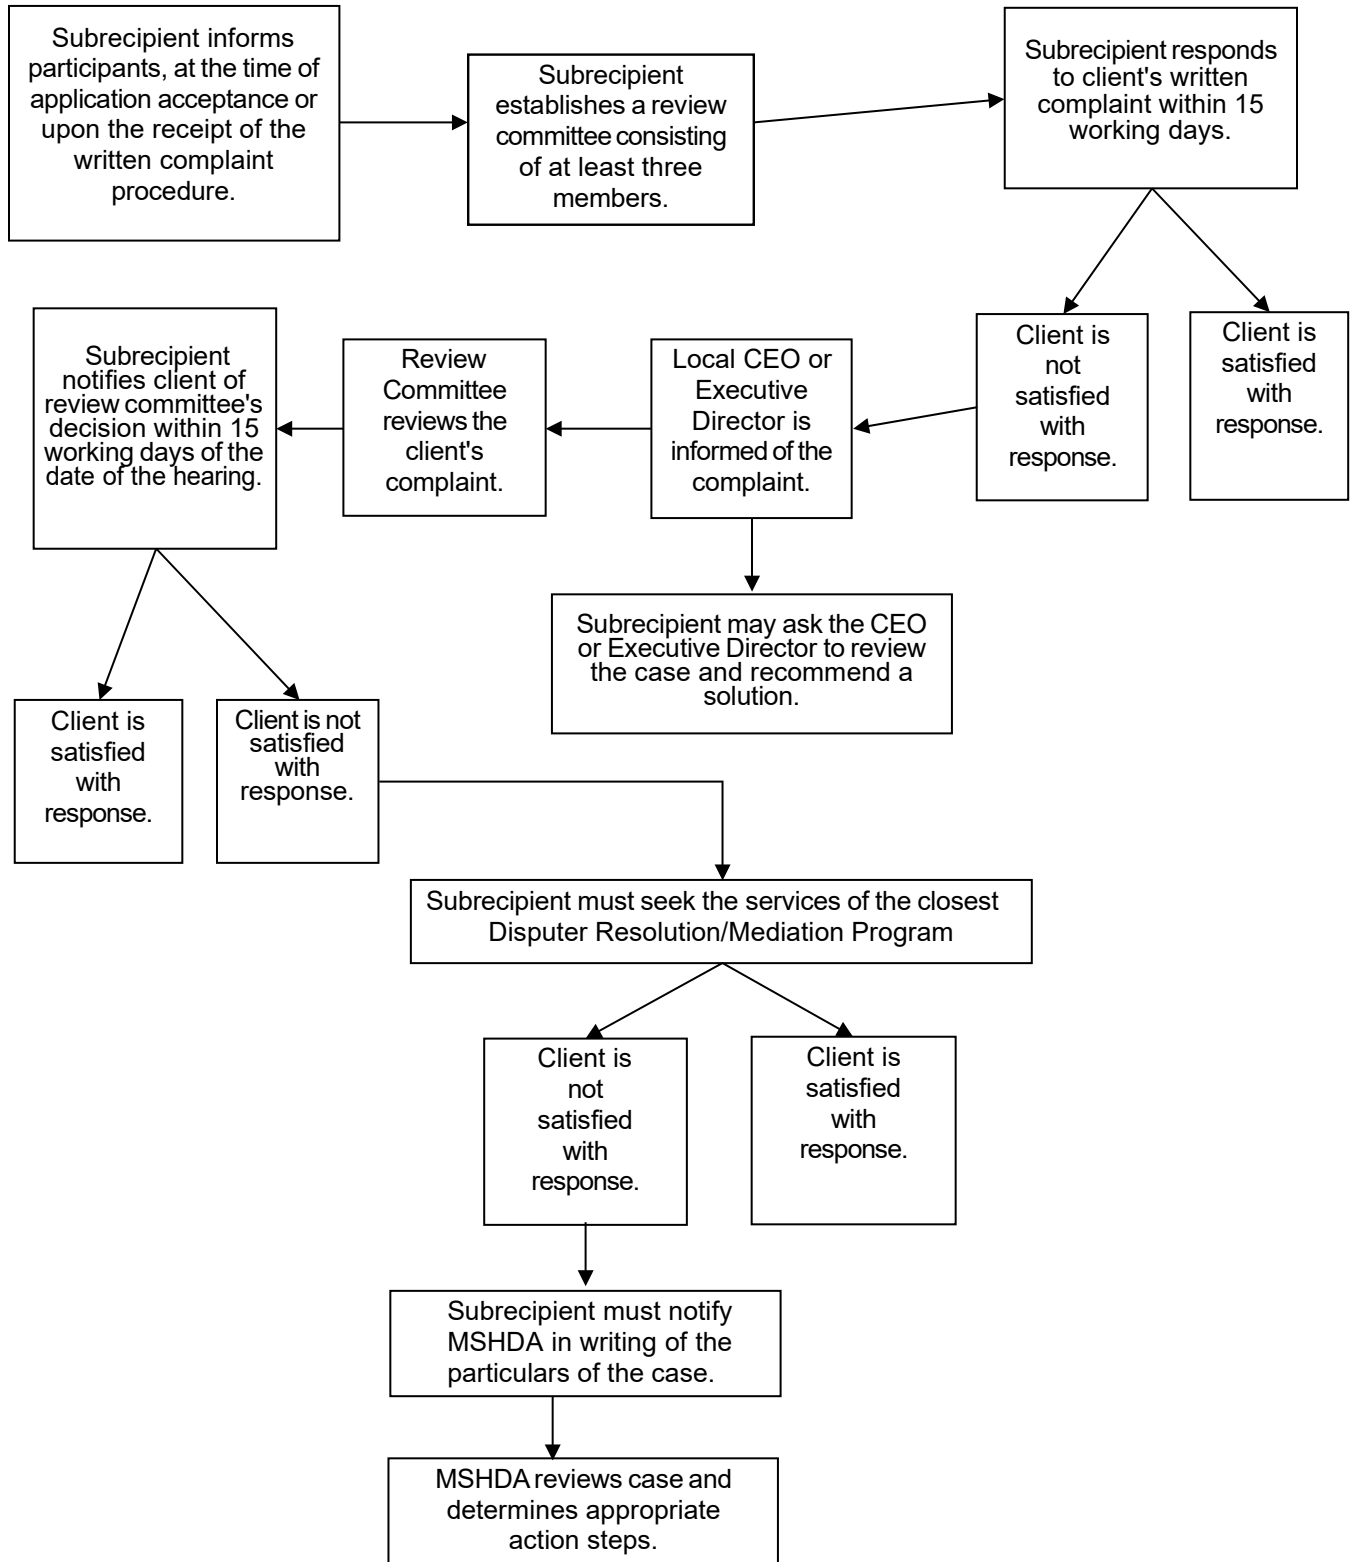

**NOTE:** All liability to third parties, loss or damage as a result of claims, demands, costs, or judgments arising out of activities, such as direct service delivery, to be carried out by the subrecipient in the performance of its NHID funded written grant agreement shall be the responsibility of the subrecipient, and not the responsibility of the Authority, if the liability, loss, or damage is caused by, or arises out of, the actions or failure to act on the part of the subrecipient, any subcontractor, anyone directly or indirectly employed by the subrecipient, provided that nothing herein shall be construed as a waiver of any governmental immunity that has been provided to the subrecipient or its employees by statute or court decisions.

If you have questions, contact your Champion.

Attachment A

CLIENT COMPLAINT PROCEDURE

**Michigan State Housing Development Authority  
Neighborhood Housing Initiatives Division**

**2022 - 2023 MONITORING PLAN**

The Neighborhood Housing Initiatives Division (NHID) is responsible for ensuring that funds are committed and expended in accordance with the program requirements of NHID's funding sources -- MSHDA Habitat for Humanity DPA/PHR/Prison Build grants, MSHDA HDF funds (including the Neighborhood Enhancement Program and MSHDA MOD), MI-HOPE Department of Treasury funds, and NSP-Program Income including SHRP. NHID's 2022/2023 Monitoring Plan identifies monitoring objectives, ongoing monitoring procedures, and criteria for on-site monitoring of program participants. This annual monitoring plan serves as a strategy for determining compliance as well as guidance for NHID housing staff.

**MONITORING OBJECTIVES**

Ensure Production and Accountability. NHID staff will monitor subrecipient performance to ensure state and/or federal funds are used to provide housing and housing-related services for low to moderate income residents; all assisted housing units must meet, at a minimum, HUD's Housing Quality Standards (HQS), if applicable; and program funds are expended in a timely manner.

Ensure Program Compliance and other Federal Requirements. NHID is responsible for ensuring funds are spent for eligible program purposes and in accordance with all applicable Federal regulations and state and local laws.

Evaluate Organizational and Project Performance. NHID will monitor how efficiently and effectively services are provided. NHID will evaluate whether an organization has an effective flow of work, and has incorporated checks and balances into its operations, so that compliance is built into the standard operating procedures.

**MONITORING STRATEGY**

To ensure successful performance and compliance in every program and project, NHID adopts the following monitoring strategy for all active grants:

- Conduct on-going monitoring reviews of all active grants with a balance by evaluating the monitoring objectives throughout the grant term.
- Perform On-Site Monitoring Reviews when applicable and deemed appropriate by the on-going monitoring performed throughout the grant term.
- Conduct follow-up activities as needed.

### **MSHDA (Habitat, NEP, MSHDA MOD, and NSP-PI) ONGOING MONITORING**

Ongoing monitoring reviews are built into NHID's service delivery system and occur every year on open grants that are not being monitored on-site. Housing staff monitor program progress and performance, compliance, and financial management on an ongoing basis throughout the grant period using the MSHDA grant management system, as subrecipients submit electronically financial status reports for each expenditure, including but not limited, to the following through the MSHDA grant management system:

- Financial Status Report to request grant payments and report expenditure details.
- Partnership Profile that includes corporate information: Audits, Articles of Incorporation, Bylaws, Board of Director Membership, IRS 990's, etc. Organizational review is performed by NHID staff, and the financial review is completed by the Asset Management Division.
- Final Outcome Report –measures and collects final project and grant outcomes.

Inconsistencies or questions regarding the timelines, content, or accuracy of submitted reports are communicated to the subrecipient for follow up as they occur.

### **NHID MI-HOPE Monitoring Oversight**

On-going desk reviews and technical assistance will be observed throughout the grant term. After the initial draw of twenty five percent (25%) a technical assistance visit will be performed by a MI-HOPE staff member. After the second draw of an additional fifty percent (50%) a formal site visit may be conducted based on a program level risk assessment by MI-HOPE staff including site visits to assisted properties by the MI-HOPE Program Manager for construction purposes.

A risk ranked sub-recipient structure will be used to determine high medium and low risk awards. The top twenty percent (20%) of sub-recipients by dollar amount will be selected for on-site monitoring visits. Both quantitative and qualitative factors will be evaluated to determine risk.

Upon the final draw (remaining 25%) the closeout process will be prepared by MI-HOPE staff and submit to the Closeout Specialist for closeout.

### **NHID Grant and Project Documentation**

In addition to information obtained from MSHDA's database system(s), ongoing monitoring involves a review of hard copies of documents that are submitted directly to this office:

- Grant agreement
- Income verification/Household Self Certification Forms
- Project specifications (before and after photos, pre-approval forms, invoices)
- Mortgage/Note
- Audits (if applicable)

## **ON-SITE MONITORING**

Subrecipients are selected for on-site monitoring visits based on the status of the on-going monitoring of each active (open) grant with a balance or when an on-site monitoring visit is determined necessary. Then the following steps will be taken:

### **Steps for On-site Monitoring Review**

1. Set up monitoring date with subrecipient and Third-Party Administrator (if applicable).
2. Send Confirmation of Monitoring Visit letter enclosing copies of the forms to be used.
3. Conduct on-site monitoring using the following documents:
  - Monitoring Checklist
  - Required Documents Checklists sufficient to review project files
4. Follow-up Letter is prepared by the Housing staff that communicates the results of the grant monitoring including any recommendations or findings.

### **Definitions**

1. **Recommendations**. A deficiency in program performance not based on a statutory, regulatory, or other program requirement. Sanctions or corrective actions are not authorized for concerns. However, Housing Specialist should bring the concern to the program participant's attention and, if appropriate, may *recommend* (but cannot require) actions to address concerns and/or provide technical assistance.
2. **Findings**. A deficiency in program performance based on a federal statutory, regulatory or program requirement, NHID Policy Bulletin or subrecipient's Program Guidelines for which sanctions or other corrective actions are authorized. Such sanctions or actions are generally subject to NHID discretion.

### **On-Site File Review**

1. Complete On-Site Monitoring Review Checklist for all administrative and compliance sections and the relevant grant component sections. If a third party is administering the grant, the review must include a visit to both the subrecipient and to the third-party administrator with monitoring questions directed to the responsible party as outlined in the Third-Party Management Plan. Regardless of how grant management responsibilities are divided between the subrecipient and the grant administrator, the subrecipient of record has ultimate responsibility for compliance with the terms of the grant agreement.
2. Complete a Required Documents Checklist review of at least 3 project files (if applicable).

3. Verify household eligibility based on income/asset verifications and calculations compared to relevant MSHDA or HUD Income Limits.
4. Review project files for the units that not visited to inspect required documentation is completed and located in the files.

## FOLLOW UP

1. Review the On-Site Monitoring Review Checklist for comprehensiveness and clarity adding comments to substantiate subrecipient responses to a third-party reviewer (NHID Management and/or HUD).
2. The On-Site Monitoring Review Checklist, when finalized, becomes the Grant Monitoring Report, and is retained in the grant file.
3. Within 30 days of the date of the monitoring visit, send an On-Site Monitoring Follow-Up Letter to the chief elected official or nonprofit board chairperson of the subrecipient with a copy to the housing official with whom the monitoring visit was conducted. The follow-up letter should identify findings, recommendations, requests for information, and any other required action allowing 30 days for a response. A copy of the On-Site Monitoring Follow-Up Letter is forwarded to NHID's Manager.
4. Enter monitoring information in the MSHDA Grants System on the grant menu screen under comments.
5. Clear findings within 30 days of receipt of adequate documentation. Record resolution of findings in the MSHDA Grants System.
6. Prepare the Findings Cleared letter and mail to subrecipient, third party administrator, etc. If all findings are not cleared, additional correspondence is required with subrecipient until all are resolved.
7. If there is no response to the Follow-Up Letter within the 30-day deadline, contact subrecipient to determine the status and how much additional time is needed. Keep written notes of efforts to clear findings in the file. **Withhold further grant payments if finding is unresolved 60 days after agreed upon or re-negotiated deadline.** After this time period the subrecipient is considered not to be in good standing with MSHDA.

## ADDITIONAL MONITORING REQUIREMENTS

Additional monitoring requirements will be considered and incorporated where appropriate.

At the subrecipient level a minimum of twenty percent (20%) of the self-certifications by contractors/subcontractors will need to be validated.

# **Section 2: MI-HOPE Action Steps All Components**

**TELEPHONE:** 517-335-2524

**EMAIL:** MSHDA-MI-HOPE@MICHIGAN.GOV

### MI-HOPE Program Checklist for Subrecipients

The following is a checklist of steps that represents what MSHDA expects all subrecipients to complete. Documents must be maintained in local project files. The list of required documents is generally organized in a chronological order and broken into key phases of the life cycle of a specific project. *Note: There should be a separate file set up for each component and/or project.*

**Date Completed**

- \_\_\_\_\_ Partnership Profile Creation and Submission.
- \_\_\_\_\_ Staff Report Creation by MSHDA and approved by the Subrecipient.
- \_\_\_\_\_ Grant Documents signed and returned to MSHDA.
  1. Grant Agreement
  2. Certified Resolution (Non-Profits only)
  3. Grant Closing Statement (Non-Profits only)
  4. Authorized Signature Form (Local Units of Government only)
  5. Exhibit A (Eligibility Requirements)
  6. Exhibit B (Project Description)
  7. Exhibit C (Household Self Certification Template)
  8. Exhibit D (Program Administration Report Form)
  9. Exhibit E (Authorization to Release Form)
  10. Exhibit F (Quarterly Reporting Timeline)
  11. Media Kit
- \_\_\_\_\_ Program Guidelines Creation by the Subrecipient.
- \_\_\_\_\_ Program Guidelines reviewed and approved by MSHDA.
- \_\_\_\_\_ Overall Notice to Proceed Issued.
- \_\_\_\_\_ Application marketed to residents/intake process completed on MSHDA system.
- \_\_\_\_\_ Verification of Property Eligibility via MI-HOPE project checklist for subrecipients. Address specific information entered and uploaded into the MSHDA Grants System.
- \_\_\_\_\_ All applicable data has been collected, including the Household Income Self-Certification form, authorization to release information, landlord written participation and certification agreement, demographic information, and lead/asbestos form all required to be uploaded prior to execution of the property specific construction contract.

**TELEPHONE:** 517-335-2524

**EMAIL:** MSHDA-MI-HOPE@MICHIGAN.GOV

- \_\_\_\_\_ Issuance of Contract with an Effective Date, Scope of Work, Completion Date, and Dollar Amount.
- \_\_\_\_\_ Prior to the start of work, a determination of required inspection and/or confirmation that all other local requirements were met must be made by the subrecipient.
- \_\_\_\_\_ Notice to Proceed issued by the Subrecipient based on signed and dated formal approval by the homeowner, subrecipient, and contractor, based on an accepted bid/quote (per address).
- \_\_\_\_\_ If Change order to the Contract is required (submit a modified Pre-Approval form to Champion for approval). Required if there is a change in the scope of work or an increase in price beyond ten percent (10%) of the original estimate and contract amount.
- \_\_\_\_\_ Financial Status Report (FSR) entered in the system that includes:
  1. Program Administration Report filled out, signed, and uploaded if billing admin.
  2. Upload invoices for all work performed that identifies contractor name, description of the work performed, dates work was performed (start and end) uploaded.
- \_\_\_\_\_ Retain in file all checks issued and received for each invoice.
- \_\_\_\_\_ Approval and Request for Contractor Payment Form and Inspection Report must be uploaded to the system prior to FSR.
- \_\_\_\_\_ Final billing from contractor: Itemized summary listing all project costs.
- \_\_\_\_\_ Outcomes Report entered in the system that includes:
  1. Uploaded before and after pictures/video
  2. Uploaded MSHDA Homeowner Surveys
  3. Energy efficiency savings projections
  4. Yearly billing analysis
- \_\_\_\_\_ If the activity is roof, windows, and/or insulation *and* the home is pre-1978 construction then subrecipient must provide a pre-evaluation disclosure of Lead Based Paint Procedure to Property Owner. Property Owner must provide the informational lead brochure to occupant/tenant.
- \_\_\_\_\_ If the activity is insulation, modification for modernization/efficiency purposes or replacement of heating (furnaces or boilers)/cooling (full home only)/ventilation systems and water heater upgrades including on demand retrofitting, and/or electrical upgrades or replacement directly tied to plaster walls. If a subrecipient determines asbestos to be present, then mitigation measures are required to be completed.

### MI-HOPE Project Specific Checklist for Subrecipients

Assisted Property Address: \_\_\_\_\_ Date App Received: \_\_\_\_\_

Verification Of Property Within Agency's Area/Zip Code Boundaries Date \_\_\_\_\_

Applicant Selection Date: \_\_\_\_\_

Applicant Selection Criteria Utilized: \_\_\_\_\_

**EMAIL:** [MSHDA-MI-HOPE@MICHIGAN.GOV](mailto:MSHDA-MI-HOPE@MICHIGAN.GOV)

## Home Energy Analysis/Audit Component Recommendation and Required Actions

- An energy analyst will inspect and identify the best opportunities to save energy and money while improving comfort within the home
- Identify component areas to make valuable home improvements to save energy
- Provide a better understanding of a home's energy efficiency

### Note:

- If the MI-HOPE activities are limited to only appliance upgrades, a home energy analysis/audit is not required.
- If MI-HOPE activities are limited to roof repair, only an attic audit is required.

### Action Steps

Step #1: Identify utility company servicing the home and analyze monthly energy bills. An initial monthly utility bill must be uploaded as part of the application intake process. On a yearly basis, a utility bill for the same month is required to be collected, tracked, and uploaded as part of the reporting process, until grant close out.

Step #2: Determine what incentives are currently being offered by the utility company

Step #3: Applicant submitted a Home Energy Assessment/Audit by one of the following methods (required):

- A. Home Energy Rating Systems (HERS) Rater, RESNET
- B. Utility Company Energy Rater Program, i.e., Consumers Power or DTE Energy
- C. National Energy Audit Tool (NEAT)
- D. U.S. Department of Energy Home Energy Saver tool [Home Energy Saver\(Ibl.gov\)](http://HomeEnergySaver.lbl.gov) or Home Energy Score

Step #4: Review and evaluate results

Step #5: Plan project parameters

## Procurement Requirements

Procurement – small purchase procedures are used to provide written documentation on how your agency will validate that the expenses made are reasonable and necessary. The purchase procedures should be part of your program guidelines and followed when selection of contractor(s) occur.

A minimum of two written quotes/cost estimates must be obtained in writing, emails are acceptable. Must contain a name, date, scope of work for a specified property, and a dollar amount per activity. Quotes that are comparable in scope for each activity are needed. If the gap between the two quotes/cost estimates is equal to or greater than 25% (rounded) of the lowest quote/cost estimate you must seek a third quote/estimate. The estimates can be from stores with dated receipts/invoices, activities itemized by type and cost. All quotes/estimates must be itemized and clearly documented and be comparable in scope and materials.

The subrecipient must follow procurement procedures, obtain bids for all necessary work (labor and materials), and determine reasonableness.

### Volunteers

We will require MSHDA written pre-authorization to utilize volunteer labor for work not requiring a licensed contractor, based on local requirements as long as lead/asbestos testing is conducted upfront and property does not have Lead/Asbestos issues identified based on test results.

***If a property owner is a licensed contractor and requests to complete the work on their own property, then written MSHDA pre-approval is required and all purchases including supplies and equipment must be purchased and completed by the subrecipient on their behalf based on the procurement requirements outlined above.***

**Failure to secure written pre-approvals from MSHDA will result in a determination of non-compliance that will result in funding awards to applicable properties being denied for reimbursement.**

## Licensing Requirements

Each subrecipient must ensure that the work is undertaken by a knowledgeable, experienced, and capable individual. Subrecipient assumes responsibility and oversight of all work performance and to ensure cost reasonableness.

**Note: The activities outlined below are not all eligible under MI-HOPE, please refer to the Eligible Improvements Activity Guide.**

**You should be aware that all contractors offering to do work, which totals \$600 or more in labor and materials must be licensed by the Department of Licensing and Regulatory Affairs.**

A **Residential Builders license** allows a contractor to build a complete residential structure and to do maintenance & alteration (remodeling) work on a residential structure.

A **Residential Maintenance & Alteration license** indicates that the holder has met requirements for one or more of the following trades:

- Carpentry
- Concrete
- Excavation
- Insulation Work
- Masonry
- Siding
- Roofing
- Screens and Storm Sash
- Gutters
- Tile & Marble
- House Wrecking
- Swimming Pools
- Basement Waterproofing

The trades for which a Maintenance & Alteration contractor is qualified to practice are listed on the license.

The holders' state license must be displayed in the place of business and all contractors, and their salespersons must carry a pocket card which you should ask to see. If they cannot show you a license, check the department's License Information database or call the Licensing Division at 517-335-9700.

**TELEPHONE:** 517-335-2524

**EMAIL:** MSHDA-MI-HOPE@MICHIGAN.GOV

Generally, we suggest you look at the definition of a Residential Builder and the list of specialty trades for a Residential Maintenance & Alteration Contractor to see what is required to be licensed. You may wish to review Article 24 of the Occupational Code and read sections 339.2401, 339.2403, and 339.2404. However, over the years some specific services have been removed from the licensing law or rules.

### **Activity License Requirements**

#### Required

- New Construction/Remodeling of Homes, Apartment Buildings, Condominiums, Townhouses, etc.
- Carpentry
- Concrete
- Excavation
- Insulation Work Requiring Masonry
- Painting & Decorating
- Siding
- Roofing
- Screen & Storm Sash
- Gutters
- Tile & Marble
- House Wrecking
- Swimming Pools
- Replacement Windows/Doors/
- Garage Doors
- Laying Wood Floors
- Basement Waterproofing

#### Not Required

- Drywall
- Awnings
- Pavers Without Mortar
- House Moving
- Carpeting & Vinyl Floors (Not Wood)
- Fences
- Sewer & Septic, Water Lines, Sprinklers
- Asphalt Paving
- Plaster & Lathe

Approval and Request for Contractor Payment

**Financial Status Report (FSR) #:** \_\_\_\_\_ **DATE:** \_\_\_\_\_

Name of Owner(s): \_\_\_\_\_

## Property Owner and Contractor Contract (Sample)

(This document can be modified to reflect Agency criteria)

THIS CONTRACT, dated month, day, year between **PROPERTY OWNER NAME** hereinafter referred to as "Property Owner") and **CONTRACTOR NAME** hereinafter referred to as "Contractor"), sets forth the terms and conditions for work to be performed on the premises located at:

Street Address: Address, City, County, Michigan Zip Code

FOR PURPOSES of this Contract, **SUBRECIPIENT NAME** (hereinafter referred to as "Administrator") shall assume the role of intermediary between the Property Owner and the Contractor in order to provide assistance in completing the work to be performed under the Contract.

### **ARTICLE I**

THE SPECIFICATION entitled "Bid Specifications for Home Improvement Project # \_\_\_\_\_, are hereby incorporated into this Contract and made a part hereof (hereinafter referred to as "Work Specifications") for the purpose of setting forth the work to be performed under this Contract. All work specifications must be pre-approved by the administrator via a written Notice to Proceed.

### **ARTICLE II**

IN CONSIDERATION of the work performed by the Contractor according to the Work Specifications, the Contractor shall receive a payment in full the sum of dollar amount spelled out, (**\$ numeric amount**), Dollars, which may be paid at the Contractor's option, as follows:

**Option 1:** A sum equal to 100% of the total Contract amount paid upon completion and approval of the work.

**Option 2:** A sum equal to \_\_\_\_% of the total Contract amount at one-half completion and, \_\_\_\_% of the total contract amount at three quarter completion and, at completion and Final approval of work by the Property Owner, an additional \_\_\_\_%.

### **ARTICLE III**

THE WORK to be performed under this Contract shall begin within days from the date of the "Proceed to Work Order" issued by Property Owner. The work shall be completed within days from the start of the work, unless the Contractor can show just cause for the delay of completion and obtains an extension of time in writing and signed by the Property Owner and approved by the Administrator.

#### **ARTICLE IV**

IF THE CONTRACTOR fails to complete the work within the specified time, the Administrator (with the consent of and on behalf of the Property Owner) will send the Contractor a letter by Certified Mail requesting completion of the work within a reasonable number of days from the date of the letter. If the Contractor fails to complete the work within the time stipulated, the Property Owner will hire another contractor to complete the work. The second contractor will be paid first. The first Contractor will only be entitled to the difference between the balance of the Contract amount and what is paid to the second contractor, if any, providing that the first and second contractors performed acceptable work.

#### **ARTICLE V**

THE CONTRACTOR will provide all materials, equipment, and labor necessary to perform the work stated in the Work Specifications. All work performed under this Contract will be completed in a good and reasonably workmanlike manner in strict adherence to the Work Specifications. "Workmanlike" will include reasonable aesthetic standards. Any work performed by the Contractor which is not stated in the Work Specifications and Work Change Orders authorized by the Administrator will not be paid under this Contract.

#### **ARTICLE VI**

THE CONTRACTOR will keep the premises clean, orderly, and safe during the course of the work. It is understood that the premises are to be occupied by the Property Owner during the performance of the work. The Contractor will be responsible for removing the debris from the work site at the completion of the work. Unless otherwise stipulated in the Work Specifications, materials and equipment which are to be removed and replaced as part of the Work Specifications shall become the property of the Contractor. The Contractor shall not use or cause to be used any hazardous materials, such as lead- based paint, in the performance of the work.

#### **ARTICLE VII**

IT IS THE CONTRACTOR'S responsibility to obtain any required work permits and arrange for subsequent inspections through the County or City or Township or other Code Departments when applicable. The Contractor will comply with all applicable local codes and ordinances whether or not specifically stated in the Work Specifications and will comply with all applicable State and Federal Codes and Laws, including all applicable licensure laws

#### **ARTICLE VIII**

THE CONTRACTOR will be required to perform any related work covered by the "Work Change Orders" issued by the Administrator and approved by the Property Owner. The Contract amount and completion date will be adjusted accordingly to allow time and agreeable compensation for the additional work performance.

**ARTICLE IX**

THE CONTRACTOR shall furnish evidence of Comprehensive Public Liability Insurance coverage protecting the Property Owner in the event of bodily injury including death for not less than \$300,000. and in the event of property damage arising out of the work performed by the Contractor or subcontractors, of \$100,000. Contractor will further furnish evidence of all other coverage required by Michigan Statutes, including but not limited to Workman's Compensation Insurance, before the start of the work to be performed under this Contract. A statement of Sole Proprietorship must be furnished in cases where Contractor is exempt from Workman's Compensation coverage.

**ARTICLE X**

THE CONTRACTOR may not assign this Contract to any other Contractor without the express consent of both the Property Owner and the Administrator.

**ARTICLE XI**

UPON COMPLETION OF THE WORK, the premises will be inspected by the Administrator's Housing Inspector to ascertain if the work stated in the Work Specifications has been completed satisfactorily in the opinion of the Administrator. The Property Owner will be also required to give written approval of the work performed even if the Housing Inspector ascertains that the work has been completed satisfactorily. If it is determined by either, that the work has not been completed satisfactorily or not in accordance with the Work Specifications, the Administrator will, by written notice to the Contractor, advise the Contractor to complete and/or correct the unsatisfactorily work within ten days from the date of receipt of the written notification by the Administrator.

**ARTICLE XII**

THE CONTRACTOR expressly and impliedly warrants against any faulty materials or workmanship. The Contractor expressly guarantees and agrees to remedy any defects in the work and to pay for any damage to other work resulting therefrom which shall appear within a period of warranty from the date of final acceptance of the work unless a longer period is specified in writing by agreement of the parties. The Contractor will provide a signed statement of "Contractor's Release of Liens and Claims" upon completion of the work from Contractor and any subcontractors, or material men. The Contractor will furnish the Property Owner with all manufacturers and supplier's written guarantees and warranties covering the materials and equipment furnished in the performance of the work under this Contract.

**ARTICLE XIII**

THE PROPERTY OWNER may not perform any of the work stated in the Work Specifications nor interfere in any way with the work being performed by the Contractor. Property Owner may not remove or alter any of the materials to be used in the performance of work. If the Property Owner is not satisfied with the work being done or the materials being used, the Property Owner will contact the Administrator in writing.

**ARTICLE XIV**

THE PROPERTY OWNER shall supply the Contractor, at no cost, the use of existing utilities such as light, heat, power, and water necessary to the performance and completion of the work. The Property Owner will provide the Contractor access to the property during the hours of 7:00 a.m. and 6:00 p.m., Monday through Saturday, or as otherwise mutually agreed between, Property Owner and Contractor.

**ARTICLE XV**

THE ADMINISTRATOR is held harmless by the Property Owner and Contractor as to any and all damages, injuries or losses, claims or cause of action. It is expressly understood by and between the parties that the Administrator does not guarantee the performance of and/or completion of work performed or to be performed pursuant to this Contract, nor does the Administrator warrant either impliedly or expressly the work, products, materials, or services provided by this Contract.

The Administrator will not be responsible for any oral or written agreements, in addition to the original contracted work as stated in the Work Specifications, between Contractor and Property Owner. This Contract constitutes the entire agreement between the parties and cannot be in any way altered, modified, or rescinded, except by its own terms or by written agreement of all the parties hereto.

**ARTICLE XVI**

Payment shall be made directly to the Contractor by the Subrecipient with the consent of and on behalf of the Property Owner.

**ARTICLE XVII**

IN THE EVENT a dispute arises hereunder between Contractor and Property Owner, the parties hereby agree: That if an impasse is reached between the parties during the construction phase of the project, the Administrator will be contacted and act as intermediary of the dispute; once project completion and disbursement of funds has occurred, Property Owner accepts responsibility for obtaining relief through appropriate channels such as the Michigan Department of Licensing and Regulation.

**ARTICLE XVIII**

DURING THE PERFORMANCE, of any contract under the Housing Program, the Contractor hereby agrees that the Contractor will not discriminate against any employee or applicant for employment because of Race, Color, Religion, Sex, or National Origin. The Contractor will take affirmative action to ensure that applicants are employed, and treated during employment without regard to their Race, Color, Religion, Sex, or National Origin. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to their Race, Color, Religion, Sex, or National Origin. The Contractor shall further comply with all State or Federal laws regarding Disabilities, Age, or other Civil Right Statues.

**ARTICLE XIX**

THE PROPERTY OWNER AND THE CONTRACTOR agree they have read and understood the terms of this Contract. In the event the Contractor has demonstrated non-compliance with any of the above clauses or those attached to the Contract, the Contract may be canceled, terminated or suspended, in whole or part, and the Contractor may be declared INELIGIBLE for future work by this program

**IN WITNESS WHEREOF, the parties hereto have executed this Contract this date  
day of month, year.**

## Subrecipient Lead and Asbestos Compliance Requirements

The attached guidance will mostly pertain to MI-HOPE subrecipients with housing enhancement activities. With the Housing Opportunities Promoting Energy Efficiency Program there are some judgement calls that need to be made on each component and per each activity. These judgement calls would be made specifically by each subrecipient, who knows best what their work involves. To be clear, these are judgements about things like whether lead or asbestos-containing material are likely to be disturbed and to what degree, not judgements on whether or not these laws apply, for they do. The goal of this guidance is to make you aware of the basic tenets of the laws. The determination of the process that will be used should be incorporated into your agency's program guidelines.

If you have any questions in regard to the activity you are completing and lead and asbestos, please contact: Tracey Barnes, NHID Housing Specialist, 517-241-2588 or [barnest5@michigan.gov](mailto:barnest5@michigan.gov).

### Purpose

To establish MSHDA's expectations for compliance with lead and asbestos regulations for MI-HOPE funded projects.

### Background

Although MI-HOPE is not sourced from the Department of Housing and Urban Development (HUD) and therefore not subject to HUD-Specific environmental review requirements (e.g., 24 CFR 35, 24 CFR 58)<sup>1</sup>, MI-HOPE recipients and contractors are responsible for complying with all federal, state, and local public health and environmental laws or regulations that apply to activities under this eligible use category. Requirements around the handling and disposal of asbestos-containing materials, lead paint, and other harmful materials may apply. Treasury also encourages recipients to consult and apply best practices from the Environmental Protection Agency.

### 1. Lead Based Paint – EPA's Renovation, Repair and Painting (RRP) Rule

Promulgated in 2008, the RRP rule requires anyone performing renovation for compensation (contractors, landlords, tradesmen, maintenance staff, etc.) to undergo training on lead-safe work practices, testing, and cleaning verification and obtain EPA certification before working in pre-1978 homes, childcare facilities, and schools.

<sup>1</sup> If MI-HOPE funds are blended with federal funds, then additional requirements may apply.

All contractors working on MI-HOPE-funded projects in qualifying homes must have a current EPA RRP certification. However, a current EPA RRP certification is not required for trades people that are not working on lead paint surfaces. The subrecipient shall request and maintain proof of RRP certification in the project file along with documentation of lead-safe work practices and cleaning verification. At least one certified renovator must be at the job site when work is being done and all individuals trained in the use of lead safe work practices, per the RRP rule. For more information on lead-based paint how the RRP rule applies to your project, please contact the National Lead Information Center at (800) 424-5323.

## **2. Asbestos - National Emissions Standards for Hazardous Air Pollutants (NESHAP) & OSHA worker protection standards**

Promulgated in 1973, the goal of EPA's NESHAP regulation is to minimize the release of asbestos fibers during renovation and demolition activities. Although there is a single-family, exemption clause in NESHAP, activities funded as part of a larger project, such MSHDA/HUD grants, are not covered under this exemption. Compliance with NESHAP may require an asbestos inspection prior to renovation activities. This inspection will determine whether building components in the scope of work are Asbestos Containing Materials or ACM (material >1% asbestos) and how much ACM is present. It will also determine whether some or all of the ACM is friable or regulated and therefore may require abatement. If abatement is necessary, it must be completed by a currently licensed Asbestos Abatement Contractor.

The Occupational Safety and Health Administration (OSHA) regulates worker protection and exposures to asbestos. Within the Michigan Department of Licensing and Regulatory Affairs (LARA), the Michigan Occupational Safety and Health Administration (MIOSHA) Asbestos Program administers the federal OSHA asbestos standards. The MIOSHA Asbestos Program also accredits and licenses professionals in the asbestos industry and processes asbestos abatement project notifications which require specific procedures that differ from NESHAP notification procedures. Contractors are responsible for OSHA compliance with worker safety provisions.

Although only an inspection can determine whether a building material contains asbestos, some well-known ACM components include:

- Cement shingles
- Roofing felt, coatings, shingles and/or tiles
- Millboard
- Pipeline wrap
- Gaskets
- Boiler wrapped pipes
- Transit siding
- 9"x9" vinyl-asbestos floor tiles
- Vermiculite insulation-attics and walls
- Various plaster material at walls and ceilings
- Various mastics, glue caulks, glazing, etc.

For more information on how NESHAP or OSHA worker protection standards apply to your project, please contact the MDEQ NESHAP Program at (517) 284-6777 or the MIOSHA Asbestos Program at (517) 284-7680.

**PRE-EVALUATION DISCLOSURE OF  
LEAD BASED PAINT PROCEDURES TO PROPERTY OWNER**

Pre-1978 Home  Yes  No

**If yes, please complete the form below. If no, you are exempt from the next steps.**

**Dear Property Owner**

You have applied for federal funds through our agency to rehabilitate housing that was built prior to 1978. Please carefully review the following procedures that may apply.

**DISCLOSURE**

Our agency is required to give you a brochure entitled "Protect Your Family from Lead In Your Home". If the housing you are rehabilitating is rental property and you have tenants in the unit(s), you must give the tenant(s) a copy of this brochure. Effective December 22, 2008, for rehabilitation of homes built before 1978, an EPA brochure entitled "Renovate Right – Important Lead Hazard Information for Families, Child Care Providers and Schools".

In addition, if a Risk Assessment is conducted as described below, you will receive a summary of the results of that assessment, or the actual risk assessment report. If the housing is rental housing, you are required to post or distribute this disclosure statement in a manner that ensures that all tenants can review the results.

If any lead hazard control activities are undertaken, and clearance is required, you will also receive a summary of the results of the clearance. If the housing is rental housing, you are required to post or distribute this disclosure statement in a manner that ensures that all tenants can review the results.

Under Federal lead-based paint regulations 24 CFR Part 35-125 you are required to disclose all information on lead paint hazards contained in the report, to anyone who may wish to purchase or rent the dwelling from now on.

**RISK ASSESSMENT**

For rehab projects that require \$5,000 or more in federal assistance, a Risk Assessment must be completed prior to conducting any rehab work. The intent of the risk assessment is to identify all lead paint hazards that may exist at the property and lead-based paint in any surfaces that will be disturbed by the rehab work. A risk assessment does not identify all lead paint. You must disclose the presence of any lead-based paint or lead-based paint hazards confirmed by the Risk Assessment to any future renter or buyer, unless the identified lead-based paint is fully abated.

**SAFE WORK PRACTICES**

All lead hazards that are identified in the Risk Assessment will be addressed as part of the rehabilitation process. While this may affect the total cost of the project, the agency will cover these costs from funds made available by the State. This may, however, increase the size of the lien placed on your property.

For any work addressing hazards or lead-based paint, safe work practices will be followed. There are federally required procedures to ensure that the hazard is addressed, and the work areas are cleaned to ensure no contamination. To ensure your safety during this process, you may be required to relocate temporarily, restrict your access to such areas and/or have your belongings stored. On completion of any hazard control work, clearance tests will be conducted to ensure you can safely occupy the unit. You will receive a report of the results.

By signing below, you acknowledge that you have received and read the brochure "Protect Your Family From Lead In Your Home" and/or, effective December 22, 2008, for rehabilitation of homes built before 1978, an EPA brochure entitled "Renovate Right – Important Lead Hazard Information for Families, Child Care Providers and Schools", you have also read and understand the this disclosure statement, and you will comply with the requirements to disclose the information to any occupants of the property.

# Michigan Occupational Safety and Health Administration (MIOSHA) Fact Sheets & Standards

## Asbestos

OSHA regulates worker protection standards and exposures for Asbestos Materials. For details regarding the OSHA regulations, refer to 29 CFR 1910.1001 (non-construction) and 1926.1101 (construction)

Asbestos:

The Michigan Occupational Safety and Health Administration (MIOSHA) Asbestos Program was initiated in September of 1986. The primary function of the program is to assure that the people working with asbestos are properly trained and the individuals performing asbestos removal comply with rules governing the work activity. These rules are designed to protect not only the individual employee performing asbestos abatement work, but also the general public that occupy the area or building in which the work occurs.

Owner occupied primary residences may contain material components which have historically been proven to have Asbestos-Containing Materials (ACM's) and are subject to testing and/or assumption they contain asbestos, if disturbed during rehabilitation activities, these material components shall be subject to testing, abatement protocol for worker and occupant safety. The following is a list of various examples "but not limited to" some residential building components historically proven to have ACM's.

- boiler wrapped pipes
- transite siding
- 9" x 9" floor tiles
- vermiculate insulation-attics and walls
- various plaster material at walls and ceilings
- Various mastics, glues, caulks, glazing etc...

1. The following websites/PDF are MIOSHA Asbestos Fact Sheets and Standards for general construction activities and/or projects.

MIOSHA Asbestos  
Fact.pdf

## 2. Asbestos Safety & Health Standards in Construction

[2020-055 LE CS Part 602 Asbestos in Construction \(print version\) \(michigan.gov\)](#)

[29 CFR § 1926.1101 - Asbestos. | CFR | US Law | LII / Legal Information Institute \(cornell.edu\)](#)

## Lead Paint

The Michigan Occupational Safety and Health Administration (MIOSHA) regulates worker protection standards and exposures for Lead Based Paint. MIOSHA's Lead Standard for the Construction Industry, Title 29 Code of Federal Regulations 1926.62, covers lead in a variety of forms, including metallic lead, all inorganic lead compounds, and organic lead soaps.

Lead Based Paint:

In 1992, Congress passed the Housing and Community Development Act (Public Law 102-550), which included as Title X the "Residential Lead-Based Paint Hazard Reduction Act of 1992." Title X is a comprehensive law designed to direct the Nation's response to the public health problem of lead-based paint hazards in housing. This law directed the Occupational Safety and Health Administration to increase the protection for workers exposed to lead hazards throughout the construction industry.

1. The following websites/PDF are MIOSHA Lead Based Paint Fact Sheets and Standards for the general construction industry.

## MI-HOPE Component Standards for Allowable Rehabilitation Activities

### Eligible Qualified MI-Hope Activities

All MI-HOPE program financed activities are specific and necessary health and safety improvements to an existing structure occupied with a qualified financial hardship based on presumed benefit. Activities undertaken must be selected based on inspection, code compliance documented needs, energy assessment/audit recommendations and if needed to comply with certain codes and ordinances per local building official reports.

MI-HOPE assisted activities are limited to:

- Roof
- Storm Doors and Exterior Doors.
- Windows.
- Insulation.
- Modification for modernization/efficiency purposes or replacement of heating (furnaces/boilers) cooling (full home only) ventilation systems and water heater upgrades including on demand retrofitting.
- Functioning and up to date exterior security lighting.
- Appliance upgrades to energy star rating.
- Electrical upgrades or replacement wiring of home, partial or full.

NOTE: All MI-HOPE construction activities shall comply with the standards within this document.

### Pitched Roofs

#### Repair Standards

- Missing and leaking shingles and flashing will be repaired on otherwise functional roofs. Slate, metal, and tile roofs will be repaired when possible. Antennas will be removed.

#### Replacement Standard

- No more than 2 layers of roofing are permitted. Install fiberglass, asphalt, 3-tab or architectural, class A shingles with a prorated 25/30-year warranty. When possible, a continuous ridge vent will be installed over 30-lb. felt with new drip edge on all edges. Ice and water shield will be installed per local/state codes and manufacturer's specifications.

**NOTE: MI-HOPE (Roof Only Projects) shall have a comprehensive attic space energy audit** completed to evaluate attic insulation R-Value and proper ventilation to meet the following criteria.

- Attic insulation shall be a minimum of R-49 with soffit baffles installed when there are soffit vents to maintain ventilation at the eaves. All soffit & fascia components shall be in good condition and vented where possible. Gutters and Downspouts **shall be installed** per MI-HOPE standards written within this document.

## Gutters and Downspouts

### Repair Standards

- **Gutters & Downspouts** must be in good repair, leak free and collect storm water from all lower roof edges. Concrete or Plastic splash blocks will be installed to move water away from the foundation. The system must move all storm water away from the house/building and prevent water from entering the structure.

### Replacement Standards

- **K-Style Aluminum Gutters & Downspouts** will be installed to collect storm water from all lower roof edges and upper roof areas where needed. Leaf guards will be installed, color to match new gutters & downspouts. Concrete or Plastic splash blocks will be installed to move water away from the foundation. The system must move all roof component storm water away from the house/building and prevent water from entering the structure. Downspout outlets shall project a minimum of 3 feet away from the foundation.

## Exterior Doors & Storm Doors

### Repair Standards

- **Exterior Doors**- shall be solid, insulated, weather-stripped, and will operate smoothly. They will include a peep hole or light panel, a dead bolt, and an entrance lock set keyed to match.
- **Storm Doors**- shall be in good working condition, sealed tight when closed and ventilated with either one screen for full view or two screens with double glass windows.

### Replacement Standards

- **Replacement doors**- at the front of the property for historically significant buildings will be historically sensitive. Local Historic District approval may be needed.
- **Exterior Doors**- Steel, six-panel doors with lite panels may be installed on homes that are not historically significant. Dead bolt locks and entrance lock sets will be installed on all exterior doors keyed to match. All new doors shall be insulated, weather-stripped and airtight.
- **Storm Doors- shall be insulated, sealed tight** when closed and ventilated with either one screen for full view or two screens with double glass.

## Windows

### Repair Standards

- All windows will operate, remain in an open position when placed there, lock when closed and the open section will be covered with a screen.

## Replacement Standards

- Windows that are not repairable may be replaced and will meet the ENERGY STAR standard for this geographic region.
- [http://www.energystar.gov/index.cfm?c=windows\\_doors.pr\\_anat\\_window](http://www.energystar.gov/index.cfm?c=windows_doors.pr_anat_window)
- Windows on key façades of historically sensitive properties will be of the style, size and profile of the existing windows and building type. New windows on other properties may be vinyl and double-glazed.
- [Consumer Guide to Energy-Efficient Windows](#)
- [ENERGY STAR Program Requirements for Windows, Doors & Skylights](#)

## Air Sealing/Insulating and Michigan Uniform Energy Codes

### Air Sealing/Infiltration & Leakage

#### Repair Standards

- All homes or rental units will be tested with a Blower Door and existing air sealing shall be repaired to attain 4 to 8 Air Changes per Hour at 50 Pascal pressure (4-8 ACH50). All Duct work shall be sealed per Energy Star Standards and with approved materials.

#### Replacement Standards

- All homes or rental units will be air sealed to meet the Blower Door test requirements of 4 to 8 Air Changes per Hour at 50 Pascal pressure (4-8 ACH50). All Duct work shall be sealed per Energy Star Standards and with approved materials.
- Air Sealing: See further information. Attic, Windows and Doors, Basement & Crawl Spaces.
- [Attic Air Sealing Project | ENERGY STAR](#)
- Do it yourself guide. [A Do-It-Yourself Guide to Sealing and Insulating with ENERGY STAR: Sealing Air Leaks and Adding Attic Insulation](#)
- [Duct Sealing | ENERGY STAR](#)

## Insulation Types and Standards

**NOTE:** All MI-HOPE home insulating will be completed utilizing the Department of Energy (DOE) R-values and utilize approved insulation types that comply with Michigan Residential Codes.

- When insulating your home, you can choose from many types of insulation. To choose the best type of insulation, you should first determine the following:
  - Where you want or need to install/add insulation.
  - The recommended [R-values](#) for areas you want to insulate.

## R-Values

- An insulating material's resistance to conductive heat flow is measured or rated in terms of its thermal resistance or R-value -- the higher the R-value, the greater the insulating effectiveness. The R-value depends on the type of insulation, its thickness, and its density. The R-value of most insulations also depends on temperature, aging, and moisture accumulation.
- [Types of Insulation | Department of Energy](#)

## MI-HOPE Recommended Areas:

- Basement Walls-Interior and/or Exterior, Rim Joist, Floors, Walls, Ceilings, Attics & access covers. Reflective surfaces can be used in attics per manufacturer standards.

Michigan Codes: [Chapter 11: \[RE\] Energy Efficiency, 2015 Michigan Residential Code | UpCodes](#)

**NOTE: All MI-HOPE projects shall comply with the Michigan Residential Code Part 5.**

**Michigan Residential Code (Part 5)** [Microsoft Word - R 408.30501 to 408.30547 \(state.mi.us\)](#)

- Michigan Climate Zones R 408.30547c General; Specifically, Pages 69, 70, 71, 72.

**Building Thermal Envelope R408.30547d**

- Thermal Envelope Pages 73,74-Tables on 75, 76, 77, 78, 79, 80, 81 and 82.
- R408.30547f Systems: Pages 83, 84, 85.

## IECC Compliance Guide for Homes in Michigan

- [MI-2009.pdf \(insulationinstitute.org\)](#)

## Michigan Energy Code

[Ten things to know about the 2021 Michigan energy code based on the ASHRAE 90.1-2019 standard | Consulting - Specifying Engineer \(csemaq.com\)](#)

## Heating Systems

### Repair Standards

- Workable existing heating systems will be inspected and serviced to operate in a safe manner with the highest energy efficiency possible for the heating unit.
- Boiler Systems shall be inspected for proper operation and repaired as applicable for good operation and energy efficiency.
- Electric heating systems shall be removed and replaced unless such units have a current energy star approved rating.

### Replacement Standards

- Gas-fired heating plants will be rated at  $\geq 97\%$  AFUE or better. Oil-fired boilers will be rated at  $> 85\%$  AFUE or better. All heating units shall be properly sized utilizing the climate zone & area square footage to determine British Thermal Units (BTUs). A professional Heating & Cooling Contractor shall perform all calculations and provide them to the homeowner.
- Metrics for HVAC Systems & IECC Climate Zone Map; [IECC climate zone map | Building America Solution Center \(pnnl.gov\)](#)
- Programmable Thermostats shall be installed on all new heating systems regardless of type.
- (Smart) Heat Pump Thermostats work on Wi-Fi internet. For customers in rural areas that have intermittent internet or simply bad internet service, the installer shall provide a separate thermostat installed on the outside within the condenser to allow natural means of temperature measurements triggering heat or cooling, allowing your home to lose heat energy to the surrounding environment more slowly especially at very low temperatures.
- Companies with specialty designed programmable thermostats for heat pumps are acceptable, which make setting back the thermostat cost-effective. These thermostats typically use special algorithms to minimize the use of backup electric resistance heat systems. NOTE: Specialty designed heat pump thermostats may still need additional exterior thermostats installed where internet service is poor.
- Wood and Pellet Heating units cannot be installed as the main heating furnace without prior approval by NHID and/or MI-HOPE Program/Construction Manager. See more information on Wood and Pellet Heating types; [Wood and Pellet Heating | Department of Energy](#)

**Boiler Systems:** Energy Star boiler systems have annual fuel utilization efficiency (AFUE) ratings of 87% or greater for oil boilers and 90% or greater for gas boilers. AFUE is the measure of heating equipment efficiency. They achieve greater efficiency with features, including:

- Electronic ignition, which eliminates the need to have the pilot light burning all the time
- New combustion technologies that extract more heat from the same amount of fuel
- Sealed combustion that uses outside air to fuel the burner, reducing drafts and improving safety
- Furnaces and Boilers: See more information on Furnaces and Boilers. [Furnaces and Boilers | Department of Energy](#)
- Michigan Boiler Codes:
- [Microsoft Word - R 408.30501 to 408.30547 \(state.mi.us\)](#). Specifically, Page 40

## Air Conditioning

### Repair Standards

- Non-functioning, non-repairable air conditioners will be removed and drained of all CFCs. Existing central air conditioning will be inspected, serviced, and refurbished to operate safely and efficiently. If the existing system cannot conform with the AC (replacement) standard, the system shall be replaced.

### Replacement Standards

- **Energy Star Cooling Systems:** The installation of whole house air-conditioning shall conform to the following most common Energy Star rating for AC Systems.

#### **DAY & NIGHT - 13 SEER N SERIES R410A AC**

Type: Split System

Cooling Capacity: 17,000 - 47,000 BTUs (1.4 - 3.9 tons)

SEER: 15.0

EER: 12.5 - 13.0

- Heat Pump Systems as written within these standards are acceptable for both air-conditioning and heating.
- For more information on Energy Star Heating and Cooling Systems:  
[www.ceedirectory.org/site/1/Home](http://www.ceedirectory.org/site/1/Home)

## Water Heaters

### Repair Standards

- Each housing unit will have a working water heater less than 5 years old with a minimum capacity of 40 gallons if it is gas-fired. Gas water heaters more than 3 years old may be repaired if a repair will make it operable. All electric water heaters will be replaced with a gas-fired model or demand electric heater, or gas heater as described within the Replacement Standard.

### Replacement Standards

- All New Water Heater units shall meet Energy Star Certification. Tank type units shall be a minimum 40-gallon, 40,000 BTU natural or propane gas-fired water heater with a 10-year warranty, installed to the mechanical code and electrical code as applicable.
- NOTE: For homes that use 41 gallons or less of hot water daily, demand type water heaters can be 24% to 34% more energy efficient than conventional storage tank water heaters; therefore, homes that use 41 gallons or less, electric or gas (demand) type fired systems can be installed.

[Tankless or Demand-Type Water Heaters | Department of Energy](#)

- Energy Star Certified Heat Pump Water Heaters can be installed when feasible. See Energy Star Savings & Pay Back Link-[Save Money and More with ENERGY STAR Certified Heat Pump Water Heaters | ENERGY STAR](#) & [Super-Efficient Water Heater | ENERGY STAR](#)

## Exterior Security Lighting

### Repair Standards

Bulb Replacement Only: DOE Recommended LED bulbs. NOTE: If the current fixture does not allow for LED bulbs, the fixture shall be replaced per (Replacement Standard).

### Replacement Standards

- When replacement or installation of exterior lighting is performed, all new lighting fixtures and bulbs shall be energy efficient lighting per Department of Energy Standards. Minimum Standard: LED fixtures and bulbs shall be the replacement standard unless otherwise recommended by the Department of Energy.
- NOTE: When designing outdoor lighting, consider the purpose of the lighting along with basic methods for achieving energy efficiency.

Outdoor lighting for homes generally serves one or more of three purposes:

- Aesthetics, Illuminate the exterior of the house and landscape.
- Security, Illuminate the grounds near the house or driveway.
- Utility, Illuminate the porch and driveway to help people navigate safely to and from the house.

Here are some basic methods for achieving energy-efficient outdoor lighting.

- Security and utility lighting does not necessarily need to be bright in every instance to be effective.
- Consider LED flood lights with combined photosensors and motion sensors in the place of other security lighting options.
- [Lighting Controls | Department of Energy](#)
- Make sure outdoor light fixtures have reflectors, deflectors, or covers to make more efficient use of the light source and help reduce light pollution
- Whenever possible use outdoor solar lighting fixtures
- [Outdoor Solar Lighting | Department of Energy](#)
- Use timers and other controls to turn decorative lighting on and off.

Energy Efficient Lighting Information, Décor Ideas and Products.

- [Lighting Design | Department of Energy](#)
- [Top 8 Outdoor Lighting Safety Tips To Keep You Safe \(lightscoop.com\)](#)

## Appliances

### Repair Standards

- All appliance units shall be in good working condition and comply to current Energy Star standards and be no more than 5 years old.

### Replacement Standards

- New appliances shall be current ENERGY STAR-labeled and have current ratings. All new cooking ranges will be electric or natural gas. Propane is acceptable only within areas where natural gas is not available.
- Smart Energy Star Appliances are acceptable when budgets allow them. Current ratings [Energy rating - appliances | energy.gov.au](#)

**Appliances are limited to:** Kitchen-Refrigerators, Stoves, Microwaves, Dishwashers. Laundry-Washer & Dryer. All new installed appliances shall match.

## Electrical Upgrades

Partial or Full Electrical Upgrades: All MI-HOPE projects involving electrical wiring upgrades shall meet all (current) Michigan Residential Electrical Building Codes and associated Local Codes. All projects shall have electrical permits, associated approved progress and final inspections.

[Michigan Residential Electrical Building Codes \(legalbeagle.com\)](http://legalbeagle.com)

## Residential Environmental & MIOSHA Lead Based Paint (LBP)

### Repair Standards

- For all houses constructed prior to 1978 and investment of \$5,000 or more, grantees must perform a Combination Inspection Risk Assessment. Post Rehabilitation Clearance Testing Protocol and associated sampling must be submitted to an Environmental Protection Agency (EPA) accredited lead analytical laboratory and the dust samples must pass a dust wipe test for lead content as per the protocol in the HUD Guidelines.
- EPA Certified Firms shall perform Lead-safe Work Practices on Interim Control projects.  
[BSR-STD- \(michigan.gov\)](http://michigan.gov)
- All Lead Related Topics: [Lead | US EPA](#)

### Replacement Standards

- When stabilization of surfaces containing LBP is impractical, the most affordable solution for abatement of the component will be chosen. Walls containing LBP may be covered with drywall or gutted and replaced with drywall. Trim and other wood or metal components containing hazardous LBP may be removed and replaced with similar materials. Lead-safe work practices must be followed, and only Certified Abatement Contractors used to perform the work.
- [Lead Exposure in Construction \(michigan.gov\)](http://michigan.gov)
- [Preambles to Final Rules | Occupational Safety and Health Administration \(osha.gov\)](http://osha.gov)
- [Fact Sheet: EPA and HUD Move to Protect Children from Lead-Based Paint Poisoning; Disclosure of Lead-Based Paint Hazards in Housing](#)

## Asbestos

### Repair Standards

- Non-friable intact Asbestos materials that are not creating a hazard such as cementitious exterior wall shingles may be left intact and painted if appropriate. Asbestos-resilient floor tiles may be labeled as such and covered with underlayment and new resilient flooring.  
[MIOSHA Asbestos Fact.pdf](#)

### Replacement Standards

- Friable asbestos components such as boiler or pipe insulation, badly deteriorated cementitious shingles or deteriorated flooring will be removed and, if necessary, replaced with non-hazardous materials.
- [2020-055 LE CS Part 602 Asbestos in Construction \(print version\) \(michigan.gov\)](#)

MIOSHA Asbestos  
Fact.pdf

MIOSHA Lead Paint  
Fact\_C012.pdf

## Mold

### Repair Standards

- Any presence of mold is unacceptable and must be addressed per the National Center for Healthy Housing protocol “Creating a Healthy Home.” [A Brief Guide to Mold, Moisture and Your Home | US EPA](#)

### Replacement Standards

- NOTE: Mold Remediation for the MI-HOPE is required when directly associated and tied to approved activities. Standalone mold projects are not permitted.

## Reporting Responses:

**Project Workforce Continuity Plan**

\*How the recipient will ensure the project has ready access to a sufficient supply of appropriately skilled and unskilled labor to ensure high quality construction throughout the life of the project, including a description of any required professional certifications and/or in-house training?

\*How will the recipient minimize risks of labor disputes and disruptions that would jeopardize timeliness and cost-effectiveness of the project?

\*How the recipient will provide a safe and healthy workplace that avoids delays and costs associated with workplace illnesses, injuries, and fatalities, including descriptions of safety training, certification, and/or licensure requirements for all relevant workers (e.g., OSHA 10, OSHA 30)?

\*Will workers on the project receive wages and benefits that will secure an appropriately skilled workforce in the context of the local and regional labor market?

--None--

\*Does the project have a completed project labor agreement?

--None--

*Figure 37 Additional Questions if Response to Certifications of Labor Agreements is "No"*

Within the written construction contract there will be provisions outlining the process of work approval:

UPON COMPLETION OF THE WORK, the premises will be inspected by the Administrator's Housing Inspector and/or MSHDA's NHID Construction Manger to ascertain if the work stated in the Work Specifications has been completed satisfactorily in the opinion of the Administrator. The Property Owner will be also required to give written approval of the work performed even if the Housing Inspector ascertains that the work has been completed satisfactorily. If it is determined by either, that the work has not been completed satisfactorily or not in accordance with the Work Specifications, the Administrator will, by written notice to the Contractor, advise the Contractor to complete and/or correct the unsatisfactorily work within ten days from the date of receipt of the written notification by the Administrator.

Within the written construction contract there will be provisions outlining the process of minimizing labor disputes:

IN THE EVENT a dispute arises hereunder between Contractor and Property Owner, the parties hereby agree: That if an impasse is reached between the parties during the construction phase of the project, the Administrator will be contacted and act as intermediary of the dispute; once project completion and disbursement of funds has occurred, Property Owner accepts responsibility for obtaining relief through appropriate channels such as the Michigan Department of Licensing and Regulation.

- c) Whether the project prioritizes local hires (see Figure 38).

Each subrecipient will follow their procurement procedures which may include prioritization of local hires but is not required by the program guidelines.

- d) Whether the project has a Community Benefit Agreement, with a description of any such agreement (see Figure 38).

Does the project prioritize local hires? --None--
Does the project have a Community Benefit Agreement, with a description of any such agreement? --None--

The subrecipients are not anticipated to have Community Benefit Agreements in place as they are not applicable to the single-family home repairs being undertaken within MI-HOPE.

# Section 4: Documents

**TELEPHONE:** 517-335-2524

**EMAIL:** [MSHDA-MI-HOPE@MICHIGAN.GOV](mailto:MSHDA-MI-HOPE@MICHIGAN.GOV)

**MICHIGAN STATE HOUSING DEVELOPMENT AUTHORITY**  
**AMERICAN RESCUE PLAN**  
**CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUNDS**  
**CONFLICT OF INTEREST POLICY**

The following conflict of interest standards apply to all recipients of and participants in any program administered by the Michigan State Housing Development Authority (the “Authority”) using American Rescue Plan Coronavirus State and Local Fiscal Recovery Funds (the “SLFRF Program”), including, but not limited to, officers and employees of the Authority and any vendors, agents, contractors, and subcontractors working with the Authority in connection with the SLFRF Program.

**Conflict of Interest**

A conflict of interest occurs when an employee that either works on the SLFRF Program (i.e.: participates in the selection, award, or administration) or is receiving an award from the SLFRF Program (this includes both permanent or limited term and contract employees; collectively, “Employee”) or an immediate family member of the Employee has a direct, actual financial or ownership interest in a development, program or matter pending before the Authority. In such a case, the Employee or immediate family member must either withdraw from the interest that creates the conflict or remove the matter from the Authority’s consideration. Conflict of interests will be subject to the Authority’s Code of Ethics and may be reviewed by the Authority’s Ethics Committee.

A conflict of interest may also occur if friends, family members, or business associates of an Employee apply for and receive program benefits. To avoid such a conflict, the Employee must disclose any family, friend, or business associate relationship with a program applicant to the Authority’s Director of the SLFRF Program and/or Operations Manager and must not participate in the processing, approval, underwriting, or administration of such application for assistance, or any other related decision-making.

A conflict of interest may also occur if an Employee or an Employee’s immediate family member receives a gift, gratuity, favor, loan of money, or other thing of value from a person or organization applying to a SLFRF Program or otherwise doing business with the Authority. An Employee or an Employee’s immediate family member may not solicit or accept any money, gift, loan, services, goods, or other thing of value from a person or organization applying to, or doing business with, the Authority except under the following circumstances:

- a. A *de minimis* gift of \$20 or less in value.
- b. Meals or beverages paid for by a person or organization doing business with the Authority if incidental to a business meeting, seminar, training session, or other organized function that has a purpose beyond the providing of the meal or beverage.

**TELEPHONE:** 517-335-2524

**EMAIL:** MSHDA-MI-HOPE@MICHIGAN.GOV

A conflict of interest may also occur based on the appearance of a conflict, whether or not an actual conflict exists. An Employee must treat any apparent conflict in the same manner as an actual conflict.

If you believe a conflict or potential conflict or the appearance of a conflict exists, please report in writing to the Authority's Director of the SLFRF Program and/or Operations Manager, the Authority's Director of Legal Affairs, and the United States Department of the Treasury.

### **Employee and Immediate Family Member Participation in SLFRF Programs**

An Employee of the Authority or the SLFRF Program and/or that Employee's immediate family member may apply for assistance through a SLFRF Program. To avoid any actual or perceived favoritism or conflict of interest, the Employee and the Authority must observe the following principles and guidelines:

- a. The Employee and/or the Employee's immediate family member must meet all eligibility criteria required of program participants.
- b. The Employee cannot supervise or participate in the processing of their application.
- c. The Employee's direct subordinates cannot participate in the approval of the Employee's application or in any decision or recommendation regarding the Employee's participation.
- d. The Authority's Director of the SLFRF Program and/or Operations Manager, the Authority's Director of Legal Affairs, and the United States Department of the Treasury may require additional documentation.
- e. The Authority's Director of the SLFRF Program and/or Operations Manager must approve the Employee's participation in writing.

Before an Employee and/or the Employee's immediate family member applies for any SLFRF Program, the Employee must follow the following procedures:

- a. The Employee must notify the Authority's Director of the SLFRF Program and/or Operations Manager and the Authority's Director of Legal Affairs of their intent to apply for assistance prior to submitting an application.
- b. The Employee must follow all program application procedures. The Authority's SLFRF Program staff will review and process the Employee's application, with a recommendation to the Authority's Director of the SLFRF Program and/or Operations Manager and the Authority's Director of Legal Affairs regarding approval.

## Definitions

In interpreting the foregoing provisions, the following definitions apply:

- a. "immediate family member" means an Employee's grandparent, grandchild, parent, parent-in-law, stepparent, sibling, spouse, child, or stepchild<sup>1</sup>
- b. "family member" means an Employee's relative by blood, marriage, partnership or adoption, including an Employee's spouse, partner, parent, sibling, grandparent, child, grandchild, aunt or uncle, or cousin, and step-, half- or in-law relations of the same types of family members.
- c. "friend" means an individual not related by blood, marriage, or partnership with whom an Employee enjoys a close personal relationship.
- d. "business associate" means a person associated with an Employee to achieve a common financial objective.

## Agreement

I have read this *Conflict of Interest Policy*, and I agree to comply with the provisions herein.

---

Name (Printed)

---

Signature

---

Date

<sup>1</sup> The Authority acknowledges that the Michigan Civil Service Commission Rule 2-8 does not include a grandchild in its definition of immediate family member and the United States Department of the Treasury does not include a grandparent in its definitions of immediate family member for 12 CFR 26.2 and 12 CFR 161.24. Out of an abundance of caution, the Authority recommends including both grandchild and grandparent in the definition of immediate family member.

# Michigan Housing Opportunities Promoting Energy-Efficiency (MI-HOPE) Household Income Self-Certification Form

**Subrecipient Name:** \_\_\_\_\_

**Grant Number:** \_\_\_\_\_

Applicant Name \_\_\_\_\_

- This is a homeowner occupied property      or       This is a tenant occupied property

Assisted Property Address \_\_\_\_\_

Project Description \_\_\_\_\_

**Income Attestation Statement:**

- I/We attest that all household income is truthful and accurately disclosed for all members of the household including dependents 18 years or older that are not full-time students.
- I/We knowingly understand that submitting false information may violate Federal or State law and may prohibit my/our participation in the MI-HOPE program.

**Applicant Qualifications**

- The applicant is the **owner** and **occupies** the **assisted** property.  
Or the applicant is the **owner** and a **tenant occupies** the **assisted** property and has a written lease.
- The applicant does **not** own any property that is **tax delinquent**.
- There is **current insurance** coverage on the property.
- The applicant does **not** own any property that is subject to any **citation of violation** of the state and/or local codes and ordinances.
- The applicant has **not** been the **prior owner** of any property transferred to the Treasurer or to a local government as a result of tax foreclosure proceedings.

*In order to participate, the occupant household income must be at or below 300% of the Federal Poverty Levels*

Federal Poverty Levels								
Household Size	1	2	3	4	5	6	7	8
Income Limits 300% FPL	\$38,640	\$52,260	\$65,880	\$79,500	\$93,120	\$106,740	\$120,360	\$133,980

**Occupant Income Verification Statement:**

**BY MY SIGNATURE BELOW, I CERTIFY THAT MY INDIVIDUAL INCOME OR HOUSEHOLD INCOME IS NO MORE THAN \$ \_\_\_\_\_ ANNUALLY AND \_\_\_\_\_ NUMBER OF PERSONS RESIDE IN MY HOME.**

Please indicate total number of household members over 18 that are not a full-time student: \_\_\_\_\_

Please indicate the total number of household members under 18 or are a full-time student: \_\_\_\_\_

- I FURTHER CERTIFY THAT I AM ABLE TO DOCUMENT MY ANNUAL INCOME WITH PAYSTUBS, OR OTHER REQUIRED EVIDENCE AND HAVE PROVIDED THE SUPPORTING DOCUMENTATION ALONG WITH THIS FORM.
- In addition, I further certify that I am able to provide applicable Pandemic Hardship Self-Attestation that began on or after March 3, 2021.

The financial hardship caused by the coronavirus pandemic was a (select all that apply):

- Decrease in household income
  - Reduction in work hours
  - Layoff
  - Other \_\_\_\_\_ (Limit Characters to 40)
- and/or

The financial hardship caused by the coronavirus pandemic was an increase of (select all that apply):

- Utility Expenses
- Food Expenses
- Childcare Expenses
- Medical Expenses
- Other \_\_\_\_\_ (Limit Characters to 40)

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the supporting documentation provided, and the household eligibility facts provided are consistent, true, correct, and complete.

I also understand and provide consent for MSHDA and/or its Subrecipient Agency to verify accuracy of the certified information and determine if it is in compliance with the program's requirements and policies and federal regulations.

In addition, I understand that there is a formal on-line process to report fraud concerns:

# Demographic Information

**Instructions:** Applicants for the Michigan Housing Opportunities Promoting Energy-Efficiency (MI-HOPE) must complete this form and submit with the initial MI-HOPE application. This information is collected in order to help certify that the application process is open and fair. Each household must be given the opportunity to disclose this information. Parents or guardians are asked to complete this disclosure on behalf of household members who are under the age of 18. Individuals who do not wish to provide some or all of this information are asked to select the corresponding box when appropriate. There is no penalty for households or individuals who do not wish to provide information. This should match the Household Income Certification Form information.

**MICHIGANHOUSING OPPORTUNITIES PROMOTING ENERGY EFFICIENCY PROGRAM  
LANDLORD WRITTEN PARTICIPATION & CERTIFICATION AGREEMENT**

Eligible Tenant(s) / Principal Occupant(s): \_\_\_\_\_

Landlord(s) / Non-Occupant(s): \_\_\_\_\_

Property Address: \_\_\_\_\_

The parties identified above are receiving rehabilitation assistance. All parties must have read and signed below to certify their understanding and acceptance of the following:

**MI-HOPE funding is limited to assisting a maximum of one property per rental owner within a MI-HOPE funding round. In order to be eligible, all rental properties must fulfill all of the following requirements:**

- The landlord has no unaddressed mortgage and/or tax delinquencies.
- The landlord is not subject to a foreclosure proceeding, court-order receivership, or nuisance abatement.
- The landlord has no unaddressed/outstanding code compliance issues.
- The property has utility services turned on and operable or, based on MSHDA pre-approval prior to contract execution, will be turned on and operable after safety issues are addressed.
- The property must be insured or provide written verification of insurability post-rehab.
- The property is affixed to a permanent foundation.
- The property is currently occupied by tenants that identify the assisted address as their primary residence.
- For non-owner-occupied units, the landlord must provide proof of ownership for twelve months and provide a six-month occupancy history.
- The occupant household is income eligible. Landlord and tenant are required to complete the Household Self Certification Form.
- The property may not be used for any illegal activity. The landlord(s) must keep the home in reasonably good repair and free from code violations. Must keep all debris to a minimum to reduce fire, health, and safety hazards.
- The property has a formal written lease agreement and rents cannot be increased during the first year (12 months) after the completion of MI-HOPE program financed activities and final billing is completed.
- A copy of the current rental agreement must be retained in local files and be made available to MSHDA upon request, within three business days. This agreement must be fully signed and dated.
- The property is not owned by the subrecipient.

I/We, being the Landlord(s) of the property located at \_\_\_\_\_  
hereby certify my/our understanding and acceptance of the above-written participation & certification  
agreement.

**SUBRECIPIENT NAME**

Date: \_\_\_\_\_  
Program Administrator Name and Title

**GUIDANCE FOR MI-HOPE PROGRAM ADMINISTRATION REPORT**

Subrecipient Program Administration, Activity Delivery Costs, and Soft Costs

Agencies may opt out of utilizing MI-HOPE funding for administration but are not allowed to amend their budget post grant award to add it in as a funding component post grant award.

Note: Documentation and itemized administrative tracking is required via a required tracking report form.

In addition to administrative costs, subrecipients will be able to get reimbursed for soft and activity delivery costs to cover project specific costs on a per property billing basis, as outlined on the chart below:

**MI-HOPE ADMINISTRATIVE AND PROJECT COSTS CHART**

ADMINISTRATIVE COSTS			PROJECT COSTS	
			Amounts in these columns + project hard costs must not exceed total project maximum allowance of \$25,000 per property.	
Component	Funding Source	Program Admin	Soft Costs	Activity Delivery Costs (ADC)** or Indirect Cost Rate
Homeowner Rehab	MI-HOPE	5% of grant	No limit, include in total project costs	ADC - 10% of total project cost or indirect cost rate

**Administrative Costs** – General management, oversight, and coordination of the housing program. Reasonable costs of overall program management, marketing, monitoring, and evaluation. (Not address specific)

**Activity/Project Delivery Costs** – Associated with specific addresses. Grantee staff time directly related to carrying out the project and assisting owners and tenants via advisory services, including timely written notices to occupants, property inspections, counseling, and other assistance necessary to minimize hardship during the construction phase. For MI-HOPE assisted projects, such costs must be allocated among units in a reasonable manner and documented.

or

**Indirect Cost Rate** – The de minimis indirect cost rate is calculated on modified total direct costs (MTDC) which exclude equipment and capital expenditures. MTDC is defined as "...all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items may only be excluded when necessary to avoid serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

- Uniform Guidance on indirect costs [2 CFR 200.414](#) – See subsection (f) for de minimis rate and MTDC information.
- Uniform Guidance definition [2 CFR 200.1](#) – See Modified Total Direct Cost alphabetically in the listing

**Soft Costs** – Associated with specific addresses. Costs for project-related services, whether or not these services are provided by the grantee’s staff or contracted to third parties.

**Note:** All program administrative costs, activity/project delivery costs and soft costs require documentation.

<p style="text-align: center;"><b>ADMINISTRATIVE COSTS</b></p> <p>General management, oversight, and coordination of the housing program. Reasonable costs of overall program management, marketing, monitoring, and evaluation. (Not address specific)</p>	<p style="text-align: center;"><b>INDIRECT COST RATE</b></p> <p>An indirect cost rate is the ratio between the total indirect expenses and some direct cost base. The indirect cost allocation methods used by each organization depend on its own structure, program functions, and accounting system.</p>
<p><b>Expenses must be formally tracked to program time and charged directly via the report form. Employees and/or activities identified in the program guidelines to be paid for with administrative funds cannot also be billed as an indirect cost rate.</b></p>	<p><b>Expenses are tied to all other non-administrative specific activities and roles – not included in the administrative cost program guidelines. A formal written calculation must be provided for Draw #2 and/or Draw #3 based on expenditures/reimbursement requests.</b></p>
<p>Within the program guidelines:</p> <ul style="list-style-type: none"> <li>A. Provide a list of Employee names and titles that will be billed based on performance of an administrative activity</li> <li>B. Provide a list of non-employee expense line items that will be billed to administrative costs.</li> </ul>	<p>Within the program guidelines:</p> <ul style="list-style-type: none"> <li>A. Provide a copy of the indirect cost rate being utilized for the MI-HOPE Program.</li> <li>B. Provide a summary of what costs will be included within the indirect costs. Note: any items and/or staffing names cannot be duplicated between indirect and administrative costs.</li> </ul> <p>To calculate indirect costs on total project costs, use this formula:</p> <p><b>Calculation: Direct costs/(1 –allowed indirect rate) = Total Costs</b>  <b>Total costs - Direct costs = Indirect costs</b></p> <p>Example: <math>\\$250,000/(1-.10) = \\$250,000/.9 = \\$277,778</math>  <math>\\$277,778-\\$250,000 = \\$27,778</math></p> <p>You could request \$27,778 in the Draw Request.</p>

**FSR Tracking Template – for Internal Grant Management Tracking Purposes (Optional)**

*NOTE: For each FSR submitted, list each activity address/description. Attach receipt(s) identifying what is eligible for MSHDA reimbursement. Cross off items not reimbursable by MSHDA. Be sure the amount on this spreadsheet equals the amount you are asking on your FSR.*

SUBRECIPIENT NAME: \_\_\_\_\_

GRANT #: \_\_\_\_\_

FSR #: \_\_\_\_\_ REQUESTED AMOUNT: \_\_\_\_\_

Address/description	Housing Activity
Ex. 123 North St.	\$2,000.00
456 South St.	\$500.00
<b>TOTAL NON-ADMIN</b>	<b>\$2,500.00</b>
<b>ADMIN</b>	

*\*If Admin is being requested, attach a completed MI-HOPE Program Administration Report.*

**FSR Draw Schedule**

- 1) 1<sup>st</sup> draw – up to 25% - can be advanced (Note: Administration cannot be advanced.)
- 2) Champion technical assistance visit, any issues noted
- 3) 2<sup>nd</sup> draw – up to an additional 50%, aka up to 75% total award draw; the 2<sup>nd</sup> draw will require the full expenditure of the 1<sup>st</sup> draw
- 4) On site monitoring visit conducted (if selected based on risk selection process), to include the construction visits to a minimum of 20% of the assisted properties (based on a random sampling)
- 5) 3<sup>rd</sup> draw – additional 25%, or the remaining percentage needed to reach 100%
- 6) Selection of Final FSR is completed within the system.

**Grant Management Tracking Template for Internal Purposes (non-admin) (optional)**

Address	Homeowner	Work being done	Issues/Notes	Contractor	Approved Amount
123 North Street	Doe, J.	Windows		ABC Construction	\$2,000.00
456 South Street	Public, J.	Exterior Door		Acme Construction	\$500.00
				Total	\$2,500.00
<b>Notes:</b>					
MI-HOPE Award	\$100,000.00				
Housing Enhancements	\$100,000.00				
Admin - None	\$0.00				
Spent so far	\$2,500.00				
Admin spent so far	\$0.00				
Left to spend	\$97,500.00				
Grant Expires: 9/30/26					
Note: Final Outcome Report and Surveys need to be submitted before the Final FSR is approved!					

## MI-HOPE Subrecipient Participation Engagement Survey

1. Overall, how would you rate the experience out of 5 stars (5 is the best rating and 0 is the worst)?
2. Suggestions on how the process could be improved.
3. How would you describe the overall benefit/impact of this grant on the neighborhood and community?
4. Do you feel that this program was beneficial to promoting energy efficiency within your service area/community?

## MI-HOPE Household Participation Engagement Survey

1. Overall, how would you rate the experience out of 5 stars (5 is the best rating and 0 is the worst)?
2. Suggestions on how the process could it be improved.
3. How would you describe the overall benefit/impact of this grant on your household and neighborhood?
4. Do you believe that this energy efficiency assistance has saved your household money?
5. Did this assistance minimize your pandemic hardship?

# Final Outcome Report

## Leveraged Funds Summary

Funding Source

Brief Description including what the leveraged funds were used for.

0 of 3000

## Total Leveraged Funds

\$0.00

## Photos

Upload before and after photos of projects/units undertaken with this grant

Instructions:

- Rename photo files with grant #, component/activity and Before or After (i.e., #HRF-2020-9882-00004, Activity, Before)
- One document should be uploaded with the before and after photo from all project/units in one document.

## Survey

Please complete and upload the MI HOPE Grantee Participation Engagement Survey: [Download Survey](#)

Please complete and upload ALL MI HOPE Homeowner Participation Engagement Survey: [Download Survey](#)

## Home Energy Measurables of Cost Savings

Please upload an overall final projections of energy Savings of all addresses by one of the following:

- Home Energy Rating Systems (HERS) Rater, RESNET
- Utility Company Energy Rater Program, i.e., Consumers Power or DTE Energy
- National Energy Audit Toll (NEAT)
- US Department of Energy (Home Energy Saver) tool Home Energy Saver (lbl.gov)

Please upload an overall cost savings post construction of each address and the actual monthly utility bill (must be the same month as application submission):

Cumulative energy savings for grant

## Title 2 - Grants and Agreements

### Subtitle A - Office of Management and Budget Guidance for Grants and Agreements

#### Chapter II - Office of Management and Budget Guidance

#### Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

#### Subpart D - Post Federal Award Requirements

#### Closeout

Source: 85 FR 49543, Aug. 13, 2020, unless otherwise noted.

Authority: 31 U.S.C. 503

Source: 78 FR 78608, Dec. 26, 2013, unless otherwise noted.

#### § 200.344 Closeout.

The Federal awarding agency or pass-through entity will close out the Federal award when it determines that all applicable administrative actions and all required work of the Federal award have been completed by the non-Federal entity. If the non-Federal entity fails to complete the requirements, the Federal awarding agency or pass-through entity will proceed to close out the Federal award with the information available. This section specifies the actions the non-Federal entity and Federal awarding agency or pass-through entity must take to complete this process at the end of the period of performance.

- (a) The recipient must submit, no later than 120 calendar days after the end date of the period of performance, all financial, performance, and other reports as required by the terms and conditions of the Federal award. A subrecipient must submit to the pass-through entity, no later than 90 calendar days (or an earlier date as agreed upon by the pass-through entity and subrecipient) after the end date of the period of performance, all financial, performance, and other reports as required by the terms and conditions of the Federal award. The Federal awarding agency or pass-through entity may approve extensions when requested and justified by the non-Federal entity, as applicable.
- (b) Unless the Federal awarding agency or pass-through entity authorizes an extension, a non-Federal entity must liquidate all financial obligations incurred under the Federal award no later than 120 calendar days after the end date of the period of performance as specified in the terms and conditions of the Federal award.
- (c) The Federal awarding agency or pass-through entity must make prompt payments to the non-Federal entity for costs meeting the requirements in Subpart E of this part under the Federal award being closed out.
- (d) The non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that are not authorized to be retained by the non-Federal entity for use in other projects. See OMB Circular A-129 and see § 200.346, for requirements regarding unreturned amounts that become delinquent debts.
- (e) Consistent with the terms and conditions of the Federal award, the Federal awarding agency or pass-through entity must make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

**2 CFR 200.344 (up to date as of 10/05/2022)**  
Closeout.

**2 CFR 200.344(f)**

- (f) The non-Federal entity must account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §§ 200.310 through 200.316 and 200.330.
- (g) When a recipient or subrecipient completes all closeout requirements, the Federal awarding agency or pass-through entity must promptly complete all closeout actions for Federal awards. The Federal awarding agency must make every effort to complete closeout actions no later than one year after the end of the period of performance unless otherwise directed by authorizing statutes. Closeout actions include Federal awarding agency actions in the grants management and payment systems.
- (h) If the non-Federal entity does not submit all reports in accordance with this section and the terms and conditions of the Federal Award, the Federal awarding agency must proceed to close out with the information available within one year of the period of performance end date.
- (i) If the non-Federal entity does not submit all reports in accordance with this section within one year of the period of performance end date, the Federal awarding agency must report the non-Federal entity's material failure to comply with the terms and conditions of the award with the OMB-designated integrity and performance system (currently FAPIIS). Federal awarding agencies may also pursue other enforcement actions per § 200.339.

***MI-HOPE Program Guidelines Approval Checklist***

**At a minimum the following should be addressed in all Subrecipient Program Guidelines:**

**General Provisions**

1. MI-HOPE Program Goals/Purpose/Desired Outcomes - MI-HOPE intends to promote local service area engagement and closely monitor subrecipient intake and selection practices to facilitate equitable outcomes, including economic and racial equity. This funding is specifically tied to providing housing assistance to address and minimize the economic impacts of the pandemic within each subrecipient service area. It is highly expected that the program will reach residents of low-income neighborhoods, minorities, disconnected youth, the unemployed, formerly incarcerated citizens, veterans, and persons with disabilities and that all the identified resident groups living in programmatic eligible households within the defined service area boundaries can apply.  
The program is being designed to provide long-term housing security and housing supports to provide impacted and disproportionately impacted communities with services to address the negative economic impacts of the Covid-19 pandemic.
2. Program Location (Insert target area with street boundaries identified and correlating zip codes)
3. Leveraged Resources (if applicable) – All resources need to be committed prior to project starting. Funding Source \_\_\_\_\_ Funding Amount \$ \_\_\_\_\_
4. Owner Contribution (if applicable) – Must be placed in Subrecipient’s escrow fund prior to project start. Lines of credit are not secure or acceptable. (Can be nullified by the time project starts.)
5. Fair Housing/Equal Employment Opportunity/Non-Discrimination – Statement of the Subrecipient’s Policy, Identity of Contact Person, and Contact Information. MSHDA will require all subrecipients, as part of the agency-specific program guidelines outlining MI-HOPE’s procedures, to obtain data and or be supplied data about the demographic composition of their selected area(s). Based on this data, the subrecipient agency will gain insight into which residents are historically underserved, marginalized, or adversely affected groups that can be served within their jurisdiction.  
Marketing efforts must contain a documented and demonstrated methodology to notify **all** residents of the MI-HOPE energy efficiency grant opportunity. If there is a population within the area that is predominantly non-English speaking, marketing materials will need to be prepared in the applicable language.
6. Conflict of Interest Statement/Fraud (Refer to MI-HOPE Policy and Compliance Handbook)
7. Complaint Resolution Process (Refer to MI-HOPE Policy and Compliance Handbook)
8. Program Administration

**Eligible Requirements**  
**Applicants**

- Eligibility of Applicants – (Household Income Self-Certification Form and Supporting Doc’s)

Household Size	1	2	3	4	5	6	7	8
Income Limits	\$38,640	\$52,260	\$65,880	\$79,500	\$93,120	\$106,740	\$120,360	\$133,980
300% PFG								

**Property Criteria**

- Housing Types Assisted
  - Single-family owner-occupied with an income qualified household
  - Single-family non-owner-occupied with an income qualified household
  - Multi-family (attached or detached - up to 3 units) owner-occupied with an income qualified household
  - Multi-family (attached or detached- up to 3 units) non-owner-occupied with a Covid-19 pandemic hardship and income qualified eligible household
  - Detached Site Condominium units
  - Modular/Manufactured homes permanently affixed to real property and taxed as real estate
- Ownership Criteria and Eligibility
- Property Condition Criteria
- Architectural Drawings (if applicable)
- Historical Property – Local Historic Review (if applicable)
- Lead-Based Paint/Asbestos Compliance (if applicable)

**Eligible Activities – Consult Rehab Standards for more details**

- Clear Definition of the Scope of Work:
  - Roof
  - Storm Doors/Exterior Doors
  - Windows
  - Insulation
  - Modification for modernization/efficiency purposes or replacement of heating (furnaces or boilers)/cooling (full home only)/ventilation systems and water heater upgrades including on-demand retrofitting
  - Functioning and up to date exterior security lighting
  - Appliance upgrades to energy star rating, i.e., stove, refrigerator
  - Electrical upgrades or replacement – wiring of home (partial or full)
- Minimum/Maximum Levels of Assistance
- Eligible/Ineligible Activities (selected activities out of 8 based on project description)
- Minimum Construction Requirements and Standards must follow local code
- Materials – including “Green Standards” utilized (if applicable)

**Application Process and Applicant Selection** - The application process must be free and open to all area residents that fully meet qualifications outlined within the MI-HOPE program materials. The subrecipients will be required to undertake a fair selection process and will be allowed, within the first funding phase, to prioritize applicants based on need. However, subrecipients will be required to provide a list of all applicants, property address (including zip code), household size, income levels, race, ethnicity, how they learned about the program, and a brief summary of the requested energy efficiency activities. It is expected that the selected applicant pool, if a method other than lottery/random sample selection process is undertaken, that the assisted households will fall within 50% of the composite neighborhood demographics. This applicant data will have to be reported each quarter and a formal analysis will be undertaken at MSHDA to ensure that fair and equitable distribution of the resources is actively being undertaken.

- Notice of Available Funds – MSHDA MI-HOPE Applicant Portal anticipated to go live on 10/27/22
- Utilization of the MSHDA MI-HOPE Applicant Portal is Required
- Application Intake Process/Review (First come, first served selection process is not allowed. No old/pipeline applicants accepted unless dated after March 3, 2021)
- Project Selection Process/Inspections, i.e., site selection, prioritization of properties, etc.
- Selection Process/Eligibility/Lottery Process (encompassing all eligible community members)
- Applicant Prioritization Selection Process: Each subrecipient must identify how they sort applications into different categories: Income level; zip code preferences; activity need; demographics/long-time resident; rentals vs single-family; activity tied to weatherization/deferral item.

**Process**

- Forms and Required Attachments
- Photographs – before and after with similar angle/location/reference
- Scope of Work/Cost Estimates (we require a minimum of two quotes unless there is more than a 25% difference between them, in which case you'll need a third quote and/or it will be reviewed by our Construction Manager)

**Contractor/Vendor Selection**

- Procurement/Small Purchase Procedures for Contractor/Vendor Solicitation (a minimum of two weeks; notice to respond is required)
- Contractor Verification of Eligibility (State Licensing, Insurance Certifications, etc.)
- Contract Approval, Award, and Notification
- Pre-Construction Meeting (if applicable)
- Notice to Proceed
- Contractor Performance
  - Change Orders (Subrecipients will be required to update the Sworn Statement and Change Orders cannot exceed 10% post contract execution without prior approval from MSHDA)
  - Permits and Inspections/Notification Procedures (Local and State Code)
  - Construction and Contractor Payment Provisions

- Contract Extensions (**Note: all work must be completed prior to April 30, 2026**)
- Damages caused by Contractors and/or Subcontractors

- Lien Requirements** – if applicable and for non-MSHDA funds only
  - See MI-HOPE Policy and Compliance Handbook for details

- Complaint Resolution**
  - Review Committee
  - Procedures
    - Filing Complaints/Appeal Process
    - Response
    - Dispute Resolution
    - Final Recourse
    - Reinstatement

- Program Administration**
  - Required Approval Authority(s)
  - Program Compliance/Use of Funds Restrictions: First, A recipient may not use SLFRF funds for a program, service, or capital expenditure that includes a term or condition that undermines efforts to stop the spread of COVID-19. A program or service that imposes conditions on participation or acceptance of the service that would undermine efforts to stop the spread of COVID-19 or discourage compliance with recommendations and guidelines in CDC guidance for stopping the spread of COVID-19 is not a permissible use of SLFRF funds. Second, a recipient may not use SLFRF funds in violation of the conflict-of-interest requirements contained in the Award Terms and Conditions or the Office of Management and Budget’s Uniform Guidance, including any self-dealing or violation of ethics rules. Recipients are required to establish policies and procedures to manage potential conflicts of interest. Lastly, recipients should also be cognizant that federal, state, and local laws and regulations, outside of SLFRF program requirements, may apply. Furthermore, recipients are also required to comply with other federal, state, and local background laws, including environmental laws and federal civil rights and nondiscrimination requirements, which include prohibitions on discrimination on the basis of race, color, national origin, sex, (including sexual orientation and gender identity), religion, disability, age, or familial status (having children under the age of 18).
  - Activity/Project Delivery Costs - Associated with specific addresses. Subrecipient staff time directly related to carrying out the project and assisting owners and tenants via advisory services, including timely written notices to occupants, property inspections, counseling, and other assistance necessary to minimize hardship during the construction phase. For MI-HOPE assisted projects, such costs must be allocated among units in a reasonable manner and documented.
  - Soft Costs - Associated with specific addresses. Costs for project-related services, whether or not these services are provided by the subrecipient’s staff or contracted to third parties.
  - Note: All program administrative costs, activity/project delivery costs and soft costs require documentation

- Program Administration Report (Admin Tracking Form) – Must be Fully Completed, Signed, and Dated
- Maintaining Confidentiality of Files, Records, etc.
- Files and File Retention - Records and Financial Statements must be retained for five (5) Years after funds have been expended or returned and recipients must provide or make available the records and financial statements upon request

**Monitoring**

- Monitoring of files at the local level will not occur until after the first draw and prior to closeout
- Additional on-site monitoring if drastic deficiencies/issues are found during file monitoring visit(s)
