TO: Potential Providers of Services

RE: **Questions and Answers to RFP
Tribal Housing Resource Toolkit**

Q1) Need clarity of the Grant Term and Award Parameters addressed on page 3 section 5. Per the description, the maximum grant award is \$150k. Is this \$150K for each of the 12 tribes or is the \$150k to maximum amount for the toolkit that is to be created for the 12 tribes combined? In other words, is the \$150K the entire amount that will be awarded to the contractor to create the toolkit and provide support for all 12 tribes for a year?

A1) We anticipate that each Tribal Nation will receive \$150,000 each, which is separate from the consultant/contractor amount for services. This RFP is seeking a consultant/contractor to create the Tribal Housing Resource Toolkit and other activities listed in the RFP. We would like to receive RFP submissions that include an amount for services, but we do anticipate that the amount for services should not exceed \$200,000.
