Madyson Taylor, Financial Controller
Grand View Plaza
Michigan State Industries

Madyson, Congratulations you have been recognized!

This correspondence is intended to express my sincere gratitude and appreciation for your contributions to the success of the mission of Michigan State Industries. Your enthusiasm, insightfulness, commitment, dedication, hard work, integrity and developing leadership are just a few of your outstanding traits that make you an excellent employee and a model recipient of what this award stands for. To start, your work ethic is outstanding. Although your longevity is relatively short, your work product and level of success obtained is High in relation to your years of service. You have mastered many systems and processes that require significant experience and time to truly understand and comprehend. These kinds of accomplishments illustrate your commitment to the organization and your desire to succeed. Your drive and passion to understand and seek improvements in processes to better serve your customers is second to none. This was displayed early in the GSS implementation process when you graciously absorbed the conversion and upload responsibilities of staff placed on medical leave. These actions were pivotal to the project team and critical for a successful implementation.

Over the course of the last year, you filled a demanding WOC role as the MSI Administrative Manager while continuing to satisfy the job requirements of the Financial Analyst and assisted in onboarding a new Cost Accountant in the mist of our ERP implementation. In addition, this level of effort was put forth during a time we were all learning to work remotely during a worldwide pandemic. Your dedication and hard work, complimented by the leadership you provided supporting staff, allowed for a successful transition of data, processes, procedures and financial information into a new arena of automation known as Global Shop Solutions.

Your enthusiasm and excitement to learn new skills is refreshing and makes you stand out in a crowd. Your integrity, honesty, and commitment to the success of the organization is unquestionable. All of this, bundled together, made your selection for the permanent position of Financial Controller an easy choice and an honor to award.

It is the extra effort that you are willing to give that makes this award special. Your positive approach to challenges, your sense of urgency when appropriate and your service with a smile attitude made your selection for this award easy. You are an important part of MSI and we are fortunate to have you as a member of the team.

Please accept the Michigan State Industries Administrator Coin Award as a token of my genuine appreciation of all that you do for MSI.

Sincerely,

Christopher J. Kamrada, Administrator
Michigan State Industries
