Dear Mr. Cobb and Mr. Randall:

I am pleased to present to the Michigan Legislature the 25th annual Asset Forfeiture Report. Michigan's asset forfeiture laws provide for the seizure of cash and property assets of drug traffickers and other criminal organizations when that property is obtained through illegal activity. The report this year is the second to be submitted as required by The Uniform Forfeiture Reporting Act, 2015 PA 148, which became effective February 1, 2016.

The act repealed the prior asset forfeiture reporting requirements and requires submission of a summary to the Michigan Department of State Police of the reporting agency's activities regarding forfeiture of property under the following sections of law: Public Health Code, MCL 333.7521-333.7533 (Controlled Substances); the Identity Theft Protection Act, MCL 445.79d; Revised Judicature Act of 1961; MCL 600.4701-600.4709 (Omnibus); and Revised Judicature Act of 1961, MCL 600.3801-600.3840 (Public Nuisance). Additionally, the type of information to be reported for each seizure and forfeiture of property was expanded to provide for greater transparency regarding the government seizure of private property.

This report covers the period of January 1, 2017, through December 31, 2017. This is the first report in which all reporting agencies submitted forfeiture data based upon the calendar year. Over \$13 million in cash and assets amassed by drug traffickers was forfeited. Extensive multi-agency coordination is evident in this report and, as a result, considerable assets were obtained through the joint enforcement efforts of agencies at the federal, state, and local levels.

Asset forfeiture funds were used to enhance law enforcement by providing resources for equipment, personnel, vehicles, training, and supplies. Assets seized pursuant to this program also allowed some agencies to contribute monies to non-profit organizations that assist in obtaining information from citizens for solving crimes.

I commend our law enforcement community for the tremendous job they have done and submit this report for your information and review.

Sincerely,

DIRECTOR

FOREWORD

This is the 25th annual Asset Forfeiture Report; however, it is the second of its kind under the Uniform Forfeiture Reporting Act. Effective February 1, 2016, Public Act 148 of 2015 created the Uniform Forfeiture Reporting Act that repealed prior forfeiture reporting requirements under the Public Health Code, and mandated forfeiture reporting requirements under four sections of law: Public Health Code, MCL 333.7521-333.7533 (Controlled Substances); the Identity Theft Protection Act, MCL 445.79d; Revised Judicature Act of 1961; MCL 600.4701-600.4709 (Omnibus); and Revised Judicature Act of 1961, MCL 600.3801-00.3840 (Public Nuisance).

This report is a compilation of Reporting Agencies' Government Asset Forfeiture Report online submissions by Michigan law enforcement agencies, prosecutors, counties, townships, cities, and villages to the Michigan State Police (MSP), Grants and Community Services Division (GCSD), Byrne Justice Assistance Grant (Byrne JAG) Section. As a result of the expanded inventory requirements under the act, 6,667 forfeited property records were submitted to the MSP. The content of the records submitted is summarized for brevity in this report.

Of the 1,820 Reporting Agencies' Government Asset Forfeiture Reports submitted to the MSP, 278 law enforcement agencies reported receiving funds from asset forfeiture during this reporting period. More than \$11.8 million in cash was seized, and over \$13.1 million in cash and property was awarded to law enforcement during this reporting period.

Collaboration and coordination are hallmarks of Michigan's effort to overcome drug trafficking and other criminal activity in our communities. A significant portion of assets seized was obtained as a result of local, state, and federal agencies working together. Michigan's multijurisdictional task forces are a good example of coordinated regional law enforcement aimed at dangerous criminals.

SCOPE OF THE REPORT

The Uniform Forfeiture Reporting Act defines “reporting agency” to mean one of the following: (i) If property is seized by or forfeited to a local unit of government, that local unit of government means a village, city, township, or county. (ii) If property is seized by or forfeited to the State of Michigan, the state department or agency effectuating the seizure or forfeiture is the reporting agency. “Local unit of government” means a village, city, township, or county. Asset forfeiture reporting submissions were solicited from every unit of government in the state of Michigan.

Section I: Identification

The following tables provide information regarding the types of agencies that were requested to submit an asset forfeiture report and the responses received from that request:

Agencies	Agencies Submitting a Report Including Asset Forfeitures	Agencies Submitting a Report With NO Asset Forfeitures	Agencies that DID NOT Submit a Report
Local Police Agencies (480)	190	290	0
Multijurisdictional Task Forces (26)	25	1	0
MSP (1)	1	0	0
Sheriff’s Offices (83)	44	39	0
Prosecuting Attorneys (83)	5	78	0
Total	265	408	0

Added Reporting Agencies	Agencies Submitting a Report	Agencies Submitting a Report With NO Asset Forfeitures
Counties	4	4
Townships	803	801
Cities	30	30
Villages	113	113
Departments of State Government	4	4
Total	954	952

Note: Many local units of government maintain their own police agency or contract for police services. Therefore, the police agency executes and reports asset forfeitures on behalf of the unit of government.

Section A: Number of Forfeiture and Public Nuisance Proceedings
MCL 28.112(1)(a) – (f)

Proceedings	Forfeiture and Public Nuisance Proceedings
1,782	A1. Forfeiture Proceedings Instituted in Circuit Court
1,387	A2. Forfeiture Proceedings Concluded in Circuit Court
455	A3. Forfeiture Proceedings Pending in Circuit Court
4,979	A4. Forfeitures Effectuated Without a Forfeiture Proceeding in Circuit Court
2,258	A5. Forfeiture Proceedings Concluded by Agreement
63	A6. Public Nuisance Proceedings

Section B: Inventory of Property Received by the Reporting Agency
MCL 28.112(1)(g)

This table includes all items seized, or seized and forfeited, during the reporting period.

Units	Inventory of Property Received
8	B1. Residential Real Property: Number of residential real property units received
2	B2. Industrial or Commercial Real Property: Number of units received
0	B3. Agricultural Real Property: Number of units received
11,843,061	B4. Money: Dollar amount of all money received
131	B5. Negotiable Instruments and Securities: number of units seized
711	B6. Weapons: Number of weapons received
7,999	B7. Motor Vehicles and Other Conveyances: Number of units received
16,827	B8. Other Personal Property of Value: Number of other items of value seized

Section C: Description of Property
MCL 28.112(1)(h)

Each property inventoried in Section B that has been finalized for purposes of appeal is further described in the tables that follow. Requirements C1-C4 are on file; however, they represent over 6,600 unique entries which are not conducive to summarization.

- C1. Case number or other number assigned by the reporting agency that identifies the forfeiture.
- C2. Description of the property (e.g., residential real property address; legal description of agricultural property; vehicle identification number; make, model, and serial number of a firearm).
- C3. Date the property was seized.
- C4. Date the property was ordered forfeited or disposed of.
- C5. Final disposition of property.
- C6. Estimated value of the property.

Items	Disposition of Property Received	Value of Property Received
171	Destroyed	\$12,081
7	Donated	\$2,565
3,064	Retained by agency	\$4,695,580
438	Sale pending	\$802,213
2,917	Sold	\$2,662,785
65	Dispositions not answered	\$418,684

Note: Some reporting agencies' inventory reports were incomplete and were returned to those reporting agencies for correction. Corrected inventory reports have not been returned and are, therefore, not included in the table above. Net proceeds of those agencies are, however, included in Section D (page 11).

C7. The violation or nuisance alleged to have been committed for which forfeiture is authorized.

Section D: Net Total Proceeds

MCL 28.112(1)(i)

Report the net total proceeds of all property forfeited through actions instituted by the reporting agency that the reporting agency is required to account for and report to the state treasurer.

Amount	Net Total Proceeds
\$13,137,829	Net Total Proceeds reported to MSP for January 1, 2017, thru December 31, 2017

Note: This report includes only the net proceeds of property that was seized on or after the effective date of the act and forfeited during the reporting period.

Section E: Forfeiture Proceedings under the Public Health Code
MCL 28.112(1)(j)(i)

The reporting agencies were requested to report the use of asset forfeiture funds as a percentage of the agency’s total expenditures of asset forfeiture funds in 13 broad categories: personnel, overtime, vehicles, equipment, federal grant match, informant fees, buy money, training, crime prevention and public outreach, animal expenses, supplies and materials, non-profit organizations, and other expenses.

Expenditure of Funds	
Category	Percentage
Personnel	8.5%
Overtime	2.5%
Vehicles	9.0%
Equipment	36.0%
Federal Grant Match	1.0%
Informant Fees	1.0%
Buy Money	4.0%
Training	5.0%
Crime Prevention/Public Outreach	3.0%
Animal Expenses	2.0%
Supplies and Materials	7.0%
Shared with Other Agencies	3.0%
Non-profit Organizations	1.0%
Other	17.0%
TOTAL	100.0%

The following are examples of reported expenditures by category:

Personnel: Asset forfeiture funds are used to fund community policing officers, multijurisdictional drug team personnel, local and county agency drug team personnel, and civilian personnel.

Overtime: Drug investigations are often initiated in the late evening/early morning hours. Certified methamphetamine laboratory responders, raid entry teams, and canine handlers are examples of frequently used personnel that require overtime payment.

Vehicles: The increasing cost of vehicles has been a major factor in increased police department operating cost budgets. The use of asset forfeiture funds has offset some of these costs.

Equipment: Law enforcement is seeing rapid changes in technology to assist agencies in working more efficiently and effectively. Records management systems, mobile data terminals, live stream video, and evidence collection enhancements are examples of expenditures from this category.

Federal Grant Match: Grant matching funds help increase the number of investigators and prosecutors dedicated to drug enforcement. Multijurisdictional task forces rely heavily on federal funds to operate and most of these funds require a cash match.

Informant Fees: Asset forfeiture funds are used for informant fees to assist in solving complex drug investigations.

Buy Money: Assembling cases against drug traffickers requires resources for undercover agents to conduct drug purchases, often over a period of time. Enforcement budgets may be inadequate for this expenditure. Asset forfeiture funds fill this gap and provide needed resources, especially for smaller law enforcement agencies.

Training: The majority of sworn personnel assigned to multijurisdictional task forces require formal narcotics investigative training. Law enforcement agencies are providing more training for personnel to keep current with new technological advances. Asset forfeiture funds can assist agencies with these costs.

Crime Prevention and Public Outreach: Law enforcement agencies are providing education and awareness programs throughout the state. These efforts may include presentations to schools and community groups.

Animal Expenses: Canines have proven to be a valuable asset to law enforcement. Law enforcement agencies and one multijurisdictional task force reported spending asset forfeiture funds on medical and maintenance costs for their canine programs.

Supplies and Materials: Supplies and materials are considered operational items that cost under \$5,000, including computers, copier leases, cellular telephones, and vehicle/building maintenance. Materials and supplies utilized by multijurisdictional task force personnel are not normally provided for in a participating agency's budget so multijurisdictional task forces often use asset forfeiture funds to support their supplies and materials expenditures.

Shared with Other Agency: Some forfeitures result from joint investigations or multijurisdictional task force investigations. Therefore proceeds are shared among participating agencies.

Non-profit Organizations: Many local police agencies and county sheriff's offices reported contributing a percentage of their asset forfeiture funds to local crime alert organizations as allowed by MCL 333.7524(1)(b)(ii).

Other: Expenditures reported in this category were utilized for building/utility costs for narcotics unit operations, cellular telephone bills, global positioning tracker services, extradition costs, drug awareness kits, vehicle purchases, off-site storage units for toxic materials, dispatching consortium fees, aviation fees, and evidence collection materials.

F: Donated Grow Lights and Scales

MCL 28.112(1)(j)(ii)

Distribution to Schools

MCL 333.7524(2) allows for the donation of forfeited lights for plant growth or scales to elementary schools, secondary schools, and institutions of higher education.

	Lights and Scales Donated
