

S4SD SPRING NEWSLETTER 2024

Look What We Did

SIMULATOR HANDS-ON EVENTS

Students get the most out of a campaign when they are physically able to participate. Many participating high schools hosted a driving simulator event, allowing students to virtually experience distracted and impaired driving.

SAFE DRIVING PLEDGES

A pledge builds camaraderie and gives individuals a sense of accountability. Over 10,000 students pledged during S4SD campaigns to be responsible drivers and passengers.

COMMUNITY ENGAGEMENT

An S4SD campaign requirement is to involve the local community. Any community involvement, big or small, makes an everlasting impact. Many schools visited local elementary and middle schools, hosted community events, and posted yard signs throughout the community to raise awareness.

What's New

CAMPAIGNS END

Strive for a Safer Drive accepted 41 Michigan high schools to campaign for various traffic safety topics. On April 1st all campaigns concluded, and final presentations were due the following week. This year, four schools have been selected for plaque recognition.

Top 4 high schools

First place: Memphis Jr/Sr High School
Second place: Chippewa Valley High School
Third place: Anchor Bay High School
Fourth place: Hillman High School

Reminders

- Current advisors have been sent a survey to evaluate the program.
- S4SD is seeking promotional and community events to attend!
