

Strive for a Safer Drive

Michigan high schools fall in line for S4SD

Strive for a Safer Drive enters its 12th year! S4SD has had the privilege of working with 185 different high schools throughout the state of Michigan. Any Michigan high school was eligible and encouraged to apply. This year, the program is honored to partner with 36 high schools for the 2022-2023 academic year.

Students have prepared proposals for their upcoming traffic safety awareness campaigns. This year, participating schools will be educating their peers and community members on distracted, impaired, winter, and night driving, speeding, seatbelt, pedestrian, and bicycle safety.

2022-2023 Participating High Schools

- Anchor Bay High School
- Bay-Arenac Career Center
