

&gt;&gt;&gt; STRIVE FOR A SAFER DRIVE &lt;&lt;&lt;

# S4SD IN ACTION

By: Kayla Thomas-Wright

## TOP NEWS OF THE MONTH

### STAY INFORMED DRIVE EMPOWERED

#### EDUCATE <<<

Promoting any program is a powerful tool to educate because it helps raise awareness. By using catchy slogans, eye-catching visuals, and targeted campaigns, we can effectively communicate important topics, including safe driving. By promoting Strive for a Safer Drive, we encourage and empower teens to make responsible choices on and off the road. Students this month successfully campaigned for various traffic safety topics including, but not limited to, impaired and distracted driving, speeding, seat belt safety, and vulnerable road users.

#### >>> PROMOTE

Strive for a Safer Drive attended and presented at the annual Michigan Education Career Conference in Grand Rapids, Michigan. The conference had 800 attendees and 85 exhibitors, including S4SD. In March, S4SD is partnering with Family, Career and Community Leaders of America (FCCLA) at the State Leadership Conference presenting on S4SD and providing a driving simulation hands-on experience. The conference is estimated to host 260 students and 40 others.

**TEEN DRIVERS UNITE  
SAFETY IS A RIGHT**

# READY. SET. ACTION.

## S4SD EVENTS

### >>> SOUTHEASTERN HIGH SCHOOL

## BE INVOLVED!

S4SD had the privilege of attending campaign events this month. The driving simulator, impaired goggles, and speakers provide an everlasting experience for students. Hands-on experiences allow teens to actively engage and learn through doing. It helps develop practical skills and a deeper understanding of the subject matter. The program highly encourages students to get involved!
