Booster Bugs know what it's like to be small in a BIG world, where things around you are built for others, much larger than yourself.

Sometimes we need help,  
to make things fit right.

They also know how dangerous it can be,  
when things don't fit right.

That's why they want you to know about booster seats and safety belts!

*The Booster Bugs say...*

***“Give  
yourself  
a boost!”***

*Children younger than age 8 or shorter than 4' 9"  
must be properly buckled in a car or booster seat.*
