

Not later than March 30, the Office of School Safety shall provide a school safety report to the Legislature and the House and Senate fiscal agencies that must include the following:

A. The status of school safety grants, if any, issued by the Grants and Community Services Division or the Office of School Safety, including grant amounts awarded to each school district for school safety improvements.

In an effort to create safe and secure learning environments, the Michigan Legislature appropriated \$25 million for the Michigan State Police (MSP), Grants and Community Services Division (GCSD), to provide and administer competitive grants to public or nonpublic schools, school districts, and intermediate school districts (ISDs) to improve the safety and security of students, staff, and school buildings through the purchase of technology and equipment in fiscal year (FY) 2018 and in FY 2019.

The 2018 Competitive School Safety Grant Program (CSSGP) was funded from the state FY 2018 General Fund, as appropriated in 2018 PA 207, with a performance period of November 1, 2018, through September 30, 2019. Extensions were provided to grantees to allow for the successful completion of awarded projects. Progress on many projects was slower than expected due to the high demand for services and supplies from the limited number of vendors, manufacturers, and service providers available in the state and the school safety industry.

The 2019 CSSGP was funded from the state FY 2019 General Fund, as appropriated in 2018 PA 618, with a performance period of March 27, 2019, through June 1, 2020. Due to issues associated with the COVID-19 pandemic, an extension through December 31, 2020, was provided to grantees to allow for the successful completion of awarded projects. The ability for some grantees to complete all requested projects was inhibited because of limited vendors, or those vendors capable of providing specialized services or products were not able to meet demand, causing some grantees to change projects or eliminate portions altogether.

Additional applicant statistics and details of the requirements for the FY 2018 CSSGP and FY 2019 CSSGP are available in the **Appendix**.

FY 2018 CSSGP

Applicants

- 407 applications were received by the deadline.
- \$42,538,518 was requested for eligible projects.
- \$24,785,766 was requested for school safety projects not eligible in this appropriation.

Grantee Summary

- 188 applicants were selected to receive funding.
 - 107 public schools were awarded \$21,199,784.
 - 43 nonpublic schools were awarded \$1,088,280.
 - 22 public charter schools were awarded \$315,874.
 - 16 ISD/regional education service agencies (RESAs) were awarded \$2,396,062.
- Program Area One (PA1) (no match required).
 - 140 grantees were awarded \$10 million.
 - 71 public schools were awarded \$8,128,753.
 - 38 non-public schools were awarded \$799,330.
 - 22 public charter schools were awarded \$315,874.
 - 9 ISDs/RESAs were awarded \$756,043.

- Program Area Two (PA2) (25 percent required cash match).
 - 48 grantees were awarded \$15 million.
 - 36 public schools were awarded \$13,071,031.
 - 7 ISDs/RESAs were awarded \$1,640,019.
 - 5 non-public schools were awarded \$288,950.
 - 0 public charter schools applied for funding in this program area.
- 55 counties had at least one award.
- Wayne (15), Oakland (13), Macomb (11), and Jackson (11) counties had the most awards.

FY 2018 CSSGP Final Expenditures

	Program Area 1 (no match)		Program Area 2 (25% match)		All Grantees

Total		\$9,505,493		\$18,344,393		\$27,849,886	\$23,263,788

* Expenditures include the required 25 percent cash match.

FY 2019 CSSGP

Applicants

- 366 applications were received by the deadline.
- \$46,642,009 was requested for eligible projects (the application was reformatted from previous years to prevent requests for ineligible projects).

Grantee Summary

- 230 grantees were selected to receive funding.
 - 135 public schools were awarded \$17,016,625.
 - 66 non-public schools were awarded \$4,884,433.
 - 20 public charter schools were awarded \$1,935,751.
 - 9 ISDs/RESAs were awarded \$1,163,191.
 - All 230 grantees were first-time CSSGP recipients.
- PA1 (no match required).
 - 186 grantees were awarded \$15 million.
 - 104 public schools were awarded \$9,002,516.
 - 58 non-public schools were awarded \$4,074,789.
 - 18 public charter schools were awarded \$1,612,331.
 - 6 ISDs/RESAs were awarded \$310,364.
- PA2 (25 percent required cash match).
 - 44 grantees were awarded \$10 million.
 - 31 public schools were awarded \$8,014,109.
 - 8 non-public schools were awarded \$809,644.
 - 2 public charter schools were awarded \$323,420.
 - 3 ISDs/RESAs were awarded \$852,827.
- Schools or school districts serving 66 of the 79 counties that had applicants received awards.
- Oakland and Wayne counties had the most grantees with 24 each, followed by Kent (19) and Genesee (16).

FY 2020 CSSGP

The Michigan Legislature appropriated \$10 million for competitive grants to public schools, school districts, and ISDs for FY 2020. The GCSD received 201 applications requesting \$23,772,022. Due to the economic declines resulting from the COVID-19 pandemic, 2020 PA 146 eliminated the \$10 million appropriation for the FY 2020 CSSGP. Therefore, no school safety grant funds were awarded.

C. Reports of OK2SAY-based incidents and activities, as provided to the Department of Attorney General.

Activities are single tips sent into the OK2SAY tip line. Generally, when a tip is submitted, it may involve multiple communications between the individual and the OK2SAY technician. Often, these communications are counted as a single tip. An **incident** is a specific, singular event. Many individual activities can make up one incident.

For calendar year 2020, OK2SAY reported:

Activities: 3,743

Incidents: 3,692

D. Based upon an evaluation of incidents of school safety and analysis of school safety grants, recommendations on best practices and other safety measures to ensure school safety in this state.

Michigan has long been at the forefront of school safety efforts. However, more can be done to promote the continued safety of Michigan's schools. In April 2018, the School Safety Task Force developed a list of recommended actions to ensure a safe and stable learning environment for students and school personnel. The full list of recommendations can be viewed at:

https://www.michigan.gov/documents/msp/Final_Recommendations_SSTF_640543_7.pdf.

Appendix

Competitive School Safety Grant Program

Eligible Applicants

Applications were accepted directly from individual public and nonpublic schools, school districts, and ISDs. School district and ISD applications must have been for buildings that had any combination of pre-K to 12 classrooms and students (e.g., not administration buildings). There was a limit of one application per eligible applicant. Individual schools could submit their own application; however, if they submitted an individual application, the building could not also be included in a school district or ISD application. Applicants were required to provide proof that a school had an Emergency Operations Plan (EOP) that had been updated after August 1, 2017, and aligns with the state of Michigan EOP guidance and school safety information policy developed under MCL 380.1308.

Fiscal Year 2018

Program Areas

Based on requirements within the funding appropriation, the MSP GCSD created two program areas for the FY 2018 CSSGP. Applicants could only apply for one of the two areas.

Program Area One (PA1): \$10 million was allocated to PA1 which was limited to \$25,000 per application for individual schools, and \$250,000 for school districts or ISDs with more than one eligible school building. There was no match requirement for PA1.

Program Area Two (PA2): \$15 million was allocated to PA2 which was made available with a 25 percent local matching fund requirement. Applicants to PA2 were limited to \$1 million per application, not inclusive of the match.

Eligible Project Categories

Hardened access points
Access control systems
Security film/glass
Public address systems
Interior doors/door barricade devices/door locks
Mobile phone applications
Intercom systems with building access controls
Interoperable communications
Signage
Student and visitor screening systems/equipment
Trauma supplies
Enhanced facility mapping for responders
Phone system enhancements (E-911 enabled) and classroom intercom phone systems
Exterior key control systems.

Applicant Summary

407 applications were submitted by the deadline and considered for funding.

- 238 applications were submitted by public schools.
- 96 applications were submitted by nonpublic schools.
- 49 applications were submitted by public charter schools.

- 24 applications were submitted by ISD/RESA applicants. Schools or school districts serving 70 of Michigan's 83 counties applied for funding. Kent (40), Wayne (38), Oakland (33), and Macomb (22) counties had the most applicants.
 - 16 counties had one applicant.
 - 9 of these counties received funding.
- 14 counties had two applicants.
- 11 of these counties received funding.

Selection Process

Applications were reviewed by a committee that included representatives from the MSP, the Michigan Association of Chiefs of Police, the Michigan Sheriffs' Association, the Michigan Department of Education, the Michigan Association of Nonpublic Schools, school safety professionals, and the Executive Office of the Governor.

Selection for funding was based on whether the request was for an eligible expense, the project description, the budget, the budget narrative, project goals, objectives, and performance measures.

Priority was given to projects that secured exterior access points of school buildings, secured interior doors, enabled interoperable communications and public address systems, and provided for building and classroom trauma supplies.

Fiscal Year 2019

Program Areas

Based on requirements within the funding appropriation, the MSP GCSD created two program areas for the FY 2019 CSSGP. Applicants could only apply for one of the two areas.

Program Area One (PA1): \$15 million was allocated to PA1 which was limited to \$50,000 for any one eligible school building, up to a maximum of \$250,000 per school district or ISD. To be eligible for the maximum award of \$250,000, school districts or ISDs must have applied for funding to be utilized at five or more qualifying school buildings (e.g., a school district proposing projects at three eligible school buildings may apply for not more than \$150,000). There was no match requirement for PA1.

Program Area Two (PA2): \$10 million was allocated to PA2 which was made available with a 25 percent local matching fund requirement. Applicants to PA2 were limited to an award of \$500,000 (note that a project total must be at least \$666,667 in order to have received a \$500,000 grant award). For this program area, there was no minimum number of buildings required to be eligible for the maximum award.

Requirements

Applicants had to demonstrate proof that a school had an EOP that had been updated after August 1, 2017, and aligns with the state of Michigan EOP guidance and school safety information policy developed under MCL 380.1308. An updated EOP is a requirement of the FY 2019 CSSGP, not a requirement of state law.

Eligible Expenditures

2018 PA 618: Eligible expenses shall be consistent with the recommendations released by the School Safety Task Force in November 2018. The task force was created by Executive Order No. 2018-5.

Eligible expenditures for the FY 2019 CSSGP are limited to the following project categories and include any hardware, labor, or other costs deemed necessary:

Eligible categories

1. Access control systems
 - Systems that allow access by card/fob, biometric, smart phone, etc.
 - Includes enhancement of current systems to include lockdown function (i.e., simultaneous locking of all exterior and/or classroom doors).
2. Bollards or other barriers
 - Impact rated for vehicles and installed for the protection of entrances and areas of mass gatherings (e.g., bus loading and unloading zones; courtyards adjacent to parking lots, drives, or streets; etc.).
3. Classroom/interior doorways
 - Elimination, replacement, or enhancement of sidelights.
 - Modifications to create outward opening doors.
 - Replacement doors must be solid core and/or metal doors that meet or exceed the Steel Door Institute's (SDI's) standards for educational facilities.
 - Replacement door frames must meet or exceed the SDI's standards for educational facilities.
 - Replacement glass/window must meet the standards identified in category D.
 - Replacement door locks must be commercial-grade, ANSI/BHMA Grade 1 certified.
 - Must be able to lock from inside of classroom without use of a key and must clearly indicate locked/unlocked status (visible to inside of classroom).
 - Enhance/strengthen interior and exterior windows, sidelights, etc.
 - Must be shatter-resistant material (e.g., laminated glass or similar synthetic material) or be designed with other security enhancements (e.g., internal wire).
 - Modifications to existing glass, including security film, grating, etc.
 - Installation must be in such a manner as to resist separation from the door or frame (e.g., high strength adhesive caulking for security film, material extending further into frame with additional hardware securing in place, etc.).
4. Exterior doorways
 - Replacement doors must meet or exceed the SDI's standards for educational facilities.
 - Replacement door frames must meet or exceed the SDI's standards for educational facilities.
 - Replacement glass/windows must meet the standards identified in category D. Replacement door locks must be commercial-grade, ANSI/BHMA Grade 1 certified.
5. Intercom systems
 - Voice or video systems allowing two-way communication with office personnel.
 - Modification of entryways to create secure vestibules.
 - Shall be designed to allow for the identification of individuals before permitting further access to the building.
 - Must meet the standards identified in categories D and E (as applicable). May include video intercom system and access control as necessary.
6. Panic button/alert system
 - Designed to initiate lockdown and/or notify law enforcement/emergency dispatch.
 - Systems with remote or wireless activation devices must include location capabilities.
7. Public address systems
 - Including visual notification enhancements (e.g., colored or strobe lights) to alert students/staff of dangerous situations.

8. Signage
 - Interior and exterior identification for rooms, windows, exits, hallways, and stairwells.
9. Security camera systems and components
 - Permitted only if the system is constantly monitored by dedicated security personnel (i.e., not a secondary responsibility for any position) while the building is occupied.
 - The system shall be constantly monitored by dedicated security personnel during normal school hours.
 - Security personnel shall be those staff members trained to recognize unauthorized facility access and potential indicators of suspicious behavior or activity, with the sole purpose to watch, monitor, and coordinate a response while assigned that duty.

Applicant Summary

366 applications were submitted by the deadline and considered for funding.

112 applicants had received previous CSSGP funding.

254 applicants had not received previous CSSGP funding.

79 of Michigan's 83 counties had applicants.

\$46,642,009 in project proposals were submitted for the \$25 million appropriation.

- 226 public schools requested \$38,231,965.
- 98 non-public schools requested \$4,680,925.
- 27 public charter schools requested \$1,541,460.
- 15 ISDs/RESAs requested \$2,187,659.

Review Process

Applications were reviewed by a committee that included representatives from the MSP, the Michigan Association of Chiefs of Police, the Michigan Sheriffs' Association, the Michigan Department of Education, the Michigan Association of Nonpublic Schools, and school safety professionals.

Selection for funding was based on eligibility, completeness of the application, and previous CSSGP funding (i.e., as per the legislative language, preference was given to applicants that did not previously receive a school safety grant from the MSP. However, previous CSSGP recipients were permitted to apply).

Funding Adjustments

To fund projects for all grantees that had not previously received a school safety grant award, funding amounts were reduced in both project areas.

PA1 (no match) – Awards were reduced by 2.46% of the eligible total.

PA2 (match) – Awards were reduced by 11.45% of the eligible total.

Post-Award Changes

- Whiteford Agricultural School District of Lenawee and Monroe Counties requested \$99,710 and received an award of \$48,770 (maximum for one building). The district was determined to have two buildings and the award was adjusted to \$97,257.
- Sparta Area Schools were awarded \$183,976. It was discovered that the district had received a CSSGP award in 2015, despite not indicating so on their application. The current superintendent was not in this position at the time and was not aware of the previous award. The FY 2019 award was rescinded.
- Northville Public Schools received an award of \$442,773, later adjusted to \$145,575.
