

Stop the Silence. Help End the Violence.

As a parent/guardian, you provide love, guidance, and counsel to help your children adjust to life transitions in a healthy and successful manner. We hope you will take a moment to talk to your children about strategies to keep themselves and their friends safe.

[OK2SAY, Michigan's student safety program](#) is one resource that can make a big difference. OK2SAY is a confidential way your children can report any behavior that threatens their safety or the safety of others. The program is designed to knock down barriers so a student who is struggling can get needed help before a situation turns into a tragedy. Tips can be submitted 24/7 by phone 8-555-OK2SAY (855-565-2729), text 652729 (OK2SAY), email (ok2say@mi.gov), online (ok2say.com), or through the mobile app.

When students make the courageous decision to break the code of silence and speak out against harmful behavior, they give authorities the information they need to respond to threats and avert tragedy.

OK2SAY is for serious reports only. Students who intentionally file false tips will face serious consequences, so please talk to your child about using the program responsibly.

Your child is tomorrow's leader. By encouraging your child to do the right thing, they can make a big difference at their school. Because if they don't, who will?
