that threatens a

safety.

## Purpose

OK2SAY encourages confidential tips on criminal activities or potential harm directed at students, school employees, or schools.

## Breaking The Culture Of Silence

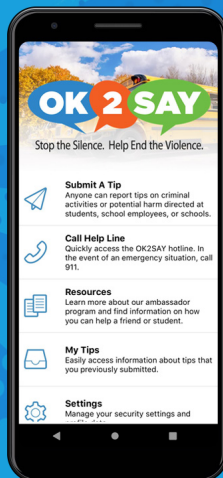

A U.S. Secret Service study found in 81 percent of violent school incidents, someone other than the attacker had knowledge of the plan, but failed to report it. Often, students choose to keep quiet because of fear of retaliation or rejection by their peers.

To eliminate that fear and help break the code of silence, the tipster's identity is confidential.
