Roll Call and local updates/events/sharing from communities

MPART Study to Determine Comparability of PFAS Drinking Water Samples in Cadillac, Michigan

November 2025

MPART

MICHIGAN PFAS ACTION RESPONSE TEAM

Comparability Study

- Background:

- Residents using Cyclopure self-test kits, shared results with EGLE
- Spring 2025, EGLE resampled homes with exceedances
 - Taken at different dates and times, different samplers, different locations

- Sampling:

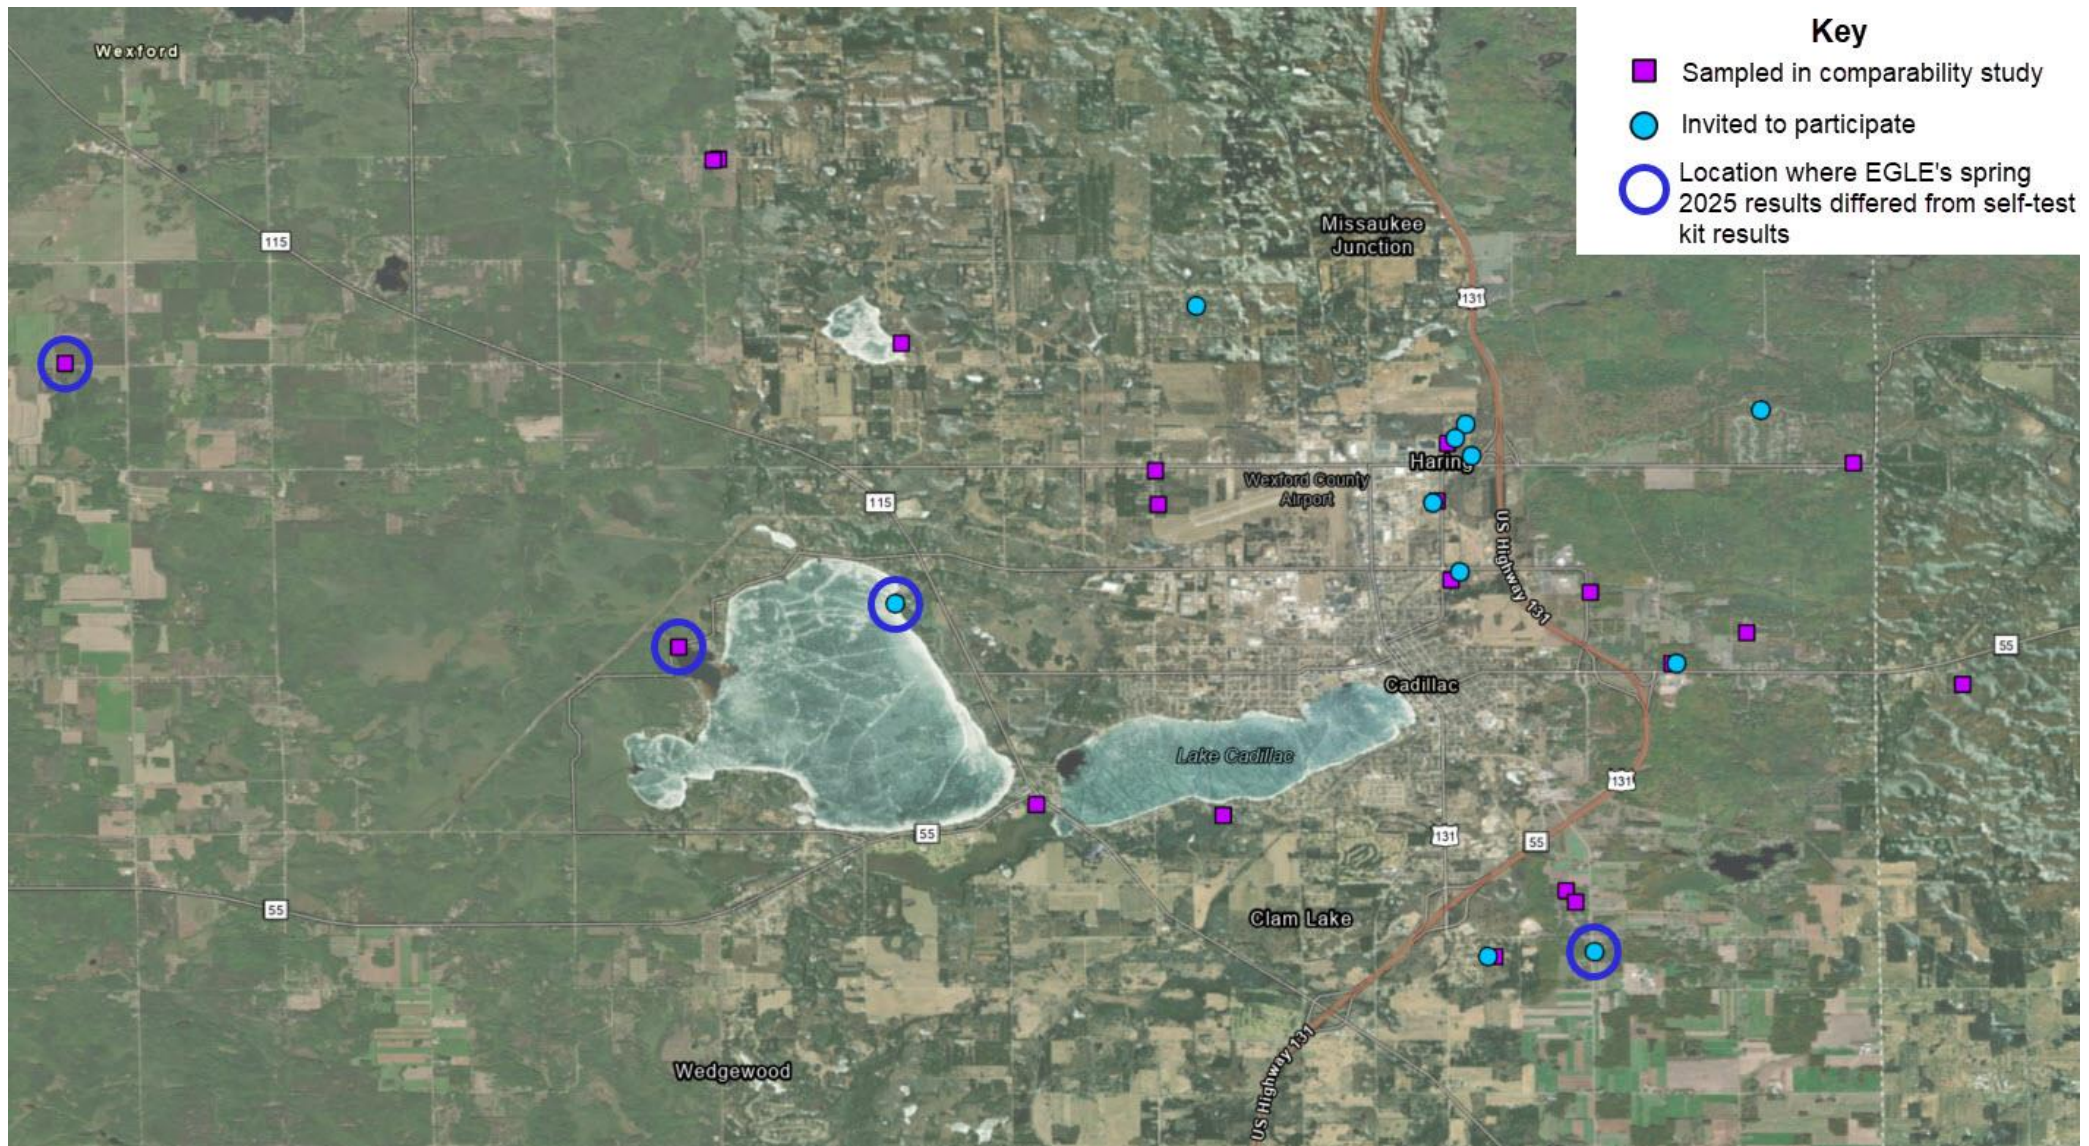

- 3 labs: Cyclopure, EGLE, Merit
- One set of samples from kitchen faucet, one from outside spigot

- Results:

- Good comparability among the three labs
- Of 20 properties sampled, 10 were non-detect

Properties that were sampled in the comparability study and additional properties that were invited to participate
