Re: Wolverine World Wide, Inc.
Source Investigation/Waste Removal Activities Monthly Progress Report

Dear Ms. Hendershott:

On behalf of Wolverine World Wide, Inc. (Wolverine), this letter is a monthly progress report as agreed upon in Mr. John Byl's July 9, 2018 letter entitled *Response to May 29 Correspondence regarding Tannery Meeting Summary and Action Items*.

This Monthly Progress Report (MPR) summarizes actions and available data through January 28, 2018 for the Source Investigation/Waste Removal Activities associated with certain parcels located south of the House Street Former Disposal Site (1855 House Street NE).

Documentation summarizing the investigation on the MDOT Parcel was submitted January 22, 2019.

Documentaiton summarizing the investigation on the parcels identified as 1850, 1786, and 1778 House Street NE were summarized in the last monthly updated (January 4, 2019). The residents have also been notified.

All Level 2 data and EDDs have been provided to the MDEQ.

Upon your review of the above-described data, we would like to have a meeting with the MDEQ and U.S. EPA to determine the next steps at these properties.

No new data was obtained during this reporting period.

R&W/GZA is developing possible scopes of work for additional investigation/remediation at the Imperial Pine Parcel (7900 Imperial Pine Drive NE). The potential options have been reviewed with the Imperial Pine Parcel owner. Discussions regarding the next steps forward continue.
