\*The rates in these columns reflect the maximum employer match. See the Member Benefit Plan link on the Employer Reporting website for more information.  
 Note: Public Act 184 of 2022 removed the requirement to pay UAAL contributions for MPSERS retiree who return to direct or indirect public school employment.

## Employer Defined Benefit (DB) Contribution Rates with MPSERS UAAL Rate Stabilization Amount

The table below is provided for budgeting purposes only, not for calculating payroll reporting rates. The MPSERS UAAL Stabilization Rate is the estimated statewide impact on 2022-2023 MPSERS UAAL Rate Stabilization funding. Because legislation calls for using each entity's prior-year salary as a base for distribution, the amount paid to each employer will vary from the amount the employer sets up as liability using that rate and current year payroll. The Total Rate is the estimated annual level percentage of the MPSERS payroll contribution rate.
