Ranking of races for 1984 House of Representatives

This report provides the following information, subdivided into the Primary Election, General Election, and then the total of the two.

- 1.) In descending order, the total amount expended by all candidates for a particular House seat.
- 2.) The amount spent for each vote cast. This appears as dollars and cents in parenthesis in the "Dollars|\$ per vote" column.
- 3.) Under "candidates", the name of the successful major party candidate in the general election (in capitol letters).
Under that, the unsuccessful major party candidate.
- 4.) Under "Dist", the district number for that particular seat.

CAMPAIGN FINANCE STATISTICAL REPORT

1984 Primary and General Elections

State Representative

The Campaign Finance statistics for the 1984 elections are shown by district. Within each district, each person who appeared on the ballot is listed alphabetically. Their political party affiliation is noted also. Where "(Inc.)" appears after a name, this indicates the winner of the General Election and, therefore, the current incumbent.

The total votes cast for all candidates is shown for both the primary election and the general election. The reports reflect each candidate's receipts and expenditures for the primary, the general, and an overall total. "Receipts" includes cash contributions, loans, and any in-kind contributions received by the Candidate Committee. "Expenditures" includes all monies expended by the Candidate Committee.

Where dashes appear, this means that the Candidate Committee either (1) did not file, (2) was not required to file, (3) filed but was not required to itemize, or (4) did not provide the required information. For the specific reason(s), the actual file needs to be reviewed.
