### REQUIREMENTS

A waiver of estimate must be obtained by a repair facility from a customer who does not wish to receive a written estimate for motor vehicle repairs. A sample waiver of estimate form is shown on the next page. The format must meet certain requirements, as follows:

- a) The illustration must be printed in at least 14-point bold, capital type face, which is the minimum type size required by the Act;
  - a. The first blank entry space is completed with the customer's name;
  - b. The second blank entry space is completed with the name of the repair facility;
  - c. The third blank entry space is for the repair facility registration number;
  - d. The fourth blank entry space, which is preceded by a dollar sign, is completed by the customer entering a dollar amount beyond which the customer is not willing to waive their right to an estimate.   - e. Information under Motor Vehicle Description must include sufficient information to identify the vehicle, such as a Vehicle Identification Number.
- b) The customer must sign the waiver and complete the date and time of day information.
- c) The repair facility must provide the customer a copy of the signed document.
