In Witness Whereof, We have herunto set our hands and affixed the Seal of the County of Delta this 7th day of August, 2014.

Nancy J. Kolich, Clerk of the Board of Canvassers

August 14, 2014

On election night, the election inspectors phone in their poll book voter totals, after they upload their results, for the report to the State.

Wells Township Precinct 2 reported 614 on election night - which was not their poll book voter total but the number of ballots that they counted (incorrectly) on election night.

As the Board of Canvasser was reviewing their poll book the discrepancy was discovered - their Ballot Summary report did not balance. The number of voters in the poll book did not match the number on the tabulator tape or the number of ballots that were counted on election night. They did nothing to correct the numbers and their explanation in the remarks did not make any sense so the Board of Canvassers called them in with the sealed ballot container and asked questions which did not clarify anything.

While the Canvassers were waiting for the election inspectors it was discovered that one of the voters was written in the poll book twice. When the sealed container was opened and the ballots were counted (twice) it was discovered that they had been off (short counted) by two. The correct ballot count was 616 and not 614. The Ballot Summary Report, the Tabulator Tape, number of voted ballots and the poll book then all balanced.

This will change the Poll Book Total on the Official County Vote Totals on the Delta County Report from 6,923 to **6,925**.

I did not realize that they had used the (incorrect) ballot count instead of the number of voters in the poll book on the night of the election until the morning after the Board of Canvassers had completed their canvass (August 8th).

Needless to say, I will be conducting training specifically with the Wells Township Election Inspectors prior to the November election.

I will also try to convince the Wells Township Clerk to move to the E-Poll book and also to set up her precinct moving her voter cards from the front end where it causes a large back up of voters because the election workers are dealing with voter applications, drivers licenses, the township books and the precinct lists and ballots while the voters stand and wait, appearing chaotic and causing many problems, mainly because of a lack of space in the precinct.
