Proposal to increase the authorized charter millage for the ad valorem taxes with the Charter Township of Ironwood from 5 mills to 6 mills for the years 2019 through 2023 inclusive, said increase of 1.000 mill to be levied solely for the purpose of maintaining township roads.
"Shall the charter millage for ad valorem taxes within the Charter Township of Ironwood, Gogebic County, Michigan, be increased from 5 mills to 6 mills ($6 per $1,000.00 of taxable valuation) for the years of 2019 through 2023 inclusive, said increase of 1.000 mill to be levied solely for the purpose maintaining township roads, this levy will raise approximately $82,000.00 in the first year." Local School District

Bessemer Area School District Operating Millage Proposal

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance and restores millage lost as a result of the reduction required by the Michigan Constitution of 1963.

Shall the currently authorized millage rate limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Bessemer Area School District, Gogebic County, Michigan, be renewed by 17.9694 mills ($17.9694 on each $1,000 of taxable valuation) for a period of 10 years, inclusive, and also be increased by .50 mill ($0.50 on each $1,000 of taxable valuation) for a period of 10 years, 2020 to 2029, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2020 is approximately $533,976 (this millage is to renew millage that will expire with the 2019 levy and to restore millage lost as a result of the reduction required by the "Headlee" amendment to the Michigan Constitution of 1963 and will be levied only to the extent necessary to restore that reduction)?
