					As an observation I noticed the Headlee millage reduction fraction of 0.9890 in column (6) was not applied to the 1.0000 extra voted millage. This is an operational millage and subject to the rollback same as the 17.9820 millage. Columns (7) and (9) should then be 0.9890 also. This change will not affect the requested millage in column (11), but will set up the form with correct numbers to start next year's L-4029 tax rate request appropriately.
