Instructions for Form 5321

2024 City of Detroit Income Withholding Annual Reconciliation

Filing Requirements

Employers withholding city income tax are required to annually reconcile the city income tax withheld to the city income tax withholding paid. The *City Income Withholding Annual Reconciliation* (Form 5321) is the form used to make this reconciliation.

All filers must file Form 5321 on a calendar-year basis (not your fiscal year). Taxpayers that had multiple active account numbers (Federal Employer Identification Numbers) in a tax year are required to file separate annual returns for each account number assigned. Taxpayers that use an outside payroll or accounting agency should coordinate this filing responsibility with the agency.

Form 5321 must be signed and dated by the taxpayer or the taxpayer's authorized agent.

W-2 Wage and Tax Statements

Each employer must furnish W-2 statements to employees by January 31. Employers doing business within the city designated must report W-2 information to the Michigan Department of Treasury on or before the last day of February. When submitting W-2 forms by paper, they must be included with Form 5321. Note that tax withheld for December is due on or before January 15.

Form 5321 serves as the transmittal statement for paper W-2 forms. A W-2 must be submitted by an employer doing business in the city designated on Form 5321 for each employee:

- From whom tax has been withheld for the designated city during the year, or,
- Who earned wages in the designated city or lived in that city during the year, even if no income tax was withheld.

Some computer software programs allow the electronic filing of W-2 data in the Social Security Administrations EFW2 format, when Form 5321 is e-filed. Check with your software provider for more details.

All employers registered for city income tax withholding must file Form 5321 each year, even if no tax is due. Form 5321 reconciles the tax due for the year with the monthly payments made during the year. Do not use Form 5321 instead of your monthly returns. Form 5321 and any payment required are due the last day of February. No extensions are granted for filing Form 5321.

Late or Insufficient Payment

Returns filed late and without payment of tax due are subject to penalty and interest. Form 5321 instructions for line 11 and line 12 explain how to calculate penalty and interest.

Electronic Filing

Filing of tax returns and payments electronically is accurate, convenient and secure. E-file returns have significantly less chance of error and are processed faster than paper returns. When e-filing, do not mail a paper copy of Form 5321, unless requested by Treasury to do so.

Visit www.Mifastfile.org for more information.
