Instructions for Form 4975

Schedule of Corporate Income Tax (CIT) Liability for a Michigan Business Tax (MBT) Financial Filer

Restrictions for MBT Filers

Beginning January 1, 2012, only those taxpayers with a certificated credit, which is awarded but not yet fully claimed or utilized, may elect to be MBT taxpayers.

Purpose

To calculate the CIT liability for a financial institution filing under MBT and compare that calculation to the MBT liability as calculated on the *MBT Annual Return for Financial Institutions* (Form 4590) to determine the greater of the two calculated tax liabilities.

Special Instructions for Unitary Business Groups (UBGs)

Leave lines 1 through 4 blank. Complete line 5 with combined data from the *UBG Combined Filing Schedule for Financial Institutions* (Form 4752), line 25, after recalculating line 25 by adding back Goodwill to the Net Capital for each member of the UBG. On each UBG member's Form 4752, add back the Goodwill reported on line 18 columns A thru E to the amounts reported on line 23 columns A thru E. Then recalculate line 24 for each UBG member's Form 4752 using the amount from line 23 including the amount for Goodwill. Recalculate line 25 of Form 4752 for each UBG member using the new amount calculated for line 24. Proceed with the rest of the lines on Form 4975 after entering recalculated combined amounts from Form 4752 line 25 on line 5 of Form 4975.
