City of Detroit Corporation Renaissance Zone Schedule

General Information

Certain geographic areas within the filing city were designated as Renaissance Zones. This designation grants tax relief to qualified corporations located and conducting business activity within a filing city Renaissance Zone. In conjunction with the designation of these zones, the Detroit Income Tax Ordinance was amended effective January 1, 1997, to include a Renaissance Zone deduction.

A deduction will not be allowed without a Renaissance Zone Deduction confirmation letter included with this return.

Renaissance Zone Deduction Eligibility

A corporation that is located and conducting business activity in a Renaissance Zone that files a Statement of Eligibility with the City of Detroit, and obtains approval for tax relief is qualified to claim the deduction.

A corporation is not eligible to claim a Renaissance Zone deduction if the corporation:

- Is delinquent in filing or paying any of the following state or local taxes:
 - Michigan single business tax, Michigan income tax, city income tax, Act 198 industrial abatement tax, commercial abatement tax, enterprise zone tax, city utility user's tax or general property taxes.
- Owns residential rental property and did not file an affidavit with the City Treasurer's Office by December 31 of the prior tax year attesting that the property is in substantial compliance with all applicable state and local zoning, building and housing laws or codes.
- Is located within the filing city and outside of a Renaissance zone and moves to a location within a renaissance zone in Detroit without approval of the City.
- Relocates more than 25 full-time equivalent jobs from one or more non-renaissance zone local governmental units (city, village or township) and any of the local government units, from which a job was relocated adopts a resolution objecting to the relocation within 60 days of being notified of the job relocation by the business.

Qualification Date

A corporation becomes a qualified taxpayer on the first day after December 31, 1996, that the corporation is located and conducting business activity in a city Renaissance Zone. The qualification continues until the corporation ceases to be located and conducting business activity in a city Renaissance Zone or until expiration of the Renaissance Zone designation.

Deductible Income

A corporation may deduct that portion of its net income from business activity within a qualified Renaissance Zone. Business activity carried on within a qualified Renaissance Zone is determined by applying the apportionment percentage calculated on lines 7 through 9 of Form 5298.
