Application for Extension of Time to File City Corporate Income Tax Return

Important Information

An extension of time to file is not an extension of time to pay. The form and payment must be postmarked on or before the original due date of the return.

City Corporate Income Tax filers must use this form to request an extension and must file it even if the Internal Revenue Service has approved a federal extension and/or the Michigan Department of Treasury has approved a state business tax extension.

Do not send a copy of the federal extension or state extension. Retain a copy for your records.

An extension of time to file is not an extension of time to pay. If there will be a business tax liability, payment must be included with this form. Penalty and interest will accrue on the unpaid tax from the original due date of the return.

An extension is granted if Form 5301 is properly prepared, the request is postmarked before the due date of the return, AND the taxpayer has also paid at least 70% of the current or prior year tax liability (whichever is less). An extension is for six months beyond the original due date.

Taxpayers will be notified whether an extension request is approved or denied.

Line-by-Line Instructions

Taxpayer Name and Address: The address entered here is the address that will be used for correspondence regarding this extension request.

Instructions for Form 5324, City of Detroit Corporate Income Tax Penalty and Interest Computation for Underpaid Estimated Tax

Purpose

Use this form to compute penalty and interest for underpaying, late, or failure to make payment of quarterly estimates. If a taxpayer prefers not to file this form, the Department of Treasury (Treasury) will compute any applicable penalty and interest and bill the taxpayer.

Avoiding Penalty and Interest

If the tax liability on line 1 is less than \$250 then no estimated payments are required. A taxpayer may remit quarterly estimated payments by check with a *City of Detroit Corporate Income Tax Quarterly Return* (Form 5300).

Line-by-Line Instructions

PART 1: ESTIMATED TAX REQUIRED

Line 4: Enter 70 percent of the annual tax amount from line 3.

Line 5: Enter the due date for each quarterly return. For calendar year filers these dates are April 15, June 15, September 15 and January 15. For fiscal year filers, these dates are the 4th, 6th, 9th and 13th months after the start of the fiscal year.

Line 6: Divide the amount of the estimated tax required for the year on line 4 by four and enter this as estimated tax for each quarter. If the business operated less than 12 months, divide by the number of quarterly returns required and enter this as the estimated tax for each quarter.

Line 7: Complete column A only. Enter the amount of prior year overpayment credited to the current tax year estimates.

Line 8: Amount paid. On this line enter the estimated payments made by the taxpayer.

• **Column A:** Enter estimated payment made by the due date for the first quarterly return.

• **Column B:** Enter payments made after the due date in column A and by the due date in column B.

• **Column C:** Enter payments made after the due date in column B and by the due date in column C.

• **Column D:** Enter payments made after the due date in column C and by the due date in column D.

If quarterly payments are made after the due date, penalty and interest will apply until the payment is received. If less than full payment is made with a late filing, the taxpayer will need to perform multiple penalty and interest calculations for each column. Attach a separate schedule if necessary.

PART 2: FIGURING INTEREST

Compute the interest due for underpayment of the required estimated tax in this section. Follow the instructions for each line, as interest is calculated separately for each quarter and the interest rate might not be the same for each quarter.

Line 17: Enter the due date of the next quarter or the date the tax was paid, whichever is earlier. In column D, enter the earlier of the due date for the annual return or the date the tax was paid. An approved extension does not change the due date of the annual return (column D) for this computation.

Line 26: NOTE: The interest rate is adjusted by Treasury on January 1 and July 1 of each year to 1 percent above the adjusted prime rate, and is posted as a Revenue Administrative Bulletin (RAB). For updated interest rates, go online to michigan.gov/taxes and select "Reports and Legal" in the banner near the top of the page. The applicable RAB is titled "Interest Rate."

PART 3: FIGURING PENALTY

Compute the penalty due for underpayment of the required estimated tax in this section. Follow the instructions for each line, as the penalty and interest is calculated separately for each quarter and the penalty percentage and interest rate might not be the same for each quarter.

Instructions for Form 5297

City of Detroit Corporate Income Tax Return

Filing Requirements

Every corporation “doing business” in the city, whether or not it has an office or place of business in the city, is required to file an annual *City of Detroit Corporation Income Tax Return* (Form 5297). Attach a copy of federal Form 1120, 1120S, or other corporate return form along with Schedule K and all ancillary schedules filed with the IRS to Form 5297.

Every corporation with an annual corporate income tax liability of more than \$250 must make quarterly tax payments.

Corporations cannot elect to file and be taxed as partnerships. A tax option corporation (S corporation, REIT, etc.) is treated as a corporation.

The City of Detroit Corporate Income Tax Ordinance specifically exempts financial institutions and insurance companies from taxation. “Financial institutions” are defined as state and national banks, trust companies, building and loan associations, savings and loan associations, credit unions, safety and collateral deposit companies, and any other association, joint stock company or corporation at least 90% of whose assets consist of intangible personal property and at least 90% of whose gross income consists of dividends, interest or other charges resulting from the use of money or credit.

All City of Detroit’s income tax forms are available on the State of Michigan Web site, www.michigan.gov/citytax.

Amending

If a taxpayer needs to correct a return filed previously, use a new Form 5297 to file an amended return. Be sure to check the amended return box at the top of page 1 of Form 5297 and complete line 9 and lines 44 through 46. An amended income tax form is required to be filed with any adjustments resulting from an IRS audit.

See line 9 instructions for additional information.

Renaissance Zone Deduction

A qualified corporation located and “doing business” in a Detroit Renaissance Zone may be eligible to claim the Renaissance Zone Deduction. This deduction allows the corporation to deduct the portion of its income earned in a Renaissance Zone from income subject to City of Detroit income tax. A taxpayer is not qualified to claim the deduction if the corporation is delinquent for any Michigan or local taxes. A City of Detroit income tax return must be filed to claim this deduction. *City of Detroit Corporate Renaissance Zone Schedule* (Form 5298) is required to be attached to the corporation return when claiming the Renaissance Zone deduction.

A taxpayer claiming the City of Detroit Corporate Renaissance Zone Schedule will file form 5298 to compute the deduction. City of Detroit Corporate Renaissance Zone Schedule, form 5298 is designed to handle all calculations relative to the deduction.

The calculation is complicated by the fact that the deduction is reduced in each of the last 4 years of the zones existence and the fact that the reduction factors are based on a calendar year. See the instructions for Schedule Form 5298 for additional information.

The City of Detroit Corporate Income Tax rate for 2018 is 2.0%.

Effective Date of Tax

The City of Detroit income tax became effective July 1, 1962. Corporations are required to pay tax each year on that part of its net income attributable to business activity conducted in Detroit, commencing with its first year ending after July 1, 1962.

Accounting

The taxpayer may request, or the administrator may require, use of the separate accounting method. If such method is requested, the administrator may require a detailed statement to determine whether the net profits attributable to the City will be apportioned with reasonable accuracy (Ordinance Section 19). Corporations must attach a letter from administrator approving the separate accounting method.

Generally, a corporation that is unitary in nature (i.e., has central management, purchasing, warehousing, advertising, etc.) cannot use separate accounting. Taxpayers allocating on any basis other than separate accounting shall include all interest, dividends and other non-operating income to arrive at the total income subject to the allocation percentage.

Taxpayers using separate accounting shall include in income subject to tax a proportionate share of dividends, interest and other non-operating income of the total corporation. This type of income is apportioned to City of Detroit activity on the same basis as general administrative and overhead costs are apportioned.

City of Detroit Corporation Renaissance Zone Schedule

General Information

Certain geographic areas within the filing city were designated as Renaissance Zones. This designation grants tax relief to qualified corporations located and conducting business activity within a filing city Renaissance Zone. In conjunction with the designation of these zones, the Detroit Income Tax Ordinance was amended effective January 1, 1997, to include a Renaissance Zone deduction.

A deduction will not be allowed without a Renaissance Zone Deduction confirmation letter included with this return.

Renaissance Zone Deduction Eligibility

A corporation that is located and conducting business activity in a Renaissance Zone that files a Statement of Eligibility with the City of Detroit, and obtains approval for tax relief is qualified to claim the deduction.

A corporation is not eligible to claim a Renaissance Zone deduction if the corporation:
