CHAPTER 1 - INTRODUCTION

INTRODUCTION TO THE TAXPAYER ASSISTANCE MANUAL

Treasury aspires to offer exceptional services in areas of fiscal policy, revenue matters, and tax administration by cultivating a culture of taxpayer service, focusing on employee engagement, and promoting continuous improvement. For more information on Treasury aspirations, go to www.michigan.gov/treasury and choose “About Treasury.”

The Taxpayer Assistance Manual is a guide to completing the following Michigan income tax forms:

• MI-1040	MICHIGAN INDIVIDUAL INCOME TAX RETURN
• MI-1040CR	HOMESTEAD PROPERTY TAX CREDIT CLAIM
• MI-1040CR-2	HOMESTEAD PROPERTY TAX CREDIT CLAIM FOR VETERANS AND BLIND PEOPLE
• MI-1040CR-7	HOME HEATING CREDIT CLAIM

This Manual does not supersede the Income Tax Act of 1967 or the Revenue Act of 1941, both as amended. In this manual all examples that require consideration of the number of days in a year are based on a 365-day year.

The Taxpayer Assistance Manual is prepared by the Michigan Department of Treasury (Treasury) to assist volunteer tax preparers in understanding Michigan taxes and preparing tax returns. In addition to the information in this publication, updates are regularly made to Treasury’s website to reflect any changes in the tax law. For the most recent guidance, go to www.michigan.gov/taxes. This manual covers most taxpayer situations that are likely to be encountered by a volunteer preparer and should be used in conjunction with the instruction booklets for each form when preparing the tax return. If a taxpayer’s circumstance is unusual or if a volunteer preparer is unsure of how to apply these instructions, call the Michigan Department of Treasury (Treasury) Volunteer Help Line at 1-888-860-8389. Additional information on more complex issues is also in the Tax Text for tax practitioners available at www.michigan.gov/taxes.

TREASURY WEB SERVICES

Treasury and Taxes Website

Treasury’s websites, www.michigan.gov/treasury and www.michigan.gov/taxes, provide information about each tax as well as high-level overviews of processes and procedures. In addition, you can use these websites to reference taxpayer notices, Revenue Administrative Bulletins, calculators, as well as forms and instructions. These websites are an excellent resource to learn the most up-to-date information about Treasury.

Treasury eServices

Treasury’s suite of eServices provides taxpayers and service providers with a fast and convenient way to manage their questions and tax needs online. Within each eService portal, taxpayers can ask general

or account-specific questions, retrieve and review answers, request copies of correspondence, and, in some cases, see and send account-specific information. For tutorials, troubleshooting information, and other resources regarding these eServices, visit the eServices Portal Help Center at www.michigan.gov/taxes/helpcenter.

Before contacting Treasury about account-specific issues, taxpayers will need information from their tax return to verify their identity.

Individual Income Tax (IIT) eService Portal

The IIT eService Portal is designed to be used by the taxpayers themselves and is specific to Individual Income Tax. It can be accessed at etreas.michigan.gov/iit. If the taxpayer creates login credentials, they can also view correspondence sent by Treasury and respond to it electronically. In addition, taxpayers can use the IIT eService Portal to:

- Check their refund status
- Inquire about their tax account
- Change their address
- View estimated tax payments
- Calculate penalty and interest.

Before contacting Treasury about account-specific issues, taxpayers will need the following information from their tax return to verify their identity:

- Social Security number (SSN) of the primary filer (the filer listed first on the return)
- Tax year of the return
- Adjusted gross income (AGI) or total household resources (THR)
- Filing status (single, married filing jointly, married filing separately).

City Taxes eServices Portal

The City Taxes eService Portal is designed to be used by the taxpayer to check their return and refund status for City of Detroit corporate income, employer withholding, fiduciary income, individual income, and partnership taxes. It can be accessed at etreas.michigan.gov/ct. At this time, the City Taxes eService Portal cannot be used to make inquiries, file tax returns, or make payments.

Tax Professionals eService Portal

The Tax Professionals eService Portal is designed to be used by tax practitioners and allows them to interact with Treasury regarding Corporate Income Tax (CIT), Flow-Through Entity (FTE) Tax, Individual Income Tax (IIT), Marihuana Retailers Excise (MRE) Tax, Michigan Business Tax (MBT), and Sales, Use and Withholding (SUW) Taxes. It can be accessed at etreas.michigan.gov/tp. Tax professionals can use this eService to:

- Send inquiries about their clients' tax accounts
- Ask general questions
- Retrieve and review Treasury's responses.

Tax professionals sending account-specific inquiries must have an *Authorized Representative Declaration (Power of Attorney)* (Form 151) on file permitting Treasury to disclose protected account information to them. Representatives with account-specific questions that do not have a Power of Attorney (POA) on file must email the completed form in PDF format to **Treas_PRO@michigan.gov** with the service request number of their eService inquiry in the email subject.

DISCLOSURE GUIDELINES

Treasury employees are bound by disclosure laws as stated in Michigan Compiled Laws and the federal penal code. Employees of the Michigan Accounts Receivable Collection System (MARCS), an agency under contract with Treasury, are bound by the same disclosure requirements as Treasury employees. The law prohibits the disclosure of confidential tax information to any person other than the taxpayer of record unless the taxpayer authorizes the disclosure of their information to another individual.

Acceptable disclosure authorizations are:

- *Request and Consent for Disclosure of Michigan Tax Return Information* (Form 4095).
- *Authorized Representative Declaration (Power of Attorney)* (Form 151) correctly completed for businesses, adding an authorized representative declaration through MTO.
- Consent via checking the authorization box on the Michigan income tax return(s). This applies only to the individual named as the preparer on the return and does not extend to others in the preparer's office or firm. In addition, it authorizes the tax preparer to provide Treasury with missing information, contact Treasury to obtain information about processing or status of refunds and payment, and request copies of notices related to the return.
- Written consent that meets the requirements of Michigan Admin Code R 205.1006b.
- Verbal/implied consent (e.g., conference call, interpreter, translator).

Form 151 is available on Treasury's website at **www.michigan.gov/taxes**, by calling 517-636-4486, or by writing to:

Michigan Department of Treasury
P.O. Box 30757
Lansing, MI 48909

Address disclosure-related inquiries by calling 517-636-4239, faxing 517-636-5340, or by writing to:

Michigan Department of Treasury
Office of Privacy and Security
Disclosure Unit
430 W. Allegan
Lansing, MI 48922

Additional Disclosure Forms that may be used when submitting a disclosure request are located on Treasury's website at www.michigan.gov/treasury. Click on "Forms" for the link to the Disclosure Forms and Information.

IDENTITY THEFT

Treasury works closely with, and participates in, the IRS Security Summit. For more information, go to www.irs.gov/uac/security-summit.

When filing electronically, provide the additional information requested such as driver's license number with the expiration date. Providing the information could help process the return more quickly.

To protect Michigan taxpayers, Treasury continues to implement security measures to prevent tax-related identity theft. As a result, some IIT returns may be selected for identity confirmation.

If an IIT return has been selected for identity confirmation, the taxpayer will receive a letter seeking to confirm identity through the completion of a short online ID confirmation quiz or by submitting paperwork. If a taxpayer does receive an ID confirmation quiz letter, it is not because they are suspected of identity theft. The purpose of the quiz is to protect their identity as the filer and prevent loss of taxpayer dollars. After passing the quiz, the return will be processed.

Warning Signs of Identity Theft

- The IRS or the State of Michigan (SOM) notifies the taxpayer that more than one tax return was filed using the taxpayer's name and/or SSN or that of a spouse or dependent(s).
- The taxpayer has been notified of income or government assistance that they did not receive.
- The taxpayer has a tax balance due, refund offset or has had collection actions taken against them for a tax year the taxpayer did not file a return.
- The taxpayer receives an unexpected or incorrect 1099-G from Treasury.

The victim of stolen-identity tax fraud can assist in resolving the situation. It is very important to act quickly and assertively to minimize the impact of loss or injury that results from unauthorized access to personal information.

If a taxpayer or a preparer's client receives any indication that the original return is rejected as a duplicate tax return, please submit any information requested by Treasury.

Visit Treasury's website at www.michigan.gov/taxes, choose "Individual Income Tax" and under "More Individual Income Tax Resources," choose "Are you looking for help with identity theft protection?"

INFORMATION FOR 2024: WHAT'S NEW

RAB 2023-14 Impact of COVID-19 Extensions and Penalty and Interest Waivers on the Statute of Limitations

RAB 2023-14 describes the impact of Covid-19 extensions and waivers on the statute of limitations for Individual Income Tax (IIT), Corporate Income Tax (CIT), and Sales, Use, and Withholding (SUW) taxes. The Michigan Department of Treasury (Treasury) issued multiple notices during the Covid-19 pandemic that extended filing deadlines and waived penalty and interest for late filing and remittance of tax, due to the impact of the pandemic on individuals and businesses. Generally, income tax extensions extended the due date of the return, and therefore, has an impact on the statute of limitations. Conversely, the sales and use tax notices were merely waivers of penalty and interest for late filing and do not impact the statute of limitations.

Revenue Administrative Bulletin (RAB) 2023-22 Individual Income Tax – Treatment of Retirement Income Under Public Act 4 of 2023

RAB 2023-22 discusses the tax treatment of retirement and pension income following the changes to Section 30 of the Michigan Income Tax Act (MITA) enacted by Public Act 4 of 2023 (PA 4). The RAB also discusses Pre-2012 Michigan tax treatment of retirement distributions and Post-2012 Michigan tax treatment of retirement distributions.

Notice: 4.25 Percent Income Tax Rate for Individuals and Fiduciaries in 2024 Tax Year

In *Associated Builders and Contractors of Michigan v Eubanks*, Case No. 23-000120-MB, the Court of Claims upheld Attorney General Opinion No. 7320, concluding that the 4.05 percent income tax rate was effective for 2023 alone. The income tax rate for individuals and fiduciaries is therefore 4.25 percent for the 2024 tax year.

The Michigan Court of Appeals affirmed the Court of Claims in a published opinion issued on March 7, 2024. Petitioners filed an application for leave to appeal to the Michigan Supreme Court, which was denied on August 30, 2024, leaving in place the Court of Appeals decision

Notice: Homestead Property Tax Credit and Adjacent and Contiguous Property

Qualifying claimants who own or rent Michigan real property may claim a homestead property tax credit (HPTC) for property taxes levied on their homestead. A homestead includes property adjacent and contiguous to the home of the owner only when that property is unoccupied and not classified as commercial, industrial, residential, or timber-cut over. Previously, Treasury FAQ provided incorrect information and has been corrected.

RABs are located under the “Reports and Legal” tab on Treasury’s website.

Increased Exemptions

The personal exemption amount for 2024 is \$5,600. The stillbirth exemption for 2024 is \$5,600.

Income Tax Rate

The income tax rate for 2024 is 4.25 percent.

GENERAL GUIDELINES

COPY OF RETURN

E-Filed Returns: When electronically filing (e-filing), provide the taxpayer with a paper copy of the return. It may be helpful to mark “COPY” on the taxpayer’s copy to eliminate any confusion and reduce the number of duplicate returns received, for instance when a taxpayer’s return is e-filed and then later mailed.

Paper Returns: Prepare all returns in duplicate. File the original return and give the copy to the taxpayer. Inform the taxpayer that it is important to keep a copy of the return.

In e-filed or paper return filings, if there are problems regarding the tax return, the taxpayer will be able to refer to the copy to see exactly what was entered on the return. Advise the taxpayer to bring the copy the following tax year to expedite preparation.

SIGNATURES

After you have prepared the return, enter your site designation and the date prepared in the preparer's signature area. Then have the taxpayer (and spouse, if applicable) sign and date the return.

RELEASE TO DISCUSS INFORMATION

Ask the taxpayer if they want to authorize personnel in Treasury to discuss the return with the volunteer tax preparer if additional information is needed. If so, have the taxpayer check the box.

NOTE: *Since volunteer preparers do not enter their name, this instruction is generally applicable only to paid preparers.*

ARRANGING AND MAILING RETURNS AND ATTACHMENTS

Each form contains a two-digit attachment sequence number in the upper-right corner to help guide with the proper assembly of the *Individual Income Tax Return* (Form MI-1040) and related schedules. Place all supporting documents at the end.

Do not attach the *Home Heating Credit Claim* (Form MI-1040CR-7) to the other returns. Fold it and leave it loose in the envelope.

Mail the return to the address shown on the bottom of the return.

POSTAGE

The U.S. Post Office calculates postage based on the weight, size, and thickness of an envelope. Consult with the Post Office to avoid delays in delivery; items with insufficient postage will be returned to the sender by the Post Office.

DECEASED TAXPAYER

If a deceased taxpayer has a surviving spouse and a joint return is filed, use both surviving and deceased spouse's names and Social Security numbers (SSN). Enter "DECD" after the deceased's name. Include all income (including the deceased spouse's) on the return. A full exemption allowance is allowed for the deceased spouse.

If there is no surviving spouse and you are preparing a return for the personal representative or a claimant filing single or joint returns for deceased taxpayer(s), you must attach a copy of U.S. Form 1310 or *Michigan Claim for Refund Due a Deceased Taxpayer* (Form MI-1310). Enter the deceased person's name(s) in Filer and Spouse Name fields as indicated and the representative/claimant name(s), title, and address in the Home Address field on the MI-1040.

For examples, refer to the MI-1040 instruction booklet.

COMPLETING A PAPER-FILED RETURN

Treasury uses scanning equipment to capture the information from paper income tax returns. To avoid unnecessary delays caused by manual processing, follow the guidelines below, so that returns are processed quickly and accurately.

- **Use black or blue ink.** Do not use pencil, red ink, or felt tip pens. Do not highlight information.
- **Print using capital letters (UPPER CASE):** Capital letters are easier to recognize.
- **Print numbers like this:** 0 1 2 3 4 5 6 7 8 9. Do not put a slash through the zero or seven.
- **Leave lines/boxes blank** if they do not apply or if the amount is zero.
- **Do not write extra numbers, symbols, or notes** on the return, such as cents, dashes, decimal points, or dollar signs. Enclose any explanations on a separate sheet unless instructed to write explanations on the return. The taxpayer's name, SSN, tax year, and form number should be entered on any attachments.
- **Stay within the lines** when entering information in boxes.
- **Use whole dollars.** Round down amounts less than 50 cents. Round up amounts of 50 cents through 99 cents. Do not enter cents (e.g., 129.49 becomes 129, 129.50 becomes 130).

Treasury has seen an increase in the volume of both returns and e-file payment vouchers with a masked or truncated SSN and bank account number information. Taxpayers have been mailing the masked copy of their documents instead of the copy with the full account information displayed, which may cause significant delays in processing the returns and payments. Tax preparers should emphasize to their customers the importance of **not** mailing the masked copies.

ELECTRONIC FILING PROGRAMS

Information included in this section was current at the time of this publication.

The Michigan Department of Treasury (Treasury) partners with the Internal Revenue Service (IRS) to provide electronic filing (e-filing) of IIT returns. The Fed/State e-file Program enables taxpayers to e-file both federal and State (including the City of Detroit) returns through tax preparers as part of the program's effort to provide "one-stop shopping" for tax preparation and filing. The State and/or City Unlinked e-file Program enables taxpayers to e-file their State and/or City of Detroit return separately from their federal return.

Nearly 100 million people nationwide know e-filing is the way to go! Over 4 million Michigan taxpayers choose to e-file their tax returns. Thank you for making e-file a success.

Tax preparers who complete 11 or more IIT returns are required to e-file all eligible returns. Software developers producing tax preparation software or computer-generated forms must support e-file for all Michigan and City of Detroit IIT forms that are included in the software package.

Michigan, along with many other state revenue agencies, is requesting additional information in an effort to combat stolen-identity tax fraud to protect taxpayers and their tax refund. If the taxpayer has a driver's license or state-issued identification card, please provide the requested information from it. Providing the information could help process their return more quickly. The return will not be rejected if the taxpayer's driver's license or state-issued identification information is not provided.

There are many benefits to tax preparers who participate in the e-file program:

- **Expanded services offered.** E-file is a valuable addition to a tax preparer's list of client services, which can mean more clients. In addition, prospective clients can find an authorized e-file provider at www.IRS.gov.
- **Faster refunds for e-file returns.** E-filed returns are processed faster than paper returns. **Allow 14 days** before checking the status of the Michigan e-filed return by visiting www.michigan.gov/iit and clicking on "eServices Individual Income Tax." Clients can also choose direct deposit and have their state refund deposited directly into their account at the financial institution of their choice. Clients can check the status of their City of Detroit e-filed return by visiting www.michigan.gov/citytax.
- **Payment with tax due returns.** Payment on a tax due return can be made using direct debit at the same time the tax return is e-filed, when supported by software. Filers can even select the date the payment will be debited from their account (up to 90 calendar days).
- **Improved return accuracy.** Treasury processes the same data the tax preparer enters into the computer. When e-filing federal, State, and City of Detroit returns together, much of the same data is used, so information is entered only once, again lessening the possibility of error. Treasury systems automatically check returns for mistakes. When easy-to-fix mistakes like math errors or missing forms are found, the return is sent back for correction. The error can then be fixed and sent back to Treasury, which prevents a simple mistake from holding up a refund.
- **Detailed error conditions.** Modernized e-File (MeF) business rules pinpoint the location of the error in the return and provide complete information in the acknowledgement file that is passed back to the transmitter. MeF business rules use simple wording to clarify each error that triggers a rejection. Treasury will provide up to ten business rule errors per return submission.
- **Increased customer satisfaction.** Only tax preparers and their client see the return. Tax information is encrypted and transmitted directly to the IRS and Michigan. Also, an acknowledgment is sent to verify the return was received and accepted for processing.
- **Prior year and amended returns.** Michigan and City of Detroit tax returns for 2022, 2023, and 2024 will be accepted during the 2025 processing year.
- **Portable Document Format (PDF) attachments.** MeF accepts PDF attachments with e-filed returns. Refer to the "Michigan Portion of the Electronic Return" section for a listing of PDF attachments accepted by Michigan.

How Fed/State (Linked) E-File Works

Tax preparers and transmitters accepted into the IRS Fed/State 1040 MeF Program may file federal and/or State (including City of Detroit) returns together in one transmission to the IRS Service Center. The State submission can be linked to the IRS submission by including the IRS Submission ID of the federal return. If the State submission is linked to an IRS submission (also referred to as the Fed/State return), the IRS will check to see if there is an accepted IRS Submission ID. If there is not an accepted federal return, the IRS will deny the State submission and a rejection acknowledgment will be sent to the transmitter. Treasury has no knowledge that the State return was rejected by the IRS. If there is an accepted federal return under the Submission ID, the IRS will perform minimal validation on the State submission. The State data will then be made available for retrieval by Treasury. After the State data is retrieved, it will be acknowledged and, if accepted, processed by Treasury.

Treasury will acknowledge receipt of all returns retrieved from the IRS. The transmitter should receive the Michigan acknowledgment within three days from the date the return is successfully transmitted to the IRS.

The IRS recommends sending the IRS submission first and, after it has been accepted, sending the State submission.

When filing a Michigan return that includes City of Detroit forms, an error occurring in either the State or City form will cause the entire submission (State and City) to be rejected.

All returns, whether e-filed or paper-filed, are subject to Treasury audit and can be delayed regardless of the acknowledgment code received. Returns are processed and refunds are issued daily.

How State Standalone (Unlinked) E-File Works

The federal return does not have to be e-filed and accepted before e-filing the state unlinked return. However, the federal tax return should be computed before computing the State tax return.

Tax preparers and transmitters accepted in the IRS e-file Program may participate in the State unlinked e-file Program when supported by their software. The IRS will perform minimal validation on the State return and issue an acknowledgment. If the return passes validation, the State data will be made available for retrieval by Treasury. After the data is retrieved, it will be acknowledged and, if accepted, processed by Treasury.

When filing a Michigan return that includes City of Detroit forms, an error occurring in either the State or City form will cause the entire submission (State and City) to be rejected.

All returns, whether e-filed or paper-filed, are subject to Treasury audit and can be delayed regardless of the acknowledgment code received. Returns are processed and refunds are issued daily.

Who May Participate

E-filing of Michigan returns is available to all individuals who have been accepted into the IRS e-file Program and who transmit returns to an IRS Service Center. The IRS mandates preparers filing 11 or more IIT returns to e-file those returns, with minor exceptions. Michigan would expect any preparer e-filing federal returns to also e-file the Michigan and/or City of Detroit returns.

Application and Acceptance Process

To participate, applicants must first apply to the IRS and be accepted. Individuals must register with IRS e-Services and create a new or revised IRS e-file application. Individuals can contact IRS e-help toll-free at 1-866-255-0654 for assistance.

Publication 3112 IRS e-file Application and Participation specifies the application process and requirements for federal participation. The definitions used by the IRS of the various categories of e-filers, Electronic Return Originators (EROs), transmitters, or software developers also apply for Michigan e-filing purposes.

Once accepted into the IRS e-file Program, participation in Michigan's e-file Program is automatic. Michigan will use the Electronic Filer Identification Number (EFIN) assigned by the IRS. Michigan does not assign additional identification numbers.

IRS regulations require paid tax preparers to use Preparer Tax Identification Numbers (PTINs) for all tax returns and refund claims. Visit the IRS website at www.irs.gov for more information.

To participate in Michigan e-file Programs, e-filers must use software that has successfully completed the IRS and Michigan Assurance Testing System (ATS). Confirm that the software chosen has been approved for Michigan and that the Michigan e-file Program is operational before transmitting returns.

If, after acceptance, a tax preparer/transmitter or software company has production problems, Treasury reserves the right to suspend that tax preparer/transmitter or software company until the problems are resolved to Treasury's satisfaction.

Treasury may conduct a suitability check on applicants who have been accepted in the Fed/State e-file Program. Participation in the program may be denied if a company is not registered to conduct business in Michigan, or if there is an outstanding tax liability with Michigan.

A list of approved software companies is available on Treasury's website. Tax preparers are not required to file test returns with Michigan.

Michigan Portion of the Electronic Return

The Michigan portion of an electronic return consists of data transmitted electronically and the supporting paper documents. The paper documents contain information that cannot be transmitted electronically.

**** If the taxpayer makes either the extension payment or estimated payments electronically, using Michigan’s Individual Income Tax e-Payments System, there is no need to mail each of the identified forms to Treasury.***

Michigan will accept e-file returns for deceased taxpayers. If a U.S. 1310 is required, that data must be included within the federal folder of the Michigan e-file return. When e-filing on behalf of a single, deceased taxpayer, with a balance due federal return and a refund Michigan return, the Michigan return can be e-filed and the U.S. 1310 or the MI-1310 (and required documents) included as a PDF attachment when supported by the software or mailed to Treasury.

Software may include a “Preparer Notes” field for the federal, State, and/or City return. The purpose of this field is to capture additional descriptive information from lines that did not have sufficient space. Michigan Preparer Notes can contain up to 150 characters. Tax preparers are encouraged to utilize Preparer Notes and PDF attachments when supported by the software.

Using Preparer Notes and including the recommended PDF attachments may reduce processing delays and the need for Treasury to contact the taxpayer for additional information.

Examples of information that can be included in Preparer Notes and when a PDF attachment is recommended:

- **Combat Zone.** If a taxpayer is serving in a combat zone.
- **Federal Extension granted to MM-DD-YYYY.** If a taxpayer has been granted an extension to file their federal return.
- **Explanation of a large subtraction.** Recommend including an Explanation.pdf when not supported by federal forms.
- **Explanation of a miscellaneous subtraction.** Recommend including an Explanation.pdf when not supported by federal forms.
- **Explanation of how expenses were met when total household resources are very low.** Recommend including an Explanation.pdf.
- **Co-owners share of property taxes.** Recommend including the PropertyTaxStatement.pdf.
- **Explanation of taxpayers paying room and board/property tax credits.** Recommend including the SpecialHousingStmt.pdf.
- **Farmland agreement number reduced for exception by percent.** Recommend including Assessor.pdf.
- **Identify where prior year farmland refund is included on federal return.** Recommend including an explanation in Preparer Notes.
- **Withholding corrected on an amended MI-1040.** Recommend including Explanation.pdf and to provide copies of the W-2(s).

When claiming an NOL carryforward, Treasury recommends attaching prior year NOL documents as a PDF attachment. Prior year NOL documents include the Schedule MI-1045 and federal return with schedules for the applicable prior NOL year. If the file size of the total submission is too large, the federal return with schedules can be mailed to Treasury.

The taxpayer is not eligible for e-file for tax year 2024 if:

Form	Line	Description
Various		Filing federal returns or forms excluded from MeF

Nonelectronic Portion of Michigan Returns

The nonelectronic portion of the Michigan return consists of the following supporting documents:

- *Michigan Individual Income Tax Certification for e-file* (Form MI-8453). See the “Michigan E-file Signature Process” section for more information on Form MI-8453.
- *Michigan Individual Income Tax Payment Voucher* (Form MI-1040-V). State tax due returns must submit payment by the due date.
- *City Income Tax e-file Payment Voucher* (Form City-V). City tax due returns must submit payment by the due date or extended due date if filing an *Application for Extension of Time to File City Tax Returns* (Form 5209). Form City-V should only be used for e-file payments. For other payment options see the “Tax Refund and Payment Information” section.
- *Michigan Direct Debit of Individual Income Tax* (Form 5472). Provides the taxpayer with a copy of their direct debit request entered in the electronic return submission.
- *Signed Distribution Statement for Joint Owners of Farmland Development Rights Agreements* (Form 5678). Used for farmland returns claiming unequal distribution of property taxes on jointly owned land and must be signed by all owners. Do **not** mail a copy of Form 5678 or the signed statement to Treasury. A copy of the signed statement should be retained to avoid reduction and/or denial of the credit. Treasury may later request a copy of the signed statement to verify the unequal distribution claimed.

Michigan E-file Signature Process

For Fed/State Returns

When e-filing the federal and Michigan returns together, Michigan will accept the federal signature (PIN).

For State and/or City of Detroit Unlinked Returns

When e-filing a State and/or City of Detroit unlinked (standalone) return, the filer must sign the return with the Electronic Signature Alternative (ESA) or paper Form MI-8453. The ESA consists of the SSNs, previous year's Adjusted Gross Income (AGI) or total household resources, and the previous year's tax due or refund amount.

The AGI or total household resources and refund or tax due amount must be from the previous year's return. Treasury can accept this information from the original return, amended return, or return as corrected by Treasury.

If the return is signed using the ESA and the return is rejected because the ESA does not match, the taxpayer/tax preparer may correct the ESA information and retransmit. There is no limit on how many times the return can be retransmitted in this circumstance.

Do not send Form MI-8453 to Treasury unless requested to do so.

For Tax Preparers

When e-filing a State and/or City unlinked (standalone) return, Form MI-8453 is used to capture the paid preparer (as defined by Internal Revenue Code (IRC) § 7701) signature and as a preparer certification document to be retained in their records. Part 3 of Form MI-8453 must contain the paid preparer's signature and date to be used for this purpose.

Volunteer Groups

If the taxpayer chooses to complete Form MI-8453, it should **not** be mailed to Treasury. Volunteer tax preparers should provide taxpayers with form MI-8453 and instruct them to retain a copy with their tax records.

Assistance is available using TTY through the Michigan Relay Service by calling 711. Printed material in an alternative format may be obtained by calling 517-636-4486.

TAX REFUND AND PAYMENT INFORMATION

STATE RETURNS

State Tax Returns Claiming Refunds

Michigan taxpayers can elect to have their Michigan income tax refunds directly deposited into their checking or savings accounts. When carrying the direct deposit information from the federal return to the Michigan return, verify the information is correct for the Michigan return. This is especially important when taxpayers have a Refund Anticipation Loan and have designated their federal refund to pay their loans. The State refund should not go to pay those loans.

Direct deposit requests associated with a foreign bank account are classified as International Automated Clearing House Transactions. If the income tax refund direct deposit is forwarded or transferred to a financial institution in a foreign country, the direct deposit will be returned to Treasury. If this occurs, the refund will be converted to a check (warrant) and mailed to the address on the tax return. Taxpayers should contact their financial institutions for questions regarding the status of their bank account.

Treasury cannot make any changes to direct deposit information after the return is transmitted.

Refund requests cannot be made by direct deposit for an amended return. A refund check will be mailed to the address on the Michigan return.

State Tax Returns with Tax Due

If tax is due on the return, the taxpayer must submit payment by April 15, 2025. If full payment of that tax due is not submitted by April 15, the taxpayer will receive a bill with applicable penalty and interest.

Payments can be made by:

- **Direct Debit:** Direct debit from a checking or savings account when the return is e-filed and supported by the software. A direct debit is a tax payment electronically withdrawn from the taxpayer's bank account through the tax software used to electronically file the IIT return. Submitting the electronic return with the direct debit information provided acts as the taxpayer's authorization to withdraw the funds from their bank account. Requesting the direct payment is voluntary and only applies to the electronic return that is being filed.

Important: When the State return has tax due and the City return has a refund, the City refund cannot be reduced to cover the State tax due.

Direct debit **will not** be available for the Michigan 2024 amended tax due return. Payment for an e-filed 2024 Michigan amended tax due return should be made using the *Individual Income Tax Payment Voucher* (MI-1040-V).

- **Warehousing a payment.** Warehousing a tax payment allows the taxpayer to designate the date the payment will be withdrawn from their bank account. Treasury will accept a warehoused payment date up to 90 calendar days before, but not beyond, April 15, 2025. Direct debit requests **after** the April 15, 2025, due date cannot be warehoused and must contain a direct debit date that is equal to the transmission date of the e-filed return. Treasury will not withdraw a payment from the designated bank account prior to the requested debit date. Allow three to four business days from the direct debit date of the payment for the funds to be withdrawn from the account.

Penalty and interest will accrue on any tax due that has not been paid by the due date of the return. The day the return was transmitted, if accepted by Michigan, is the received date.

- **Mailing Form MI-1040-V with a check or money order after e-filing the MI-1040 return.** The

MI-1040-V should not be included with a copy of the return and should not be used for any other payments made to the State of Michigan (SOM) (such as a City of Detroit tax due). When the payment is made electronically, there is no need to mail the MI-1040-V to Treasury.

- **Michigan IIT e-Payments system by direct debit (eCheck) from a checking or savings account, or by using a credit or debit card.** Michigan IIT filers have the option of making payments electronically using IIT e-Payments system. Paying electronically is easy, fast, and secure. The available payment types include IIT payments (tax due on the MI-1040), quarterly estimated income tax payments, and IIT extension payments. Payments can be made using eCheck from a checking or savings account, or credit or debit card. There is no fee for eCheck payments. Credit and debit payments will be charged a convenience fee of 2.35 percent of the total payment for credit cards and a flat fee of \$3.95 for debit cards, which is paid directly to the payment processing vendor. Visit www.michigan.gov/iit for more information.

CITY OF DETROIT RETURNS

City of Detroit Tax Returns Claiming Refunds

Direct deposit **will not** be available for City of Detroit refunds. All City of Detroit tax refunds will be issued checks and mailed to the address on the return.

City of Detroit Tax Returns with Tax Due

In the event that tax is due on the return, the taxpayer must submit payment by April 15, 2025. If full payment of that tax due is not submitted by April 15, the taxpayer will receive a bill with applicable penalty and interest.

Payments can be made by:

- **Direct Debit for tax year 2021, 2022, 2023 and 2024:** Direct debit from a checking or savings account when the return is e-filed and supported by the software. A direct debit is a tax payment electronically withdrawn from the taxpayer's bank account through the tax software used to electronically file the IIT return. Submitting the electronic return with the direct debit information provided acts as the taxpayer's authorization to withdraw the funds from their bank account. Requesting the direct payment is voluntary and only applies to the electronic return that is being filed.

Important: When the City of Detroit return has a tax due and the State return has a refund, the State refund cannot be reduced to cover the City tax due.

Warehousing a payment. Warehousing a tax payment allows the taxpayer to designate the date the payment will be withdrawn from their bank account. Treasury will accept a warehoused payment date up to 90 calendar days before, but not beyond, April 15, 2025. Direct debit requests **after** the April 15, 2025, due date cannot be warehoused and must contain a direct debit date that is equal to the transmission date of the e-filed return. Treasury will not withdraw a payment from the designated bank account prior to the requested debit

date. Allow three to four business days from the direct debit date of the payment for the funds to be withdrawn from the account.

Penalty and interest will accrue on any tax due that has not been paid by the due date of the return. The day the return was transmitted, if accepted by Michigan, is the received date.

- **Mailing the *Income Tax Payment Voucher (City-V)* with a check or money order after e-filing the City of Detroit return.** The City-V should not be included with a copy of the return and should not be used for any other payment made to the SOM (such as a Michigan tax due on Form MI-1040). When the payment is made electronically, there is no need to mail the City-V to Treasury.

Payment using Michigan's IIT e-Payments system is not available for City of Detroit tax due returns.

POST-FILING INFORMATION

MAILING ADDRESSES

General income tax correspondence or returning a home heating draft for a check:

Michigan Department of Treasury
Customer Contact
P.O. Box 30757
Lansing, MI 48909

Write "Void" across the draft and include a letter of explanation. When returning home heat drafts, the dollar amount of the check may be 50 percent of the returned draft and there will be further review of the account.

Returning State of Michigan checks:

Michigan Department of Treasury
Office of Financial Services
P.O. Box 30788
Lansing, MI 48909

Write "Void" across the check and include a letter of explanation.
Visit www.michigan.gov/treasury for more information.

AMENDED MICHIGAN INCOME TAX RETURNS (SCHEDULE AMD)

To correct or amend information reported on an *Individual Income Tax Return* (Form MI-1040), check the “Amended” box at the top of page 1 of the form. A Schedule AMD and applicable supporting documentation must be included when the amended MI-1040 is filed.

If the original return was adjusted by Treasury and the taxpayer disagrees with the adjustments, it is not necessary to file an amended return. Simply respond to the adjustment notice with documentation to support the original claim. Treasury will review the documentation for further adjustment.

Exceptions:

- When correcting a *Homestead Property Tax Credit* (Form MI-1040CR) and no Form MI-1040 was filed with the original claim, a MI-1040X-12 or MI-1040X are not required. File the Form MI-1040CR using the corrected figures and check the “Amended” box at the top of the form.
- When correcting a *Home Heating Credit* (Form MI-1040CR-7), file a MI-1040CR-7 and check the “Amended” box at the top of the form. An amended claim requesting an additional Home Heating Credit must be submitted by September 30, following the year of the claim.
- When correcting a *Farmland Preservation Tax Credit Claim* (Form MI-1040CR-5), file a MI-1040CR-5 with a new MI-1040 and check the “Amended” box at the top of the form. Submit the amended form along with a description and any documentation needed to explain the change.
- When claiming a refund from a Michigan net operating loss (NOL) carryback, do not file an amended return. To request a refund from a farming loss carryback, file *Farming Loss Carryback Refund Request* (Form 5603).
- An amended return is not required to change an incorrect SSN or incorrect mailing address. Contact Treasury at www.michigan.gov/iit or call 517-636-4486.

An amended return claiming an additional refund must be filed within four years of the due date of the original return.

CHAPTER 2 – MICHIGAN INCOME TAX (FORM MI-1040)

GENERAL INFORMATION

MI-1040

This chapter will follow the MI-1040 “instructions.” This refers to the instruction booklet used to prepare Form MI-1040. Read the instruction booklet. The following information will recap and/or further explain the instructions in the booklet.

FILING REQUIREMENTS

An individual who is a Michigan resident for all or part of the tax year is **required** to file a Michigan income tax return if any of the following are true:

1. Michigan income tax is due
2. The taxpayer is due a refund
3. A federal return is required
4. The AGI is greater than the personal exemption allowance on a Michigan Income Tax return.

For tax year 2024, a resident taxpayer is allowed \$5,600 for each personal exemption.

Anyone eligible to be claimed as a dependent on someone else’s return may claim a \$1,500 exemption (\$3,000 on a joint return). This is true whether or not the other person claims the exemption.

To prepare a Michigan income tax return, you must have a copy of the taxpayer’s federal income tax return (U.S. 1040, 1040-SR or 1040-NR). The U.S. 1040 contains information needed to prepare a Michigan income tax return.

Taxpayers who file any of the following schedules or forms with their federal return must attach a copy to their Michigan income tax return and designate the location of any business activity or the location of any real property involved.

Schedule 1	Additional income and adjustments to income
Schedule A	Itemized Deductions
Schedule B	Interest and dividend income (if over \$5,000)
Schedule C	Profit or loss from business
Schedule D and Form 4797	Capital and ordinary gains and losses (copies of U.S. Forms <i>1040 Schedule D</i> and <i>4797</i> are required if taxpayer is filing Forms MI-1040D and MI-4797)

Schedule E	Supplemental income and loss (losses from rents, royalties, partnerships, estates and trusts, and S corporations)
Schedule F	Profit or loss from farming
Schedule R	Credit for the elderly or the disabled
Form 2555	Foreign earned income
Form 3903	Moving expenses (applicable for military personnel only)
Form 4868	Application for Automatic Extension of Time to File U.S. Individual Income Tax Return
Form 6198	Computation of deductible loss from an activity described in Internal Revenue Code (IRC) Section 465(c)
Form 8829	Expenses for business use of home
Form 8949	Sales and other Dispositions of Capital Assets

DUE DATE OF RETURN

Income tax returns are due on the 15th day of the fourth month following the close of the taxpayer's calendar or fiscal tax year. If the due date falls on a weekend or a holiday, the next business day will be considered the due date. The due date for 2024 income tax returns will be April 15, 2025.

EXTENSION

If a taxpayer submits a valid extension of time to file a federal income tax return, attach a copy of U.S. Form 4868 if filed by paper or the acknowledgement or confirmation received from IRS if filed electronically to Form MI-1040. Treasury will extend the due date to the new federal due date.

If a taxpayer does not have a federal extension, complete *Application for Extension of Time to File Michigan Tax Returns (Form 4)* **with the payment of tax due**. Upon receipt of Form 4, Treasury will grant an automatic extension of time to file.

The taxpayer will not receive any notification of approval of a request for an extension.

An extension allows a taxpayer to file later than April 15, 2025. It does not allow a taxpayer to pay the tax later. If the tax is not paid by April 15, 2025, appropriate penalty and interest will be charged.

It is generally not necessary to file an extension request if claiming a refund as a refund can be claimed up to 4 years from the due date of the return.

United States military personnel serving in a combat zone on April 15, 2025, will be given 180 days after leaving the combat zone to file their federal and State returns and will be exempt from penalties and interest. Service men and women serving in combat zones should write "Combat Zone" in ink on

the top of page 1 of their return. For e-file returns, enter the word “Combat Zone” in the preparer notes or follow other direction as supplied by the tax software company.

An extension of time to file is not an extension of time to pay. An extension application will not be processed unless a payment is included, or estimated payments have been made and are listed on the form.

IDENTIFICATION SECTION

Enter taxpayer’s:

- Name, if single, and spouse’s name, if married filing jointly or separately
- Current mailing address. If the taxpayer changes their address after filing a return/claim, the taxpayer should notify Treasury of the change of address by using self-service or in writing by mail.

SOCIAL SECURITY NUMBER(S)

Ask to see taxpayer’s Social Security (SS) card(s). It is important to enter the taxpayer’s correct SS Number (SSN). If the claimant is married filing jointly or married filing separately, both SSNs must be included on the form.

SCHOOL DISTRICT CODE

Obtain the code number from the MI-1040 instruction booklet.

For residents, enter the school district code for where the taxpayer lived on December 31, 2024. For nonresidents and for part-year residents who did not live in Michigan as of December 31, 2024, enter “10000” in the school district code box.

STATE CAMPAIGN FUND

A taxpayer and/or spouse may designate \$3 of their taxes to go to the State campaign fund. This decision will not increase the tax liability or reduce the refund.

FILING STATUS

The filing status used on Form MI-1040 must be the same as the filing status used for the federal return, with one exception: taxpayers who file “married filing separately” for federal purposes may file either “married filing jointly” or “married filing separately” on the Michigan return.

Federal Status	State Status
Single	Single
Head of Household	Single
Qualifying Widow(er)	Single
Married, Joint	Married, Joint
Married, Separate	Married, Separate or Married, Joint

RESIDENCY STATUS

Check box a, b, or c. If one spouse is a resident and the other spouse a nonresident or part-year resident, check the appropriate box for each spouse. If the taxpayer (or spouse) is a part-year resident for the tax year or a nonresident, Schedule NR must be completed.

- a. **Resident.** An individual is a Michigan resident if Michigan is their permanent home. A permanent home is the place an individual intends to return to whenever they go away.
- b. **Nonresident.** An individual whose permanent home is not in Michigan. A nonresident must file a Michigan return if any income is attributable to Michigan. Some examples are wages earned in Michigan or income received from a business activity located in Michigan.
- c. **Part-Year Resident.** An individual who moved in or out of Michigan during the year. A temporary absence from Michigan, such as spending the winter in a southern state, **does not** make the taxpayer a part-year resident. A taxpayer is a part-year resident only if they moved their permanent home into or out of Michigan.

A taxpayer filing as a nonresident, or part-year resident must:

1. Complete Schedule NR and attach it to Form MI-1040 allocating all items of AGI between the states. (Attach appropriate schedules verifying adjustments.)
2. Prorate the exemption allowance by dividing Michigan income by total income.

Michigan has reciprocal agreements with Illinois, Indiana, Kentucky, Minnesota, Ohio, and Wisconsin that exempt nonresidents from income taxes imposed by each state on salaries, wages, and other

employee compensation. Michigan residents pay only Michigan income tax on salaries and wages earned in these states. This exemption does not apply to business income.

A resident of a reciprocal state who earned wages in Michigan must file Form MI-1040 along with the Schedule NR and other applicable forms or schedules to receive a refund of Michigan tax withheld. Be sure to indicate the taxpayer's state of residence.

NONRESIDENT ALIENS

Nonresident aliens must file a Michigan income tax return if their federal AGI is more than their Michigan exemption allowance. A copy of federal form U.S. 1040-NR, including all schedules and worksheets, must be included with the MI-1040. An MI-1040 can be e-filed with a nonresident alien U.S. 1040-NR return if supported by the tax software program. Wages or other income received by a nonresident alien working in Michigan are subject to the Michigan income tax as provided for in Michigan Compiled Laws (MCL) 206.110(2). However, due to tax treaty considerations between the U.S. and other countries, wages and other income received by a nonresident alien living and working in Michigan may not be subject to the Michigan income tax if the income is excluded from AGI.

A nonresident alien is not domiciled in Michigan and, therefore, may not claim a homestead property tax credit or a home heating credit.

EXEMPTIONS

The following are the exemption allowances for 2024:

- \$5,600 for each personal exemption of taxpayer. Each taxpayer may claim one personal exemption. However, if a joint return is not filed, the taxpayer may claim a personal exemption for the spouse if the spouse does not have any gross income and is not the dependent of another taxpayer.
- \$5,600 for each individual who is a dependent of the taxpayer.
- \$5,600 for a parent of a stillborn delivered during 2024 who has been issued a Certification of Stillbirth from the Michigan Department of Health and Human Services (MDHHS).
- An additional \$3,300 for each Michigan special exemption.
- A \$500 deduction for each taxpayer and every dependent of the taxpayer who is a qualified disabled veteran, defined as a veteran of the active military, naval, marine, coast guard, or air service who received an honorable or general discharge and has a disability incurred or aggravated in the line of duty as described in 38 U.S.C. 101(16) of the U.S. Code.
- \$1,500 for a taxpayer who is single or married filing separately (\$3,000 if married filing jointly) and can be claimed as a dependent on someone else's return.

NOTE: Part-year residents and nonresidents must prorate the exemption allowance using Schedule NR.

Definitions of Michigan Special Exemptions

Taxpayers who have one or more of the impairments described below may claim a special exemption. If the taxpayer's dependent is eligible for a special exemption, only the taxpayer **or** the dependent may claim that exemption, not both.

A special exemption may be claimed for the taxpayer, spouse, and each dependent of the taxpayer who are in any of the following categories:

- **Deaf.** An individual whose hearing is totally impaired or whose hearing, with or without amplification, is so seriously impaired that the primary means of receiving spoken language is through other sensory input, including but not limited to lip reading, sign language, finger spelling, or reading.
- **Blind.** An individual who has a permanent impairment of both eyes of the following status: central visual acuity of 20/200 or less in the better eye with corrective glasses, or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of not greater than 20 degrees in the better eye.
- **Hemiplegic.** An individual who has paralysis of one side of the body.
- **Paraplegic.** An individual who has paralysis of the lower half of the body.
- **Quadriplegic.** An individual who has paralysis of both arms and both legs.
- **Totally and permanently disabled.** An individual who is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. Do not claim totally and permanently disabled if the taxpayer is age 66 or older by April 30, 2024.

Support for this exemption is the receipt of any of the following types of income:

- Social Security Disability benefits
- Supplemental Security Income (SSI) disability benefits
- Veterans' Administration disability retirement payments.

A taxpayer who does not receive any of the above income may be required to furnish a physician's statement to certify total and permanent disability. For an additional reference see 42 U.S.C. 416 of the U.S. Code.

NOTE: An exemption for totally and permanently disabled cannot be claimed for a claimant, spouse, or dependent who is 66 years of age or older by April 30, 2024.

ADJUSTED GROSS INCOME

Enter the adjusted gross income (AGI) from the U.S. Form *1040*.

ADDITIONS TO ADJUSTED GROSS INCOME

The following are the most common additions and must be entered on Michigan Schedule 1, totaled, and carried to Form MI-1040:

- Interest and dividends from obligations or securities of states other than Michigan and their political subdivisions
- Taxes on or measured by income (e.g., deduction for self-employment tax)
- Losses from out-of-state businesses, partnerships, and S corporations
- Losses from out-of-state rental of real property
- Out-of-state farm losses
- Net loss from federal column of Form MI-1040D or MI-4797
- Losses from the sale or exchange of U.S. obligations to the extent used in arriving at AGI
- Refund received from the termination of a Michigan Education Trust (MET) contract
- An unqualified withdrawal from education savings accounts under the Michigan Education Savings Program (MESP) Act if the amount was not included in AGI
- Michigan portion of gain from Form MI-1040D or MI-4797
- Federal net operating loss deduction used to reduce AGI

SUBTRACTIONS FROM ADJUSTED GROSS INCOME

The following are the most common allowable subtractions and must be entered on Michigan Schedule 1, totaled, and carried to Form MI-1040. Subtractions are limited to the extent included in AGI.

- Income from U.S. government obligations reduced by any expenses in carrying the obligation used in arriving at AGI
- Compensation and retirement benefits received for services in the U.S. Armed Forces to the extent included in AGI (Do not deduct compensation received from the U.S. Public Health Service)

- Pension/retirement benefits received from the service in Michigan National Guard to the extent included in AGI
- Pension/retirement benefits received under the Railroad Retirement Act of 1974 to the extent included in AGI
- Capital gain adjustments (from federal column of MI-1040D or MI-4797)
- Income from business or property located in another state
- Retirement/pension benefits. (*Caution:* subtractions of these benefits may be limited and are discussed in detail in a separate section on Pension and Retirement Benefits)
- Dividend/interest/capital gains deduction for senior citizens (*Caution:* this subtraction is not available for individuals born after 1945)
- Social Security (SS) benefits to the extent included in AGI
- Income earned while a resident of a Renaissance Zone that was certified or renewed before January 1, 2012
- Contributions to the MESP or MAP not to exceed \$5,000 for a single return or \$10,000 for a joint return per year
- Contributions to the MiABLE or First-Time Homebuyer's Savings Account not to exceed \$5,000 for a single return or \$10,000 for a joint return per year for either savings plan
- The amount of an advance payment under a MET contract during the tax year
- Michigan state and local income tax refunds to the extent included in AGI
- Michigan homestead property tax credit to the extent included in AGI

Items not allowed as a subtraction:

- Wages, salaries, and personal compensation earned by a resident or earned in Michigan by a nonresident, unless the individual is a resident of a reciprocal state
- Retirement/pension benefits, if the taxpayer did not meet the minimum requirements for receiving the benefits under the terms of the plan (see the detailed information that follows)
- Distributions from IRAs before the age of 59 ½, unless the taxpayer meets the guidelines of IRC 72(t)(2)(A)(iv)
- Distributions from deferred compensation plans

Unemployment benefits included in AGI

- Sick pay, disability benefits, and wage continuation benefits paid to a taxpayer by their employer or by an insurance company under contract with the employer (disability benefits are not from wage continuation plans)
- Stock purchase plans that do not qualify as pension plans under the IRC
- IRA, Keogh contributions (these are subtracted in arriving at AGI)
- Lottery winnings
- Out-of-state gambling winnings taxed by another state (a credit for taxes paid may be available), not applicable to nonresidents

PENSION AND RETIREMENT BENEFITS INFORMATION

GENERAL INFORMATION

NOTE: Form 4884, Michigan Pension Schedule, is required to support a subtraction of pension and retirement benefits.

For purposes of this section, the term “pension” will include retirement and pension benefits.

A subtraction may be allowed on the Michigan return for qualifying distributions from pension plans. Pension plans include private and public employer plans, and individual accounts governed by various sections of the IRC.

The pension subtraction involves two steps:

- **First**, the pension distribution must meet certain requirements to be characterized as a qualified distribution.
- **Second**, a qualified distribution may be subject to a dollar limitation on the amount of the subtraction.

Step 1: Qualified Distribution Requirements

Employer plans and individual plans each have rules for receiving pension distributions. For a pension distribution to qualify for the Michigan subtraction, it must comply with the specific distribution rules under its plan.

EMPLOYER PLANS

Employer plans are created by private companies and by public entities. The employer plan establishes the rules that govern retirement age and the pension formula for their employees. For both public and private employer plans, an employee must retire under the provisions of the plan, the pension benefits must be paid from a pension trust fund, and the payment must be made to either the employee or the

surviving spouse. (Payments made to the surviving spouse are only deductible if the employee qualified for the subtraction at the time of death.)

Although traditional employer plans are defined contribution and defined benefit plans, many employers use 401(k) or 403(b) plans that incorporate employee match provisions.

Distributions from a 401(k) or 403(b) plan are qualified distributions to the extent that they are attributable to the employer's contributions or employee's contributions that were mandated by the plan. An employee's contribution required by the plan to elicit an employer match is considered mandated. Amounts distributed from a 401(k) or 403(b) plan that allows the employee to set the amount of compensation to be deferred and does not prescribe retirement age or years of service **do not** qualify as pension benefits.

INDIVIDUAL PLANS

Individuals may also have pension accounts created under various sections of the IRC that may or may not be part of an employer plan. To qualify for the Michigan pension subtraction, the distributions must meet the requirements set forth in the relevant section of the IRC.

Individual Retirement Account (IRA) IRC 408 Distribution Requirements

1. 59½ or older, or
2. Disability, or
3. Death - Distributions after the death of the participant may only be subtracted by a surviving spouse, and only if the distributions qualified as a subtraction for the participant at the time of death; or
4. Series of equal periodic payments made for life under IRC 72(t)(2)(A)(iv).

Distributions from a Roth IRA are not included in AGI and are not subtractable on the Michigan return.

Senior Citizen Annuity IRC 72 Distribution Requirements

1. Received from a retirement annuity policy, and
2. For life, and
3. To a senior citizen.

For purposes of the retirement annuity subtraction, a senior citizen is defined in MCL 206.514(1) as an "individual . . . who is 65 years of age or older at the close of the tax year. The term also includes the un-remarried surviving spouse of a person who was 65 years of age or older at the time of death."

Keogh or HR 10 Plans for the Self-Employed

Distributions are subject to the same general rules for other retirement plans, usually not made until a participant separates from service, the plan is discontinued, or the participant reaches age 59½.

Other Distributions

The following distributions do not qualify for the pension subtraction:

1. Deferred compensation plans that allow the employee to set the amount of compensation to be deferred and do not prescribe retirement age or years of service, including the following:
 - Deferred compensation plans under section 457 of the IRC;
 - 401(k) plans attributable to employee contributions alone;
 - 403(b) plans other than annuities purchased by an organization exempt under IRC 501(c)(3) or a public school system.
2. Commercial Annuity Policies (unless the payments are made for life to a senior citizen)
3. Premature separation, withdrawal, or discontinuance of a plan prior to the earliest date the recipient could have retired under the provisions of the plan
4. Payments received as an incentive to retire early unless the distributions are from a pension trust
5. Eligible distributions received by a beneficiary of the decedent except for the surviving spouse
6. Distributions that are sourced to rollovers from plans or contributions that do not qualify (i.e., IRA distributions that are sourced to rollovers from a 457 plan).

Step 2: Dollar Limitations on Pension Subtractions

Once it has been determined that a pension distribution has met the requirements of a qualified distribution set forth in Step 1, the next step is to determine if there are any dollar limitations on the amount of the Michigan pension subtraction.

There are additional limitations on pension deductions based on the year of birth of the retiree who is a single filer or on the year of birth of the oldest spouse for joint filers. The sections that follow first discuss dollar limitations based on year of birth. After the date of birth limitations have been discussed, the private pension limitations will be reviewed.

PENSION LIMITATIONS

There are limitations set on retirement or pension benefits defined in MCL 206.30(9). These limitations depend upon the birth year of the retiree, as well as filing status and marital status. Retirees are divided into categories (formerly “tiers”) based on date of birth of the taxpayer or the date of birth of the oldest spouse on a joint return.

Private pension limits for all filers are reduced by amounts claimed as a deduction for military retirement from the U.S. Armed Forces, retirement from the Michigan National Guard, and Railroad retirement.

Special rules apply for determining the limitation applicable to qualifying surviving spouses. A “qualifying surviving spouse” is an individual who claimed a subtraction for retirement and pension benefits or Social Security benefits on a return that was jointly filed with the decedent in the year the spouse died, and the surviving spouse has not remarried. A qualifying surviving spouse may compute the subtraction based on the date of birth of an older deceased spouse. A qualifying surviving spouse born after 1945 who has reached the age of 67 and has not remarried may elect to take the greater of the standard deduction against all types of income or the retirement and pension deduction based on the date of birth of the older deceased spouse. Qualifying surviving spouses should review Form 4884 instructions to determine which deduction is most beneficial for their filing situation.

If a surviving spouse did not claim a subtraction for retirement and pension benefits or Social Security benefits on a return that was jointly filed with the decedent in the year the spouse died, or if the surviving spouse has remarried, then the surviving spouse may compute a retirement and pension benefits subtraction based on the year of birth of the filer (or older spouse if remarried).

Taxpayers with Benefits from Qualified Fire, Police, or County Corrections Service: may subtract all qualifying retirement or pension benefits received from federal or Michigan public sources and may subtract qualifying private retirement and pension benefits up to the maximum private pension limit established for the tax year. The maximum private pension limit is reduced by any deduction claimed for public benefits. Therefore, those taxpayers who receive public retirement benefits that are greater than the maximum amount are not entitled to claim an additional subtraction for private pensions.

Individuals are eligible for this deduction if they have a qualifying distribution included in AGI from Michigan service as a:

- A public police or fire department employee subject to the Michigan Compulsory Arbitration of Labor Disputes in Police and Fire Departments Act,
- A state police trooper or state police sergeant subject to the Michigan Compulsory Arbitration of Labor Disputes of State Police Troopers and Sergeants Act, or
- A corrections officer employed by a county sheriff in a county jail, work camp, or other facility maintained by a county that houses adult prisoners.

Note: Individuals with a qualifying distribution included in AGI from service in substantially similar federal employment qualify for this deduction.

Individuals that were born after 1945 and have reached the age of 67, may receive a greater benefit by claiming the standard deduction. Further discussion of the standard deduction follows.

Taxpayers born before 1946: may subtract all qualifying retirement or pension benefits received from federal or Michigan public sources and may subtract qualifying private retirement and pension benefits up to the maximum private pension limit established for the tax year. The maximum private pension limit is reduced by any deduction claimed for public pension benefits. Therefore, those taxpayers who receive public retirement benefits that are greater than the maximum amount are not entitled to claim an additional subtraction for private pensions.

Taxpayers born in 1946 through 1952: qualify to claim a Tier 2 Michigan Standard Deduction upon reaching the age of 67 or a retirement and pension benefits deduction.

For tax year 2024, the retirement and pension benefits deduction is up to 50% of the maximum private pension limit. For single or married filing separate return the limit is up to \$32,020 and for a married filing joint return the limit is up to \$64,040.

The Tier 2 Michigan Standard Deduction is applied against all income and is up to \$20,000 for single, married filing separate returns and \$40,000 for married filing joint returns. The standard deduction is reduced by the deduction claimed for military compensation, including retirement benefits, due to service in the U.S. Armed Forces, or Michigan National Guard and taxable Railroad Retirement Act benefits. A taxpayer is considered to have reached age 67 on the day before their birthday.

If a taxpayer receives retirement benefits from employment with a governmental agency that was not covered by the federal Social Security Act (SSA), the maximum standard deduction is increased. The uncovered taxpayer may claim a standard deduction up to \$35,000 against all types of income on a single or married filing separate return and up to \$55,000 on a married filing joint return (\$70,000 on a joint return only if both spouses were “uncovered”). The standard deduction is reduced by the deduction claimed for military compensation, including retirement benefits, due to service in the U.S. Armed Forces, or Michigan National Guard and taxable Railroad Retirement Act benefits.

Taxpayers who claim the standard deduction should **not** complete Form 4884.

Taxpayers who file a joint return and the older spouse was born prior to 1946 (Tier 1) are not eligible for the standard deduction.

Taxpayers born after 1952 through 1962: qualify to claim a Tier 3 Michigan Standard Deduction upon reaching the age of 67 or a retirement and pension benefits deduction.

For tax year 2024, the retirement and pension benefits deduction is up to 50% of the maximum private pension limit. For single or married filing separate return the limit is up to \$32,020 and for a married filing joint return the limit is up to \$64,040.

Beginning in 2018, taxpayers who receive retirement and pension benefits from employment with a governmental agency that was not covered by the federal SSA and who had retired as of January 1, 2013 may claim a retirement or pension deduction up to \$35,000 on a single or married filing separate return and up to \$55,000 on a married filing joint return (\$70,000 on a joint return if both spouses were uncovered). Upon reaching the age of 67, these individuals may claim a standard deduction equal to \$35,000 for single or married filing separate return and up to \$55,000 on a married filing joint return, or \$70,000 for joint returns if both spouses are uncovered. The standard deduction is reduced by the deduction claimed for military compensation, including retirement benefits, due to service in the U.S. Armed Forces, or Michigan National Guard and taxable Railroad Retirement Act benefits.

A taxpayer that has reached the age of 62 and has yet to turn 67 and receives a pension from employment with a governmental agency that was not covered by the federal SSA, may elect to deduct up to \$15,000 or up to \$30,000 if both spouses were uncovered. Individuals should review Form 4884 instructions to determine if this deduction is most beneficial for their filing situation.

The Tier 3 Michigan Standard Deduction is applied against all income and is up to \$20,000 for single, married filing separate returns and \$40,000 for married filing joint returns. The standard deduction is reduced by amounts claimed for personal exemption, taxable Social Security subtraction, military compensation, including retirement benefits, due to service in the U.S. Armed Forces, or Michigan National Guard and taxable Railroad Retirement Act benefits. A taxpayer is considered to have reached age 67 on the day before their birthday.

Taxpayers who claim the standard deduction should **not** complete Form 4884.

Taxpayers who file a joint return and the older spouse was born prior to 1946 (Tier 1) are not eligible for the standard deduction.

Taxpayers born after 1963: qualify to claim a retirement and pension benefits deduction upon reaching the age of 62 if they receive a pension distribution from employment with a governmental agency that was not covered by the federal Social Security Act. The uncovered taxpayer, who is at least 62, may deduct up to \$15,000 or up to \$30,000 if both spouses were uncovered. Individuals should review Form 4884 instructions to determine which deduction is most beneficial for their filing situation.

Beginning in 2018, taxpayers who receive retirement and pension benefits from employment with a governmental agency that was not covered by the federal SSA and who had retired as of January 1, 2013 may claim a retirement or pension deduction up to \$35,000 on a single or married filing separate return and up to \$55,000 on a married filing joint return (\$70,000 on a joint return if both spouses were uncovered).

UNLIMITED PUBLIC PENSION SUBTRACTION

Applies only to retirees born before 1946, qualifying surviving spouses, and qualifying police, fire, and corrections retirees with qualified distributions from Michigan public safety service.

MICHIGAN AND FEDERAL PUBLIC PENSIONS

Federal or Michigan public pensions are no longer totally exempt for all taxpayers. The amount that may be deducted depends on the year of birth for a retiree who is single filer or on the year of birth of the oldest spouse for joint filers.

Public pensions include benefits received from the federal civil service, State of Michigan, political subdivisions of Michigan, military, and railroad pensions. If the requirements of the plans under Step 1 are met, these distributions may be deductible depending on the age of the filers.

PUBLIC PENSIONS FROM OTHER STATES

For retirees born before 1946, the Michigan subtraction for public pensions from other states is limited to the private pension limits of \$64,040 for a single filer or \$128,080 for joint filers. For all other retirees, the pension limitations are based solely on date of birth and there is no difference between a private and a public pension.

PRIVATE PENSIONS

Private pensions include employer plans and individual plans such as IRAs and senior citizen annuities. The maximum subtraction allowed for a retiree born before 196 with a private pension is adjusted annually by the percentage increase in the U.S. Consumer Price Index. The maximum deduction for the 2024 tax year is \$64,040 on a single return and \$128,080 for a joint return.

The following table outlines the annual maximum private pension deductions and only applies to retirees born before 1946.

Tax Year	Single Return	Joint Return
2020	\$53,759	\$107,517
2021	\$54,404	\$108,808
2022	\$56,961	\$113,922
2023	\$61,518	\$123,036
2024	\$64,040	\$128,080

RAILROAD PENSION BENEFITS

The taxable amount of railroad pension income included in AGI may be subtracted on the Michigan return. Portions of a railroad pension are reported as Social Security on the federal return; however, these benefits should be subtracted as railroad pension, not Social Security, on the Michigan return. Additionally, all railroad retirement benefits must be reported on Schedule W even if there was no Michigan withholding.

PENSION SUBTRACTION EXAMPLES

Example 1: Combined Public and Private Pension Distributions.

Sam is retired, single and born before 1946. He has a State of Michigan pension of \$40,000 and a private retirement benefit (e.g., 401(k)) of \$33,000. His total pension deduction for 2024 is determined as follows:

Maximum Private Pension Deduction	\$64,040
Less: Public Pension	<u>- 40,000</u>
Allowable Private Pension Subtraction	\$24,040
Sam's total pension subtraction is:	
Public	\$40,000
Private	<u>+24,040</u>
Total	\$64,040

Since Sam's public pension is \$40,000, his private retirement benefit deduction is limited to \$24,040. Sam was able to deduct a portion of his private retirement benefits, however if Sam's public pension was more than \$64,040, he would not be able to subtract any of his private pension.

Example 2: Employer and Employee Contributions to a 401(k) Plan.

Stuart's employer established a 401(k) plan for its employees. The plan provides for a 50 percent employer match of employee contributions up to the maximum employer match of 3 percent of the employee's salary. The plan also allows the employees to make additional unmatched contributions up to the annual percentage rate allowed by the IRC. Stuart retired under the provisions of the retirement plan at age 60. At the time of his retirement, Stuart received an annual statement from the 401(k)-plan showing total contributions of \$400,000, of which, \$100,000 were employer contributions. Stuart took a distribution of \$25,000 in 2024.

Since the plan includes unmatched employee contributions, Stuart must determine what amount of the \$25,000 distribution is attributed to the unmatched contributions. The plan called for a 50 percent employer match; therefore, \$200,000 of the employee contributions was required to elicit \$100,000 employer matching contributions. The remaining account balance of \$100,000 is unmatched employee contributions. The deductible amount of the 2024 distribution is determined as follows:

$$\frac{\$100,000}{\$400,000} \times \$25,000 = \$6,250 \text{ (distribution attributed to unmatched contributions)}$$

$\$25,000 - \$6,250 = \mathbf{\$18,750}$ (Maximum allowable pension subtraction. Actual subtraction may be further limited based on the date of birth of the retiree.)

INDIVIDUAL RETIREMENT ACCOUNTS (IRAs)

Retirement or pension benefits that may be subtracted on the Michigan return includes qualifying distributions from IRAs. For additional information regarding IRAs, refer to RAB 2017-21 Individual Income Tax – Individual Retirement Arrangements.

2024 PENSION AND RETIREMENT SUBTRACTION TABLE FOR RETIREES BORN BEFORE 1946

The 2024 deductible retirement and pension benefits are limited to the lesser of the amount included in AGI or the amounts shown below:

Source of Retirement Benefits	Single	Joint
U.S. Civil Service	Amount included in AGI	Amount included in AGI
State of Michigan	Amount included in AGI	Amount included in AGI
Michigan political subdivisions	Amount included in AGI	Amount included in AGI
Private	\$64,040	\$128,080
Public pensions from other states	\$64,040	\$128,080
Qualified senior citizen retirement annuities	\$64,040	\$128,080
Public and private	Limited to public pension or \$64,040, whichever is greater (cannot exceed actual qualified distributions received).	Limited to public pension or \$128,080, whichever is greater (cannot exceed actual qualified distributions received).

FORM 1099-R DISTRIBUTION CODES

Recipients of a pension distribution receive Form 1099-R. There is a box on Form 1099-R titled “Distribution code(s).” Look in the “Distribution code(s)” box for the number that describes the condition under which the pension or retirement benefit was paid.

1099-R Dist. Code	Description	Is the condition eligible for Michigan tax exemption? (Dollar and date of birth limits may still apply.)
1	Early distribution, no known exception	No
2	Early distribution, exception applies	No, unless: <ul style="list-style-type: none"> • Part of a series of substantially equal periodic payments made for the life of the employee or the joint lives of the employee and employee’s beneficiary. • Early retirement under the terms of the plan.
3	Disability	Yes
4	Death	<ul style="list-style-type: none"> • Yes, for surviving spouse only and only if the decedent would have also qualified for a normal distribution under Distribution Code 7 at the <i>time</i> of death. This may be subject to limitations based on the year of birth of the decedent. • No, for all other beneficiaries. • No, if paid as a death benefit payment made by an employer, but not made as part of a pension, profit-sharing, or retirement plan.
5	Prohibited transaction	No
6	Section 1035 exchange: tax-free exchange of life insurance, endowment insurance, and annuity contracts	No
7	Normal distribution from a plan; distribution from a traditional IRA if the participant is at least 59½; Roth conversion if the participant is at least age 59½; or distribution from a life insurance, annuity, or endowment contract	Yes
8	Taxable excess contribution plus earnings/excess deferrals (and/or earnings)	No
9	Cost of current life insurance protection	No

DEFERRED COMPENSATION

Distributions received from deferred compensation plans, which allow the employee to set the amount of compensation to be deferred and do not prescribe retirement age or years of service, are treated as ordinary income. Deferred compensation distributions are usually **not** considered pension income and may **not** be subtracted on the Michigan return even when a distribution code 7 is indicated on the 1099-R.

Federal law, 4 USC 114, prohibits a state from taxing certain deferred compensation distributions received by a nonresident. Therefore, nonresidents are not subject to Michigan income tax on distributions from deferred compensation plans as defined in IRC Sections 401(k), 457, and 3121(v)(2)(c).

INTEREST, DIVIDENDS, AND CAPITAL GAINS DEDUCTION FOR SENIOR CITIZENS BORN BEFORE 1946

Senior citizens born before 1946 may take a deduction for interest, dividends, and capital gains up to \$14,274 for a single return and \$28,548 for a joint return for the 2024 tax year. The deduction is adjusted by the percent increase in the U.S. Consumer Price Index each year. This maximum deduction must be reduced by the amount of deduction taken for pension and retirement income.

The term “senior citizen” as used in this section, refers to a person 65 years of age or older or an unremarried surviving spouse of an individual who was 65 years of age or older at the time of death. This deduction is available only to taxpayers born before 1946 or the surviving spouse.

Example: **Step 1:** James and Joanne are married and file a joint income tax return. James was born before 1946. A partial listing of their income is as follows:

Pension Income	\$6,000
Capital Gains	32,000
Dividend Income	1,800
Interest Income	3,800

Step 2: Calculation of interest, dividend, and capital gains deduction:

Maximum Deduction	\$28,548
Less: Pension Subtraction	6,000
Maximum Allowable Deduction	<u>\$22,548</u>

Step 3: Total interest, dividends, and capital gains = \$37,600

Step 4: Use the **lesser** of the total interest, dividends, and capital gains (\$37,600) or the maximum allowable deduction (\$22,548).

Step 5: The interest, dividends, and capital gains deduction for James and Joanne is **\$22,548**.

TAX INFORMATION

TAX RATE

The tax rate for 2024 is 4.25%.

For prior years use the following rates:

- 2023 – 4.05%
- 2022 – 4.25%
- 2021 - 4.25%
- 2020 - 4.25%

VOLUNTARY CONTRIBUTIONS

The taxpayer can make contributions to certain funds listed on Form 4642, *Voluntary Contribution Schedule*. These contributions are treated as additional taxes. Any contributions will increase tax due or reduce any refund.

USE TAX

The taxpayer must use Worksheet 1 in the MI-1040 instruction booklet to calculate the use tax and enter the amount of use tax due on the applicable line of Form MI-1040.

TAX CREDITS (NONREFUNDABLE)

WHAT IS A NONREFUNDABLE TAX CREDIT

A tax credit is a direct reduction of the tax and is based on a certain formula. Any excess of the credits listed below over tax due is not refundable.

CREDIT FOR INCOME TAX IMPOSED BY QUALIFIED GOVERNMENT UNITS OUTSIDE OF MICHIGAN

A Michigan resident may be allowed a credit for income tax paid to another state of the U.S., a political subdivision (city, county, etc.) of another state, the District of Columbia, or a Canadian province. Only tax imposed on income that is also subject to Michigan tax may be claimed for the credit. A copy of the other state, city, or county income tax return must be included.

NOTE: *Generally, a credit is not allowed for tax imposed by another state on business income apportioned to that state.*

For a **Michigan resident**, the allowable credit for tax imposed by:

1. **Another state** cannot exceed the lesser of:

- The amount of tax imposed by another state on salaries, wages, and other income earned in that state that is also taxable to Michigan,

OR

- The percentage of Michigan tax due on salaries, wages, and other income earned in the other state.

Calculation of Michigan resident's credit for tax imposed by another state:

Step 1: Non-Michigan taxable income that is taxed by both states **divided by** Michigan income subject to tax (line 14 on MI-1040)

THEN

Step 2: Take Michigan Tax amount on the MI-1040, line 17, and multiply by the percent computed from step 1.

To claim this credit, a return must be filed with the other state and a copy of the other state's return included with Form MI-1040. A calculator is available on www.michigan.gov/taxes to assist in the calculation of the credit for income tax imposed by a qualified governmental unit outside of Michigan.

Exceptions: The credit is not allowed on salaries and wages earned in Illinois, Indiana, Kentucky, Minnesota, Ohio, and Wisconsin since this income is not taxable by these states (based on a reciprocity agreement). However, the credit is allowed if a city or county tax is paid in a reciprocal state.

The credit is not allowed on salaries and wages which are subtracted as "Income Attributable to Another State" by a part-year resident since this income is not taxed by Michigan. Nonresidents are not eligible for the credit.

2. A **Canadian province credit** cannot exceed the lesser of:

- The Michigan tax due on Canadian income taxed by Michigan,

OR

- The portion of provincial tax not claimed as a credit for U.S. income tax purposes.

A Canadian credit is allowed only if provincial tax was paid. To claim this credit, file Michigan *Resident Credit for Tax Imposed by a Canadian Province* (Form 777). Instructions are included. Attach copies of Canadian federal Individual Income Tax Return, Canadian Form T-4, U.S. Form 1116, Computation of Foreign Tax Credit, and U.S. Form 1040. Credit is **not** allowed on the

Michigan return for that portion of provincial tax that is a carryover from a previous year or that is being carried over to a future year on the federal return.

MICHIGAN HISTORIC PRESERVATION CREDIT

2020 PA 343, as effective December 30, 2020, restores the State Historic Preservation Tax Credit Program in Michigan. As part of this program, qualified taxpayers may claim a nonrefundable credit equal to 25 percent of qualified expenditures incurred in a rehabilitation project that is approved, completed, and thereafter certified as completed by the State Historic Preservation Office (SHPO) after December 31, 2020, and before January 1, 2031. The procedures for the submission and approval of proposed rehabilitation plans, as well as the subsequent certification of completed rehabilitation projects, is based on rules promulgated by SHPO. For additional information on the implementation and current status of this program, please visit www.miplace.org/historic-preservation/programs-and-services/historic-preservation-tax-credits/.

The certification of rehabilitation plans that are eligible for the Historic Preservation Income Tax Credit had previously ended as of January 1, 2012. However, for plans that were approved prior to that date, the nonrefundable credit for that project may still be claimed. Any unused portion of that nonrefundable credit may be carried forward for a maximum of ten years. Taxpayers that have a carryforward of an unused portion of the credit should file *Historic Preservation Tax Credit* (Form 3581) when claiming the credit.

TAX CREDITS (REFUNDABLE)

HOMESTEAD PROPERTY TAX CREDIT

This credit is covered in Chapter 3 of this Manual.

FARMLAND PRESERVATION TAX CREDIT

This credit is provided for under Farmland and Open Space Preservation Act which is part of the Natural Resources and Environmental Protection Act PA 451 of 1994. The Act replaced the repealed farmland preservation act known as "PA 116." The Act enables a landowner to enter into a development rights agreement (for farmland) with the State. The agreements are designed to ensure the land remains in agricultural use for an agreed-upon period. In return for maintaining the land in agricultural use, the landowner is entitled to certain income or property tax benefits.

To receive this credit, complete the *Michigan Farmland Preservation Tax Credit Claim* (Form MI-1040CR-5) and include it with the MI-1040.

The Farmland Preservation Tax Credit refunds to farmland owners the taxes in excess of 3.5 percent of their total household income on property covered by a Farmland Development Rights Agreement (FDRA) with the Michigan Department of Agriculture and Rural Development.

Schedule of Taxes and Allocation to Each Agreement (Schedule CR-5) must be completed. Use more than one Schedule CR-5 as needed. The system will not accept a substitute Schedule CR-5 in lieu of the Michigan Schedule CR-5.

EARNED INCOME TAX CREDIT

A taxpayer may claim a refundable credit against the income tax for an amount equal to 30 percent of the credit the taxpayer is allowed to claim under IRC 32 (i.e., the Earned Income Tax Credit (EITC)) for a tax year on a return filed under the act for the same year.

INCOME TAX WITHHELD

This appears on the taxpayer's W-2 statement under "Michigan Tax Withheld." Be sure to include withholding for each W-2. Complete Schedule W and include it with the return. Note that withholding can be shown on other forms such as W-2Gs and 1099s. Do not include W-2 statements with the return.

CLAIM OF RIGHT DOCTRINE

The Michigan Income Tax act allows taxpayers to claim a credit against the Michigan income tax equal to the amount of tax paid on amounts included in taxable income in a prior tax year and repaid in the current tax year.

The amount of the repayment must have been deducted on U.S. Schedule A or claimed as a credit on U.S. Form 1040 to claim a credit on the Michigan return. If the repayment was deducted in arriving at AGI, no additional credit is allowed on the Michigan return.

Example: Included in Roy's 2023 AGI was \$18,000 in Supplemental Unemployment Benefits (SUB pay) from ABC, Inc. In 2024, Roy repaid the \$18,000, as it was determined he did not have the right to receive the SUB pay. The 2024 repayment qualified under IRC 1341 and was taken as an itemized deduction by Roy on his 2024 federal Schedule A. For the 2024 tax year, Roy is allowed a \$729 ($\$18,000 \times .0405$) credit against his Michigan income tax. Calculate the credit using the tax rate in effect for the year the amount was included in Michigan taxable income (4.05 percent), not the rate (4.25 percent) in effect for 2024, the year of the repayment. Report the credit on the line for reporting withholding taxes. Write "Claim of Right/Repayment" next to the withholding line. Include a copy of Roy's federal Form 1040 pages 1 and 2, Schedule A, Schedule 5 and documentation of the repayment, and a calculation showing how the credit was determined on his 2024 MI-1040.

ESTIMATED PAYMENTS/CREDIT FORWARD

Any estimated payments that were made for the tax year and/or a credit forward from the previous tax year should be claimed on the MI-1040. Any taxpayer who expects their tax liability for the year to exceed \$500, after withholding and tax credits, should file *Michigan Estimated Income Tax for Individuals* (Form MI-1040ES) and make quarterly estimated payments for the year.

CHAPTER 3 – HOMESTEAD PROPERTY TAX CREDIT (FORM MI-1040CR AND FORM MI-1040CR-2)

GENERAL INFORMATION

INTRODUCTION

A homestead property tax credit is granted by the State of Michigan to assist residents in paying their property taxes. Property taxes are taxes paid by a homeowner directly to a Michigan city, township, or county, or that portion of rent paid to a landlord that represents property tax on an apartment, duplex, home, or other rental unit, or a service fee in lieu of taxes paid.

NOTE: The taxes do not have to be paid to the taxing authority in order to claim the homestead property tax credit. The credit is based on taxes levied for the tax year.

CREDIT REFUND

The taxpayer will be refunded the total computed credit unless they have a liability for:

- Income tax, business tax, etc.
- Other State agencies
- Friend of the Court
- Third-party liabilities.

If the taxpayer has a liability, the credit will be used to offset the amount due. However, should the credit be greater than the liability, the balance of the credit will be refunded.

INSTRUCTIONS

This chapter will often refer to the “instructions.” These are the instruction booklets used to prepare the homestead property tax credit forms MI-1040CR and MI-1040CR-2. Read the instruction booklets. The following information will recap and/or further explain the instructions.

WHO MAY CLAIM A CREDIT

A credit may be claimed by a person who:

1. Was a Michigan resident for at least six months of the year, **and**
2. Has THR that does not exceed \$69,700, **and**
3. Owned or rented and occupied a Michigan homestead on which either property tax or a service fee was levied, **and**
4. Has property taxes or 23 percent of annual rent that exceeds 3.2 percent of total household resources (THR)

Additionally, a homeowner must have a taxable value on their homestead that does not exceed \$160,700 (with an exception for vacant farmland classified as agricultural).

HOMESTEADS THAT DO NOT QUALIFY

A homestead property tax credit may **not** be claimed for:

- Rent paid to a city housing project if no property taxes or service fees are paid by the property owner.
- Rent or property taxes on a summer cottage or other secondary home.
- Rent or property taxes on property not located in Michigan.
- Rent paid by anyone who is not a domiciled resident of Michigan.
- Property taxes on a homestead with a taxable value greater than \$160,700 (with an exception for vacant farmland classified as agricultural).
- Homesteads with an exemption from paying property taxes for the tax year.

CALCULATION OF THE CREDIT

Homeowner

The credit is equal to a percentage (60% - 100%) of the amount that property taxes exceed 3.2 percent of THR. The credit is limited to \$1,800.

Renter

The credit is equal to a percentage (60% - 100%) of the amount that 23 percent of the annual rent exceeds 3.2 percent of THR. The credit is limited to \$1,800 (see exception under Renter on in this chapter, for property subject to a service fee in lieu of property taxes).

Calculation

The calculation of the credit begins with the amount that property taxes (or 23 percent of the annual rent) that exceeds 3.2 percent of THR. A credit-phase out applies for all claimants once THR exceeds \$60,700 (see the Phase-Out Chart on in this chapter). No credit is allowed for any claimant with THR exceeding \$69,700.

- For most filers, the credit is equal to 60 percent of the amount that property taxes (or 23 percent of annual rent) exceed 3.2 percent of THR, limited to \$1,800, if THR is \$60,700 or less. The credit-phase out applies once THR exceeds \$60,700 (see the Phase-Out Chart in this chapter). The credit is completely phased out once THR exceeds \$69,700.
- A claimant who, at the end of the tax year, is deaf, blind, hemiplegic, paraplegic, quadriplegic, or “totally and permanently disabled”, will receive 100 percent of their computed credit, limited to \$1,800, if THR is \$60,700 or less. For 2024, “Totally and permanently disabled” status stopped when the claimant reached the age of 66 or older by April 30, 2024. The credit phase-out applies once THR exceeds \$60,700(see the Phase-Out Chart in this chapter). The credit is completely phased out once THR exceeds \$69,700.

- For a senior citizen claimant aged 65 or older at the end of the tax year (if married filing jointly at least one claimant, filer or spouse, is 65 years of age or older), the amount that can be claimed depends on the senior claimant’s THR:
 - For senior claimants whose THR is \$21,000 or less, 100 percent of the credit can be claimed, limited to \$1,800.
 - For senior claimants whose THR is \$21,001 to \$30,000, the credit is reduced by 4% for each \$1,000 of total household resources in excess of \$21,000 and up to \$30,000. The \$1,800 maximum then applies (see the Senior Credit Reduction Chart below).
 - For senior claimants whose THR is \$30,001 to \$60,700, 60 percent of the credit can be claimed, limited to \$1,800.
 - For senior claimants whose THR exceeds \$60,700, the credit phase-out applies after the \$1,800 limitation (See Phase-Out Chart in this chapter).

SENIOR CREDIT REDUCTION CHART	
Total Household Resources	Percentage
\$ 0 - 21,000	100% (1.0)
21,001 - 22,000	96 (0.96)
22,001 - 23,000	92 (0.92)
23,001 - 24,000	88 (0.88)
24,001 - 25,000	84 (0.84)
25,001 - 26,000	80 (0.80)
26,001 - 27,000	76 (0.76)
27,001 - 28,000	72 (0.72)
28,001 - 29,000	68 (0.68)
29,001 - 30,000	64 (0.64)
30,001 - 60,700	60 (0.60)

PERCENT OF PROPERTY TAXES NOT REFUNDABLE - TOTAL HOUSEHOLD RESOURCES OF \$6,000 OR LESS

For most filers, 3.2 percent of THR is subtracted from the annual property tax or 23 percent of annual rent to compute the credit. However, if the claimant or spouse is 65 or older **or** paraplegic, quadriplegic, hemiplegic, deaf, **or** is totally and permanently disabled **or** an un-remarried spouse of an individual 65 or older, **and** THR is \$6,000 or less, use the percentage found in the table below.

THR	% of THR
\$3,000 or less	0%
\$3,001 - \$4,000	1%
\$4,001 - \$5,000	2%
\$5,001 - \$6,000	3%
Greater than \$6,000	3.2%

MAXIMUM CREDIT

The maximum credit is \$1,800, even if the calculated amount is greater than \$1,800. The limit is imposed before the phase-out.

PHASE-OUT

For claimants whose THR exceeds \$60,700, the computed credit (maximum \$1,800) must be reduced by 10 percent for each thousand or portion of thousand over \$60,700 and up to \$69,701. Claimants whose THR exceeds \$69,700 are no longer eligible for the credit.

CREDIT PHASE-OUT CHART	
Total Household Resources	Percent
\$60,701 - \$61,700	90% (0.9)
61,701 - 62,700	80 (0.8)
62,701 - 63,700	70 (0.7)
63,701 - 64,700	60 (0.6)
64,701 - 65,700	50 (0.5)
65,701 - 66,700	40 (0.4)
66,701 - 67,700	30 (0.3)
67,701 - 68,700	20 (0.2)
68,701 - 69,700	10 (0.1)
69,701 - above	No Credit

Example 1: A senior citizen has total household resources of \$63,000 and property taxes of \$2,500. The property taxes exceed 3.2 percent of total household resources by \$484. The senior citizen's total household resources exceed \$30,000; therefore, the credit is reduced from 100 percent to 60 percent, or \$290. The phase-out then applies and will further reduce the \$290 credit to 70 percent, for a credit of \$203 ($\$290 \times .70$).

Example 2: A claimant has total household resources of \$68,000 and property taxes of \$7,000. The property taxes exceed 3.2 percent of total household resources by \$4,824. The credit is first reduced to 60 percent or \$2,894. The credit is then limited to \$1,800, the maximum allowed. After the \$1,800 limit is applied, the phase-out to 20 percent further reduces the credit to \$360 ($\$1,800 \times .20$).

WHEN TO FILE A CLAIM

Claims must be filed within four years from the due date of Form MI-1040.

WHICH FORM TO USE (MI-1040CR OR MI-1040CR-2)

Use Form MI-1040CR, *Homestead Property Tax Credit Claim*, for:

- General claimant
- Paraplegic, quadriplegic, hemiplegic, deaf, blind, or totally and permanently disabled persons
- Senior citizen – regular method
- Senior citizen - alternate rent credit (rent larger than 40 percent of THR)

Use Form MI-1040CR-2, *Homestead Property Tax Credit Claim for Veterans and Blind People*, for:

- Veteran with a service-connected disability or veteran's surviving spouse, a surviving spouse of a veteran deceased in service, or a veteran of wars before World War I
- Person in active military whose total household resources is \$7,500 or less
- Pensioned veteran or his/her surviving spouse whose total household resources is \$7,500 or less
- Surviving spouse of a nondisabled or non-pensioned veteran of the Korean War, World War II, or World War I whose total household resources is \$7,500 or less
- Blind person who owns their home.

Claimants eligible for the credit for veterans and blind people should prepare both the MI-1040CR and the MI-1040CR-2. File the credit claim that results in a larger credit.

Beginning in 2013, disabled veterans who own their home, filed a *State Tax Commission Affidavit for Disabled Veterans Exemption*, and received a property tax exemption, are not eligible for a homestead property tax credit on that exempt property.

IDENTIFICATION

SOCIAL SECURITY NUMBER(S)

Both SSNs must be included on the form for married filing jointly and filing separately. This claim must be filed jointly unless there is a legal separation **and** separate homesteads are maintained.

SCHOOL DISTRICT CODE

Obtain the code number from the MI-1040 instruction booklet.

For residents, enter the code for the school district that the taxpayer lived in on December 31, 2024.

For part-year residents who did not live in Michigan as of December 31, 2024, enter "10000" in the school district code box.

AGE 65 OR OLDER

One spouse, if filing jointly must be 65 or older on December 31, 2024, to qualify as a senior. The unremarried spouse, regardless of age, of a person who was 65 or older at the time of death, also qualifies as a senior.

DISABILITY DEFINITIONS

Use the following definitions to determine if the taxpayer is eligible to check box 5b of Form MI-1040CR:

- | | |
|---------------------|--|
| Blind | An individual who has a permanent impairment of both eyes of the following status: central visual acuity of 20/200 or less in the better eye with corrective glasses, or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of not greater than 20 degrees in the better eye. |
| Deaf | An individual whose hearing is totally impaired or whose hearing, with or without amplification, is so seriously impaired that the primary means of receiving spoken language is through other sensory input, including but not limited to lip reading, sign language, finger spelling, or reading. |
| Hemiplegic | An individual who has paralysis of one side of the body. |
| Paraplegic | An individual who has paralysis of the lower half of the body. |
| Quadriplegic | An individual who has paralysis of both arms and both legs. |

Totally and permanently disabled

An individual who is unable to engage in any substantial gainful activity permanently by reason of any medically determinable physical or mental impairment disabled which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. For an additional reference see 42 U.S.C. 416.

Support for the totally and permanently disabled exemption is the receipt of any of the following types of income:

- Social Security Disability benefits (SSDI)
- Supplemental Security Income (SSI) disability benefits
- Veterans' Administration (VA) disability retirement payments

A taxpayer who did not receive any of the above income in the tax year may be required to furnish a physician's statement to certify total and permanent disability.

NOTE: The credit calculation for totally and permanently disabled claimants does not apply for a claimant who is 66 years of age or older by April 30, 2024. 42 U.S.C. § 416

FILING STATUS

Check the applicable box for the claimant's filing status. If the claimant filed a joint federal return, they must file a joint property tax credit. Married couples who file married filing separate must include the total household resources of both spouses unless they filed separate federal returns and maintained separate homesteads. If a claimant filed their federal return as head of household or qualifying widow(er), the claimant must file the property tax credit as single or, if married, married filing separately.

NOTE: If married taxpayers filed a Michigan income tax return (Form MI-1040), it may be possible for the filing status on the property tax credit claim to be different than the filing status checked on the income tax return, Form MI-1040.

RESIDENCY STATUS

Check all applicable boxes. If one spouse was a resident and the other spouse was a nonresident or part-year resident, check the appropriate box for each spouse. If either spouse was a part-year resident, enter the dates of Michigan residency.

COMPUTATION

This section identifies the allowable taxes, rent, and THR, which are the key figures needed to calculate the credit.

Line references below in sections titled “PROPERTY OWNER” through “SENIOR CITIZEN - ALTERNATIVE METHOD FOR RENTER” refer to lines on the 2024, *Homestead Property Tax Credit Claim Form MI-1040CR*.

Instructions on completing the 2024, *Homestead Property Tax Credit Claim for Veterans and Blind People Form MI-1040CR-2*, will be discussed later in this chapter.

PROPERTY OWNER

Property Taxes

The taxable value (TV) and property taxes must be entered on the return. The TV can be found on the property tax statement, or it can be obtained from the local tax assessor.

Homestead Property Owner

Determine that the property is occupied by the owner.

- Claim only the taxes **billed (levied)** for the year of claim regardless of when tax was paid. These include additional taxes assessed or refunded in the current year that are attributable to a prior year because of a Michigan Tax Tribunal decision or the reversal of a homestead affidavit denial.
- Administrative fees of up to 1 percent of the taxes may be included in the amount of taxes used to compute the credit.
- Special assessments may **not** be included in taxes unless special assessments are based on the TV or state equalized value, are levied using a uniform millage rate, and are applied to the entire taxing jurisdiction. Public Act 28 of 2003 allows an assessment that is levied township-wide but not on a village within the township to be included in the credit calculation if the assessment meets the first two criteria and is for police, fire, or advanced life support.
- Delinquent taxes paid in 2024 may **not** be included in the amount of taxes used to compute the credit for 2024.
- If the homestead was bought or sold during 2024, the taxes must be prorated for the time each homestead was owned and occupied.

Farmland Property Owner

Farmers may include farmland taxes in the property tax credit claim if any of the following conditions apply:

- If agricultural gross receipts are greater than household income, all farmland property taxes including taxes on unoccupied farmland are eligible for the credit. Taxes on farmland that is rented by or leased to another person and is not adjacent or contiguous to taxpayer's home is not eligible for the credit.
- If agricultural gross receipts are less than household income and taxpayer has lived in the home more than ten years, the taxes on the home and the adjacent and contiguous farmland are eligible for the property tax credit.
- If agricultural gross receipts are less than household income and taxpayer has lived in the home less than ten years, the taxes on the home and five contiguous and adjacent acres of farmland are eligible for the credit.
- If the taxable value of the homestead excluding the taxable value of the unoccupied farmland classified as agricultural exceeds \$160,700, the taxpayer is not eligible for the homestead property tax credit.

Homeowner, Full-Year

Indicate taxable value (TV) and all allowable property taxes on the appropriate lines.

Homeowner, Part-Year

Property taxes must be prorated if the claimant was a part-year resident **or** a full-year resident who bought or sold a home during the year. The total time claimed for all homesteads must not exceed 12 months or 365 days, and the taxes must be prorated for the time the claimant owned and occupied each homestead. Part-year residents are limited to the number of days they actually lived in Michigan. They must live in Michigan for at least **six months to qualify for the credit**. Complete "*Part 3: Homeowners Who Moved in 2024*" of the MI-1040CR, using both columns if necessary.

NOTE: *If either of the homesteads owned has a taxable value that exceeds \$160,700, the property taxes on that homestead may not be included in the credit claim.*

Example: Raymond Smith sold his homestead (House A) on March 31. He occupied it until March 31. On April 1, he moved into a new homestead (House B) which he purchased. Property taxes billed for that year are as follows:

Taxing Authority	Date Billed	House A	House B
City	July	\$600	\$1,050
County	November	+130	+235
Total		\$730	\$1,285

Mr. Smith occupied House A for 90 days and House B for 275 days in the tax year. He would use the following percentage of property taxes on each house for the credit:

House A	House B
$\frac{90 \text{ Days}}{365 \text{ Days}} = 25\%$	$\frac{275 \text{ Days}}{365 \text{ Days}} = 75\%$

Therefore, assuming both houses have a TV of \$160,700 or less, Mr. Smith is entitled to claim \$1,147 of property taxes as computed below:

	Total Tax		Percent		Allowable Tax
House A	\$ 730	X	25%	=	\$ 183
House B	1,285	X	75%	=	964
Total					\$1,147

RENTER

Rent

If a landlord does not pay property tax or a service fee, no portion of the rent is considered to be property tax. Therefore, no credit is allowed.

Rent should not include security deposits, late fees, or charges for other services provided. Examples of other services may include laundry, meals, or housekeeping.

The property tax considered included in rent is as follows:

- 23 percent of rent paid, if the landlord pays property tax.
- 10 percent of rent paid, if the landlord pays a service fee to the local unit of government instead of property tax (PILOT [Payment in lieu of taxes] program).

Renter, Full-Year

Claimant rented a homestead for the full year (12 months). Complete “*Part 4: Renters*” of the MI-1040CR and follow instructions to complete the remainder of the form.

Renter, Part-Year

Claimant either moved from a rental situation to owning a home (or vice versa), was a part-year resident, or is filing on behalf of a deceased taxpayer. Claimant may only claim rent for the period of time they were a resident and actually occupied the rental unit. Do not include rent beyond the dates claimant lived in the unit (e.g., paid additional rent to fulfill a lease when they moved to another homestead). Complete “*Part 4: Renters*” of the MI-1040CR and follow instructions to complete the

remainder of the form. If the claimant also bought or sold a home that was their homestead in the tax year, also complete “Part 3: Homeowners Who Moved in 2024” of the MI-1040CR.

TYPES OF HOUSING

To determine whether the claimant should be reporting a property tax figure or rent, consider the various types of housing and/or circumstances that may affect how the claimant should file.

Mobile Home

A claimant living in a mobile home park may claim \$3 per month for property taxes in addition to 23 percent of the balance of the rent paid. The \$3 per month tax is a specific tax imposed on each lot in the mobile home park, in addition to the general property tax paid by the landlord. If the renter also pays a **separate property tax** for an additional attached building (such as a garage, carport, or shed), they may also claim the specific property tax for the attached building. The taxes must be billed separately to qualify. Complete “Part 4: Renter” of the MI-1040CR. Include the lot rent minus the \$3 per month tax and follow instructions to complete the remainder of the form. The \$3 a month for the specific tax is reported as property taxes levied (e.g., enter \$36 if claimant lived all 12 months of the tax year in the mobile home park).

Example: John Jackson lives in the Sunny Day Trailer Park. Mr. Jackson’s lease agreement for the lot indicated total rent paid for the entire tax year was \$1,656. Included in each month’s rent is a \$3 specific tax, which totals \$36 a year. The following entries are made on the credit claim:

- Page 3, line 52
 - Column A, enter the address where John Jackson lived and rented
 - Column B, enter the landowner’s name and address
 - Column C, enter 12 as the number of months rented in the tax year
 - Column D, enter \$135 as the rent paid per month ($\$1,656 - \$36 = \$1,620$)
($\$1,620 \div 12 = \135)
 - Column E, enter \$1,620 as the total rent paid
- Page 1, line 10: Enter \$36 as taxes levied
- Page 1, line 11: Enter \$1,620 as total rent paid
- Page 1, line 12: Enter 23% of the rent paid, \$373 (line 11, $\$1,620 \times 23\%$)
- Page 1, line 13: Enter \$409 as the total taxes claimed for the property tax credit

Service Fee Housing

If the claimant lives in housing on which service fees are paid instead of property taxes, the credit must be computed using 10 percent of the rent, rather than the 23 percent generally used by other claimants who rent.

Complete “*Part 5: Alternate Housing Facilities*” of the MI-1040CR and follow instructions to complete the remainder of the form.

Subsidized Housing

A claimant who lives in subsidized housing must compute their homestead property tax credit based on rent if the facility provides an itemized bill identifying the portion charged for rent, separate from charges for other services such as food, housekeeping, or transportation. Only the amount of rent paid by the claimant can be used to compute the property tax credit.

If the claimant’s rent was subsidized; complete “*Part 5: Alternate Housing Facilities*” of the MI-1040CR and follow instructions to complete the remainder of the form. Do not include amounts paid on behalf of the claimant by a government agency.

If the facility pays service fees in lieu of property taxes, compute the credit using 10 percent of the rent paid by the claimant, rather than 23 percent. The claimant may be required to submit a copy of the separate billing or other documentation from the facility verifying the amount of rent paid.

If the facility bills a lump sum for rent and services, the resident may not claim rent but may claim their allocable share of the property taxes assessed on the entire facility.

Nursing Home, Home for the Aged, and Adult Foster Care Home

A permanent resident of a nursing home, home for the aged, or adult foster care home is entitled to a homestead property tax credit based on rent if the facility provides an itemized bill identifying the portion charged for rent and for other services such as food, housekeeping, or personal care. The resident may be required to submit the itemized bill or other documentation from the landlord that shows the amount of rent paid. Only rent paid by the resident can be used to compute the property tax credit.

If the facility bills a lump sum for rent and other services and does not provide an itemized statement identifying the amount of rent, the resident may not claim rent but may claim their allocable share of the property taxes assessed on the entire facility. The resident’s allocable share is calculated by dividing the facility’s property tax by the number of licensed beds.

If the facility receives a direct payment from a State or federal agency for the care of the resident, then the allocable share may be limited. The resident cannot claim an allocable share that is greater than the charges paid by the resident to the facility.

Example: Mrs. Brown’s nursing home charges for the entire tax year were billed in a lump sum of \$12,500 (for rent, food, and other nursing services) to the State of Michigan. Of that sum, \$12,000 was paid directly to the nursing home by the State. Mrs. Brown paid the balance due of \$500.

Mrs. Brown’s “allocable share” of property taxes on the nursing home, based on 100 beds and \$60,000 in real property taxes, is \$600. Since Mrs. Brown’s total charges paid

by her are less than her “allocable share,” she may use the lesser amount of \$500 for calculating a property tax credit.

On page 3 of the return, check box 57c and enter \$500 on line 57 as Mrs. Brown’s prorated share of taxes. Carry the figure on line 57, \$500, to line 10 on page 1 of the form. Leave line 9 blank and **do not** complete lines 11 and 12.

Room and Board

If the claimant pays room and board in **separate** billings, the claimant must base the credit on the rent. The claimant may be required to submit a copy of the separate billing or other documentation from the landlord showing the amount of rent paid. If the claimant pays room and board in **one** billing and is unable to identify the portion of the bill that constitutes rent, the credit must be based on a prorated share of the property taxes on the facility. If the landlord does not provide this figure, divide the square footage of the claimant’s living space by the total square footage of the facility, and multiply the total taxes on the facility by that percentage.

Special Housing

A claimant who resides in housing where the lease includes meals and other services (housekeeping, laundry, transportation, etc.), must base their credit on only the portion of the bill that constitutes rent. A senior citizen claimant who can identify the amount of rent separately from other charges may claim their credit using the alternate senior method. A claimant may be required to produce a copy of the facility’s documentation that identifies the portion of the bill constituting rent to substantiate the claim.

If the claimant is unable to identify the portion of the bill that constitutes rent, the credit must be based on a prorated share of the property taxes on the facility. The facility should provide the claimant with the prorated share of the property taxes for use in the credit calculation.

Cooperative Housing

Use the claimant’s share of property taxes on the building. Ask to see a statement from the co-op giving the amount of taxes or percentage of the monthly payment that is considered tax on the claimant’s unit. Enter the taxable value on line 9. Check box 57a on page 3 of the return and enter the claimant’s prorated share of taxes on line 57. Carry the figure on line 57 to line 10 on page 1 of the return.

If the claimant lives in a co-op where residents also pay rent on the land under the building, they may also claim 23 percent of that land rent. Complete lines 52 and 53 for the land rent on page 3 of the return. Carry the figure from line 53 to line 11 on page 1 of the form. Calculate 23 percent of line 11 and enter on line 12.

TOTAL HOUSEHOLD RESOURCES (THR)

THR is the total income of a single person or a married couple who maintain a household. THR includes taxable and nontaxable income. THR is federal AGI plus income that is specifically excluded or exempt from the computation of AGI, and increased by the following deductions from federal gross income:

- Any net business loss after netting all business income and loss
- Any net rental or royalty loss
- Any carryback or carryforward of a net operating loss (NOL) as defined in Section 172(b)(2) of the internal revenue code.

(See *Income and Deductible Items, Summary Chart* later in this publication)

The following is a **partial list** of income and excluded or exempt income that must be included in a claimant's THR:

- Wages, salaries, tips, sick or long-term disability pay, strike or supplemental unemployment benefits (SUB pay)
- Interest and dividend income including nontaxable interest income
- Net business income if greater than zero
- Net royalty or rent income if greater than zero
- Farmland preservation tax credit
- Pension income, annuity benefits, and IRA and deferred compensation distributions to the extent they are included in AGI
- Rollovers from a traditional IRA to a Roth IRA in the year the income is included in AGI
- The amount of a qualified distribution from a Roth IRA in excess of a taxpayer's contributions to the Roth IRA
- Capital gains less capital losses (including nontaxable gain from the sale of a home). Losses cannot exceed \$3,000 if single or married filing jointly or \$1,500 if married filing separately
- Alimony received due to a divorce granted prior to 2019
- Child support and foster parent payments
- Social Security, supplemental security income (SSI), railroad retirement benefits and retirement survivors, and disability insurance (RSDI) benefits received by the taxpayer, the taxpayer's spouse, or minor child

- The amount over \$300 of total awards, prizes, lottery, bingo or gambling winnings received during the year
- Unemployment compensation and trade readjustment allowances (TRA) benefits
- The amount over \$300 of total gifts of cash or goods received during the year including all payments made on the taxpayer's or taxpayer's spouse's behalf by relatives, friends, and/or other individuals except government payments made directly to third parties such as an educational institution or housing authority
- Inheritance (except from the death of a spouse) or proceeds of a life insurance policy paid on death of the insured (except from the death of a spouse)
- Scholarships, stipends, grants, and payments made directly to an educational institution, except government payments
- Worker's compensation benefits paid as compensation for personal injuries, sickness, or death, and veteran's payments for disability, pension, or mustering out
- Cash assistance from a Family Independence Program and DHHS benefits not including food assistance
- Cash assistance from the Department of Education for the payment of childcare
- Compensation received for damages to character or for personal injury or sickness
- Death benefits paid by or on behalf of an employer
- Housing allowance for ministers or clergy
- Forgiveness of debt, even if excluded from AGI (for example, mortgage foreclosure)
- Reimbursement from dependent care and/or medical care spending accounts
- Foreign earned income excluded from federal gross income.
- Paycheck Protection Program loan forgiveness

Total household resources **do not include** (partial list):

- Net operating loss deductions taken on the federal return
- Payments received by participants in the foster grandparent or senior companion program
- Energy assistance grants or tax credits

- Government payments to a third party (for example, Medicaid payments to a doctor, tuition grants, including GI bill, paid directly to an educational institution by a federal or State agency, and most payments from The Step Forward Michigan program)
- Money received from a government unit such as the Federal Emergency Management Agency to repair or improve the homestead
- Surplus food or food assistance program benefits
- State and city income tax refunds and homestead property tax credits
- Chore service payments (these payments *are* income to the provider of the service)
- The first \$300 from gambling, bingo, lottery, awards, or prizes
- The first \$300 in gifts of cash or merchandise received, or expenses paid on the household member's behalf by parents, relatives, or friends
- Amounts deducted from Social Security or Railroad Retirement benefits for Medicare premiums
- Health and accident insurance premiums the taxpayer or taxpayer's spouse paid for their family's plan
- Employer's contributions to life, accident, or health insurance plans
- Loan proceeds
- Inheritance or life insurance proceeds from the death of a spouse
- Payments from a long-term care policy made to a nursing home or other care facility.
- Economic Impact Payments

NOTE: Any net business loss after netting all business income and loss, net rental and royalty loss, and any carryback or carryforward of a net operating loss (NOL) as defined in Section 172 (b)(2) of the Internal Revenue Code, cannot be included in total household resources.

The following may reduce THR as "Other Adjustments," taken from the adjustments to income portion of U.S. Schedule 1, Form 1040:

- Payments made to an Individual Retirement Account (IRA), Keogh (HR10), SEP, or Simple Plans if deducted from federal AGI.
- Student loan interest deduction
- Health savings account deduction

- Medical insurance/HMO premiums claimant paid
- Moving expenses when moving into Michigan (members of the Armed Forces only)
- Deduction for self-employment tax
- Self-employed health insurance deduction
- Penalty on early withdrawal of savings
- Alimony paid if deductible on your U.S. Form 1040
- Educator expenses

Add back to AGI:

- Any net business loss after netting all business income and loss.
- Any net rental or royalty loss
- Any carryback or carryforward of a federal net operating loss.

The adjustments claimed should be supported by including a copy of *U.S. Schedule 1, Form 1040*.

Medical insurance/HMO premiums that the claimant paid are entered separately from “Other Adjustments” (do not include health insurance premiums paid by employee payroll deductions (pre-tax)).

NOTE: Any health insurance premiums paid, in whole or in part, by the claimant and not by the employer for both claimant and family are deductible from gross income to arrive at THR (does not include premiums paid with pre-tax employee payroll deductions). The filer may not claim protection insurance premiums for monetary compensation if they acquire a specific disease or becomes disabled. Also, a deduction may not be taken for insurance premiums covering the cost of nursing home or in-home care. The taxpayer may claim the portion of an auto insurance policy that covers medical coverage.

See instruction booklet for additional information. Refer to Income and Deductible Items, Summary Chart in this publication, for other items which may or may not be included in THR.

TOTAL HOUSEHOLD RESOURCES CALCULATION

Example 1: For 2024, Judy has wages of \$29,000, nontaxable child support of \$6,000, and a net loss of \$8,000 for the rental of a second home she owns. Judy's 2024 federal AGI is \$21,000, which is her \$29,000 in wages, less the \$8,000 rental loss.

Judy's 2024 total household resources are calculated as follows:

AGI	\$21,000
Add back Net Rental Loss	8,000
Child Support	6,000
<u>Total Household Resources</u>	<u>\$35,000</u>

Example 2: For 2024, Bob and Martha have wages of \$26,000, business income of \$10,000 reported on federal Schedule C, a farm loss of \$12,000 reported on Schedule F, and a rental loss of \$4,000 reported on Schedule E. They have no other taxable or nontaxable income. Bob and Martha's federal AGI is \$20,000, which consists of \$26,000 in wages, \$10,000 in business income (Schedule C), a \$12,000 farm loss (Schedule F), and a \$4,000 rental loss (Schedule E).

Bob and Martha's 2024 total household resources are calculated as follows:

AGI	\$20,000
Add back Net Business Loss	*2,000
Add back Net Rental Loss	4,000
<u>Total Household Resources</u>	<u>\$26,000</u>

* Business Income \$10,000 – Farm Business Loss (\$12,000) = \$2,000 Net Business Loss.

REPORTED THR LOWER THAN REPORTED LIVING EXPENSES

THR must be sufficient to pay property taxes or rent plus all other living expenses unless there are resources available not reportable in THR. If income appears too low to cover reported living expenses, include an explanation of the extenuating circumstances. General questions may be asked of the taxpayer to obtain additional information.

Example: A claimant comes into the office with W-2s showing total wages of \$2,500 which they claim to be the only income received for the year. This claimant also shows you rent receipts totaling \$3,000. Upon questioning the claimant, you discover the claimant has three children and claims no other money was received during the year. The claimant spent \$3,000 towards rent but only had income of \$2,500 and the claimant would have incurred other living expenses to maintain the household as well.

The following are some questions you might ask the claimant to ascertain other possible sources of income:

- Did you receive ANY other income during the year from other sources, such as child support, loans, cash advances, and/or inheritance?
- Did you receive food stamps or other non-cash assistance during the year?
- Did you share living expenses with anyone else (rent, food, etc.)?
- Did you receive gifts of cash or were expenses paid on your behalf by friends or relatives?
- Do you have a savings account that you are using for living expenses?

State returns suspected to contain false information should be sent to the Treasury Discovery and Tax Enforcement Division, with a note of explanation.

CREDIT COMPUTATION METHODS

This section discusses how to compute a property tax credit. If the claimant is eligible for more than one method, choose the method that produces the largest credit.

All filers must reduce the computed property tax credit by 10 percent for every \$1,000 (or part of \$1,000) that THR exceeds \$60,700. A property tax credit is not available to any filer whose total household resources exceed \$69,700.

The credit computation methods are:

- General claimant
- Paraplegic, quadriplegic, hemiplegic, totally and permanently disabled, blind, or deaf persons
- Senior citizen – regular method
- Senior citizen - alternate rent credit method (rent larger than 40 percent of THR)
- Service persons or veterans or their widow(er)
- Blind homeowners
- FIP recipient

GENERAL CLAIMANT

Qualifications

This method is available when the claimant or spouse does not qualify for any other method or when the taxpayer or spouse does qualify for one or more of the other methods but the other method(s) results in a smaller refund or credit.

Method of Computation

The credit is equal to 60 percent of the amount by which property taxes or 23 percent of the rent paid exceeds 3.2 percent of THR, subject to a credit maximum of \$1,800 and phase-out limitations.

Example:

Homeowner		Renter	
Property Taxes	\$900	Rent/Year	\$4,200
			<u>x 0.23</u>
			966
THR	\$ 9,500	THR	\$ 9,500
	<u>x 0.032</u>		<u>x 0.032</u>
Amount not Refundable	<u>-304</u>	Amount not Refundable	<u>- 304</u>
Balance	596	Balance	662
	<u>x 0.60</u>		<u>x 0.60</u>
Credit	<u>\$358</u>	Credit	<u>\$397</u>

NOTE: A general claimant will always apply 3.2 percent to THR, even when the THR is \$6,000 or less.

PARAPLEGIC, QUADRAPLEGIC, HEMIPLEGIC, DEAF, BLIND, OR TOTALLY AND PERMANENTLY DISABLED PERSONS

Qualifications

See *Definitions of Michigan Special Exemptions* section in Chapter 2.

Method of Computation

The credit equals the amount by which property taxes or 23 percent of the rent paid exceeds 3.2 percent of THR, subject to a credit maximum of \$1,800 and phase-out limitations. The 60% reduction does not apply. The following examples illustrate the computation for both the homeowner and the renter.

Example:

Homeowner		Renter	
Property Taxes	\$620	Rent/Year	\$4,000 <u>x 0.23</u> 920
THR	\$ 8,000 <u>x 0.032</u>	THR	\$ 8,000 <u>x 0.032</u>
Amount not Refundable	<u>-256</u>	Amount not Refundable	<u>-256</u>
Credit	<u>\$364</u>	Credit	<u>\$664</u>

NOTE: If THR is \$6,000 or less, substitute the 3.2 percent with the lower percentage found in the MI-1040 instruction booklet.

A homeowner who is blind should also complete Form MI-1040CR-2 and submit the form that results in the larger credit.

SENIOR CITIZEN - REGULAR METHOD FOR HOMEOWNER OR RENTER

Qualifications

A claimant is eligible for this method if either they or their spouse is 65 or over, and they rent or own their homestead.

Method of Computation

For seniors with total household resources of \$21,000 or less, the credit is equal to 100 percent of the amount by which property taxes or 23 percent of the rent paid exceeds 3.2 percent of THR. The credit is reduced by four percent once THR exceeds \$21,000, down to 60 percent of the credit once THR exceeds \$30,000. Lastly, a \$1,800 credit maximum and phase-out limitations apply.

In the following example, the 0.64 and 0.60 used to reduce the balance is taken from “MI-1040CR Table A – Senior Credit Reduction”, based on THR.

Example:

Homeowner		Renter	
Property Taxes	\$ 3,400	Rent/Year	\$8,400 <u>x 0.23</u> 1,932
THR	\$ 29,360 <u>x 0.032</u>	THR	\$29,360 <u>x 0.032</u>
Amount not Refundable	<u>-940</u>	Amount not Refundable	<u>-940</u>
Balance	2,460 <u>x 0.64</u>	Balance	992 <u>x 0.64</u>
Credit	\$1,574	Credit	<u>\$635</u>

NOTE: If THR is \$6,000 or less, substitute the 3.2 percent with the lower percentage found in the MI-1040 instruction booklet.

**SENIOR CITIZEN - ALTERNATIVE METHOD FOR RENTER
(RENT GREATER THAN 40% OF THR)**

Qualifications

A claimant is eligible for this method if they or their spouse is 65 or older, and they rent their homestead.

Method of Computation

The credit is equal to the amount by which the annual rent paid exceeds 40 percent of the THR, subject to a credit maximum of \$1,800. The illustration below compares this method to the regular method for a senior citizen.

Example:

Regular Method		Alternate Method	
Rent/Year	\$6,000 <u>x 0.23</u> 1,380	Rent/Year	\$6,000
THR	\$ 8,500	THR	\$ 8,500
x 3.2%	<u>x 0.032</u>	x 40%	<u>x 0.40</u>
Amount not Refundable	<u>-272</u>	Amount not Refundable	<u>-3,400</u>
Regular Method Credit	<u>\$1,108</u>	Alternate Method Credit	<u>\$2,600*</u>

* Use the Alternate Method calculation for the greater credit amount. The credit is limited to a \$1,800 maximum.

SERVICE PERSONS, VETERANS, OR THEIR WIDOW OR WIDOWER

Qualifications

A serviceman, servicewoman, veteran, and their widow or widower who owns a home and meets one of the following descriptions is entitled to use a special Taxable Value (TV) calculation (Form MI-1040CR-2):

1. Veteran with service-connected disability or widow or widower
2. Widow or widower of a veteran deceased in service
3. Veteran of war before World War I or widow or widower
4. Pensioned veteran or widow or widower
5. Active serviceperson or widow or widower
6. Widow or widower of a nondisabled or non-pensioned veteran of Korea, World War II or World War I.

To qualify under categories 3 through 6 above, the claimant cannot have THR greater than \$7,500. FIP/MDHHS benefits must be included in the THR.

Method of Computation - Homeowner

The credit calculation for an eligible serviceman, servicewoman, veteran, widow, or widower is:

$$\frac{TVA}{TV} \times \text{Property Tax} = \text{Credit}$$

The taxable value allowance (TVA) for each category of serviceman, servicewoman, veteran, widow, or widower is provided in the MI-1040CR-2 instruction booklet.

To determine the refundable percentage for TVs, divide the TVA by the TV.

Method of Computation - Renter

The following formula is used to compute the TV:

$$\frac{\text{23\% of Rent Paid}^*}{\text{Combined Millage Rate of the Locality of the Homestead (Non-homestead rate must be used)}} = \text{TV}$$

*Service fee housing residents use 10%

Example: Martin Barnum is a 70 percent disabled veteran. He lived all year in an apartment and paid \$250 per month in rent. The combined county and city millage rate on the property is 56 mills (.056). Mr. Barnum’s property tax credit is calculated as follows:

1. Property tax included in rent:

Monthly Rent	\$ 250
	<u>x 12</u>
Annual Rent	3,000
	<u>x 0.23</u>
Property Tax	<u>\$ 690</u>

2. TV:

$$\text{Property Tax Divided by Combined Millage Rate} = \text{TV}$$

$$\frac{\$690}{0.056} = \$12,321$$

3. TVA for a 70 percent disabled veteran is \$4,000. (See Form MI-1040CR-2 instruction booklet.)
4. Percent of taxes refundable from

$$\frac{\text{TVA}}{\text{TV}} = \frac{\$ 4,000}{\$12,321} = 32.46\%$$

5. Property Tax Credit:

$$23\% \text{ of Annual Rent multiplied by } \% \text{ of Taxes Refundable} = \text{Allowable Credit}$$

$$\$690 \quad \times \quad 32.46\% \quad = \quad \$224$$

BLIND PERSON

Qualifications

To use the following method, a person must qualify as blind under Michigan Compiled Law (MCL) 206.504(1). Generally, this is vision of 20/200 or less in the better eye with corrective lenses, or peripheral field vision of 20 degrees or less.

Method of Computation

The credit calculation for a blind person is:

$$\frac{\text{TVA}}{\text{TV}} \times \text{Property Tax} = \text{Credit}$$

The TVA for the following categories of blindness is:

Claimant	TVA
Blind individual	\$3,500
Husband and wife (one blind)	3,500
Husband and wife (both blind)	7,000

A blind claimant who is a homeowner may use the TVA/TV method. A blind claimant who is a renter may **not** use Form MI-1040CR-2.

PUBLIC ASSISTANCE/ MICHIGAN DEPARTMENT OF HEALTH and HUMAN SERVICES BENEFITS RECIPIENT

Qualifications

An individual whose only income is from Michigan Department of Health and Human Services (MDHHS) is not eligible for a homestead property tax or rent credit. Assistance payments include FIP and State Disability Assistance (SDA). A taxpayer who received other income in addition to these benefits may be eligible to file for the credit.

Method of Computation

Prorate the credit for an MDHHS recipient by using the ratio (percentage) of non-MDHHS income to total THR. To prorate the credit, use the information from your form to complete “*MI-1040CR Worksheet 4: FIP/MDHHS Benefits*” in the MI-1040 instruction booklet.

Example: Jane Canton earned wages of \$4,000 and received MDHHS payments of \$6,000 during the tax year. She will receive a credit equal to 40 percent of the property tax credit.

$$\frac{\text{Non-MDHHS Income (Wages)}}{\text{THR}} = \frac{\$4,000}{\$10,000} = 40\%$$

If her property tax or rent credit computed to \$400, she would receive a reduced credit of \$160 (\$400 x 40%).

Child Support

Subtract child support payments included in the MDHHS benefits from the amount on the MDHHS statement when calculating the non-MDHHS income. Include the child support as other income when computing the ratio of non-MDHHS income to total THR.

Example: Jane Canton informs you that she has wages of \$4,500 and she receives child support. She should obtain a Fourth Quarter child support statement from the Friend of the Court indicating the amount of child support (rebates) paid. If the statement indicates the father of the children paid \$2,000 in child support, compute the percentage as follows:

MDHHS		\$6,000*
Less: Child Support per Statement from Friend of the Court		<u>\$2,000</u>
Remaining MDHHS income		<u>\$4,000</u>
$\frac{\text{Wages + Child Support}}{\text{THR}} = \frac{\$4,500 + \$2,000}{\$10,500} = 62\%$		

* From prior examples

In this example, Jane can claim 62 percent of the credit. Make the following three entries on the total household resources schedule:

Wages	\$4,500
FIP/MDHHS	4,000
Child Support	<u>2,000</u>
 Total THR	 <u>\$10,500</u>

Include the annual statement from Friend of the Court, FEN-851, and, if available, a copy of the annual statement from MDHHS with Form MI-1040CR or MI-1040CR-2, whichever is being completed. The FEN-851 form may be attached as a PDF to an e-filed return.

SPECIAL SITUATIONS

Married - Joint Filers, Separate Homesteads

A claimant may file for one 12-month period. If a married couple files a joint return, they are considered one claimant and must file a joint property tax credit even when they maintain separate homesteads. They may claim only one homestead and must include their total combined THR.

Married - Separate Filers, Joint Homestead

If a married couple file separate federal and Michigan returns and maintain a joint homestead they must:

1. Enter combined THR.
2. Enter total property taxes and/or rent paid for the year.
3. Split the credit between spouses.
4. Include a copy of the CR form with each return.

Example: Jason and Ruth Gordon (husband and wife) maintain one homestead at 111 Main Street, Anytown, Michigan. They filed separate federal and Michigan income tax returns.

Their only income is wages. Jason earned \$35,000 and Ruth earned \$17,500. Property taxes on their home are \$2,525. The correct homestead property tax credit is computed as follows:

Jason’s Wages	\$35,000
Ruth’s Wages	<u>17,500</u>
Combined THR	<u>\$52,500</u>
Homestead Property Tax	\$2,525
Less 3.2% of THR (0.032 x \$52,500)	<u>-1,680</u>
Property Tax eligible to claim x 60%	845 <u>x 0.60</u>
Homestead Property Tax Credit	\$507

The total of the Gordons’ property tax credit cannot exceed \$507. If the Gordons elect to split the credit evenly, include a copy of the claim showing each spouse’s share of the credit with each income tax return.

Married - Separate Filers, Separate Homesteads

If a married couple file separate federal and Michigan returns and maintain separate homesteads for the entire year, they must:

1. Determine that each spouse has established their own separate domicile (homestead). See the *Who May Claim a Property Tax Credit* Section in the Form MI-1040 instruction booklet.
2. Each separately compute their own THR.
3. Each claim only the property taxes and/or rent paid on their own homestead.

Divorced or Separated Filers

If a married couple separates or obtains a divorce during the year, each party usually establishes a separate homestead. The rules for determining homestead property tax credit for each claimant are:

1. Each claimant is entitled to claim a prorated share of the taxes or rent paid for the period they shared a homestead prior to separation or divorce, based on each claimant’s income to total income for the period.
2. In addition, each claimant is entitled to claim their own prorated property tax or rent paid after separation or divorce.
3. If applicable, a claimant must include house payments or rent paid by the other claimant in THR.

Example: A husband and wife separated on May 1. The property taxes on the marital home are \$800. The husband continued to pay the mortgage on the home of \$225 per month. In addition, he rented an apartment for \$200 per month from May 1 through December 31. His income for the period prior to divorce is \$4,000, and her income is \$2,000.

Husband:

1. Ratio of Months in Year Lived with Spouse	x	Property Tax	x	<u>Husband's Income</u> Total Income	=	Prorated Property Tax for Period Living Together Prior to Divorce
4/12	x	\$800	x	<u>\$4,000</u> (0.667) \$6,000	=	\$178
<hr/>						
2. No. of Months Rented	x	Monthly Rent	x	23%	=	Property Tax in Rent
8	x	\$200	x	0.23	=	\$368
<hr/>						
3. Prorated Property Tax for Period Living Together	+	Tax in Rent			=	Eligible Property Taxes plus Tax in Rent
\$178	+	\$368			=	\$546

Wife:

1. Ratio of Months in Year Lived with Spouse	x	Property Tax	x	<u>Wife's Income</u> Total Income	=	Prorated Property Tax for Period Living Together Prior to Divorce
4/12	x	\$800	x	<u>\$2,000</u> (.333) \$6,000	=	\$89
<hr/>						
2. Remainder of Months per Year	x	Property Tax			=	Prorated Property Tax
8/12	x	\$800			=	\$533
<hr/>						
3. Prorated Property Tax for Period Living Together	+	Prorated Property Tax			=	Total Eligible Property Taxes
\$89	+	\$533			=	\$622

The wife must include \$1,800 in THR because her husband paid the monthly mortgage payments of \$225 for eight months after the separation (\$225 x 8 = \$1,800).

Form 5049 - Married Filing Separately and Divorced or Separated Claimants Schedule

Form 5049 Worksheet for Married Filing Separately and Divorced or Separated Claimants is required to be included when:

- The claimant and spouse are married filing separately and maintained separate homesteads all year.
- The claimant and spouse are married filing separately and shared a homestead all year.
- The claimant and spouse married during the tax year, are married filing separately, and maintained separate homesteads for part of the year.
- The claimant and spouse separated or divorced in the tax year and maintained separate homesteads for part of the year.

Part-Year Resident

If the claimant resided in Michigan for at least six months of the year of the claim:

- Enter THR received during the time claimant resided in Michigan. It may be necessary to annualize THR to determine if income exceeds phase-out limit. See *Annualized Total Household Resources* in this chapter.
- Enter rent paid or prorated property tax for length of time claimant occupied a Michigan homestead. See *Homeowner, Part-Year* for proration of property tax in this chapter.
- The maximum credit limit of \$1,800 shall be reduced proportionately based on days of occupancy for part-year occupancy. See *Maximum Credit Limit for Deceased Taxpayers* in this chapter.

NOTE: Business income and /or losses that occurred in another state must be included in Michigan THR, based on the ratio of the number of days the claimant was a Michigan resident to 365 days.

Deceased Claimant, Single Individual

If filing for a deceased claimant with no surviving spouse:

- Enter THR received up to the date of death. See *Annualized Total Household Resources* in this chapter.
- Enter prorated property taxes or use the amount of rent paid to decedent's date of death.

- The maximum credit limit of \$1,800 shall be reduced proportionately based on days of occupancy for part-year occupancy. See *Maximum Credit Limit for Deceased Taxpayers* in this chapter.

NOTE: The heir, personal representative, or person (other than spouse) filing for a decedent must file Form MI-1310 with the claim. This form may be attached as a PDF to an e-filed return.

Annualized Total Household Resources

A property tax credit claim made by a part-year resident or on behalf of a deceased taxpayer (unless claimed by surviving spouse) requires annualization of the THR to determine if their annualized THR:

1. Exceeds the threshold of \$69,700, which phases out a property tax credit, **or**
2. May require a senior citizen or a totally and permanently disabled person to use a higher percentage of THR to determine nonrefundable portion of property taxes.

In the final computation, only the claimant’s actual THR is used.

To annualize THR, compute income as follows:

$$\frac{\# \text{ Days in the Year}}{\# \text{ of Days in Michigan}} = \text{Annualized Rate} \quad \times \quad \text{Michigan THR} \quad = \quad \text{Annualized Income}$$

Example: A claimant and spouse were residents of Michigan for 212 days of the tax year and had THR of \$20,417 during their Michigan residency. Compute their annualized income as follows:

$$\frac{365}{212} = 1.722 \quad \times \quad \$20,417 \quad = \quad \$35,158$$

Annualized income is used to determine limits and phase-outs. Use actual THR when computing the amount of the credit.

Maximum Credit Limit for Deceased Taxpayers

For most claimants, the maximum credit limit is \$1,800. But, if a part-year credit is being filed (for a deceased taxpayer), the maximum credit of \$1,800 shall be reduced proportionately based on days of occupancy.

To reduce the maximum credit limit of \$1,800 proportionately based on days of occupancy:

Step 1: Divide the number of days of occupancy the taxpayer was a Michigan resident by the number of days in the year.

Step 2: Multiply \$1,800 by the result from Step 1. The result is the maximum credit.

Example: Jane was a senior citizen who passed away on May 15th and paid rent. Using Jane’s total household resources and 5 months of rent, her credit computes to \$425; however, Jane qualifies to compute the Alternate Property Tax Credit for Renters Aged 65 or Older. Using the Alternate Property Tax Credit for Renters Aged 65 or Older, the credit computes to \$750.

Step 1: $135 \text{ days} / 365 \text{ days} = .37$

Step 2: $\$1,800 \times .37 = \666

Jane’s \$750 computed credit exceeds her maximum allowed credit of \$666, therefore, \$666 is entered on line 44 of her MI-1040CR.

Owner-Occupied Rental Property

If a claimant owns and lives in a multiple dwelling homestead and rents a portion of it, not all the property tax can be claimed for credit.

NOTE: *School operating taxes are only levied on the non-homestead portion of the property and may not be included in taxes levied when computing the property tax credit.*

Owner-occupied duplexes

When both units are equal, the taxes that can be claimed are limited to 50 percent of the property tax on both units, after subtracting the school operating taxes from the total taxes billed. This method is also followed for homeowners whose principal residence exemption (PRE) is 50% or less.

Owner-occupied income property

Apartment building owners who live in one of the units or single-family homeowners who rent a room(s) to a tenant(s) must do two calculations to figure the property tax they can claim and base their credit on the **lower** amount. First, subtract 23 percent of the rent collected from the property tax that can be claimed for credit. Second, reduce the property tax claimed for credit by the amount of property tax claimed as a business deduction on *U.S. Form 1040*. This method is also followed for homeowners whose PRE is 51% or above.

Example: A home has an upstairs apartment that is rented to a tenant for \$395 a month. Total property taxes on the home are \$2,150. The calculations are as follows:

Step 1: $\$395 \times 12 =$ \$4,740 Annual Rent
 $\$4,740 \times 0.23 =$ \$1,090 Taxes Attributable to the Apartment
 $\$2,150 \text{ Total Taxes} - \$1,090 =$ \$1,060 Taxes Attributable to Owner’s Homestead

Step 2: $\$2,150 \text{ Total Taxes} - \$858 \text{ Taxes Claimed as a Business Deduction by the Owner on His Federal Income Tax Return} =$ \$1,292 Taxes Attributable to Homestead

The owner may claim \$1,060 of property taxes for the credit, the smaller of the two computations.

Adults Sharing a Homestead

Two or more unrelated adults may be entitled to claim a property tax credit as explained next.

1. If one of the individuals signed the lease and makes all payments or owns the homestead and pays the property tax, only that adult is entitled to claim a credit on the total property tax or rent paid. If the other person(s) contributes to the household, that amount must be included in the claimant's THR. Include it as gifts received or expenses paid on your behalf.

OR

2. If each of the adult occupants owns the homestead or is contracted to pay a share of the rent, each is a claimant, and each is entitled to file a claim based on their own THR and their share of the taxes or rent paid.

Example: A claimant owns and occupies a homestead that she shares with her two adult children. Neither child paid rent or room and board, but both contribute to their mother's total household resources. Since the children are not owners of the home nor did they contract to pay rent, they are not claimants. The mother is entitled to claim all the property taxes when computing her homestead property tax credit. She must include the children's contributions in THR as gifts received or expenses paid on her behalf.

CHAPTER 4 – HOME HEATING CREDIT (FORM MI-1040CR-7)

GENERAL INFORMATION

INTRODUCTION

A home heating credit helps low-income families pay their heating costs. This credit is claimed on Form MI-1040CR-7.

NOTE: Michigan’s home heating credit is funded by federal Low-Income Home Energy Assistance Program Grants. The credit for 2024 may be reduced if the grant from the Low-Income Home Energy Assistance Program has been reduced.

Do not attach Form MI-1040CR-7 to Form MI-1040. The home heating credit cannot offset an income tax liability. If Form MI-1040CR-7 is attached to Form MI-1040, it may cause delays in processing the credit.

Under **Public Act 335 of 2004** for certain claimants, the amount of a credit that exceeds outstanding heating bills must be applied by the energy provider to subsequent bills until used up or until nine months has passed. If there is any remaining energy draft amount after the nine-month period (or if the claimant is no longer a customer of the provider before the end of the nine-month period), the heating fuel provider must remit payment to the claimant within 14 days. This applies only if the claimant was an MDHHS recipient or received home heating assistance from a governmental agency or a nonprofit organization 12 months prior to remitting an energy draft to the claimant’s enrolled heating fuel provider.

As a result of this legislation, taxpayers who receive their heat from DTE Energy, Consumers Energy, or SEMCO Energy will have their home heating credit sent directly to their heat provider whether or not they are enrolled in MDHHS’s direct payment program.

INSTRUCTIONS

Read the MI-1040CR-7 instruction booklet. The following information will recap and/or further explain the instructions in the booklet (“Instructions” refers to the booklet used to prepare Form MI-1040CR-7).

WHEN TO FILE A CLAIM

A home heating credit claim must be filed by **September 30** of the year following the year of the claim. Extension requests are not valid.

ELIGIBILITY

Who May Claim a Credit

A credit may be claimed if each of the following is true for the tax year:

- Taxpayer's homestead is in Michigan.
- Taxpayer owned or rented the home where they lived.
- Taxpayer's total household resources (THR) are within the income limits listed in the instruction booklet.

Who May Not Claim a Credit

A home heating credit cannot be claimed if:

- Taxpayer was a full-time student claimed as a dependent by another person.
- Taxpayer was a resident of a licensed congregate care facility (e.g., nursing home, adult foster care home, home for the aged, substance abuse center, etc.).

Exceptions: A claimant who did not reside in a licensed congregate care facility for the full tax year may claim a home heating credit based on a proration of the standard allowance. If the claim is for less than 12 months, only the standard credit method can be used.

If one spouse lived in a licensed congregate care facility and the other spouse lived in the family homestead, they may still qualify for a credit.

IDENTIFYING INFORMATION

Do not mark through, cross out, etc., any box that does not apply to the claimant. Instead, leave the box blank.

CITIZENSHIP STATUS

Check each box to indicate if the filer and/or spouse is a U.S. citizen or qualified alien. Qualified alien means an individual who is lawfully admitted for permanent residence under the Immigration and Nationality Act and all others as defined under 8 USC 1641.

HEAT PROVIDER AND HEAT TYPE CODE

Enter the heat provider name code and heat type code from the MI-1040CR-7 instructions.

FILING STATUS

Check the applicable box for the claimant's filing status as of the end of the tax year. See the instruction book for further details.

RESIDENCY STATUS

Check all applicable boxes, if one spouse is a resident and the other spouse a nonresident or part-year resident, check the appropriate box for each spouse.

HOW MUCH WERE YOU BILLED FOR HEAT?

Enter total heating costs for November 1, 2023, through October 31, 2024, on the applicable line. If the taxpayer's heating bill does not indicate the amount, the taxpayer should call their heat provider.

Leave this line blank if the claimant:

- Checked the box indicating that heating costs are included in their rent.
- Died during the tax year and is not filing a joint claim
- Was a part-year resident
- Was not billed for 12 months of heating costs between November 1, 2023, and October 31, 2024.

CARE FACILITY

Check one box only (a–d) on line 15 if the claimant lived in a licensed care facility for the entire tax year. Do not check a box if the taxpayer is filing a joint return and only one spouse lived in a care facility.

EXEMPTIONS

Enter the number that applies on the appropriate line using the following definitions:

- a. Personal Exemption. (Claimant and spouse.)
- b. An exemption(s) may be entered for the claimant, spouse, and each dependent of the claimant who is:
 - Deaf – Defined as an individual whose hearing is totally impaired or whose hearing, with or without amplification, is so seriously impaired that the primary means of receiving spoken language is through other sensory input, including but not limited to lip reading, sign language, finger spelling, or reading).
 - Disabled – Hemiplegic, paraplegic, quadriplegic, or totally and permanently disabled. Totally and permanently disabled means disabled as defined under the Social Security Guidelines (see Title 42 § 416 of the U.S. Code).

NOTE: An exemption for totally and permanently disabled cannot be claimed on the home heating credit for a claimant, spouse, or dependent who is 66 years of age or older by April 30, 2024.

- Blind – Defined as a permanent impairment of both eyes of the following status: central visual acuity of 20/200 or less in the better eye with corrective glasses, or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of not greater than 20 degrees in the better eye.
- c. Qualified Disabled Veteran – Veteran with a service-connected disability. Defined as a veteran of the active military, naval, marine, coast guard, or air service who received an honorable or general discharge and has a disability incurred or aggravated in the line of duty as described in 38 U.S.C. § 101(16).
- d, e, f. Enter number of children that lived with the claimant:
 - An exemption **can** be claimed on Form MI-1040CR-7 for any child(ren) that lived with the claimant.
 - An exemption **cannot** be claimed on Form MI-1040CR-7 for any child(ren) that did **not** live with the claimant, even if the claimant paid most of the support and is entitled to an exemption(s) on Form MI-1040.
- g. Enter the number of dependent adults other than claimant’s spouse who lived with the claimant (including child(ren) over 18) **and for whom the claimant provided more than half of the dependent’s support.**

DEPENDENTS AND HOUSEHOLD MEMBERS

For every exemption claimed for child(ren) or dependent adults other than the spouse, the following information for each person **must** be listed: name, Social Security number, and age in years (enter 1 if less than one year of age). Additionally, enter the name, Social Security number, and age of every household member. A household member is anyone living with you that is not listed as an exemption on line 16. See the instruction booklet for further details. Check all the boxes in column D that apply. If more space is needed, complete the *Michigan Home Heating Credit Claim MI-1040CR-7 Supplemental* (Form 4976).

COMPUTATION

TOTAL HOUSEHOLD RESOURCES (THR)

Total household resources (THR) is the total income of a single person or a married couple who maintain a household. It is made up of taxable and nontaxable income. It is the federal adjusted gross income (AGI) plus income that is specifically excluded or exempt from the computation of AGI, and increased by the following deductions from federal gross income:

1. Any net business loss after netting all business income and loss
2. Any net rental or royalty loss
3. Any carryback or carryforward of a net operating loss (NOL) as defined in Section 172(b)(2) of the internal revenue code

Example 1: Mr. and Mrs. Smith have total wages of \$7,500 and interest of \$250. Federal AGI was \$7,750. Mrs. Smith receives child support of \$3,500 (which is not taxable) from a previous spouse. Total household resources are \$11,250.

Example 2: Ms. Jones has a rental loss of \$1,350, retirement benefits of \$2,400, and nontaxable Social Security benefits of \$12,084. Her federal AGI was \$1,050. Total household resources are \$14,484.

STANDARD CREDIT OR ALTERNATE CREDIT COMPUTATION: WHICH METHOD TO USE

A standard credit is computed based on the number of exemptions and THR.

The alternate credit is computed based on THR and total heating costs.

If the claimant **currently** does not contract to pay heating costs, use the standard credit.

If the claimant was a part-year resident or filing on behalf of a taxpayer who died in 2024, use the standard credit.

If the claimant lives in a condominium or apartment and is not contracted to pay for heating costs, use the standard credit.

If the claimant contracts to pay for heating costs, calculate both methods and claim the larger credit.

STANDARD CREDIT COMPUTATION FOR 2024

The standard credit computation is based on the number of exemptions and THR.

First, the number of exemptions is used to determine the standard allowance from the table below (the table is also located in the MI-1040CR-7 instruction booklet):

Exemption	Standard Allowance	Income Ceiling
0 or 1	\$581	\$16,586
2	\$788	\$22,500
3	\$995	\$28,414
4	\$1,202	\$34,328
5	\$1,409	\$40,243
6	\$1,616	\$46,157
	+ \$208 for each exemption over 6	+ \$5,943 for each exemption over 6

Example: If eight exemptions are claimed, the standard allowance for 2024 is \$1,797 (2 x \$208 = \$416+ \$1,616 = \$2,032).

IMPORTANT: Heating credits may be prorated because the amount of money Michigan receives from this federal grant varies every year. The proration percentage can be found on the MI-1040CR-7, line 47.

Renter

If claimants are renters and heating costs are **currently** included in their rent, the standard home heating credit is reduced by 50 percent.

Michigan Resident, Full-Year

The following example illustrates how to compute the credit for full-year residents based on the above table. The table can also be found in the MI-1040CR-7 instruction booklet. If the eligible claimant's THR exceeds the income ceiling corresponding to the number of exemptions allowed on the home heating credit claim, the individual is not eligible for a credit.

Example: John and Mary Smith (a married couple), both 65 years, had total household resources of \$8,200. Mary was totally and permanently disabled at the end of the tax year. They are entitled to three exemptions on their Home Heating Credit claim.

Standard Allowance for 3 Exemptions	\$995
Less 3.5% of Total Household Resources (0.035 x \$8,200)	<u>-287</u>
Home Heating Credit	\$708 (subject to possible proration)

If John and Mary rented their homestead and heating costs were included in their rent, the credit would be computed as follows:

Home Heating Credit (From Above)	\$708
Less 50% of the Credit (0.5 x \$708)	<u>-354</u>
Reduced Home Heating Credit	\$354 (subject to possible proration)

Part-Year Resident or Deceased Claimant

The standard allowance is prorated and only the THR received while the claimant was a Michigan resident is used to compute the credit.

Example: John and Mary Doe (a married couple) moved to Michigan on May 1. They have four children which entitles them to a total of six exemptions. Their Michigan income is \$14,700.

1. <u>No. of Days in Michigan</u>	x	Standard Allowance	=	Prorated Standard Allowance
365 Days				
$\frac{245}{365} = (67\%)$	x	\$1,616	=	\$1,083
2. Prorated Standard Allowance				\$1,083
Less 3.5% of Total Household Resources (0.035 x \$14,700)				<u>-515</u>
Home Heating Credit				\$568 (subject to possible proration)

If John and Mary Doe rented their homestead and heating costs were included in their rent, the home heating credit would be reduced by 50 percent.

Home Heating Credit (From Above)	\$568
Less 50%	
(0.5 x \$568)	<u>-284</u>
Reduced Home Heating Credit	\$284 (subject to possible proration)

Adults Sharing a Homestead

If a claimant **shares** a home but is **not** the owner or did **not** have a lease agreement to pay rent, they cannot claim a credit.

When people who are not spouses **own or rent a home jointly**, each can claim a home heating credit based on individual THR and their share of the standard allowance. Determine the standard allowance from Table A in the MI-1040CR-7 instruction booklet, using the total number of personal exemptions in the home. Do **not** include Michigan special exemptions or dependent exemptions in this total. Divide the standard allowance by the number of claimants in the home.

Example: Three unrelated men share an apartment. Each has a signed lease and pays 1/3 of the rent. The standard allowance for three exemptions is \$995. Each person must use a standard allowance of \$332 ($\$995 \div 3$) to compute his credit.

If eligible for a dependent exemption or for a special exemption for deafness, blindness, disability, or qualified disabled veteran, compute the standard allowance following this example.

Example: Sisters Emma and Ruth share a home. Emma is age 61 and Ruth is age 63 and blind. They file separate Form MI-1040CR-7 claims. They must first divide the \$788 standard allowance by 2. Emma’s allowance is \$394. However, Ruth qualifies for an extra exemption for blindness. She adds to her share of the standard allowance of \$394 the difference between the standard allowance for three (\$995) and the standard allowance for two (\$788) as follows:

$$\$995 - \$788 = \$207 + \$394 = \$601 \text{ Allowance for Ruth}$$

The claimants in these situations may want to include a letter of explanation when more than one individual is claiming a credit for the same address.

Condominium Owner

The owner of a condominium, who does not contract separately for heating costs but pays a maintenance fee, does not reduce their claim to 50 percent. Leave box 10 blank, do not make an entry on line 41, and include a letter of explanation.

ALTERNATE CREDIT COMPUTATION FOR 2024

The alternate credit computation is based on THR and total heating costs.

A claimant’s THR may not exceed the maximum income amount corresponding to the number of exemptions claimed on the form based on the following table. (Table B in the MI-1040CR-7 instruction booklet.):

Exemptions	Maximum Income
0 or 1	\$18,111
2	\$24,371
3	\$30,636
4 or more	\$32,782

Heating Costs

A claimant must report their total heating costs for the 12 consecutive monthly billing periods ending in October of the tax year. A claimant should contact their enrolled heating provider for this information. If claimant is not a customer of an enrolled heating fuel provider, use billing statements to calculate the total cost for the 12 consecutive months ending in October of the tax year. Enter the total heat cost or the maximum allowed for the credit, whichever is less.

Heating costs include amounts paid for fuel oil, electricity (if homestead has electric heat), gas, coal, wood, or propane. The cost of wood is the amount spent during the 12 consecutive months ending sometime in October of the tax year or the fair market value if harvested from property owned by the claimant.

Michigan Resident, Full-Year

The following example illustrates how to compute the alternate credit for a full-year resident based on Table B in the MI-1040CR-7 instruction book.

Example: James and Jean Smith (a married couple) have THR of \$13,000 and three exemptions. Their total heating cost is \$1,950. Their THR does not exceed the maximum income allowed for 3 exemptions.

Fuel Cost	\$1,950
Less 11% of Total Household Resources (0.11 x \$13,000)	<u>- 1,430</u>
Balance	520
Multiply by 70%	<u>x 0.70</u>
Home Heating Credit	\$364 (subject to possible proration)

Part-Year Resident or Deceased Claimant

The alternate credit is not available for part-year residents or deceased claimants who died during the tax year. If the claim is for less than 12 months use the standard credit computation.

Adults Sharing a Homestead

If a claimant **shares** a home but is **not** the owner or did **not** have a lease agreement to pay rent, they cannot claim a credit.

When people who are not spouses **own or rent a home jointly**, each can claim a home heating credit based on individual THR.

If the heating costs are in the names of all those who share the homestead divide the heating costs by the number of claimants in the home and enter that amount in box 14. Complete both the standard credit and alternate credit computations on page 2; the claimant's credit is the greater of the two calculations. Use the shared housing standard allowance when computing the standard credit.

CREDIT PAYMENTS ENERGY DRAFTS OR WARRANTS (CHECKS)

If, at the time of filing, the claimant pays their own heating costs, the taxpayer will receive an energy draft.

If, at the time of filing, the claimant's heat is included in rent, the taxpayer will receive a check.

For claimants whose heat is provided by DTE Energy, Consumers Energy, or SEMCO Energy, the home heating credit will be sent directly to the heat provider. If the credit amount exceeded the heat account balance, check the box on line 18 to receive a refund from the heat provider for the overpayment, if eligible. If not eligible, the excess refund will be used toward future bills. If after nine months there is still unused funds from the heat credit, the heat provider will send the excess refund to the individual. Eligibility requirements are: 1) no outstanding balance with the heat provider **and** 2) no heat assistance received in the past 12 months.

DIRECT DEPOSIT

Claimants who will receive the home heating credit payment as a check may choose to direct deposit the credit payment. Direct deposit information for a Home Heating Credit claim is entered on **Form 3174**. See the end of the instruction booklet for this form and its instructions. Ask to see proof of the claimant's RTN (routing number) and account number. It is important to enter all direct deposit information accurately.

CHAPTER 5 – ADDITIONAL INFORMATION

TAXABILITY OF FEDERAL OBLIGATIONS

Income from certain U.S. Obligations, reduced by any expenses in carrying the obligation used in arriving at federal AGI, can be subtracted on the Michigan return.

The following U.S. Obligations are exempt from Michigan Individual Income Tax:

U.S. Government Bonds
U.S. Government Certificates

U.S. Saving Bonds - Series EE, HH, and I
U.S. Treasury Bills and Notes

Note: Treasury Bill Futures are not U.S. obligations.

Obligations issued by the following U.S. Agencies are exempt:
