- A. Classification of property:

3208-137-001-10	Residential Improved Water

- B. Highest and best use (H&BU) for the tax years at issue:

Tax Year	H&BU
2022	Residential Improved Water

- C. The property's TCV and TV are at issue for each tax year under appeal.
- D. Petitioner's claims or counterclaims: Petitioners contend that the subject property is over assessed and contend the subject property is actually worth less than the \$80,000 price they paid to purchase the vacant property in April of 2019, even though Petitioners have since added a new log-cabin. The subject property is located on a remote island that lacks utilities. In support of its case Petitioners outline the history of the subject property along with various issues with the subject property that Petitioners contend lower the value. Although Petitioners complain about boundary disputes, the purchase agreement provided as evidence indicates that Petitioners decided to purchase the subject property without first completing a survey.

Petitioners submitted valuation evidence consisting of a "building valuation approach" and a land valuation approach to arrive at a TCV for both the land and log-cabin of \$75,000. Petitioners provided two contracts for the materials to build the log-cabin but neither include the price to deliver the material or hire workers to build the log-cabin. For the land valuation it is unclear how Petitioners arrived at their TCV for the land of \$45,000, after review of the evidence and analysis.

- E. Respondent's claims or counterclaims: Respondent contends that the subject property is under assessed based on the evidence submitted. In support of its case, Respondent submitted a valuation disclosure containing a vacant land sales comparison approach and evidence of the actual cost from Oasis Homes, the manufacturer of Petitioners' log-cabin.

The subject property is located on North Island and consists of approximately 21 acres, with approximately 550 feet of water frontage on the north side and approximately 728 feet of water frontage on the south side. Additionally, in 2020 and/or 2021, Petitioner's built an Oasis Home, constructed with heavy timber, with a ground floor of 512/SF, a 150/SF loft and a 256/SF covered porch. No building permit was ever issued or granted for the construction of Petitioner's cabin.

Respondent provided a sales comparison analysis consisting of five (5) vacant land sales. Respondent concluded a range of value per waterfront foot of \$38 to \$219, and concluded a price per waterfront foot on the lower end of \$85. Respondent contends the value of the land itself is \$108,500 (rounded). Next, Respondent submitted evidence from Oasis Homes, the manufacturer of Petitioner's log-cabin, which is identified as "The Stowaway" which sells for an installed price within a 90-mile radius of \$62,100. Respondent concludes a combined rounded market value for the land and log-cabin of \$196,000.
