SUBJECT: Quarterly Interim Report - Deficit School Districts Pursuant to MCL 380.1220(2)

Pursuant to MCL 380.1220 within the Revised School Code, the State Treasurer shall submit quarterly interim reports to the legislature concerning K-12 Local Education Agencies (LEAs) school districts, Intermediate School Districts (ISDs), and Public School Academies (PSAs) that are subject to periodic financial status reports or are under an Enhanced Deficit Elimination Plan (EDEP). This is the Michigan Department of Treasury's ("Treasury") third quarterly interim report for FY2021-22 to the Michigan Legislature where an analysis of FY 2020-21 audited financial data has been completed for all school districts under active Treasury oversight.

On July 7, 2015, then-Gov. Rick Snyder signed into law Public Acts 109-114, giving Treasury additional financial authority and responsibilities over K-12 LEA school districts, ISDs, and PSAs facing fiscal distress. Pursuant to MCL 380.1219(3), the State Treasurer is required to determine whether potential fiscal stress exists within a LEA school district, ISD, or PSA. Per statute, conditions of fiscal stress may include, but are not limited to: (1) An operating deficit within a LEA school district, ISD, or PSA during the current school fiscal year or the following two school fiscal years (2) A district's inability to meet its financial obligations while also satisfying the districts, ISDs, or PSAs obligations to provide public education services in a manner that complies with state law.

The School Review and Fiscal Accountability Division (SRFA) within Treasury is responsible for analyzing the financial health of Michigan's 887 active school districts while working closely with the Michigan Department of Education (MDE) and the Center for Educational Performance and Information (CEPI). Treasury has developed a process to identify fiscal stress by closely monitoring data collected from the districts' audited financial statements, adopted budgets, State Aid Status

Reports, Financial Information Database (FID), and Michigan Student Data System (MSDS). The following is a summary of school districts under Treasury oversight as of March 1, 2022.

SECTION 3: PUBLIC ACT 436 OF 2012

Public Act 436 of 2012 provides criteria in determining the financial condition, specifically, the existence of a financial emergency, within a local unit of government or school district. MCL 141.1563 of the statute states that the Governor may appoint a Receivership Transition Advisory Board (RTAB) to monitor the affairs until the receivership is terminated.

On July 19, 2021, Governor Whitmer terminated the receivership of the School District of the City of Muskegon Heights and dissolved the Receivership Transition Advisory Board under Public Act 436 of 2012. As of the March 2022 report, there are zero (0) districts subject to Public Act 436 of 2012, or a RTAB, as defined in statute.
