GOVERNOR

NICK A. KHOURI
STATE TREASURER

DATE: September 21, 2017

TO: Jamie Clover Adams
Director, Department of Agriculture and Rural Development

FROM: Nick Khouri
State Treasurer 

SUBJECT: Inspection Fee Inflation Adjustments
Nursery Stock Grower
Nursery Dealer, Import, Export and Special

MCL 286.206 provides that:

. . . the director [of the Department of Agriculture and Rural Development] shall adjust the schedule of fees for the costs of making the various inspections of nursery stock, plants, and plant materials as required by this act. The director shall review and adjust its schedule of fees for the inspections at the end of each fiscal year. **In any given fiscal year, the director may raise inspection fees by not more than an amount determined by the state treasurer to reflect the cumulative annual percentage change in the Detroit-Ann Arbor-Flint consumer price index over the 1-year period.** An adjustment under this subsection shall not exceed 5% even if the amount determined by the state treasurer to reflect the cumulative annual percentage change over the 1-year period is more than 5%. **If the cumulative annual percentage change over the 1-year period is less than zero, a cumulative annual percentage change of zero shall be used for the adjustment. The adjustment shall be rounded to the nearest dollar** to set each year's fee under this subsection, but the absolute value shall be carried over and used to calculate the next annual adjustment. The commission of agriculture and rural development shall approve all adjustments to the fees before they are adopted.

As we have in the past to calculate maximum nursery fee amounts, we calculated the percent increase in the Detroit-Ann Arbor-Flint consumer price index for fiscal year 2017 using the six published values for the year (the six even numbered months of the year). Doing so yields a 2.0 percent increase in the Detroit-Ann Arbor-Flint CPI for fiscal year 2017.

In fiscal year 2017, inspection fees are as follows:

Nursery Stock Grower Inspection Fee:

\$53 for the first acre inspected

\$32 per acre for each additional acre inspected.

Nursery Dealer, Import, Export and Special Maximum Inspection Fee

\$59 per hour

Thus, given that the Detroit CPI rose 2.0 percent in FY 2017, the maximum fees that may be charged in FY 2018 are as follows:

Fiscal Year 2018 Nursery Stock Grower Maximum Inspection Fee:

\$54 for the first acre inspected

\$33 per acre for each additional acre inspected

Fiscal Year 2018 Nursery Dealer, Import, Export and Special Maximum Inspection Fee:

\$60 per hour
