

(4) If the department of commerce finds that the facility is a solar, wind, or water energy conversion device which meets the standards set by the department of commerce for solar, wind, or water energy conversion devices under section 262 of Act No. 281 of the Public Acts of 1967, as amended, being section 206.262 of the Michigan Compiled Laws, or if the department of commerce finds that the facility is a solar, wind, or water energy conversion device used for commercial or industrial purposes in the state or a solar swimming pool heating device, the department of commerce shall so notify the state tax commission who shall issue a certificate. The effective date of the certificate shall be December 31 of the year in which the certificate is issued.

(5) For the period subsequent to the effective date of the certificate and continuing so long as the certificate is in force, the valuation of a solar, wind, or water energy conversion device covered thereby is exempt from real and personal property taxes imposed under this act. The certificate shall be for the total acquisition cost of the device.

(6) The state tax commission shall send a solar, wind, or water energy tax exemption certificate when issued, or a notification of refusal to issue, by certified mail to the applicant, and a copy to the township or city assessor.

(7) The state tax commission may revoke a solar, wind, or water energy tax exemption certificate where the certificate was obtained by fraud or misrepresentation, and, when a certificate is revoked because it was obtained by fraud or misrepresentation, all taxes which would have been payable if the certificate had not been issued shall be immediately due and payable with the maximum interest and penalties prescribed by applicable law. Any statute of limitations shall not operate in the event of fraud or misrepresentation. The state tax commission shall notify the applicant and the township or city assessor by certified mail of the revocation of a solar, wind, or water energy tax exemption certificate.

(8) A party aggrieved by the issuance, refusal to issue, revocation, or modification of a solar, wind, or water energy tax exemption certificate may appeal from the state tax commission's finding to the state tax tribunal.

(9) Authorization to issue a new solar, wind, or water energy tax exemption certificate shall expire June 30, 1985. All exemptions granted prior to that date shall remain in force unless revoked under subsection (7).

(10) This section shall not be deemed to preclude the necessity of obtaining a permit for construction required by any other law or ordinance.

(11) This section shall take effect December 31, 1974.

This act is ordered to take immediate effect.
