MICHIGAN STATE TAX COMMISSION ASSESSOR CONTINUING EDUCATION INSTRUCTOR AGREEMENT

Instructor Agreement Terms:

As part of the annual certification renewal process, the State Tax Commission approves continuing education courses and their instructors. The instructor listed on the State Tax Commission Application for Assessor Continuing Education Course Approval (Form 4738) and approved as part of the course approval is the only instructor permitted to instruct that course.

The State Tax Commission requires that instructors of assessor continuing education courses approved by the State Tax Commission conduct themselves with integrity throughout their teaching assignments. An appropriate and professional relationship must be maintained with students both in and outside the classroom throughout the teaching assignments. It is the direction of the State Tax Commission that instructors strive to establish a positive learning environment within the classroom and instructors work to further the goals and policies of the State Tax Commission for efficient administration of property taxation throughout the State of Michigan.

In order for a course to qualify to receive assessor continuing education renewal credit, the sponsor and/or instructor must agree to meet the following:

Four-hour classes are generally offered from 8 a.m. to noon or 1 p.m. to 5 p.m. Each hour of instruction is 60 minutes. There is one 15-minute break provided during a four-hour class.

Eight-hour classes are generally offered from 8 a.m. to 5 p.m. Each hour of instruction is 60 minutes. There is one 15-minute break provided in the morning and one 15-minute break provided in the afternoon. There is one hour provided for lunch.

Harassment and/or discriminatory behavior within the classroom based on race, ethnicity, sex or physical disability is expressly prohibited. Instructors are expected to actively discourage such behavior from occurring within the classroom and directly report such behavior to the State Tax Commission.

Upon completion of an education course that has been approved by the State Tax Commission for use in obtaining assessor continuing education credit, the approved instructor will be granted assessor renewal credit hours for their preparation and instruction of the course. The credit hours granted to the instructor will equal the number of hours that were approved by the State Tax Commission for the course. Instructing the same course multiple times in the same renewal cycle will not result in the issuance of accumulated assessor renewal credit hours to the instructor.

Acknowledgement and Acceptance of Instructor Terms:

By signing below, I acknowledge the full right and authority to enter into this Assessor Continuing Education Instructor Agreement and accept and agree, within my ability, to the terms and conditions as outlined within this Instructor Agreement. This Instructor Agreement is effective as of the date below and remains in full force and effect for the current and two successive assessor renewal cycles (November 1 – October 31). I affirm that the State Tax Commission may remove my approval as a continuing education instructor if the above stated terms are violated.
