**Receipts and Distribution of Indian Casino Revenue
by Local Revenue Sharing Boards Report
2007**

Section 973 (5) of Public Act 127 of 2007 requires Treasury to report to the House and Senate Appropriations Committees and the State Budget Director on the receipts and distribution of Indian Casino revenues by local revenue sharing boards (local government units).

Under the Consent Judgement, the seven tribes who signed the August 1993 Tribal-State Gaming Compact are required to pay 2 percent of their electronic video gaming and slot machine profits to local units of government in the immediate vicinity of each tribal casino.

Under the December 1998 Compact agreement, the four tribes who gained the right to open a casino in Michigan, Little River Band of Ottawa, Little Traverse Bay Band of Odawa, Nottawaseppi Huron Band of Potawatomi, and Pokagon Band of Potawatomi, are required to pay 2 percent of their electronic video gaming and slot machine profits to the Local Revenue Sharing Board (LRSB). The LRSB's sole function is to determine and make allocations of the tribal payments to all local units of government that incur costs for hosting the casinos.

In 2007, ten tribes operated casinos in Michigan, under either the 1993 or 1998 Compact. Historical data on the 2 percent payment made by these tribes to their respective local units of government was obtained from the Michigan Gaming Control Board (MGCB) website (http://www.michigan.gov/documents/2_percent_Payments_76617_7.pdf, 07/09/2008 release). According to the MGCB, the Pokagon Band of Potawatomi has withheld its 2007 2 percent payments to its designated LRSB. The payments withheld total \$977,266 for the August 2 through September 30th, 2007 period, and \$2,932,078 for the October 1st through March 31st, 2008 period.

From 1994 through 2007, Native American Tribes operating casinos in Michigan have made total payments of \$187.3 million to local units of government. In 2007, those payments totaled over \$17.1 million.
