

**First Responder Hazard Pay Premiums Program
Legislative Report
2020 Public Act 166, Section 752**

Prepared by

**Office of Revenue and Tax Analysis
Revenue Sharing and Grants Division
Michigan Department of Treasury**

December 1, 2020

This report summarizes the grant awards under the First Responder Hazard Pay Premiums Program (FRHPPP), as of November 30, 2020. The FRHPPP was developed to fund first responder hazard pay premium payments provided to first responders that performed hazardous duty or work involving physical hardship related to COVID-19. The program utilized federal funding available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Public Law 116-136.

Under the program, eligible applicants could apply for funding up to \$1,000 per eligible employee. Eligible applicants included the following:

- Cities
- Villages
- Townships
- Counties
- Public Airport Operators
- Ambulance Operations licensed under section 20920 of the Public Health Code (1978 PA 368)
- A local government authority, intergovernmental agency, or organization that employs local public safety or local public health personnel and that was established by a city, village, township, county, or group thereof for the primary purpose of providing public safety or public health services.

As defined by statute, applicants could seek funding only for the following types of employees:

- Law Enforcement Officers
- Firefighters
- Emergency Medical Technicians (EMTs)
- Paramedics
- 9-1-1 Operators
- Local Unit of Government Corrections Officers
- Airport Public Safety Officers, and eligible personnel associated with ambulance operations licensed under section 20920 of the Public Health Code (1978 PA 368)
- Private EMTs and paramedics who contract with municipalities or hospitals, if the hazard pay premiums are paid through the applicant

This report fulfills the Section 752 requirements of 2020 Public Act 166, which requires the Department of Treasury (“Treasury”) to report to the Senate and House Appropriations committees, the Senate and House Fiscal Agencies, and the State Budget Office not later than December 1, 2020. In compliance with the statute, this report includes a list of the grant awards, the amount of funding, the date approved, and the number of first responders by employee type.

Treasury’s Office of Revenue and Tax Analysis compiled the data from the grant applications to complete this report. Treasury has made hazard pay grant awards to 740 eligible applicants, including some that amended the application and received two awards. The grants awarded totaled \$35,469,347.61, which represents funding for 37,486 first responders.

Treasury is performing a final audit of all applicants, which may result in award adjustments. Additionally, some grant awards are not final, as some applicants that applied prior to the deadline have not submitted all required documentation.

The final audit process will be completed by April 2021 and a final report will be available on the Treasury program website at the following location: https://www.michigan.gov/treasury/0,4679,7-121-1751_2197-532758--,00.html.
