GOVERNOR GRETCHEN WHITMER REDUCING CRIME AND PRIORITIZING PUBLIC SAFETY

As a former prosecutor, public safety is a core issue for Governor Whitmer. She has worked closely with local leaders, law enforcement officers, and community organizations to bring down crime and ensure people feel safe whether they're going to work, picking up their kids from school, or grabbing groceries.

"Every Michigander, no matter where they live or who they are, deserves to live safely. As a former prosecutor, I am committed to protecting public safety and reducing crime so we can build strong, vibrant communities together. I will work with anyone to bring down crime and help Michiganders feel safe in their community. Together, we can build a safer, more just Michigan where every family can thrive, where every kid can get a great education, and where every person has a path to a good-paying, high-skill job."
