

GOVERNOR GRETCHEN WHITMER

BUILDING A SOLID FOUNDATION FOR YOUNG MICHIGANDERS

Every family in Michigan deserves access to safe, quality, affordable childcare that meets their needs—regardless of how old their kids are, where they live, how much they make, their race, ethnicity, or immigration status. Governor Whitmer has put families and children first by prioritizing investments in our children's earliest years. These investments put children on a path to success and strengthen our economy by helping parents return to work knowing their children are safe and learning.

"Access to affordable, high-quality childcare is transformative for our youngest Michiganders, working families, and Michigan's economy."
