

GRETCHEN WHITMER
GOVERNOR

STATE OF MICHIGAN
OFFICE OF THE GOVERNOR
LANSING

GARLIN GILCHRIST II
LT. GOVERNOR

EXECUTIVE ORDER

No. 2020-17

Temporary restrictions on non-essential medical and dental procedures

The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. There is currently no approved vaccine or antiviral treatment for this disease.

On March 10, 2020, the Michigan Department of Health and Human Services identified the first two presumptive-positive cases of COVID-19 in Michigan. On that same day, I issued Executive Order 2020-4. This order declared a state of emergency across the state of Michigan under section 1 of article 5 of the Michigan Constitution of 1963, the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401-.421, and the Emergency Powers of the Governor Act of 1945, 1945 PA 302, as amended, MCL 10.31-.33.

The Emergency Management Act vests the governor with broad powers and duties to "cop[e] with dangers to this state or the people of this state presented by a disaster or emergency," which the governor may implement through "executive orders, proclamations, and directives having the force and effect of law." MCL 30.403(1)-(2). Similarly, the Emergency Powers of the Governor Act of 1945 provides that, after declaring a state of emergency, "the governor may promulgate reasonable orders, rules, and regulations as he or she considers necessary to protect life and property or to bring the emergency situation within the affected area under control." MCL 10.31(1).

To mitigate the spread of COVID-19, protect the public health, provide essential protections to vulnerable Michiganders, and ensure the availability of health care resources, it is reasonable and necessary to impose temporary restrictions on non-essential medical and dental procedures.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

1. Beginning as soon as possible but no later than March 21, 2020 at 5:00 pm, and continuing while the state of emergency declared in Executive Order 2020-4 is in effect, all hospitals, freestanding surgical outpatient facilities, and dental facilities, and all state-operated outpatient facilities (collectively, "covered facilities"), must implement a plan to temporarily postpone, until the termination of the state of emergency under section 3 of Executive Order 2020-4, all non-essential procedures ("non-essential procedure postponement plan" or "plan"). For purposes of this order, "non-essential procedure" means a medical or dental procedure that is not necessary to address a medical emergency or to preserve the health and safety of a patient, as determined by a licensed medical provider.
2. A plan for a covered facility that performs medical procedures, including any medical center or office that performs elective surgery or cosmetic plastic surgery, must postpone, at a minimum, joint replacement, bariatric surgery, and cosmetic surgery, except for emergency or trauma-related surgery where postponement would significantly impact the health, safety, and welfare of the patient. A plan for a covered facility that performs medical procedures should exclude from postponement: surgeries related to advanced cardiovascular disease (including coronary artery disease, heart failure, and arrhythmias) that would prolong life; oncological testing, treatment, and related procedures; pregnancy-related visits and procedures; labor and delivery; organ transplantation; and procedures related to dialysis. A plan for a covered facility that performs medical procedures must exclude from postponement emergency or trauma-related procedures where postponement would significantly impact the health, safety, and welfare of the patient.
3. A plan for a covered facility that performs dental procedures must postpone, at a minimum: any cosmetic or aesthetic procedures (such as veneers, teeth bleaching, or cosmetic bonding); any routine hygiene appointments; any orthodontic procedures that do not relieve pain or infection, do not restore oral function, or are not trauma-related; initiation of any crowns, bridges, or dentures that do not relieve pain or infection, do not restore oral function, or are not trauma-related; any periodontal plastic surgery; any extractions of asymptomatic non-carious teeth; and any recall visits for periodontally healthy patients. If a covered facility that performs dental procedures chooses to remain open, its plan must exclude from postponement emergency or trauma-related procedures where postponement would significantly impact the health, safety, and welfare of the patient.
4. A covered facility must comply with the restrictions contained in its non-essential procedure postponement plan.
5. This order does not alter any of the obligations under law of an affected health care facility to its employees or to the employees of another employer.
6. The director of the Department of Licensing and Regulatory Affairs shall issue orders or directives pursuant to law as necessary to enforce this order.

7. Consistent with MCL 10.33 and MCL 30.405(3), a willful violation of this order is a misdemeanor.

Given under my hand and the Great Seal of the State of Michigan.

Date: March 20, 2020

Time: 12:28 pm
