DOCUMENT INTENDED TO PROVIDE INSIGHT BASED ON CURRENTLY AVAILABLE INFORMATION FOR CONSIDERATION AND NOT SPECIFIC ADVICE

STATE OF MICHIGAN

BIP Bridge Project grants provide financial assistance to replace, rehabilitate, preserve, or protect one or more bridges on the National Bridge Inventory

Goals and merit criteria:

DOT has designated six Merit Criteria which will be used to evaluate applications:

- Project contribution to a state of good repair
- Improvement of the safety of the bridge and associated sections of roadway, including the reduction of accidents and related costs
- Expected economic impact of the project, particularly extent to which it increases the efficiency of freight movement and improves supply chains
- Whether the project will address climate change, improve resiliency, support environmental sustainability, and address environmental justice
- Improvement of the quality of life for local, regional, or national users of the facility
- Whether and to what extent the applicant describes and documents how the project will deploy innovative project designs or construction techniques, innovative technology, innovative financing, or innovative planning and environmental review process improvements and the benefits of those method

BIP Bridge Program details

Match funding
requirement: 20%¹

Direct Pay
applicability: No

Eligible grant uses

- i) Development phase activities, including planning, feasibility analyses, revenue forecasting, environmental review, preliminary engineering and design work, and other preconstruction activities
- ii) Construction, which includes replacement and preservation, reconstruction, rehabilitation, acquisition of real property, environmental mitigation, construction contingencies, acquisition of equipment, and operational improvements directly related to improving system performance,
- iii) Expenses related to the protection of a bridge², including seismic or scour protection
- iv) Other costs, such as community engagement, that may be necessary for performance of a BIP award

Award amounts	Minimum award	\$2.5M award minimum (equates to a minimum \$3.125M in total eligible project costs)
	Maximum award	\$80M award maximum (equates to \$100M maximum for total eligible project costs)
	Period of performance	If a grant recipient will be a non-State DOT entity, DOT Payment System will be “DELPHI eInvoicing” and the start of the period of performance will begin and end on the dates listed in the grant agreement
Previous awards (national)	2024 awards	22 awards (\$635M)
Previous awards (MI)	2024 awards	1 award (\$34M)

1. Awards of BIP funds for Bridge Project grants may not exceed 80 percent of total eligible project costs

2. As described in 23 U.S.C. 133(b)(10)
