

# Find the TAC support offering that fits your needs

## If you have...

**...preliminary ideas about infrastructure improvements to make in your community.**

## Then you should...

**Contact the TAC to discuss future support opportunities**  
(BradyK@michigan.gov)

**...identified specific infrastructure projects that you need federal funding for but don't know which grant to pursue.**

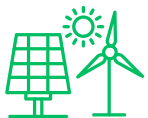

**Apply for TAC grant identification support\***

**...identified a federal grant to fund your infrastructure project but need help writing the grant application, completing technical requirements or filling a required local match funding gap.**

**Apply for TAC grant writing or match funding support\***

**...installed (or will install) clean energy technology, or purchased (or will purchase) clean vehicles, and are a tax-exempt entity, and you want to claim the tax credits you have earned.**

**Visit our Elective Pay website, watch one of our webinars, join office hours, or contact us.\***

\*Application windows will open to apply for grant identification, grant writing, match and Elective Pay tax preparation and filing assistance. Following initial selection, a consultant will be assigned that will conduct a readiness assessment to ensure the project is sufficiently scoped and ready for requested assistance. If determined "not ready" to apply for the grant currently identified, or file for Elective Pay, community may be offered alternative technical assistance options.
